

WINTER COAT DRIVE...

Thank you to everyone that donated winter coats, hats, scarves, snow pants, and gloves to the Detroit Crossroads of Michigan outreach program. These generous donations will help so many less fortunate members of our community stay a little warmer this winter season. Our department joined forces with some wonderful Troy School District employees which helped us make this coat drive a success. Because of you, and all of them, we were able to donate over 75 warm coats in all sizes for men, women and children. We appreciate YOU!!
