This report contains information that may or may not have occurred either in person or via online platform in the 2019-20 and 2020-21 school years due to the closure of school sites in March 2020 for the COVID-19 pandemic. If you have any questions about any particular section of this document, please contact your school site administrator.

Principal's Message

I would like to express to you how honored I am to serve our community as Principal at Oxnard Middle College High School, "Home of the GRIFFINS". We have a very experienced and knowledgeable staff that is dedicated to ensuring our students receive a high-level education and prepares and supports them in their high school and college classes. Our strong partnership with Oxnard College provides our students access to courses that will allow them to earn an AA or AS degree while completing their high school diploma.

Our vision is to prepare students to innovate, think critically, communicate, and reach their personal and academic potential. With a strong school to parent relationship we can prepare our students for whatever they want to do in life.

Our school has an outstanding staff of dedicated professionals committed to teaching, guiding and serving students, parents and the community. Our students have access to the most recent and proven technology. Our teachers implement teaching strategies to enhance student engagement and provide students an outstanding educational experience. Our curriculum is A-G approved. Our students have access to earning 70 credits minimum every year. All of our students have access to taking college classes every semester and during the summer. Our attendance rate during the 2019-2020 school year was higher than 97%. Altogether our student and staff have proven that OMCHS is an outstanding institution that can accomplish the highest academic standards.

This year we have access to extra facility space to the benefit of our students. We have access to a multipurpose room and more classroom space. Teachers selected new student desks that better serves the needs of students. New flooring was installed in all classroom and office space and new tables have been added to the quad area.

100% of our students are enrolled in college classes. I believe that with a strong school-to-parent relationship there is nothing that we cannot accomplish together. I would like to invite you to become involved and join any of our parent organizations such as SSC, ELAC and attend the regular informational meetings scheduled during the year. I strongly encourage parents to check on your student's progress, grades, attendance and activities through Parent Vue. We are regularly sending updates via Parent Square, please activate your account if you have not done so.

I am looking forward to working with you to develop a strong partnership that will enhance your son/daughter's educational experience here at OMCHS.

Most respectfully,
Maricruz Hernández
Principal

School Description

Oxnard Middle College High School is located in the southern region of Oxnard and serves students in grades nine through ten following a traditional calendar. At the beginning of the 2019-20 school year, 70 students were enrolled, including 1.4% in special education, 4.3% qualifying for English Language Learner support, and 70% qualifying for free or reduced price lunch.

Student Achievement

Physical Fitness

In the spring of each year, Oxnard Middle College High School is required by the state to administer a physical fitness test to all students in grade nine. The physical fitness test measures each student's ability to complete fitness tasks in six major areas. Students who either meet or exceed the standards in all six fitness areas are considered to be in the "healthy fitness zone." The chart reported in this document reports only the percentage in each category, not a cumulative total of the results for categories 4 of 6 and 5 of 6. Comparative district and state results can be found at the CDE's website.

Physical Fitness Test Percentage of Students Meeting California Fitness Standards 2019-20			
Grade Level Tested	Percentage of Students Meeting Standards		
	Four of Six Fitness Standards	Five of Six Fitness Standards	Six of Six Fitness Standards
Ninth	N/A	N/A	N/A

Note: Cells with N/A values do not require data as the 2019-2020 data are not available.

Note: Due to the COVID-19 pandemic, Executive Order N-56-20 was issued which waived the requirement to administer the physical fitness performance test for the 2019-2020 school year.

California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP

results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

There are no CAASPP results available for Oxnard Middle College High School for the 2019-20 school year. The 2020-21 school year will be the first year that Oxnard Middle College High School proctors the CAASPP to 11th grade students. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

Conditions of Learning (Basic Services) – State Priority 1: Degree to which teachers are appropriately assigned and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials and school facilities are maintained in good repair. Covered in *Teacher Assignment*, including the Teacher Credentials & Misassignments chart; *Instructional Materials*, including the Textbooks chart; and *School Facilities & Maintenance*, including the Campus Description and School Facility Good Repair Status charts.

Conditions of Learning (Implementation of State Standards) – State Priority 2: Implementation of academic content and performance standards adopted by the state board for all pupils. Not covered in the School Accountability Report Card.

Parental Involvement – State Priority 3: Efforts to seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups. Covered in *Parent Involvement*.

Pupil Achievement – State Priority 4: Performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with a 3 or higher, and share of pupils determined prepared for college by the Early Assessment Program. Covered in *California Assessment of Student Performance and Progress*, including the CAASPP charts.

Engagement (Pupil Engagement) – State Priority 5: School attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, and high school graduation rates. Covered in *Dropout & Graduation Rates*, including the Dropout chart; and *Graduation Requirements*, including the Graduation Rate chart for high schools only.

School Climate – State Priority 6: Pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, and parents and teachers on the sense of safety and school connectedness. Covered in *Discipline & Climate for Learning*, including Suspension & Expulsion chart; and *School Site Safety Plan*.

Conditions of Learning (Course Access) – State Priority 7: Pupil enrollment in a broad course of study that includes all of the subject areas. Not covered in the School Accountability Report Card.

Other Pupil Outcomes – State Priority 8: Pupil outcomes in the subject areas. Covered in *Physical Fitness*, including the Physical Fitness Test chart.

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by participating in a decision-making group or simply attending school events.

Parents stay informed on upcoming events and school activities through the school website, personal phone calls, electronic updates, teacher websites, and Parent Square. Contact any school office member at (805) 278-5521 for more information on how to become involved in your child's learning environment.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Oxnard Middle College High School is located on the Oxnard College campus; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. Oxnard College maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and college staff to communicate non-routine maintenance requests.

Every morning before school begins, college campus security officer(s) inspect facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian is assigned to Oxnard Middle College High School. The custodian is responsible for:

- Classroom cleaning
- Lunch area setup/cleanup
- Office area cleaning
- Restroom cleaning

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Facilities Inspection

The district's maintenance department inspects Oxnard Middle College High School on an annual basis in accordance with Education Code §17592.72(c)(1). Oxnard Middle College High School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Wednesday, April 01, 2020 to Monday, May 18, 2020. No emergency repairs were needed and no unsafe conditions were found. During fiscal year 2020-21, all restrooms were fully functional and available for student use at the time of the inspection.

Exemplary: The school meets most or all standards of good repair. Deficiencies noted, if any, are not significant and/or impact a very small area of the school.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. All staff monitor the campus entrance area and designated common areas before school, during lunch, and during dismissal to monitor student activities and behavior. During school hours, all visitors must sign in at the school's office.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Oxnard Middle College High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in January 2020.

Classroom Environment

Discipline & Climate for Learning

Oxnard Middle College High School's discipline policies are based on a Multi-Tiered System of Supports approach to social, emotional and behavioral support. This school-wide positive behavior management plan is used as a guide to develop school rules, develop behavior management programs, promote responsibility, promote respect, and minimize classroom disruptions. Disciplinary intervention is managed by school administration in a fair, firm, and consistent manner based upon the nature of each situation.

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

Class Size

The Class Size Distribution table in this report illustrates the distribution of class sizes by subject area, the average class size, and the number of classes that contain 1-22 students, 23-32 students, and 33 or more students. Calculations exclude classrooms of 50 or more students.

*Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary level, this information is reported by subject area rather than grade level.

Dropout & Graduation Rates

Oxnard Middle College High School's teachers and administrative staff practice the early identification of and intervention on behalf of students who exhibit warning signs and/or behavioral traits that may lead to dropping out of school. Intervention strategies used to promote attendance and reduce dropout rates include monitoring test results and performance, parent conferences, counseling, and referral to an alternative high school setting. Understanding that the needs of each student are different, administrators, counselors, and teaching staff continue their efforts to discover successful solutions to help students complete their high school program.

Students must accumulate 230 course credits to receive a high school diploma from Oxnard Middle College High School. Alternative methods of acquiring a diploma are available through the continuation school, community day school, adult school, Condor High School (independent study) for those students who have been unsuccessful in a high school environment or have exhausted their opportunities to remain at Oxnard Middle College High School.

In the following Dropout & Graduation Rates table, 2018-19 data is the most current information available, since state certification/release dates for dropout data occur too late for

inclusion in this report. Detailed information about dropout rates and graduation rates can be found on the DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

Curriculum & Instruction

Staff Development

All training and curriculum development activities at Oxnard Middle College High School revolve around the California State Content Standards and Frameworks. During the 2019-20 school year, Oxnard Middle College High School held staff development training devoted to:

- AVID Training
- Testing
- Student Data
- Technology
- Online Instruction

Decisions concerning selection of staff development activities are performed with teacher input using tools such as state assessment results and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Oxnard Middle College High School supports ongoing professional growth throughout the year on early release days. Teachers meet as a collaborative unit to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2018-19, 2019-20, and 2020-21 school years, Oxnard Middle College High School's teachers had the opportunity to attend the following events hosted by the Oxnard Union High School District:

2018-19 Training:

- Next Generation Science Standards (NGSS)
- English Language Arts (ELA)
- Mathematics
- Social Science
- iLit Training

Instructional Materials

All textbooks used in the core curriculum at Oxnard Middle College High School are aligned to the California Content Standards and Frameworks. Standards-based instructional materials are approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On Wednesday, September 23, 2020, the Oxnard Union High School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 20-47 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12 inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2020-21 school year, Oxnard Union High School District provided each student, including English learners, enrolled in a visual/performing arts class with a

textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

College Preparation & Work Readiness

College Preparation Courses

Students are encouraged to take required courses if they plan on attending a four-year college or university. The adjacent table illustrates the proportion of courses taken and successfully completed in relation to the number of course enrollments (sum of total enrollment in all classes).

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admission requirements please visit the University of California Website at <http://www.universityofcalifornia.edu/admissions/general.html>.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses, and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements, please visit the California State University Website at <http://www.calstate.edu/admission/>.

Workforce Preparation

Students in grades nine through eleven receive counseling from school personnel regarding career paths and courses of study. Every year, students meet with the counselor to discuss their four-year academic plan; the counselor meets at least once a semester with each student to follow-up on their progress in meeting graduation requirements and career objectives. All career and technical education (CTE) courses comply with state-adopted content standards and are integrated into the student's four-year academic plan as elective courses.

Career Education Center (CEC) Programs are offered in partnership with the County Office of Education.

During the 2019-20 school year, Oxnard Middle College High School students are able to enroll in college courses simultaneously and can complete an AA degree by the end of their senior year at the time of graduation.

Professional Staff

Counseling & Support Staff

Oxnard Middle College High School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Oxnard Middle College High School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.
