## Principal's Message

We are proud to present the Oxnard High School SARC Report, which provides valuable information about our school's instructional programs, academic achievement, classroom materials, school safety, facilities, and staff. Understanding our educational program, student achievement, and curriculum development can assist both our school and the community in ongoing program improvement. Oxnard High School has a rich history spanning over 100 years and we are looking forward to working with all stakeholders on continuous improvement.

Oxnard High School is committed to the highest standards of academic excellence and powerful futures for all students. We are focused on providing all students with the opportunity to achieve in an environment where they feel safe, cared for, and supported. Teachers are working to address State Standards, English Language Development standards, and Next Generation Science standards. To meet these challenges and to ensure all students can learn at a high level and reach their potential, we are focused on structured inquiry with clear learning objectives, differentiating by providing scaffolded resources to collaborative groups, learner centered classrooms, common formative and summative assessments, and a curriculum that is developmentally, culturally, and locally relevant that connects with students' real-world experiences. To ensure a focus on skill development as well, we explicitly teach close reading strategies, various types of writing strategies, and organizational skills. These strategies will improve student achievement and address the needs of our diverse population. We are also working to include Linked Learning into our academies and Blended Learning campus wide. Creating a learning environment where 100% of students have both college and career choices upon graduation is what we strive for at OHS. In addition, Oxnard HS utilizes Positive Behavior Intervention Supports to create a positive, encouraging environment to better engage students in the school experience and reduce negative behaviors in and out of the classroom. This includes teaching students' soft skills like preparation, professional dress and language, and self-regulation.

Oxnard High School is proud of its rigorous academic programs, strong vocational programs, great athletic programs, and extensive extracurricular activities that actively engage all students and provide a well-rounded educational experience. Oxnard High School's focus is to create a college-going culture where all students earn their diploma and are ready for college; graduate on Friday and have a plan for Monday. Staff and parents work together to create a learning environment that promotes academic and social deve

## School Vision

Creating successful learning and meaningful futures for ALL students.

## School Description

Oxnard High School is located in the northwestern region of Oxnard and serves students in grades nine through twelve following a traditional calendar. At the beginning of the 2018-19 school year, 2727 students were enrolled, including 9.9% in special education, 9.4% qualifying for English Language Learner support, and 65.4% qualifying for free or reduced price lunch.

## Student Achievement

### Physical Fitness

In the spring of each year, Oxnard High School is required by the state to administer a physical fitness test to all students in grade nine. The physical fitness test measures each student's ability to complete fitness tasks in six major areas. Students who either meet or exceed the standards in all six fitness areas are considered to be in the "healthy fitness zone." The chart reported in this document reports only the percentage in each category, not a cumulative total of the results for categories 4 of 6 and 5 of 6. Comparative district and state results can be found at the CDE's website.

Physical Fitness Test Percentage of Students Meeting California Fitness Standards 2018-19			
Grade Level Tested	Percentage of Students Meeting Standards		
	Four of Six Fitness Standards	Five of Six Fitness Standards	Six of Six Fitness Standards
Ninth	18.1	21.8	24.1

Note: Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in

the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website [www.cde.ca.gov/ta/tg/ca/](http://www.cde.ca.gov/ta/tg/ca/).

Homeless	67	63	94.03	5.97	14.29

Note: ELA/Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3 – Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested

is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

Conditions of Learning (Basic Services) – State Priority 1: Degree to which teachers are appropriately assigned and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials and school facilities are maintained in good repair. Covered in *Teacher Assignment*, including the Teacher Credentials & Misassignments chart; *Instructional Materials*, including the Textbooks chart; and *School Facilities & Maintenance*, including the Campus Description and School Facility Good Repair Status charts.

Conditions of Learning (Implementation of State Standards) – State Priority 2: Implementation of academic content and performance standards adopted by the state board for all pupils. Not covered in the School Accountability Report Card.

Parental Involvement – State Priority 3: Efforts to seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups. Covered in *Parent Involvement*.

Pupil Achievement – State Priority 4: Performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with a 3 or higher, and share of pupils determined prepared for college by the Early Assessment Program. Covered in *California Assessment of Student Performance and Progress*, including the CAASPP charts.

Engagement (Pupil Engagement) – State Priority 5: School attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, and high school graduation rates. Covered in *Dropout &*

*Graduation Rates*, including the Dropout chart; and *Graduation Requirements*, including the Graduation Rate chart for high schools only.

School Climate – State Priority 6: Pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, and parents and teachers on the sense of safety and school connectedness. Covered in *Discipline & Climate for Learning*, including Suspension & Expulsion chart; and *School Site Safety Plan*.

Conditions of Learning (Course Access) – State Priority 7: Pupil enrollment in a broad course of study that includes all of the subject areas. Not covered in the School Accountability Report Card.

Other Pupil Outcomes – State Priority 8: Pupil outcomes in the subject areas. Covered in *Physical Fitness*, including the Physical Fitness Test chart.

## Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through Parent Square, flyers, school newsletters, the school marquee, the school website, school site council, parent teacher student association, booster groups, social media, text messages, and Oxnard HS app. Contact the school office at (805) 278-2907 for more information on how to become involved in your child's learning environment.

## School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Oxnard High School's original facilities were built in 1995; ongoing maintenance and campus improvements ensure facilities

remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

- Installation of three non-gender specific restrooms
- Conversion of computer lab to a classroom
- Improvements to signage and parking

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. Five day custodians and ten evening custodians are assigned to Oxnard High School. The day custodians are responsible for:

- Groundskeeping
- Restroom cleaning

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Classroom cleaning
- Cafeteria cleanup
- Office area cleaning
- Restroom cleaning
- Trash Removal

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

## Facilities Inspection

The district's maintenance department inspects Oxnard High School on an annual basis in accordance with Education Code §17592.72(c)(1). Oxnard High School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place between Sunday, May 12, 2019 and Friday, June 28, 2019. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2018-19, all restrooms were fully functional and available for student use at the time of the inspection.

### Rating Description

*Good: The school is maintained in good repair with a number of non-critical deficiencies noted. These deficiencies are isolated, and/or result from minor wear and tear, and/or are in the process of being mitigated.*

## Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. The principal, assistant principals, campus supervisors, and resource officers patrol the campus entrance areas and designated common areas before school, during lunch, and during dismissal to monitor student activities and behavior.

Oxnard High School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

## School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Oxnard High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in October 2019.

## Classroom Environment

### Discipline & Climate for Learning

Oxnard High School's discipline policies are based upon Positive Behavioral Interventions and Supports (PBIS) and a Multi-Tiered System of Supports approach to social, emotional and behavioral support. This school-wide positive behavior management plan is used as a guide to develop school rules, develop behavior management programs, promote responsibility, promote respect, and minimize classroom disruptions. disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation.

### Class Size

The Teaching Load Distribution table in this report illustrates the distribution of class sizes by subject area, the average class size, and the number of classes that contain 1-22 students, 23-32 students, and 33 or more students. Calculations exclude classrooms of 50 or more students.

Average Class Size and Class Size Distribution				
2016-17				
Subject	Avg. Class Size	Number of Classes		
		1-22	23-32	33+

Mathematics	31.0	11	26	49
Science	24.0	37	18	45
Social Science	29.0	17	20	46

\*Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary level, this information is reported by subject area rather than grade level.

### Dropout & Graduation Rates

Oxnard High School's teachers and administrative staff practice the early identification of and intervention on behalf of students who exhibit warning signs and/or behavioral traits that may lead to dropping out of school. Intervention strategies used to promote attendance and reduce dropout rates include monitoring test results and performance, parent conferences, counseling, 9-10 grade PLC's, 21st Century Response to Intervention for freshman students, SOAR, and alternative placements to best meet their needs. Understanding that the needs of each student are different, administrators, counselors, and teaching staff continue their efforts to discover successful solutions to help students complete their high school program.

Students must accumulate 230 course credits to receive a high school diploma from Oxnard High School. Alternative methods of acquiring a diploma are available through the continuation school, community day school, adult school, Condor High School (independent study) for those students who have been unsuccessful in a high school environment or have exhausted their opportunities to remain at Oxnard High School.

In the following Dropout & Graduation Rates table, 2017-18 data is the most current information available, since state certification/release dates for dropout data occur too late for inclusion in this report. Detailed information about dropout rates and graduation rates can be found on the DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

## Curriculum & Instruction

### Staff Development

All training and curriculum development activities at Oxnard High School revolve around the California State Content Standards and Frameworks. During the 2018-19 school year, Oxnard High School held staff development training devoted to:

- Highly Effective Reading, Writing, Speaking & Listening Strategies
- Relevant Curriculum
- Checking for Understanding
- Building Relationships
- College & Career Readiness

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input, state assessment results, and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Oxnard High School supports ongoing professional growth throughout the year on weekly early release days. Teachers meet in both grade level and department level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2017-18, 2018-19 and 2019-20 school years, Oxnard High School's teachers had the opportunity to attend the following events hosted by the Oxnard Union High School District:

#### 2017-18 Training:

- Next Generation Science Standards (NGSS)
- English Language Arts
- English Language Development/World Language
- Mathematics
- Social Science
- Career Technical Education

2018-19 Training:

- Next Generation Science Standards (NGSS)
- English Language Arts (ELA)
- Mathematics
- Social Science
- iLit Training

2019-20 Training:

- Multi-Tiered System of Supports (MTSS)
- iLit Reading Intervention
- SkillsUSA Training for Career Pathways
- Edge Training for ESL Students
- Curriculum Design for Dual Language Immersion
- Textbook Pilot Training for Science and ELA
- Math Leadership Network
- Digital Broadcast
- Ethnic Studies Curriculum Development
- Dual Immersion Textbook Pilot Training
- VC Innovates
- AP Spanish Committee Test Development
- Next Generation Science Standards (NGSS)
- Library Learning Day
- AVID Elective Focused Note-Taking
- Data Chats for Common Assessments, Corrective Teaching, and Engagement
- Google Platform Training
- PLC Summer Curriculum Planning, Common Syllabi, Technology Use, Student Engagement
- Positive Behavioral Interventions & Supports (PBIS)

Oxnard High School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

**Instructional Materials**

All textbooks used in the core curriculum at Oxnard High School are aligned to the California Content Standards and Frameworks. Standards-based instructional materials are approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On Wednesday, September 25, 2019, the Oxnard Union High School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution #19-44 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the

extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12 inclusive.

In addition to core subject areas, districts are required to disclose in their SARC's the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2019-20 school year, Oxnard Union High School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

## Admission Requirements for California Public Universities

### University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admission requirements please visit the UC website at <http://www.universityofcalifornia.edu/admissions/general.html>.

### California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses, and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements, please visit the California State University Website at <http://www.calstate.edu/admission/>.

Courses for UC/CSU Admission	
	%
2018-19 Pupils Enrolled in Courses Required for UC/CSU Admission	98.0
2017-18 Graduates who Completed all Courses Required for UC/CSU Admission	47.4

### Advanced Placement

In 2018-19, Oxnard High School offered advanced placement courses for those students seeking to qualify for college credit. Sophomores, juniors, and seniors achieving a score of three, four, or five on the final AP exams qualify for college credit at most of the nation's colleges.

## College Preparation & Work Readiness

### College Preparation Courses

Students are encouraged to take required courses if they plan on attending a four-year college or university. The adjacent table illustrates the proportion of courses taken

### Workforce Preparation

Students in grades nine through twelve receive counseling from school personnel regarding career paths and courses of study. During their freshman year, students meet with the counselor to discuss their four-year academic plan and are introduced to Oxnard High School's technical and career education programs; the counselor meets at least once a year with each student to follow-up on their progress in meeting graduation requirements and career objectives. All career and technical education (CTE) courses comply with state-adopted content standards and are integrated into the student's four-year academic plan as elective courses. Oxnard High School offers the following programs that promote leadership, develop job-related skills, provide on-the-job experience, and increase interest in school:

- Work Experience
- Career Education Center (CEC) Programs
- Workability
- Career/Partnership Academies
- Career Pathways
- Small Learning Communities (SLC)

Individual student assessment of work readiness skills takes place through 1) Completion of course-required projects; 2) Course grades (work experience); 3) Career assessment surveys (freshmans and sophomores); 4) Special education skills assessments; and 5) Department of Rehabilitation assessments.

Work experience students are partnered with local employers that provide on-the-job training and mentoring for students 16 years of age or older. Work experience students receive guidance and supervision designed to ensure maximum educational benefit from part-time job placement. For more information, students should contact the counselor.

Career Education Center (CEC) Programs are offered in partnership with the County Office of Education. A variety of career technical education courses are available to help prepare high school students (16 years and older) for entry-level employment, upgrading current job skills, or obtaining more advanced levels of education.

Workability provides work experience opportunities outside the school day that meet the students' interests and aptitudes while providing real-world job experience prior to graduation. The program is available to all students with disabilities who have an Individualized Education Plan.

Oxnard High School's career/partnership academies are all affiliated with the National Academy Foundation (NAF). During the 2018-19 school year, Oxnard High School offered the following career academy programs:

- Green Technologies (G Tech)
- Legal and Public Services (LAPS)
- Multi-Media Business Academy (MBA)
- Aeronautics Academy AA

OHS also offers Small Learning Communities (SLC) which work to build relationships and College and Career Skills of Learners. In the coming years, OHS will also begin to offer majors in several areas of school to career opportunities. Students enrolled in the career/partnership academies are enrolled in core classes where instructional content is more closely related to the student's chose field of study. Core curriculum teachers and partnership academy teachers collaborate regularly to ensure three year terms and coursework are in alignment with state standards and students' needs.

During the 2018-19 school year, Oxnard High School offered the following career technical education programs as elective courses:

- Information Technologies Pathways/Business Pathways
- Arts, Media & Entertainment Pathways
- Building Trades & Construction Pathways
- Marketing, Sales & Service Pathways
- Video & Film Production (on campus CEC)
- Photo Production & Technology
- Construction Technology (woodshop)
- Consumer Economics
- Food & Nutrition
- Computer Operations/Science
- General Office Occupations
- Business Economics
- Food Science, Dietetics & Nutrition
- CEC Auto Paint, Auto Body Repair, Computer B/Sft, Dental/Radiology, Floral Design, Fashion/Retail Merchandising, Graphic Design, Medical/Office Assistant, Nursing 1, Production Technology, Screenprint, Welding, Video Film
- SLC: Advancement Via Individual Determination (AVID), Air Force Junior Reserve Officers' Training Corps (AFJROTC)

Oxnard High School receives funds from the Carl D. Perkins Vocational and Technical Education Act (Perkins).

This grant enables Oxnard High School to provide its students with the academic and technical skills needed to succeed in a knowledge- and skills-based economy and helps provide programs that prepare students for both postsecondary education and the careers of their choice.

CTE table in this report shows the total number of students participating in the district's CTE courses and regional occupational programs and program completion rates. For more information on career technical programs, ROP, workability, partnership academies, and work experience, contact the counselor or visit the state's career technical website at <http://www.cde.ca.gov/ci/ct/>.

Career Technical Education (CTE) Program Participation 2018-19

Percentage of students completing CTE program and earning a high school diploma	48.9 %
Percentage of CTE courses sequenced or articulated between the school and institutions of postsecondary education	11.5 %

## Professional Staff

### Counseling & Support Staff

Oxnard High School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Oxnard High School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Academic Counselors & Other Support Staff (Nonteaching Professional Staff) 2018-19		
	No. of Staff	FTE

### Expenditures Per Student

For the 2017-18 school year, Oxnard Union High School District spent an average of \$11,872 of total general funds to educate each student (based on 2017-18 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at

the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at [www.cde.ca.gov/ds/fd/ec/](http://www.cde.ca.gov/ds/fd/ec/) and [www.cde.ca.gov/ds/fd/cs/](http://www.cde.ca.gov/ds/fd/cs/). (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

In addition to general fund state funding, Oxnard Union High School District receives state and federal categorical funding for special programs. For the 2017-18 school year, the district received categorical, special education, and support programs funds for:

- Agricultural Career Technical Education Incentive
- CA Partnership Academies: Green & Clean Academies
- California Career Pathways Trust
- California Clean Energy Jobs Act
- Career and Technical Education Programs
- Career Technical Education Incentive Grant Program
