## Principal's Message

Frontier High School's staff is committed to implementing an intensive, balanced, standards-based curriculum to ensure each child's success. This annual report card to the community will share valuable information about our instructional programs, academic achievements, school facilities and safety, highly qualified staff, textbooks, and finances compared to other schools and districts in the state.

A special emphasis is placed on providing an instructional program designed to boost student confidence and increase subject matter proficiency. Staff and parents work together to create a learning environment that has high expectations, promotes students' academic and social development, teaches responsibility and pride, and models learning as a lifelong adventure. We are excited about our school and its program and welcome all to support our efforts.

## Mission Statement

Our mission is to provide a positive alternative educational environment designed to foster a sense of community, personal responsibility, and academic success.

## School Description

Frontier High School is located in the southwestern region of Camarillo and serves students in grades ten through twelve following a traditional calendar. At the beginning of the 2018-19 school year, 313 students were enrolled, including 14.1% in special education, 24.9% qualifying for English Language Learner support, and 94.9% qualifying for free or reduced price lunch.

## Student Achievement

### California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website [www.cde.ca.gov/ta/tg/ca/](http://www.cde.ca.gov/ta/tg/ca/).

Mathematics (grades 3-8 and 11)	0.0	0.0	29.0	29.0	38.0	37.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA/Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3 – Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages.

The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

Note: Cells with N/A values do not require data.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for including in the 2018-19 SARC posting due February 1, 2020. These data will be included in the SARC 2019-20 posting due February 1, 2021.

## Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

**Conditions of Learning (Basic Services) – State Priority 1:** Degree to which teachers are appropriately assigned and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials and school facilities are maintained in good repair. Covered in *Teacher Assignment*, including the Teacher Credentials & Misassignments chart; *Instructional Materials*, including the Textbooks chart; and *School Facilities & Maintenance*, including the Campus Description and School Facility Good Repair Status charts.

**Conditions of Learning (Implementation of State Standards) – State Priority 2:** Implementation of academic content and performance standards adopted by the state board for all pupils. Not covered in the School Accountability Report Card.

**Parental Involvement – State Priority 3:** Efforts to seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups. Covered in *Parent Involvement*.

**Pupil Achievement – State Priority 4:** Performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with a 3 or higher, and share of pupils determined prepared for college by the Early Assessment Program. Covered in *California Assessment of Student Performance and Progress*, including the CAASPP charts.

**Engagement (Pupil Engagement) – State Priority 5:** School attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, and high school graduation rates. Covered in *Dropout & Graduation Rates*, including the Dropout chart; and *Graduation Requirements*, including the Graduation Rate chart for high schools only.

**School Climate – State Priority 6:** Pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, and parents and teachers on the sense of safety and school connectedness. Covered in *Discipline & Climate for Learning*, including Suspension & Expulsion chart; and *School Site Safety Plan*.

**Conditions of Learning (Course Access) – State Priority 7:** Pupil enrollment in a broad course of study that includes all of the subject areas. Not covered in the School Accountability Report Card.

**Other Pupil Outcomes – State Priority 8:** Pupil outcomes in the subject areas. Covered in *Physical Fitness*, including the Physical Fitness Test chart.

## Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through Parent Square (automated text messages), flyers, the school website, and informative orientations. Contact the school office at (805) 389-6450 for more information on how to become involved in your child's learning environment.

## School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Frontier High School's original facilities were built in 1972; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests.

Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

**2018-19 Campus Improvements:**

- Remodel student restrooms
- Main office remodel and create a new office
- Installation of security cameras
- Installation of new flooring and new furniture in some classrooms

**2019-20 Planned Campus Improvements:**

- Installation of perimeter fencing

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and one evening custodian are assigned to Frontier High School. The day custodian is responsible for:

- Classroom cleaning
- Restroom cleaning

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Restroom cleaning
- Trash removal
- Administrative area cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

**Facilities Inspection**

The district's maintenance department inspects Frontier High School on an annual basis in accordance with Education Code §17592.72(c)(1). Frontier High School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place between Monday, April 08, 2019 and Thursday, June 20, 2019. No emergency repairs were needed and no unsafe conditions were found. During fiscal year 2018-19, all restrooms were fully functional and available for student use at the time of the inspection.

Rating Description

*Exemplary: The school meets most or all standards of good repair. Deficiencies noted, if any, are not significant and/or impact a very small area of the school.*

**Campus Supervision**

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. The principal, the youth services officer (SRO), the dean of students, the counselor, and campus supervisors patrol the campus and monitor student behavior before school, during meal times, passing periods, and at dismissal.

Frontier High School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

**School Site Safety Plan**

The Comprehensive School Site Safety Plan was developed for Frontier High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in October 2019.

**Classroom Environment**

**Discipline & Climate for Learning**

Frontier High School's discipline policies are based upon Positive Behavioral Interventions and Supports (PBIS) and a Multi-Tiered System of Supports approach to social, emotional and behavioral support. This school-wide positive behavior management plan is used as a guide to develop school rules, develop behavior management programs, promote responsibility, promote respect, and minimize classroom disruptions. disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation.

### Class Size

The Teaching Load Distribution table in this report illustrates the distribution of class sizes by subject area, the average class size, and the number of classes that contain 1-22 students, 23-32 students, and 33 or more students. Calculations exclude classrooms of 50 or more students.

Average Class Size and Class Size Distribution				
Subject	2016-17

Social Science	13.0	20	2	

\*Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary level, this information is reported by subject area rather than grade level.

### Dropout & Graduation Rates

Frontier High School's teachers and administrative staff practice the early identification of and intervention on behalf of students who exhibit warning signs and/or behavioral traits that may lead to dropping out of school. Intervention strategies used to promote attendance and reduce dropout rates include parent conferences, counseling, monitoring student performance, home visits conducted by the school's attendance advisor, SIS, and monthly SART meetings. Understanding that the needs of each student are different, administrators, counselors, and teaching staff continue their efforts to discover successful solutions to help students complete their high school program.

Students must accumulate 230 course credits to receive a high school diploma from Frontier High School. Alternative methods of acquiring a diploma are available through the adult school and Condor High School (independent study) for those students who have been unsuccessful in a high school environment or have exhausted their opportunities to remain at Frontier High School.

In the following Dropout & Graduation Rates table, 2017-18 data is the most current information available, since state certification/release dates for dropout data occur too late for inclusion in this report. Detailed information about dropout rates and graduation rates can be found on the DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

Dropout & Graduation Rates (Four-Year Cohort Rate)

## Curriculum & Instruction

### Staff Development

All training and curriculum development activities at Frontier High School revolve around the California State Content Standards and Frameworks. During the 2018-19 school year, Frontier High School held staff development training devoted to:

- English Language Proficiency Assessments for California (ELPAC)
- CAASPP Preparation
- ELD Training
- Technology Training
- Student Engagement
- Positive Behavioral Interventions & Supports (PBIS)
- Research-Based Instructional Strategies
- Social Emotional Learning (SEL)

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input, state assessment results, and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Frontier High School supports ongoing professional growth throughout the year on weekly early release days. Teachers meet as a whole and in department level teams to conduct data analysis to identify areas of need. Teaching staff are provided the

opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2017-18, 2018-19 and 2019-20 school years, Frontier High School's teachers had the opportunity to attend the following events hosted by the Oxnard Union High School District:

2017-18 Training:

- Next Generation Science Standards (NGSS)
- English Language Arts
- English Language Development/World Language
- Mathematics
- Social Science
- Career Technical Education

2018-19 Training:

- Next Generation Science Standards (NGSS)
- English Language Arts (ELA)
- Mathematics
- Social Science
- iLit Training

2019-20 Training:

- Multi-Tiered System of Supports (MTSS)
- iLit Reading Intervention
- SkillsUSA Training for Career Pathways
- Edge Training for ESL Students
- Curriculum Design for Dual Language Immersion
- Textbook Pilot Training for Science and ELA
- Math Leadership Network
- Digital Broadcast
- Ethnic Studies Curriculum Development
- Dual Immersion Textbook Pilot Training
- VC Innovates
- AP Spanish Committee Test Development
- Next Generation Science Standards (NGSS)
- Library Learning Day
- AVID Elective Focused Note-Taking
- Data Chats for Common Assessments, Corrective Teaching, and Engagement
- Google Platform Training
- PLC Summer Curriculum Planning, Common Syllabi, Technology Use, Student Engagement
- Positive Behavioral Interventions & Supports (PBIS)

Frontier High School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Instructional Materials

All textbooks used in the core curriculum at Frontier High School are aligned to the California Content Standards and Frameworks. Standards-based instructional materials are approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On Wednesday, September 25, 2019, the Oxnard Union High School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution #19-44 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12 inclusive.

In addition to core subject areas, districts are required to disclose in their SARC's the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2019-20 school year, Oxnard Union High School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

## College Preparation & Work Readiness

### College Preparation Courses

Students are encouraged to take required courses if they plan on attending a four-year college or university. Frontier

High School offers only those classes required to earn a high school diploma. Any students returning to a comprehensive high school setting will have the option to pursue four-year college required courses.

### Admission Requirements for California Public Universities

#### University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admission requirements please visit the UC website at <http://www.universityofcalifornia.edu/admissions/general.html>.

#### California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses, and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements, please visit the California State University Website at <http://www.calstate.edu/admission/>.

#### Workforce Preparation

Students in grades nine through twelve receive counseling from school personnel regarding career paths and courses of study. During their sophomore year, students meet with the counselor to discuss their four-year academic plan and are introduced to Frontier High School's technical and career education programs; the counselor meets throughout the year with each student to follow-up on their progress in meeting graduation requirements and career objectives. All career and technical education (CTE) courses comply with state-adopted content standards and are integrated into the student's four-year academic plan as elective courses. Frontier High School offers the following programs that promote leadership, develop job-related skills, provide on-the-job experience, and increase interest in school:

- Work Experience
- Career Education Center Programs
- Workability

Individual student assessment of work readiness skills takes place through 1) End of course exams; 2) Completion of course-required projects; and 3) Career exploration activities.

Work experience students are partnered with local employers that provide on-the-job training and mentoring for students 16 years of age or older. Work experience students receive guidance and supervision designed to ensure maximum educational benefit from part-time job placement. For more information, students should contact the counselor.

Career Education Center (CEC) Programs are offered in partnership with the County Office of Education. A variety of career technical education courses are available to help prepare high school students (16 years and older) for entry-level employment, upgrading current job skills, or obtaining more advanced levels of education.

Workability provides work experience opportunities outside the school day that meet the students' interests and aptitudes while providing real-world job experience prior to graduation. The program is available to all students with disabilities who have an Individualized Education Plan.

During the 2018-19 school year, Frontier High School offered the following career technical education programs as elective courses:

**Career Technical Education Programs:**

- Consumer Economics
- Family & Human Development
- Career Exploration
- Finance and Business
- Education, Child Development & Family Services
- Arts, Media & Entertainment
- Automotive Entrepreneur
- Medical Terminology
- Criminal Justice
- TV Film & Makeup
- Emergency First Responder

**Academy Programs:**

- DRAGG Program
- Law Enforcement

Frontier High School receives funds from the Carl D. Perkins Vocational and Technical Education Act (Perkins). This grant enables Frontier High School to provide its students with the academic and technical skills needed to succeed in a knowledge- and skills-based economy and helps provide programs that prepare students for both postsecondary education and the careers of their choice. CTE table in this report shows the total number of students participating in the district's CTE courses and regional occupational programs and program completion rates. For more information on career technical programs, CEC, workability, partnership academies, and work experience, contact the counselor or visit the state's career technical website at <http://www.cde.ca.gov/ci/ct/>.

## Professional Staff

### Counseling & Support Staff

Frontier High School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Frontier High School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Academic Counselors & Other Support Staff (Nonteaching Professional Staff) 2018-19		
	No. of Staff	FTE
Academic Counselor	2	1.5
Campus Supervisors	3	2.0
Alcohol & Drug Advisor (Outside Agency)	1	0.2
Attendance Advisor	1	1.0
Guidance Technician	1	0.6
Nurse	1	1.0
Psychologist	1	0.3
Student Resource Officer (SRO)	1	1.0
Textbook/Library/Career Center Technician	1	1.0
Counselor-to-Student Ratio: 1:157		

*Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time.*

### Teacher Assignment

During the 2018-19 school year, Frontier High School had 24 teachers who met all credential requirements in accordance with state guidelines. The chart below identifies the number of teachers at both the school and district who are 1) fully credentialed; 2) without full credentials; 3) teaching outside subject area of competence; 4) misassignments for English learners; 5) total teacher misassignments; and 6) vacant teacher positions. The term "misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.
