**2021 School Accountability Report Card**

# General Information about the School Accountability Report Card (SARC)

## SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

West Orange Elementary School is one of 27 elementary schools in the Orange Unified School district. We are located in a residential area consisting primarily of single-family detached homes and apartments in the area of Main St. and Chapman Ave. in the city of Orange. There are 375 students enrolled in Transitional Kindergarten through 5th grade during the 2021-2022 school year. West Orange maintains a traditional school calendar.

The original school site was built in 1890, and the existing permanent structure was built in 1949. The West Orange School community is committed to establishing an environment of quality learning. Teachers align instruction and assessments with the California State Content Standards. The students are challenged to reach their full potential to be productive citizens in a global society.

West Orange Elementary takes a child-centered approach to education. Every child can learn and have the right to the best possible education. Therefore, instruction is differentiated to meet the individual student's needs and learning styles. West Orange has a diagnostic Response to Intervention and Instruction system in place where every student is given a universal screening assessment three times per year. The results of these assessments guide teachers in forming homogeneous groups where the specific needs of each student are addressed during a scheduled intervention time in language arts. In addition, West Orange Elementary has developed a math intervention program that focuses on developing a student's skill in communicating reasoning and problem solving through various strategies such as number talks, UC Davis CSTEM, and AVID.

West Orange continues to excel in academics and exceed the State's academic targets. We are committed to creating a safe and caring environment that fosters each student's intellectual, social, emotional, and physical growth. Developing literacy, critical thinking, and problem-solving skills are crucial to our student's success as we focus on vocabulary development and reading comprehension.

The West Orange staff has worked diligently and efficiently for our community to be favorably impressed by the quality of the instructional program and our desire to prepare responsible individuals to develop excellence. As a result, West Orange was selected by the California State Department of Education to receive the Gold Ribbon School Award in 2016 and the Title I Academic Achievement Award in recognition of the West Orange WIN program. Our goal is to do whatever it takes to promote continuous and sustained academic achievement for every student at West Orange.

### Our Vision

Students at West Orange will strive to achieve their highest potential within a caring, challenging academic environment that provides them the opportunity for growth through self-advancement to become productive citizens.

### Our Mission

#### Our Commitments and Beliefs:

We will provide a just, fair, safe, and caring environment meeting the child's holistic needs where students will be challenged with curriculum and relationships that foster kindness, confidence, and a sense of belonging.

We will promote goal setting to reach individual potentials, not just grade-level benchmarks.

We will foster a class community where we are all partners encouraging others to succeed and be kind citizens.

We will provide positive and constructive feedback to ensure students work towards meeting our academic and behavior expectations.

## 2021-22 School Overview

Regardless of their academic level, each student will make progress on their individual goals as measured by district and teacher-approved assessments.

All students will learn AVID strategies to support self-advancement.

Student Commitments:

I will do my best to learn and persevere by following directions no matter where the learning occurs.

I will be an effective communicator who will use verbal, written, artistic, and technological forms of communication to give, send, and receive information.

I will work collaboratively and independently to create quality work that reflects personal pride and responsibility.

Parent Commitments:

Teaching and learning is an ongoing cooperative effort among students, school, family, and community that can be rewarding and successful for all involved. Parents and guardians will actively participate with WO to ensure students stay on track in meeting their goals.

#### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

<b>Total Teaching Positions</b>	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All K-8 textbooks are selected from the state matrix provided through the California Board of Education. Teachers peruse the materials and select by majority vote. Selected texts are then submitted to the Board of Education for final approval. Textbooks are procured in sufficient numbers for each student to receive a textbook. High School adoptions are content area based, with teachers selecting appropriate materials for the course objectives as outlined in the course description approved by the Board of Education. Selected texts are submitted to the Board for approved use in classrooms with purchase ratio of one per student. The Public Hearing and Adoption of Resolution No. 15-21-22 of the Board of Education of Orange Unified School District on the sufficiency of textbooks, instructional materials, and science lab equipment (9-12) was approved on September 30, 2021.

## School Facility Conditions and Planned Improvements

West Orange Elementary School is maintained by two full time custodians. One works during the day, and one works the evening shift. Quarterly safety reports in regard to maintaining a safe campus are turned in to Risk Management in September, December, March and June. The school is supported for additional maintenance and repair by the district maintenance and operations department. We will use the data from the FIT report to ensure that each system is repaired and working at its highest capacity.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

West Orange Elementary School strives to involve parents in all aspects of the school program, which include an active school site council (SSC), English Language Advisory Committee (ELAC), parent education classes, and the West Orange School Association (WOSA).

The West Orange School Association parent organization works to provide a better education for our students. They sponsor study trips, assemblies, parent training, summer enrichment programs, and funds for the library. Our parent group works in conjunction with our teachers, Associative Student Body, and school administration in order to enrich the academic and school culture of West Orange elementary school.

Prior to the pandemic, we had many parents who volunteer in the classroom and throughout campus regularly. Parents are an integral part of the school community and were encouraged to participate in daily school activities. Each year their volunteer service is honored at our Annual Volunteer Appreciation tribute in the month of May.

West Orange also provides a Family Library and STEAM Night once a trimester where parents can read with their children, check-out books, and engage in STEAM activities. For the 2021-2022 school year, we are going to provide families with virtual STEAM and library nights.

West Orange elementary is constantly seeking to strengthen our home-school connection, and parents are encouraged to participate as often as possible. The role that parents and the community play are vital to our success.

## C. Engagement

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.01	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

Each of the district's schools develops and adopts, in accordance with Education Code § 32280 – 32289, a Comprehensive Safe School Plan particular to their site. Each school site is required annually, by March 1st, to have reviewed, and if necessary, updated their Safe School Plan. Each school forwards its Safe School Plan to the district through the office of Child Welfare and Attendance. The office of Child Welfare and Attendance provides plan development assistance to the schools and maintains a file of individual school plans available for inspection by the public.

A comprehensive disaster plan is in effect, and fire and earthquake drills are conducted monthly. All schools in the Orange Unified School District are linked through an emergency radio contact system, and district radio drills are held periodically to be prepared in case of an actual disaster. Noon duty supervisors are hired to supervise lunch and playground activities in order to maintain a safe, organized, and supervised lunchtime. The principal meets with supervisors and staff on a regular basis to monitor concerns and changes to the duty and safety plan. In compliance with SB 187, the West Orange safety committee has prepared a Safe Schools Plan. The school plan is updated and reviewed annually. Providing a safe, nurturing, and positive environment for students is a primary concern at West Orange Elementary.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
