EXECUTIVE SUMMARY

EXECUTIVE SUMMARY

Executive Summary

September 23, 2020

Board of Trustees
Clear Creek Independent School District
2425 East Main St.
League City, TX 77573

Dear Board Members:

We are proud to publish the Fiscal Year 2020–2021 Budget to the Board of Trustees and to the community. We welcome the opportunity to present and discuss operational plans and related financial impact with all interested parties. Interaction among interested groups consistently leads to operational and educational improvements, which become available to students of the Clear Creek Independent School District (CCISD).

The development, review, and consideration of the FY 2020-2021 Governmental Fund Budgets (the General Fund, the Special Revenue Funds, the Capital Projects Funds, and the Debt Service Funds) were completed with a detailed and exhaustive review of every revenue and expenditure item within the context of the District's Mission Statement, Strategic Goals, Operational Goals, Performance Objectives, and Board Policy. Information on each of the fund budgets is provided in this budget document.

We have also included financial information on the District's Proprietary Funds for comparative purposes. The largest fund in this group is the Food Service Fund which is treated as an Enterprise Fund at Clear Creek ISD. The Food Service Fund, along with the General and Debt Service Funds, are the only budgets that must be legally adopted by the Board of Trustees.

The document is organized into the following sections:

- **Introductory Section** - Introduces the reader to the document as a whole. It highlights important information contained in the budget. Users rely on this section to get an overview - a snapshot of what they can expect to find in the rest of the document.
- **Organizational Section** - Provides the context and framework within which the budget is developed and managed. The context for the budget is substantially predicated on the type and level of service to be provided to the students of the community. The framework also includes the District's organizational structure as well as the controls that direct and regulate the development and administration of the budget.
- **Financial Section** - Presents the heart of the school budget document. This section includes a description of the District's financial structure. It includes financial schedules that present the adopted budgets for the District compared with the results of past budget plans. It also provides information on schools and programs including the Mission Statements carried out by the school or program, objective methods of results by school or program, and the resources, both personnel and dollars, allocated to the school or program to carry out the stated mission.

EXECUTIVE SUMMARY

- **Informational Section** – Provides information on the local economy and a brief narrative of the Texas funding system along with recent legislation and court cases that may significantly impact the direction of educational funding in Texas. It includes more detailed schedules and governmental funds.

The information included in the budget document is structured to meet the requirements of the Meritorious Budget Award (MBA) of the Association of School Business Officials International (ASBO).

To receive this award, a school entity must publish a budget document as a policy document, as an operations guide, as a financial plan, and as a communications medium. We believe the current budget conforms to the requirements of this program. We are submitting this document to ASBO to determine its eligibility for these awards.

This award represents the highest level of recognition in budgeting for school entities. This attainment represents a significant accomplishment by a school entity and its management. The award is made after comprehensive review by a panel of independent budget professionals. Using extensive criteria, the reviewers not only evaluate the effectiveness of the budget in meeting the program criteria, but also provide commentary and feedback to the submitting entity as a basis for improving the presentation of the District's financial and operational plan.

While this award is a great accomplishment for the District, the most important concern in the presentation of the budget data is to improve the quality of information provided to the community concerning the District's financial plan for the educational programs and services for the 2019-2020 fiscal year.

Mission Statement and Strategic Goals

As part of the budget development process the Board of Trustees and Administration reviewed the District's Mission Statement, Vision, Core Values, and Strategic Goals. Based on this foundation, operational goals and performance objectives were developed and reviewed with the Board of Trustees. The budget is an instructionally driven process. It is a balance of policy choices. It also represents a responsive balance between the educational needs of students and the ability of the community and the state to provide the necessary financial support to serve them.

Mission Statement

The mission of the Clear Creek Independent School District, the visionary leader igniting learning for all, is to ensure each student achieves, contributes and leads with integrity in a safe and nurturing environment distinguished by authentic relationships, service before self and the spirit of exploration.

EXECUTIVE SUMMARY

Strategic Goals

The Strategic Goals that guided the preparation of this year's budget include:

1. We will foster a safe and nurturing environment.
2. We will design and implement learning experiences that inspire student achievement, agency and growth.
3. We will cultivate social and emotional capacity and a commitment to service before self.
4. We will expand the organization's capacity to accomplish our strategic intent.
5. We will ensure our community, parents, staff and students exercise shared ownership of our mission.

District Achievements

Clear Creek Independent School District is a leader in the field of education in Texas. This is evident by the many academic, financial, operational and administrative awards that the District has earned over the last few years. A partial list of these achievements is provided below. The strategic goals associated with these achievements is included.

Awarded Above Standard Score on FIRST

Clear Creek ISD achieved a Superior rating on the Financial Integrity Rating System of Texas (FIRST).

Home to Several National Schools of Character

Six Clear Creek ISD elementary schools joined the ranks of Character.org's highest distinction by being named 2019 National Schools of Character on May 10, 2019. Out of only 13 elementary schools in Houston and 88 schools nation-wide, Bauerschlag Elementary, Goforth Elementary, McWhirter Elementary, Ross Elementary, Stewart Elementary and Weber Elementary now join the growing list of schools honored by the organization.

Each year, Character.org certifies schools and districts at the state and national level that demonstrate a dedicated focus on character development, which has a positive effect on academic achievement, student behavior, and school climate. Criteria for selection are based on Character.org's 11 Principles of Effective Character, which include providing students with opportunities for moral action, fostering shared leadership, and engaging families and communities as partners in the character-building effort.

Clear Brook High School was one of only 81 campuses across the country to be named a 2020 State School of Character by Character.org, a national advocate and leader for character in schools, families, sports teams and the workplace. This is the first Clear Creek ISD high school to receive this honor.

CCISD named as one of America's Best-in-State Employers

Forbes Magazine named the Clear Creek Independent School District to their 2nd annual rankings of America's Best Employers by State. Of the list of top 100 workplaces in Texas for 2020, CCCISD is one of only two Houston-area public school districts to be included. Forbes partnered with market research company Statista to pinpoint organizations like best by employees in each state. The list is divided into 51 rankings-one for each of the 50 states, plus the District of Columbia-and was compiled by surveying 80,000 Americans working for businesses with at least 500 employees.

EXECUTIVE SUMMARY

Continuing Academic Success

Based on results from the Texas Education Agency, the Clear Creek Independent School District once again outperforms the state average on all academic, graduation, and college and career readiness indicators as outlined in the Texas Education Agency's 2019 accountability results. Overall, the school district earned a 91% when calculating the three domains of student achievement, school progress and closing the gaps. CCISD has a nationally recognized visual and performing arts program as well as competitive athletic programs. Three CCISD high schools are ranked among the top high schools in the nation by U.S. News and World Reports. Finally, CCISD students perform above the state and national average on the SAT and ACT.

Received the Meritorious Budget Award from the Association of School Business Officials, International

This award has been received for thirteen consecutive years.

Received Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association

This award has been received for fourteen consecutive years.

Received the Certificate of Excellence in Financial Reporting from the Association of School Business Officials International

This award has been received for fourteen consecutive years.

Maintained high underlying credit rating

The District's maintains a high underlying credit rating of "Aa2" as rated by Moody's and "AA+" by Fitch Ratings Service.

Maintained a low administrative cost ratio

The District maintains a very low administrative cost ratio in comparison to the Texas Education Agency's standard benchmark. For a large school district, 25,000 students or more, the Agency benchmark is an administrative cost ratio of 8.55%. Clear Creek's administrative cost ratio is 4.35%.

The Budget Process

The Planning Cycle

The budget process covers the entire financial cycle starting with budget planning and ending with the audited financial statements. The seven steps are:

- | | | |
|----------------------------------|---------------------|-----------|
| • Budget Planning | November – December | 2019 |
| • Budget Preparation | January – August | 2020 |
| • Board of Trustee Budget Review | March – August | 2020 |
| • Budget Adoption | August | 2020 |
| • Tax Rate Adoption | September | 2020 |
| • Budget Amendments | Monthly | 2020-2021 |
| • Audited Financial Statements | January | 2021 |

EXECUTIVE SUMMARY

Budget Planning

The District budget process is instructionally driven. District budget planning begins with the senior administrative staff and the Board of Trustees holding goal-setting sessions in December. The Budget Calendar is also reviewed with the Board of Trustees. In addition, campuses prepare the required annual Campus Improvement Plans which is integrated into the budget process.

Budget Preparation

Budget Preparation begins with a training session with principals and program managers. At that time, the Budget Manual and budget worksheets are distributed. The District utilizes the eFinance software to allow for on-line budget preparation instead of strictly paper submissions. Therefore, annual software training is provided.

The District uses site-based budgeting to enhance the ability of principals to serve as effective instructional leaders. Site-based budgeting places the principal at the center of the budget preparation process.

The Campus Budget Worksheet reflects the initial campus funding allocations. These allocations address equity issues between campuses. The initial campus funding allocation is based on projected enrollment. These funds are allocated to campus programs by the Principal and Campus Improvement Council per the Campus Improvement Plan. The allocation is adjusted in January based on actual enrollment and staff on hand at the end of the first six weeks.

After the completed campus and program budget packages have been returned, the Superintendent's Budget Committee reviews them in detail with the principal or program manager. The review focuses on instructional needs and includes discussions on the reallocation of existing funds as well as any additional funding requests from the campus.

Board of Trustee Budget Review

The Board of Trustees regularly receives budget updates that include revisions to the long range financial forecast, the long-range staffing plan, the preliminary budget, the compensation & salary plan, and the capital projects/capital improvement plan. Since Clear Creek ISD is a growing district, staff asks the Board to approve additional teaching units in April or May of each year to accommodate growth needs. If funds are available, the compensation & salary plan for teachers is adopted at the May Board of Trustees meeting. Adopting the plan early in the budget process provides Clear Creek ISD with a competitive advantage in recruiting new teachers and retaining existing staff. During a legislative session, in odd numbered years, teacher salary plans are not adopted until after the session is over in June. A compensation & salary plan for support staff is generally adopted in July.

Budget Adoption

Once the District receives preliminary property value information from the appraisal districts, the Board is asked to approve the budget. The required legal notice for the FY 2020–21 Budget was

published on August 14, 2020. The Board of Trustees held the public hearing and adopted the budget on August 24, 2020.

Tax Rate Adoption

Historically, the Galveston Central Appraisal District (CAD) certified all District property, even though a high percentage of district property is in Harris County. Recent legislation ended this process in 2008 and now appraisal districts cannot cross county lines to appraise property. As a result, the District did not receive its final certified values from the Harris County CAD until the first week of September. In years past, the property values were certified in July by the Galveston CAD. After receiving its certified property value rolls, the Clear Creek ISD Tax Office calculates the effective and rollback tax rate in early August. The required legal notice of the District's effective and rollback tax rates was published on August 14, 2020. The Board of Trustees held the public hearing on the proposed tax rate on August 24, 2020 and adopted the tax rate on September 28, 2020.

Budget Amendments

Initial campus budget allocations are based on projected enrollment and are modified after the October Public Education Information Management System (PEIMS) snapshot. Budget amendments, if necessary, are taken to the Board monthly for consideration and approval.

The Final Amended Budget for the Year Ending August 31, 2020, was submitted at the August 24, 2020, Board meeting. It reflects all amendments previously approved by the Board of Trustees plus any final amendments. The Final Amended Budget for the Year Ending August 31, 2020, will be used by the District's external auditors in compiling the annual financial statements.

Audited Financial Statements

The final step in the budget cycle is the approval of the audited financial statements. This document includes budget to actual comparisons and highlights the District's ability to manage its 2020-21 \$576 million governmental funds budget. The 2019-20 Audited Financial Statements are scheduled for review and approval by the Board on January 20, 2021.

Capital Projects Budget Process

Clear Creek Independent School District is meeting the challenge of a fast growth school district by proactively analyzing facility needs and placing bond issues for taxpayer approval.

The Clear Creek Independent School District Board of Trustees established a citizens committee in October of 2016 to recommend a list of prioritized capital projects that will meet the District's growth and replacement needs over the next 3-5 years. This limited purpose committee met with staff, architects, engineers, and demographers to evaluate the District's long-term course for the addition, renovation and replacement of instructional facilities, support facilities, major mechanical systems, technology, and transportation.

EXECUTIVE SUMMARY

This Committee ranked \$499 million worth of projects as the highest priorities in facility needs. On May 6, 2017, the CCISD community approved a \$487 million bond referendum to fund these facility needs. These funds will be used to build a new elementary school, rebuild schools, replace portables with permanent additions, renovate aging schools to bring them up to today's learning standards, purchase surveillance equipment for campuses and new buses.

During the FY 2005-06 budget process, the District developed a separate Capital Replacement Fund to provide monies for major maintenance and capital needs. This fund was capitalized with \$14 million in seed money from the FY 2004-05 budget. Over the past fifteen years the District has added an additional \$125.3 million to this fund. At the same time, the District has transferred its entire annual capital replacement appropriation budget to the fund.

By taking a proactive approach to capital replacement, future bond issues will include fewer major maintenance needs. The operating impact of the capital projects is integrated annually into the budget and is highlighted in the Informational Section of this document within the financial forecasts.

Balanced Budget & Fund Balance

Legal requirements for school district budgets are formulated by the state, the Texas Education Agency (TEA) and the local district. However, according to the TEA, case law is where the definition of a balanced budget is found for all Texas school districts. A balanced budget is framed by case law as a budget with total expenditures not greater than the sum of total revenues plus fund balance. *Crystal City Independent School District, Appellant v. Bank of Dallas, Appellee, Court of Appeals of Texas, Dallas, March 24, 1987.*

Fund Balance occurs when revenues exceed expenses in any given year. In fund accounting, this excess carries over to the next fiscal year and is available for any lawful purpose. By policy, Clear Creek's goal is to maintain an undesignated fund balance equal to a minimum of two months operating expenses. The District currently meets this goal.

Budget Challenges and Priorities

The most significant challenge presented in forming the Clear Creek ISD budget is the continual increase in student enrollment of 168 students per year. This increase requires additional financial resources to fund areas such as campus personnel, support staff, instructional facilities and supplies. Another challenge is maintaining competitive pay structures for instructional personnel to be able to recruit and retain the best staff possible. Finally, the growth calls for new and renovated facilities requiring voter approval.

The Clear Creek Independent School District (CCISD), situated just south of Houston, lies within one of the fastest growing regions in Texas. This year, the District is expected to grow by more than 250 students. This is slightly lower than previous years. Over the last five years enrollment has increased by an average of over 150 students per year. Recent projections place future enrollment gains at around 160 students each year for the next five plus years.

EXECUTIVE SUMMARY

While enrollment growth is expected to grow steadily, this growth continues to be a major budgetary concern. To manage growth, the district developed the Facility Advisory Committee as explained above. Their work provided the framework for the 2017 bond program.

The 2020-21 budget includes district wide staffing increases totaling \$2.98 million. This will cover the addition of fifty-one full-time equivalent instructional and support positions at the elementary and secondary levels. Employee salary increases make up another increase to expenditures in the amount of \$3.2 million. The budget provides a 1.0% baseline salary increase for all staff. The budget provides a minimum teacher salary increase of 1.00% across all positions and creates a starting teacher salary of \$56,308 per year. Teachers with more than five years of experience will receive 4.98% to 6.32% increases. Minor adjustments were made to the District Stipend Plan.

Various new operational expenditures totaling \$3.05 million are included in the 2020-21 budget. This includes increases in various educational budgets. The district contribution towards employee retirement plans was increased by \$1 million.

The 2020-21 budget includes the continuation of funding to the budget to achieve a sustainable technology replacement program. The cost of this technology capital plan is \$3 million this year. This will provide a recurring funding source for student device replacements.

Past hurricane disasters on the Gulf Coast of Texas and Louisiana combined to create tremendous increases in property and casualty insurance premiums. As a result, most coastal districts have experienced drastic increases in insurance premiums with a corresponding drop in total insured value. Clear Creek experienced a 300% increase in premiums. At the same time, total insured values dropped from \$500 million to \$35 million. Clear Creek ISD incurred \$19 million in damages when Hurricane Harvey made landfall in August of 2017. The windstorm premiums will total \$3.7 million this year which represents a 17% increase due to higher insured values.

In 2018 a CCISD School Safety Committee was created to make recommendations to improve school safety. The 2020-21 budget allows the District to continue to focus on implementation of recommendations.

EXECUTIVE SUMMARY

FY 2020-21 Budget Goals, Assumptions, Priorities, and Risks

The approval of a district-wide strategic plan facilitated the development of Board budget goals for the FY 2019-20 budget. This year's budget season began when the Board met in March 2019 to discuss budget priorities for the coming year. These priorities were used to build the District's 2019-20 budget. Board approved goals, assumptions and priorities are as follows:

➤ ***Budget Goal***

The 2020-2021 budget will further CCISD's mission and strategic plan with financial integrity, maximizing benefits from available resources.

➤ ***Budget Assumptions***

CCISD's 2020-2021 Budget will:

- Balance, accessing reserve funds if necessary;
- Retain the 5% local homestead exemption;
- Address all federal and state mandates including the changing requirements of HB3;
- Meet CCISD's capacity and growth needs, assuming a growth of 250 students over the previous year;
- Manage the District's resources efficiently and effectively; and,
- Maintain an adequate fund balance as defined as 2 months fund balance in board policy.
- Include a focus on developing alternative revenue streams including exploring initiatives to self-fund employee health plans.

➤ ***Budget Priorities***

- Provide optimal and targeted levels of funding and staffing for improved student achievement to meet the goals identified within the Strategic Plan;
- Administer competitive salaries, stipends and benefits for all employees;
- Continue to sufficiently fund the safe and secure schools program;
- Maintain designated disaster recovery reserves and continue capital replacement reserves consistent with other budget priorities.

➤ ***Budget Risks***

- Spending required by unfunded state and federal mandates.
- Negative effect of COVID-19 on revenue and expenditures.
- Changes in student enrollment and student needs.
- Inflationary impact of fuel, property & casualty insurance and other commodities.
- Impact of TRS ActiveCare insurance legislation and health insurance affordability.
- Inadequate funding to meet the needs of Clear Creek Independent School District students.
- Potential risk of sustainability of current programs.

The District's approach to coping with student growth, a restricted funding environment, and increasing academic standards has been to ensure that the budget process is driven by the District's Strategic Plan and budget priorities.

EXECUTIVE SUMMARY

Legislative Changes to the School Funding System

In response to many years of litigation, the Texas Legislature (the Legislature) enacted House Bill 1 (HB 1), which made substantive changes in the way the Finance System is funded. The Legislature also passed legislation which, among other things, established a special fund in the Texas state treasury to be used to collect new tax revenues that are dedicated under certain conditions for appropriation by the Legislature to reduce M&O Tax rates, broadened the State business franchise tax, modified the procedures for assessing the State motor vehicle sales and use tax and increased the State tax on tobacco products. HB 1 and other described legislation are collectively referred to as the Reform Legislation. The Reform Legislation became effective with the 2006-2007 fiscal year of each district.

Accounting for School District Operations

School districts in Texas manage their multi-million dollar budgets through funds that have been designated to manage school operations. These funds are separated into distinct categories. The major category of funds is called Governmental Funds. These funds represent the core educational activities of the district.

Districts also collect costs in a series of proprietary funds that capture such diverse items as the National School Lunch Program, athletic concessions, and the district's self-funded employee insurance programs.

One unique feature of school funding is that the Board of Trustees is only obligated to approve budgets for three sets of funds. Budgets for the General Fund, Debt Service Funds, and Food Service Fund (an Enterprise Fund) must be included in the official district budget and approved by the Board. These budgets are approved on a fiscal year basis from September 1st through August 31st.

EXECUTIVE SUMMARY

Governmental Funds

The following presents a comparison of revenues and expenditures for all Governmental Funds. Governmental Funds include the General, Special Revenue, Debt Service, and Capital Projects Funds. Most of the District's basic services are included in Governmental Funds.

The General Fund is the engine that drives all District activity. This fund pays teacher salaries, utilities, maintenance and other routine District activities. The Debt Service Fund is established to account for payment of principal and interest on long-term general obligation debt and other long-term debts for which a tax has been dedicated. Special revenue funds account for resources restricted to, or designated for, specific purposes by the District or a grantor in a special revenue fund. Finally, Capital Project Funds are used to build and maintain facilities and purchases buses.

The Governmental Fund Balance is anticipated to increase in 2020-21 by \$36 million due to bond funds received from Bonds 2017 in the Capital Projects funds that will be used for ongoing capital projects in future years.

Governmental Funds Revenues

The General Fund is the largest single governmental fund and comprises 74.9% of total revenue. Revenues in this fund class are mainly derived from the general taxing authority of the District. However, a large share of revenue is also derived from State funding under the reform legislation of 2006. The State's funding as a percentage of total Governmental Fund revenue is now 24.2%. This is up from a low several years ago of 15%. This is a direct result of the Reform Legislation passed in 2006 which lowered local property taxes and substituted a new business tax to raise the revenue needed to operate schools. Districts receive state aid based on a complex funding formula. The result of this formula is that the higher a District's property wealth (assessed property value) per student, the less state funding the district receives. Attendance is reported to the state through the PEIMS system and used to determine how many students are at the calculated per student amount. The District will see higher overall revenue due to House Bill 3 of the 86th Texas Legislature.

Governmental Funds Revenue

Description	FY 2017	FY 2018	FY 2019	Budget FY 2020	Budget FY 2021
Revenues:					
Local & Intermediate Sources	\$ 290,540,590	\$ 322,169,038	\$ 331,146,667	\$ 335,962,634	\$ 343,035,625
State Program Revenues	\$ 119,566,800	\$ 116,046,154	\$ 120,288,636	\$ 117,020,391	\$ 116,326,369
Federal Program Revenues	\$ 16,610,457	\$ 21,056,102	\$ 25,573,826	\$ 21,774,946	\$ 21,504,047
Total Revenues	\$ 426,717,847	\$ 459,271,294	\$ 477,009,129	\$ 474,757,971	\$ 480,866,041

EXECUTIVE SUMMARY

Governmental Funds Expenditures

General Fund expenditures dominate Governmental Fund activities as well with almost 64% of the total. However, with the passage of the 2013 and 2017 Bond Programs, the Capital Projects Fund and Debt Service Fund will have a major impact on expenditures this budget year. The challenge of large enrollment gains and aging facilities can only be met with new and renovated facilities. These facilities are funded through taxpayer authorized bond issues that are managed through the Capital Project Funds. The District anticipates this growth to continue over the next ten years.

Governmental Fund expenditures will exceed Governmental Fund revenues by an estimated \$95 million. This will be offset by approximately \$135 million in Other Resources which includes proceeds from the sale of bonds approved by voters in 2017.

Total Governmental Funds Expenditures

Description	FY 2017	FY 2018	FY 2019	Budget FY 2020	Budget FY 2021
General Fund	\$ 317,375,460	\$ 324,113,447	\$ 335,838,688	\$ 358,246,721	\$ 367,468,726
Special Revenue Fund	23,312,727	28,887,933	30,738,773	23,344,971	33,733,925
Debt Service Fund	65,041,418	63,571,805	75,012,732	80,245,000	78,800,000
Capital Projects Fund	64,410,949	93,802,290	117,306,363	113,270,500	96,532,000
Total Expenditures	\$ 470,140,554	\$ 510,375,475	\$ 558,896,556	\$ 575,107,192	\$ 576,534,651

EXECUTIVE SUMMARY

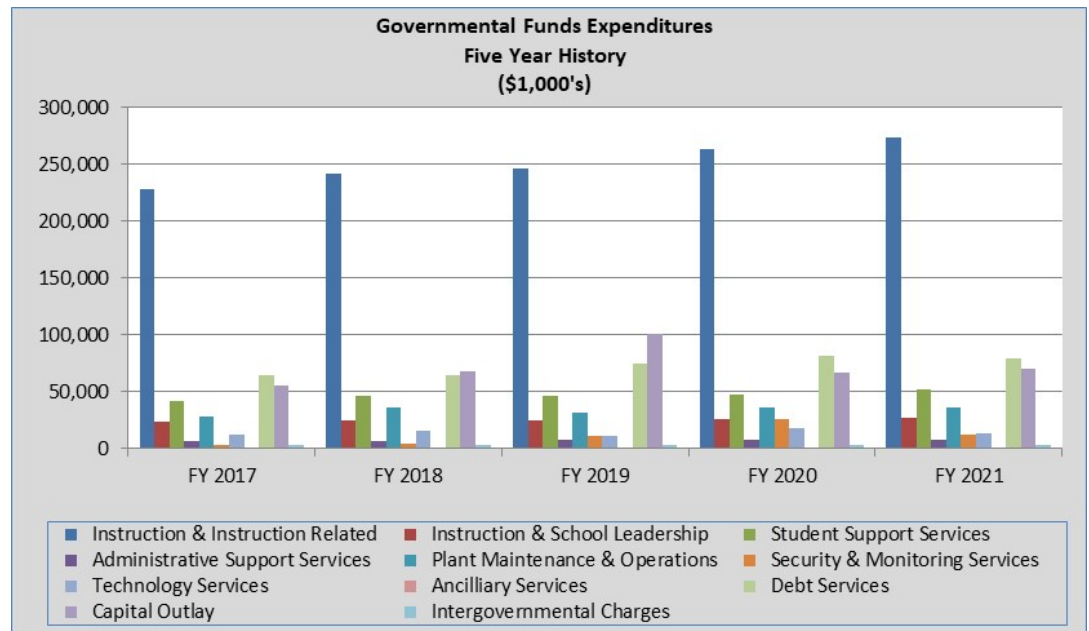

Major Sources of Funds

District programs are primarily supported by local real and personal property taxes and state funding. Within the \$343.0 million in governmental funds local revenue, local taxes are budgeted at \$320.6 million which is divided between the General Fund at \$237.1 million and the Debt Service Funds at \$83.5 million. This is up from last year's total taxes of \$311.2 million. State program revenues are the next largest revenue source at \$116.3 million. This includes \$18.9 million from the Available School Fund, \$73.4 million from the Foundation School Program, and \$20.5 million for Teacher Retirement / TRS Care-On-Behalf Payments. The available school fund consists of the distributions from the total return on all investment assets of the permanent school fund, the taxes authorized by this constitution or general law to be part of the available school fund, and appropriations made to the available school fund by the legislature. The TRS On-Behalf revenues equal state payments of matching teacher retirement paid for active members of the school district in accordance with GASB Statement No. 24.

Major Uses of Funds

The Board places a high priority on funding direct classroom instruction. Clear Creek spends the largest percentage of its Governmental Fund budget on Instruction and Related Services. These dollars go directly into the classroom and pay for teacher salaries and classroom/campus supplies. Just over eighty

percent (88.1%) of spending in the General Fund is for personnel, as a result a large part of this budget goes toward personnel and benefits associated with classroom teachers. The second largest expenditure class in Governmental Funds is capital outlay. Since it has been a fast growth district, Clear Creek has issued just over \$1 billion in bonds over the last ten years. Approximately thirteen percent (13.67%) of its governmental fund monies is budgeted in the Debt Service Funds.

EXECUTIVE SUMMARY

Analysis of Governmental Fund Budgets

General Fund

Revenue and Other Resources in this fund are estimated at \$370,482,116 while expenditures and other uses are budgeted at \$370,468,726. The 2020-2021 General Fund budget is balanced with an increase to fund balance of \$13,390.

This fund is established to account for resources financing the fundamental operations of the District. All revenues and expenditures that are not required to be accounted for in other funds are included here. Since this is a budgeted fund, any fund balances are considered resources available for current operations. Fund balances may be appropriated by the Board of Trustees to implement its responsibilities.

The education of students is labor intensive. This is reflected in the large portion of the District's budget for payroll costs. The composition of the District's workforce is determined by the staffing policies and guidelines of the Board of Trustees based on projected student enrollment and curriculum requirements. For the 2020-2021 fiscal year, payroll costs are budgeted at \$323,600,729 (88.06%) percent of the General Fund current operating expenditures.

EXECUTIVE SUMMARY

Fund Balance

Over the last ten years the Board of Trustees has placed a very high priority on building the District's General Fund, fund balance to an acceptable level. The Board set fund balance objectives in policy CE (Local) to reflect the need to keep undesignated fund balance at a minimum of two months of operating expenses. Due to this focus, the District ended FY 2018-19 with a total fund balance of \$74.7 million which includes an unassigned fund balance of \$70.6 million. This will ensure the District has adequate undesignated reserves to meet contingencies.

Special Revenue Funds

Special Revenue funds are received from a variety of sources and are used for an assortment of educational activities. The District anticipates accounting for over 25 special revenue funds in fiscal year 2020-21. Special revenue funds are classified as federal, state, or local, and are expended according to the requirements of the grantor or local policy. The largest group is federal entitlement programs that are applied for annually through the TEA. The federal program budget for 2020-21 is \$14,544,047. State funded special revenues for 2020-21 are projected to be \$2,140,253 while local special revenue funds are budgeted at \$17,049,625 and consist predominately of campus activity funds and the Galveston-Brazoria Cooperative for the Hearing Impaired. The Board of Trustees is not required to approve special revenue funds.

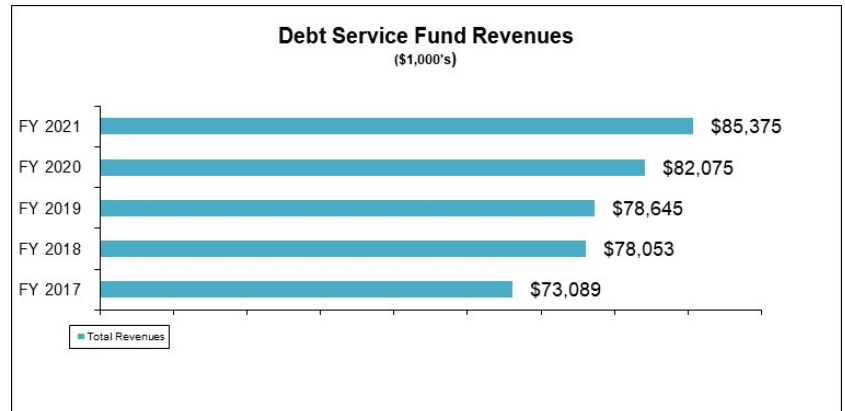

EXECUTIVE SUMMARY

Debt Service Funds

These funds are established to account for payment of principal and interest on long-term general obligation debt and other long-term debts for which a tax has been dedicated. They are budgeted at \$85,375,000. The graph highlights the growth in Debt Service Fund revenue over the last five years. The District has taken advantage of low interest rates to refinance debt and maintain a low, steady debt rate, currently thirty-four cents.

Bonded principal indebtedness is as follows:

Bonded Principal Indebtedness	
Balance at 8/31/20	\$ 979,890,000
2020-2021 Principal Payments	(39,825,000)
Balance at 8/31/21	\$ 940,065,000

As of August 31, 2020, the projected fund balance will be approximately \$39.0 million, or 49.5% of annual debt service payments. The District's goal is to maintain a fund balance of 10% of estimated annual payments which will result in no negative cash flow impact since bond payments are made in February and August of each year, far past the heavy tax collection times of December and January.

Capital Projects Funds

Over the past ten years, Clear Creek ISD has experienced a 12% student enrollment growth rate. New communities and neighborhoods have been built in previously sparsely populated areas of the District resulting in the need for new school facilities at the elementary and secondary level. In addition, the need to expand technology in the classroom and increase operating efficiency of facilities has required the District to perform renovations in every District facility and expand its technology capabilities. This has been accomplished through voter authorization of the following general obligation bonds accounted for in the Capital Projects Fund:

Authorized	Amount
May, 2007	\$ 183,100,000
May, 2013	\$ 367,000,000
May, 2017	\$ 487,000,000
Total	\$ 1,037,100,000

Over a ten-year period, from 2009-2010 through 2020-2021, enrollment increased by more than 4,600 students. Two new high schools, one new intermediate school, and four new elementary schools have been constructed using these funds. Major renovations have been performed at Clear Creek High School and Clear Lake High School, as well as existing Clear Creek secondary and elementary schools. These funds have also provided funding for new school buses, technology equipment upgrades and other new equipment and furnishings.

EXECUTIVE SUMMARY

Funding from the 2013 \$367 million bond referendum is being used to rebuild or improve 40+ year old schools, address student safety, security systems, repairs and enrollment growth; construct or expand co-curricular and extracurricular facilities for growth in programs; and improve technology for 21st century learning.

More than five years have passed since Clear Creek ISD voters approved a \$367 million bond program. Since that vote in May of 2013, there have been many accomplishments. The District is pleased to have completed all of the 2013 school bond projects as of August, 2018. The range of projects in the bond program extended from the complete rebuild of McWhirter Elementary School to the major rebuild of Clear Lake High School and the construction of the new Challenger Columbia Stadium. Almost every facility in CCISD was touched by this bond program. The program was significantly impacted by inflation in the Houston K-12 construction market. However, through aggressive project management CCISD was able to eliminate most of the cost of inflation on the projects. The work at Clear Lake High School Rebuild Project was the final project completed.

At the elementary level, the completely rebuilt McWhirter Elementary school was finished and opened its doors to students in February of 2016. The \$30 million project is a great example of a 21st century learning environment designed to easily facilitate student collaboration and personalized learning. Other completed projects include Armand Bayou Elementary, Bay Elementary, Brookwood Elementary, Clear Lake City Elementary, Ferguson Elementary, Hyde Elementary, League City Elementary, North Pointe Elementary, Ross Elementary, Ward Elementary, Wedgewood Elementary, Whitcomb Elementary, and White Elementary Schools. Those projects ranged from replacing air conditioning and heating systems to new roofs and alarm systems as well as technology upgrades.

Highlights of the major renovation at Seabrook Intermediate School include a new addition housing seven general classrooms, three science rooms a food lab and an art room to accommodate enrollment growth. The Seabrook library and cafeteria were expanded and a new stage was installed. Student lockers were refurbished as a part of the renovation. The roof was also replaced and the parking lot was improved and reconfigured to improve student safety and traffic flow. Creekside Intermediate also had major work completed as a part of the bond package. Three general classrooms and a science room were added along with expansions to the band and choir rooms. Portable buildings were removed in addition to repairs to the AC/heating systems and improved classroom technology. Other repair and maintenance projects were completed at Clear Creek and Clear Lake Intermediate Schools.

A major rebuild at Clear Lake High School was the final project completed. Major construction included Clear Creek High School to replace a 1956 section of the facility with a new Career and Technical Education wings, fine arts area as well as new locker rooms and a third gym. The CTE wing is completed and occupied. Construction at Clear Brook High School is completed. A new secure entrance provides

EXECUTIVE SUMMARY

safety for the students and staff. Major repairs including the foundation and roof are finished. The Special Education wing, general classrooms as well as the cafeteria and library have all been expanded. The CCISD Challenger Columbia Stadium features a field house and community event room that has become a very popular event destination.

On May 6, 2017 the community overwhelmingly authorized \$487 million to build new or rebuild schools, replace portables with permanent additions, renovate aging schools to bring them up to today's learning standards, improve school and bus safety through the purchase of surveillance equipment and buses, and expand opportunities for students to explore science and the arts.

The District recently completed the building of Campbell Elementary to relieve significant overcrowding due to the volume of families calling Clear Creek ISD home. The rebuild of League City Elementary was completed as well as major renovations to Clear Lake City Elementary and Armand Bayou Elementary. Construction has been completed at Brookside Intermediate so that the 200 students turned away from the Seabrook Science Magnet have a second Science Magnet to attend. Brookside Intermediate along with Space Center Intermediate and League City Intermediate will see significant improvements in their respective fine arts areas to match the exceptional talent of the students the schools serve. Classrooms have been added to Stewart Elementary and Clear Lake Intermediate. Dangerous playgrounds are being replaced with new places to play at many elementary schools.

When the voters approved the \$487 million bond referendum on May 6, 2017 to address enrollment growth, aging facilities and repairs, safety improvements, student programs and technology the tax rate for 2019-20 was projected to be \$0.395. However, due to higher than projected value increases and lower interest rates the District has been able to reduce the tax rate from the 2016-17 rate of \$0.36 to \$0.33.

Proprietary Funds

Proprietary funds include those funds for which the District charges customers a fee. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Clear Creek's proprietary funds are further broken down into Enterprise Funds and Internal Service Funds.

Enterprise Funds

Enterprise Funds are used to report business-type activities. The District has three business-type activities within this fund class; the National Breakfast and Lunch Program, athletic concessions, and district advertising. The Child Nutrition Fund budget must be approved by the Board of Trustees. Over \$15 million in revenue is generated in these funds. Enterprise funds grow gradually as student enrollment increases. As more students are enrolled and the number of at-risk students increases, the Child Nutrition Fund budget will also increase. It is anticipated that expenditures and other uses will exceed revenues in these funds resulting in a \$266,800 reduction to Fund Balance.

EXECUTIVE SUMMARY

Internal Service Funds

Internal Service Funds include activities in the District's employee self-funded insurance programs. This includes the Dental Insurance Fund, Worker's Compensation Fund and Disability Insurance Fund. Over \$3 million in revenue is generated from these funds. It is anticipated that revenues will exceed expenditures in the Disability Funds resulting in \$60,000 added to Fund Balance.

Total Proprietary Fund Revenues

Description	FY 2017	FY 2018	FY 2019	Budget FY 2020	Budget FY 2021
Enterprise Funds	\$ 14,751,157	\$ 14,605,422	\$ 15,581,414	\$ 16,131,750	\$ 15,789,300

EXECUTIVE SUMMARY

Analysis of Local Taxes

Assessed Values

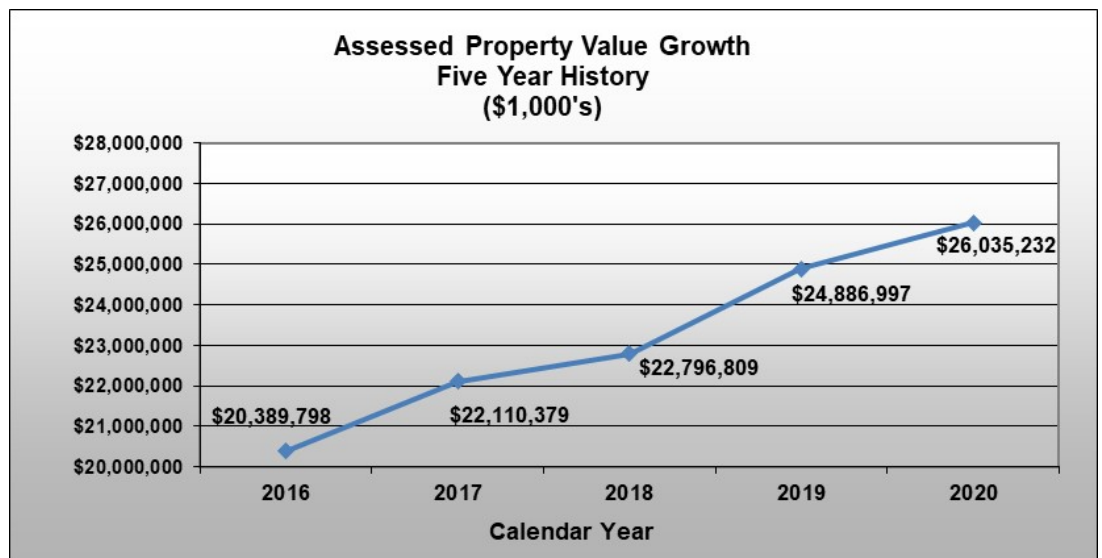

Recent legislation created a change in the appraisal process for school districts with property in more than one county. Since Clear Creek ISD has property in both Harris and Galveston counties the appraisal and budget process was impacted.

In prior years, districts with property in more than one county could choose one appraisal district to appraise all properties. Now these school districts are required to have split appraisals. Therefore, the Galveston County Central Appraisal District (GCAD) appraises property in Galveston County while the Harris County Central Appraisal District (HCAD) appraises property in Harris County for Clear Creek ISD.

While this legislation is logical, it has impacted the tax rate approval timeline and cash flow. The GCAD always certifies values on or before the state mandated deadline of July 25th. The HCAD, however, cannot meet this deadline and does not provide a certified tax roll until early September.

When the District used the GCAD to appraise all properties it was able to approve a tax rate in August and mail tax bills by early October. Due to delays from the HCAD, the District cannot approve a tax rate until late September. This means tax bills may not be mailed until late October or early November.

All properties are assessed at 100% of market value as of January 1, 2020. The Certified and Under Protest Appraisal Totals were used for the September 30 tax rate adoption. The District's fiscal year runs from September 1st to August 31st. Therefore, the

projected 2020 Certified and Under Protest Appraisal Totals, which were \$26.0 billion were used for the August 24th budget adoption. This equates to an average growth rate in assessed values of more than 6.3% per year over the last four years. The values jumped by just over four percent this year.

The Texas Comptroller of Public Accounts annually certifies the final property values on or before July 1st of the following year. The Commissioner of Education uses the final values in the process of allocating state funds to school districts.

EXECUTIVE SUMMARY

Levy on the Average Residence

Clear Creek's tax base is heavily weighted towards residential property (71%). Just over sixty four percent (64.2%) of total general fund is derived from local property taxes. Homeowners fund most of the costs of operating the schools.

Clear Creek's levy on its average residence increased by \$99 in FY 2020-21. This is mainly due to the increased market value of residences. The chart below highlights this movement over the last five years.

The average taxable value of a home in the Clear Creek Independent School District increased from \$220,779 in 2019 to \$236,238 in 2020. As a result of the increase in taxable values, the levy due on the average residence rose from \$2,892 in 2019 to \$2,991 in 2020.

Distribution of Tax Base

Clear Creek is literally a district of roof-tops. The community is primarily residential in nature. Almost \$21.0 billion in value is residential in nature (71% of total market value). This is up slightly from five years ago when values were at \$16.2 billion in 2016. The next highest distribution is in commercial and industrial property at over \$7.2 billion (24.5% of total market value). This property value is also higher than 2016 and in line with the growth of residential property values. The District also has a large portion of its property in the form of acreage and platted lots/tracts which are available for development. This indicates that there is an abundance of land for future development. This raw land will eventually become land for new homes. As a result, the distribution of the tax base will continue to be heavily weighted in residential property.

Top Twenty Taxpayers

Clear Creek's top taxpayers are heavily weighted towards industrial and commercial operations. It should also be noted that even with a heavy weight of industrial and commercial taxpayers in the top twenty, the top taxpayer, LBC Houston LP, accounts for less than one percent (.95%) of our total tax base. Our next largest taxpayer is Baybrook Mall which is a commercial mall. They

EXECUTIVE SUMMARY

account for 0.85% of the tax base. The twentieth largest taxpayer accounts for only 0.20% of the total tax base. This is evidence of Clear Creek's dependence on residential taxpayers. The Informational section includes a detailed list of the CCISD Top Twenty Taxpayers.

Property Tax Rates

The Board of Trustees adopted tax rates on September 28th after giving appropriate public notice. School district tax rates consist of a Maintenance & Operations tax rate and an Interest & Sinking tax rate.

Maintenance and Operations tax rate (M&O):

A local school district tax rate that raises revenue to be used to operate and maintain the district's schools. This rate is at \$.9359 per \$100 valuation.

Interest and Sinking Tax (I&S):

A tax levied and money used by school districts to pay for voter approved bonded indebtedness, usually construction of facilities or other capital needs. This rate is at \$0.33 per \$100 valuation.

The maintenance and operations tax rate was reduced by three cents this year from 97 cents last year. The Interest and Sinking tax rate dropped by one cent this year from last year's rate of \$.34.

Property Tax Collections

Clear Creek has seen property tax collections steadily rise since FY 2016-17. However, due to recent legislation requiring a reduction in the tax rate, the tax collections dropped in 2020. However, they are budgeted to rise slightly this year.

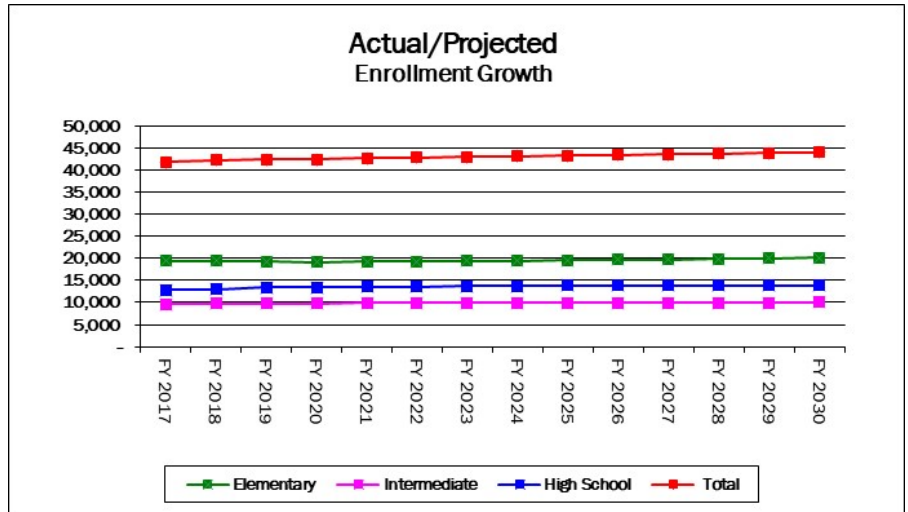

Student Enrollment Projections

Enrollment projections were provided through a contract with Templeton Demographics. Templeton Demographics integrates school district enrollment information with individual neighborhood housing forecasts to create enrollment projections.

Templeton Demographics was retained several years ago to provide enrollment projections to the School Boundary Advisory Committee (SBAC). The purpose of the SBAC is to examine potential attendance zones, review the related challenges associated with new and anticipated growth of the District, and recommend new attendance zones. This will allow the District to make efficient use of instructional facilities and determine future facility needs.

The District is steadily growing and has large areas of undeveloped land. In 2020 Templeton Demographics updated their projections based on updated housing forecasts. This report will be a key data source for the District in the future. Current projections show student enrollment for the FY 2020-21 school year to be 42,565. This number will grow to 44,007 over the next ten years.

District-Wide Staffing

The District has experienced tremendous enrollment growth over the last five years. To meet the challenges of a fast-growth school district, teaching and support staff has grown as well. In the last five years, the District has added approximately 349 new positions to meet growth. Instructional staff make up most of these new positions.

EXECUTIVE SUMMARY

As Clear Creek's enrollment continues to grow at a slower pace, it is anticipated that teaching and support staff will increase slightly in order to meet the needs of the District. This trend will continue to slow for the next ten years. As budgetary restraints continue, class sizes are closely evaluated. In addition, all non-teaching position vacancies will be evaluated to determine if the position's duties can be re-assigned and the position eliminated.

Educational Performance Measures

Texas Accountability System

Texas provides annual academic accountability ratings to its public school districts. The ratings are based largely on performance on state standardized tests and graduation rates. The ratings examine student achievement, student progress, efforts to close the achievement gap and postsecondary readiness. In December 2017, the Texas Education Agency granted CCISD, one of only 20 school districts statewide, permission to create and implement a local accountability of its schools. This local evaluation system will supplement the State's new A-F rating of schools and school districts. Beginning with the 2017-18 school year school districts received a letter grade for each category to reflect how well their students perform on the state standardized tests and whether they are ready for college and careers (student achievement); how much students are improving on state tests (school progress); and how well schools are boosting scores for subgroups such as students with special needs and English language learners (closing the gaps). They also receive an overall grade. In 2018-19 Clear Creek ISD received an overall grade of B, along with an A in Student Achievement, a B in School Progress and a B in Closing the Gaps.

The Texas Education Agency (TEA) received approval from U.S. Department of Education (USDE) on March 30, 2020, to waive statewide assessment and accountability requirements under the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA), for the 2019–2020 school year.

Additionally, for 2020 state academic accountability, all districts and campuses will receive a label of *Not Rated: Declared State of Disaster*.

Academic Performance and Per Pupil Spending

Clear Creek ISD is committed to providing efficient and effective services to its students. This does not mean that the District spends more than other districts. It means the District ensures that each dollar spent is focused on student achievement. When Clear Creek's per pupil spending is benchmarked to CCISDs' Texas peers, the District does not rank at the top in per pupil spending. Yet CCISD can still lay claim to being one of the highest performing large (enrollment in excess of 20,000) school districts in the State of Texas.

There has been a nation-wide push to force districts to spend an arbitrary amount of its funds on direct classroom instruction. The percentage that is most often used as a benchmark is 65% of the total budget. Over the last several legislative sessions, Texas legislators made a push to implement the 65% rule. Their goal has been to require districts to spend at least 65% of their total budget on direct classroom instruction. While the goal of increased classroom spending is one that all districts strive for, it is equally true that there is no direct research that links higher levels of spending with student success.

The chart on the next page highlights this fact. The General Fund per pupil spending in each major expense category is benchmarked against peer districts across the State of Texas. CCISD is compared to the top thirty school districts across the state. As can be noted, the District ranks 13th in overall per pupil spending in

EXECUTIVE SUMMARY

the peer group. In addition, CCISD is 17th in Instruction and Related spending – often used as the benchmark for direct classroom spending, and 25th in Instructional and School Leadership which is campus and district based instructional support. It should also be noted that many districts spend much more than Clear Creek ISD on a per pupil basis.

These results support the idea that more is not better when it comes to per pupil spending. Student performance is a balance between direct classroom spending and having the very best teacher in each classroom and administrator on each campus.

EXECUTIVE SUMMARY

Financial Performance Measures

Financial Integrity Rating System of Texas

During the 77th regular session of the Texas legislature (2001), Senate Bill 218 was passed and Governor Perry signed it into law shortly thereafter. This law requires each school district to prepare an annual financial accountability report within two months of the date of issuance of the final School FIRST ratings. The School First accountability rating ensures that Texas school districts are accountable not only for student learning, but also for achieving these results cost effectively and efficiently. The information provided by the School FIRST system will guide us in the District's continued efforts to maximize each taxpayer dollar.

Many business-related issues are covered in this report. The primary reporting tool, however, is the Financial Accountability Ratings Worksheet. This worksheet was developed by representatives of the Texas Education Agency (TEA), the Texas Business & Education Council (TBEC) and the Texas Association of School Business Officials (TASBO). It is administered by the TEA and calculated on information submitted to the Agency via the PEIMS submission each year. The worksheet consists of 15 indicators, each weighted equally with the exception of the Critical Indicators.

The District received official notification of the 2020 Final School FIRST rating on October 31, 2020 for the 2018-2019 fiscal year. Clear Creek received a rating of "Superior Achievement".

Bond Ratings

In order to ensure the lowest interest rates on bonds issued by the District, it is important to maintain a high credit rating. Fitch Ratings and Moody's Investor Service have assigned a municipal bond rating of "AAA" and "Aaa", respectively, based upon the Permanent School Fund Guarantee. The District's underlying credit rating is "AA+" by Fitch and "Aa2" by Moody's. As a result, the District has been able to issue bonds at very favorable interest rates from 2010 through 2020.

Long Range Compensation Plans

In October of 2012, the Clear Creek Independent School District Board of Trustees set out a specific goal for the superintendent to develop and implement a long-range compensation plan. The goal of this plan is to bring salaries in line with the School Board's compensation philosophy. That compensation philosophy is to ensure that Clear Creek Independent School District pays its teachers, administrators and staff at the average market salary for each position. The budget allocates approximately \$3.2 million to provide salary increases for teachers and staff. Starting teacher salaries will be \$56,308 for the coming year. The 2020-2021 budget funds a 1% raise for teachers, nurses and librarians. Those teachers on steps 5, 10, 15, 20, etc. milestones will receive between 4.98% to 6.32%. It also provided for a 1% baseline increase for all other employees. Additional funding has been allocated to update the District's stipend plan. This will ensure that the District is able to keep stipends at competitive levels.

EXECUTIVE SUMMARY

Budget Highlights

The following is presented as a brief overview of significant items and issues contained in the FY 2019-20 budget. This budget is set to meet the District's instructional goals as well as the operational needs by continuing operational efficiencies that enable us to focus dollars in the classroom.

As discussed earlier in this document, the Administration performed a detailed review of all revenues and expenditures which was focused on aligning the allocation of resources with the accomplishment of District goals and objectives. The Strategic Plan reference to the District's Strategic and Performance Goals and Performance Objectives is included for all cost variances where appropriate.

Major Impacts FY 2021 General Fund Budget

Description	Plan Alignment-Goal #	Approved Budget 2020 - 2021
Beginning Revenue and Other Resources (2019-20)		\$ 361,268,000
Revenue Changes		
Increase in Current Taxes		7,900,000
Available School Fund		9,450,653
Foundation School Program-Projected New Money		(16,440,618)
Operating Transfers		5,975,000
Formula Transition Grant		2,863,797
Shars		200,000
Interest Earnings		(2,250,000)
Safety Allotment Funding		2,284
TRS On-Behalf		2,095,000
Other Revenue Increases		(582,000)
Total Revenue Adjustments		\$ 9,214,116
Ending Revenue and Other Resources (2020-21)		\$ 370,482,116
Beginning Expenditures and Other Uses (2019-20)		\$ 361,246,721
Expenditure Changes		
Contingency Teaching Units-Growth (16.5 FTE's)	2, 3, 5	1,023,000
Staffing Additions for Enrollment Growth	2, 4, 5	1,240,000
Departmental Budget Increases	1, 2, 4, 5	553,005
TRS On-Behalf	2	2,095,000
Staffing - Additional units (9.5 units)	2, 5	561,000
Annual Salary Adjustments	2	3,200,000
TRS Retirement Contribution Increase	2	989,000
P&C Insurance Increase	1	700,000
Other Pay Adjustments	2	111,000
Electricity Savings		(1,250,000)
Total Change in Expenditures		\$ 9,222,005
Ending Expenditures and Other Uses (2019-20)		\$ 370,468,726
Total Budget Surplus		\$ 13,390

Clear Creek Independent School District 2020 – 2021 Board of Trustees

The members of the Board of Trustees are committed to serving the children and citizens of this school district. Their goal is to provide a high quality public education that meets the needs of our community. To achieve that goal, an operating protocol has been established that will help govern actions at meetings and in their role as trustees. The protocol will help enhance the effectiveness and efficiency of Board meetings while maintaining mutual respect and opportunities for communication. The success of Clear Creek ISD depends on a shared vision among the School Board, staff, parents and community, and they will try to the best of their ability to uphold these aspirations.

EXECUTIVE SUMMARY

Board Responsibility

- Board members serve as advocates for the children and families they represent.
- The Board focus is on the best interests of Clear Creek ISD students.
- Board members are advocates for quality public education. CCISD board members may not act privately on behalf of the Board.
- Board members will make every attempt to attend all Board functions.

Cooperation

- Board members will work cooperatively with other board members, the superintendent and staff. Board members will be respectful of each other and the right to differing opinions.
- Board members will accept responsibility for all Board decisions, regardless of how an individual voted. Board member confidentiality is expected regarding issues discussed in executive session.
- Board members will come prepared for each meeting.

Community Involvement

- Board members will be courteous to all participants and request the same courtesy in return.
- Board members will respect the civil and human rights of all members of the school community.
- Board members will maintain objectivity.
- Board members will base decisions on the available facts and independent judgment, not special interest groups.
- Board members will make decisions in the best interests of the students' education, even when the decision may be unpopular for political or other reasons.
- Board members will remain open to new concepts, views and ideas.

Board Meetings

All Clear Creek Independent School District board meetings and workshops are open to the public. Regular meetings will be held at 6:00 p.m. on the fourth Monday of each month in the board room located at the CCISD Education Support Center, 2425 East Main St., League City, Texas. Trustees hold monthly board workshops at 4:30 p.m. on the second Monday of each month in the large staff development room located at the CCISD Education Support Center. Other special meetings and work sessions are scheduled as needed.

If You Wish to Address the Board

The public may address the board during the community input participation portion of the board meeting. Remarks may be related to any topic, whether agenda items or non-agenda items, and are limited to three minutes. Requests to address the Board must be submitted in writing to the Superintendent by noon of the Thursday before a regular Board Meeting.

www.ccisd.net

EXECUTIVE SUMMARY

Dr. Laura DuPont, President

District 1

Laura DuPont was elected to the District 1 seat on the CCISD school board in May 2013. For more than a decade she has been a veteran campus and District volunteer. She has also served in numerous leadership roles for PTAs and booster clubs. Dr. DuPont is a mother of three boys, two are CCISD graduates and one attends Clear Falls High School. Dr. DuPont holds a B.S., M.S., and Ph.D. in Industrial Engineering. She was a private consultant in Quality Engineering and Improvement and served as an Examiner for the Malcolm Baldrige National Quality Award for 6 years.

Jay Cunningham, Vice President

District 5

Jay Cunningham, has lived in the League City area for over 11 years, and brings a wealth of knowledge about the district having served on the 2013 Bond, Strategic Planning, and INSIDE committees. Mr. Cunningham has also served as PTA President at Walter Hall Elementary. A district manager for a national air conditioning manufacturer specializing in indoor air quality and ventilation products, Mr. Cunningham earned a Bachelor's of Economics from the College of William and Mary along with an Executive MBA from Texas Southern University in Finance. Mr. Cunningham has two children currently attending CCISD schools.

Arturo Sanchez, Secretary

District 3

Arturo Sanchez works at NASA Johnson Space Center in the External Relations Office. As the director of Education and Workforce Development at Texas Instruments (TI) in Dallas from 2006-2012, he led TI's corporate K-12 science, technology, engineering and mathematics (STEM) education programs and investments, as well as managed regional strategic university relationships. Sanchez started his career at NASA in 2000, as a graduate cooperative education intern and held positions in education, equal opportunity programs, community and government relations, communications and outreach. He received a Bachelor of Business Administration from Texas A&M International University in Laredo and a Master of Public Service and Administration from the George Bush School of Government and Public Service, at Texas A&M University in College Station. Arturo and his wife Jayme are proud parents of a third grader and sixth grader in CCISD.

Page Rander

District 4

Having spent most of her professional career as a civil servant, Ms. Rander brings a wealth of knowledge in local government to her Board position. Currently, she works as a human resource supervisor for a Harris County department. In the community, she has volunteered for youth groups such as Hugh O'Brian Youth Leadership, school organizations and little league sports. Ms. Rander earned her Bachelor of Science degree in communications from Syracuse University and a master's degree from the Columbia University Graduate School of Journalism. She has lived in Friendswood for over ten years and has a son who graduated from Clear Brook High School.

Jennifer Broddle
At-Large Position A

A graduate of Clear Lake High School and a longtime volunteer in Clear Creek ISD, Jennifer Broddle joined the CCISD Board of Trustees in May 2018. Mrs. Broddle has served on multiple school district committees including the CCISD Facility Advisory Committee, CCISD Citizens Financial Advisory Committee, and the CCISD Strategic Planning Committee. She is deeply involved in the PTA and in several community organizations. Mrs. Broddle is married and her two children attend CCISD schools.

Scott Bowen
At-Large Position B

Scott Bowen was elected to the At-Large Position B seat on the CCISD school board in May 2019. Bowen, a longtime resident of the Clear Lake area and graduate from Clear Lake High School, is a chemical engineer and earned his Master of Business Administration from Rice University.

Win Weber
District 2

Win Weber, a longtime Clear Creek ISD Board of Trustee and friend of Chris Reed, will fulfill the District 2 term following his unexpected passing in June 2019. Win Weber is a criminal defense lawyer in the Clear Lake Area, a mother of two Clear Creek ISD graduates, and a longtime resident of Nassau Bay. Weber joined the CCISD School Board in 2008 and became the vice president in 2013 and then president in 2014. Win Weber returned to private life in 2017 and supported Chris Reed in his election.

EXECUTIVE SUMMARY

Acknowledgements

We appreciate the leadership and fiscal support provided by the Clear Creek Independent School District Board of Trustees and the Clear Creek community for development, implementation and maintenance of an excellent educational program for the children of the District.

We have presented the challenges, opportunities, and high expectations of the Clear Creek Independent School District. The Clear Creek Independent School District Board of Trustees, administration, and staff are committed to making the Clear Creek Independent School District one of the top districts in the state. With a focus on high expectations, a common curriculum meeting the needs of all students, quality teachers, parental involvement, and the full utilization of facilities, the Clear Creek Independent School District will meet this goal.

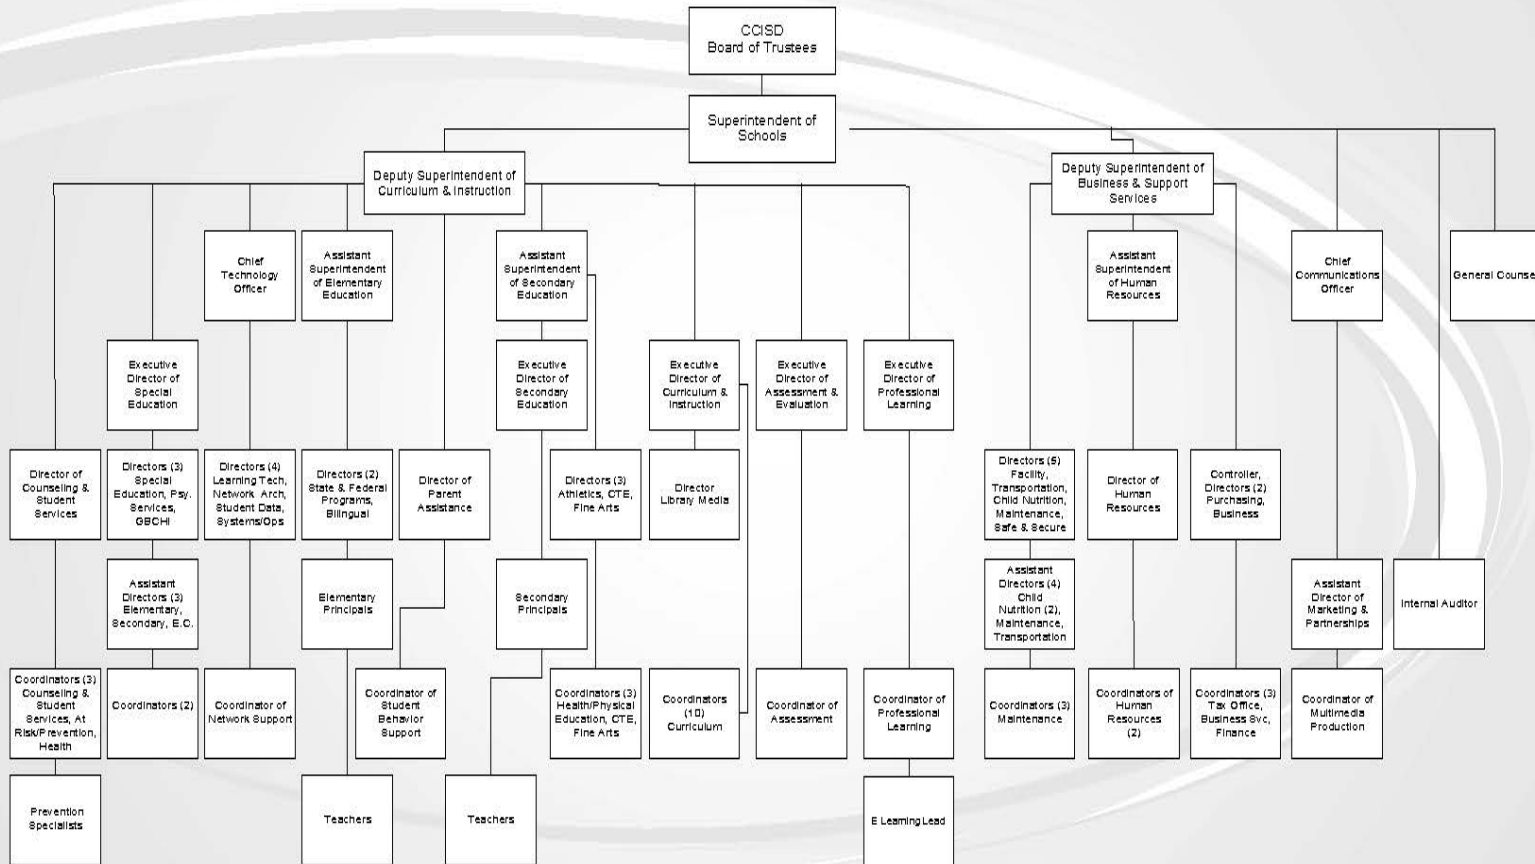

Greg Smith, Ph.D.
Superintendent

Paul McLarty, RSBO, RTSBA

ORGANIZATIONAL SECTION

ORGANIZATION

The District

Clear Creek is an Independent School District and is established under laws set out in Section 11 of the Texas Education Code. Independent school districts have the primary responsibility for implementing the state's system of public education and ensuring student performance in accordance with the Texas Education Code. Independent school districts are governed by a board of trustees who, as a body corporate, shall oversee the management of the district. The Clear Creek ISD Board of Trustees are listed on pages 32-33. Clear Creek ISD is fully accredited by the Texas Education Agency (TEA) as required in Section 11.001 of the Texas Education Code.

Celebrating seventy years of excellence, Clear Creek Independent School District, is situated just south of Houston. The District's story begins in 1948 when schools in League City, Seabrook, Webster and Kemah consolidated to form the Clear Creek Independent School District. At the time the schools were unified, there were fewer than 1,000 students in four schools.

Clear Creek ISD embraces the communities of League City, Seabrook, Webster, Kemah, El Lago, Nassau Bay, Clear Lake Shores and Taylor Lake Village, along with portions of Bacliff, Friendswood, Houston and Pasadena. Clear Creek ISD encompasses parts of Galveston and Harris counties. The District serves just over 42,000 students in grades pre-kindergarten through twelve. The district operates twenty-seven elementary schools, ten intermediate schools, seven high schools, and one alternative campus.

Clear Creek ISD is meeting the challenge of a fast growth school district by proactively analyzing facility needs and placing bond issues for taxpayer approval. Taxpayers approved a \$487 million bond program in May of 2017. This bond program is providing funding for new and rebuilt schools, to replace portables with permanent additions, to renovate aging schools to bring them up to today's learning standards, and to improve school and bus safety through the purchase of surveillance equipment and buses.

Clear Creek ISD is home to the NASA/Johnson Space Center; the numerous engineering and technical organizations which support the space industry; the fishing and recreation areas of Galveston Bay; chemical and energy resource industries; and the University of Houston-Clear Lake.

The heart of a school district is its people – and the Clear Creek Independent School District takes great pride in its highly qualified Board of Trustees, administration, faculty and staff, all of whom are dedicated to providing the best possible education environment for all students. Parent and community interest and support strengthen the school program.

Clear Creek ISD is now the 28th largest of the 1,031 school districts in Texas. The district employs over 5,500 persons, over 2,900 of which are teachers. Student test scores are routinely well above the state average. Approximately 85 percent of graduating seniors plan to attend college or technical schools. 24 percent of the faculty members have a master's or doctorate degree.

ORGANIZATION

The Clear Creek Independent School District received a "B" on the newest version of the Texas accountability system. In the newly released A-F rating system, 36 of the 43 CCISD schools were issued an A or B, six issued a C, and Clear View High School received a D. Overall, the school district earned a 91% when calculating the three domains of student achievement, school progress and closing the gaps. However, due to an arbitrary rule added in July 2019 by the Texas Commissioner of Education, no school district can earn higher than a B if one or more schools earn an overall grade lower than a C no matter what the size of the student population. In this case, Clear View had less than 200 students that figured into their score but it impacted the overall score of a district with 42,000 students.

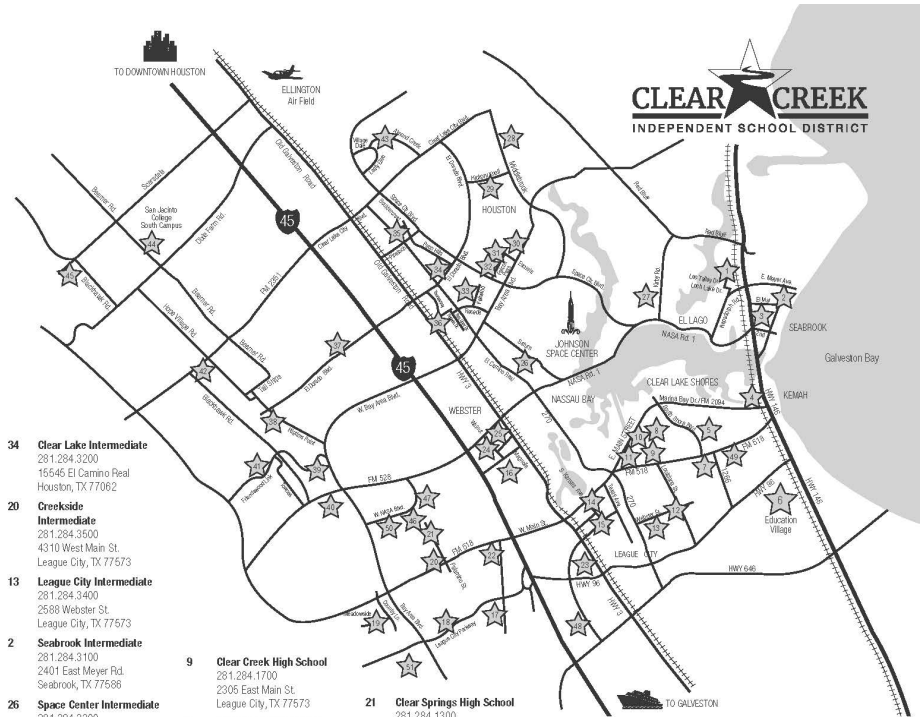

ORGANIZATION

Mission Statement

The mission of the Clear Creek Independent School District, the visionary leader igniting learning for all, is to ensure each student achieves, contributes and leads with integrity in a safe and nurturing environment distinguished by authentic relationships, service before self and the spirit of exploration.

District Motto

Courage, Collaboration, Innovation, Self-Direction

Portrait of a Clear Creek ISD Graduate

The Clear Creek ISD portrait of a 21st century graduate reflects the beliefs, goals, and mission of the district. Embedded within the strategic plan, the portrait is reflected by the successful integration of instruction, character development, and technology designed to equip students to demonstrate mastery of the following:

Courage – as demonstrated through:

- a personal code of ethics that is the foundation of a strong character
- the confidence to lead, venture, persevere, and address challenges
- a spirit of confidence and dignity

Collaboration – as demonstrated through:

- ethical leadership
- effective communication and creative problem-solving skills necessary to succeed in increasingly complex social and work environments
- active participation in and responsible contributions to team efforts
- supportive and cooperative interpersonal relationships
- a respectful understanding of diversity

Innovation – as demonstrated through:

- ethical decision-making and conduct
- efficient and effective use of technology to research, organize, evaluate and communicate information
- a heightened sensibility of the connections between the academic world and global issues
- a conscientious recognition of civic rights and environmental obligations
- the enthusiastic application of creativity, originality, and self-expression

Self-Direction – as demonstrated through:

- a strong work ethic
- accountability for personal and professional achievement
- a commitment to the process of learning and establishing a vision for the future
- the continuous improvement and maintenance of mental and physical health
- the development of initiative, flexibility, and adaptability in accepting responsibility for actions
- the ability to initiate change or adapt to changes in personal and professional settings

ORGANIZATION

Strategic Planning

Origins of the Planning Model

Over the 2019-20 school year a diverse group of parents, employees and community members worked to create a new CCISD Strategic Plan. This plan documents the high levels of achievement CCISD aspires to for each student. The initial plan was developed by the first planning team, a group of thirty people representing parents, teachers, Trustees and administrators. Since the development of the draft strategic plan, over 150 action team members have developed supporting action plans for each of the five district strategies. This strategic plan will serve as the foundation for all planning efforts within the district over the next five years. The strategic plan approved by the Board of Trustees on May 18, 2020 is provided below.

Statement of Beliefs

We believe that:

Everyone deserves to be physically and emotionally safe.

Each child's voice deserves to be heard.

Strength of character is a hallmark of growth and learning.

Trust, compassion, and respect are essential to positive relationships.

Parents, community and school have a shared responsibility for the education of youth.

There is a collective moral imperative to invest in each person's capacity for growth and excellence.

Determination, perseverance and resilience lead to achievement.

Inclusivity creates unity.

Service before self, strengthens community.

An innovative mindset is essential for future success.

Mission Statement

The mission of the Clear Creek Independent School District, the visionary leader igniting learning for all, is to ensure each student achieves, contributes and leads with integrity in a safe and nurturing environment distinguished by authentic relationships, service before self and the spirit of exploration.

Objectives

- Each student will discover and actualize his or her academic, social and personal potential.
- Each student will embrace his or her unique talents to contribute to humanity.
- Each student will develop the leader within.
- Each student will exemplify integrity while actively learning, serving and leading.

ORGANIZATION

Parameters

- We will stand firm in our commitment to each student.
- We will focus decisions on what is best for students.
- We will base decisions on facts and data.
- We will treat each person with dignity and respect.
- We will sustain a culture of inclusion and collaboration.
- We will model what we expect.
- We will compromise neither excellence nor integrity.

Strategies and Action Plans

- I. We will foster a safe and nurturing environment.
 1. An intentional focus on safety and security.
 2. PK-12 volunteer opportunities to enhance safety.
 3. Trauma-informed professional learning for all employees to support the social and emotional needs of students and staff.
 4. A safety and cybersecurity curriculum for students, staff, parents and community.
 5. Restorative practices to enhance safe and nurturing environments.
- II. We will design and implement learning experiences that inspire student achievement, agency and growth.
 1. Expanded learning opportunities to foster growth for each learner.
 2. Consistent student goal-setting systems to increase reflection and ownership of learning.
 3. Learning opportunities to ensure each student achieves high levels of learning.
 4. Educational tools and learning spaces to improve the student learning experience.
- III. We will cultivate social and emotional capacity and a commitment to service before self.
 1. Student and staff education to support social and emotional learning.
 2. Parent education and enrichment to support social and emotional learning.
 3. Service learning opportunities to ensure contribution to the community.

ORGANIZATION

- IV. We will expand the organization's capacity to accomplish our strategic intent.
 - 1. Student leadership opportunities to develop strengths and interests.
 - 2. Professional learning supports and resources to enhance employee capacity.
 - 3. A system of professional learning communities to support the growth and development of teachers.

- V. We will ensure our community, parents, staff and students exercise shared ownership of our mission.
 - 1. A multi-media network to inform and inspire our community to help students achieve, contribute and lead.
 - 2. A reimagined communication experience for community, parents, staff and students where choice, personalization and convenience are provided.
 - 3. A platform where students and the community can access opportunities for service, mentorship and partnerships.
 - 4. Increased inclusivity for all.

ORGANIZATION

Superintendent Targets

STRATEGY I: We will foster a safe and nurturing environment.

Superintendent Target: 1. Monitor health/safety protocols and report health related outcomes. 2. Monitor trauma sensitive professional learning and report teacher and student perceptions.

CBA Pillar: Safety and Well-Being

STRATEGY II: We will design and implement learning experiences that inspire student achievement, agency and growth.

Superintendent Target: 1. Monitor/support student achievement in Clear Connections and Brick and Mortar. 2. Improvement in student performance outcome measures.

CBA Pillar: Student Learning and Progress/Student Readiness

STRATEGY III: We will cultivate social and emotional capacity and a commitment to service before self.

Superintendent Target: Monitor social and emotional learning techniques in all learning environments.

CBA Pillar: Engaged, Well-Rounded Students.

STRATEGY IV: We will expand the organization's capacity to accomplish our strategic intent.

Superintendent Target: • Increase the level of employee support and effectiveness. • Increase teacher efficacy in the use of technology to enhance instructional practices.

CBA Pillar: Professional Learning/Quality Staff

STRATEGY V: We will ensure our community, parents, staff and students exercise shared ownership of our mission.

Superintendent Target: Improve the resources offered to parents by identifying and addressing trends

CBA Pillar: Community Engagement and Partnerships and Fiscal and Operational Systems

ORGANIZATION

Budget and Financial Policies

Legal Requirements for Budgets

Legal requirements for school district budgets are formulated by the state, Texas Education Agency, and the local district.

Statement of Texas Law

Sections 44.002 through 44.006 of the Texas Education Code establish the legal basis for budget development in school districts. The following six items summarize the legal requirements from the code:

- The superintendent is the budget officer for the district and prepares or causes the budget to be prepared.

Note: TEA recommends that an interactive approach between the board of trustees and the superintendent be taken to establish the budget process and define related roles and responsibilities.

- The district budget must be prepared by a date set by the state board of education.
- The president of the board of trustees must call a public meeting of the board of trustees, giving ten days public notice in a newspaper, for the adoption of the district budget. Any taxpayer in the district may be present and participate in the meeting.
- No funds may be expended in any manner other than as provided for in the adopted budget. The board does have the authority to amend the budget or adopt a supplementary emergency budget to cover unforeseen expenditures.
- The budget must be prepared in accordance with GAAP (generally accepted accounting principles) and state guidelines. The budget must be legally adopted before the adoption of the tax rate.

TEA Legal Requirements

TEA has developed additional requirements for school district budget preparation as follows:

- The budget must be adopted by the board of trustees, inclusive of amendments, no later than August 31.
- Minutes from district board meetings will be used by TEA to record adoption of and amendments to the budget.
- Budgets for the General Fund, the Food Service Fund (whether accounted for in the General Fund, a Special Revenue Fund or Enterprise Fund) and the Debt Service Fund must be included in the official district budget (legal or fiscal year basis). These budgets must be prepared and approved at least at the fund and function levels to comply with the state's legal level of control mandates.

ORGANIZATION

Note: Districts may prepare and approve budgets for other funds and/or with even greater detail at their discretion. Such local decisions may affect the need for budget amendments and financial reporting requirements.

- The officially adopted district budget, as amended, must be filed with TEA through PEIMS (Public Education Information Management System) by the date prescribed in the annual system guidelines. Revenues, other sources, other uses, and fund balances must be reported by fund, object (at the fourth level), fiscal year, and amount.
- Expenditures must be reported by fund, function, object (at the second level), organization, fiscal year, program intent and amount.
- A school district must amend the official budget before it exceeds a functional expenditure category, i.e., instruction, administration, etc., in the total district budget. The annual financial and compliance report should reflect the amended budget amounts on the schedule comparing budgeted and actual amounts. The requirement for filing the amended budget with TEA is satisfied when the school district files its Annual Financial and Compliance Report.

Local District Requirements

In addition to state legal requirements, the Clear Creek Independent School District Board of Trustees has established their own requirements for annual budget preparation through Board Policy CE (LEGAL and LOCAL) Annual Operating Budget. The District is in full compliance with all policies presented.

ANNUAL OPERATING BUDGET, CE (LEGAL)

DATE ISSUED: 11/11/2017 - UPDATE 109

Authorized Expenditures

The District shall not lend its credit or gratuitously grant public money or things of value in aid of any individual, association, or corporation. *Tex. Const. Art. III, Sec. 52; Brazoria County v. Perry, 537 S.W.2d 89 (Tex. Civ. App.-Houston [1st Dist.] 1976, no writ)*

The District shall not grant any extra compensation, fee, or allowance to a public officer, agent, servant, or contractor after service has been rendered or a contract entered into and performed in whole or in part. Nor shall the District pay or authorize the payment of any claim against the District under any agreement or contract made without authority of law. *Tex. Const. Art. III, Sec. 53; Harlingen ISD v. C.H. Page and Bro., 48 S.W.2d 983 (Comm. App. 1932)*

The state and county available funds may be used only for the payment of teachers' and superintendents' salaries and interest on money borrowed on short time to pay those salaries that become due before school funds for the current year become available. Loans for the purpose of payment of teachers may not be paid out of funds other than those for the current year. Education Code 45.105(b)

Local funds from district taxes, tuition fees, other local sources, and state funds not designated for a specific purpose may be used for purposes listed above for state and county available funds and for purchasing appliances and supplies; paying insurance premiums; paying janitors and other employees; buying school sites; buying, building, repairing, and renting school buildings, including acquiring school buildings and sites by leasing through annual payments with an ultimate option to purchase [see CHG];

ORGANIZATION

and for other purposes necessary in the conduct of the public schools determined by a board. Education Code 45.105(c)

Public funds of a district may not be spent in any manner other than as provided for in the budget adopted by the board, but the board may amend a budget or adopt a supplementary emergency budget to cover necessary unforeseen expenses. Education Code 44.006(a)

Prohibited Use of District Resources

The Board shall not enter into an agreement authorizing the use of District employees, property, or resources for the provision of materials or labor for the design, construction, or renovation of improvements to real property not owned or leased by the District.

The Board may not use state or local funds or other resources of the District to electioneer for or against any candidate, measure or political party. *Education Code 11.168*

Commitment of Current Revenue

A contract for the acquisition, including lease, of real or personal property is a commitment of the District's current revenue only, provided the contract contains either or both of the following provisions:

1. Retains to the Board the continuing right to terminate the contract at the expiration of each budget period during the term of the contract.
2. Is conditioned on a best efforts attempt by the Board to obtain and appropriate funds for payment of the contract. *Local Gov't Code 271.903*

Fiscal Year

The Board may determine if the District's fiscal year begins on July 1 or September 1 of each year. *Education Code 44.0011*

Budget Preparation

The Superintendent shall prepare, or cause to be prepared, a proposed budget covering all estimated revenue and proposed expenditures of the District for the following fiscal year. *Education Code 44.002*

Deadlines

The proposed budget shall be prepared on or before a date set by the State Board of Education, currently August 20 (June 19 if the District uses a July 1 fiscal year start date). *Education Code 44.002(a); 19 TAC 109.1(a), 109.41*

The adopted budget must be filed with the Texas Education Agency on or before the date established in the *Financial Accountability System Resource Guide*. *Education Code 44.005; 19 TAC 109.1(a)*

Public Meeting on Budget and Proposed Tax Rate

After the proposed budget has been prepared, the Board President shall call a Board meeting for the purpose of adopting a budget for the succeeding fiscal year. Any taxpayer of the District may be present and participate in the meeting. Education Code 44.004 [See CCG (LEGAL) for provisions governing tax rate adoption].

ORGANIZATION

The meeting must comply with the notice requirements of the Open Meetings Act. *Gov't Code 551.041, 551.043*

Published Notice

The Board President shall also provide for publication of notice of the budget and proposed tax rate meeting in a daily, weekly, or biweekly newspaper published in the District. If no daily, weekly, or biweekly newspaper is published in the District, the President shall provide for publication of notice in at least one newspaper of general circulation in the county in which the District's central administrative office is located. The notice shall be published not earlier than the 30th day or later than the tenth day before the date of the hearing.

Form of Notice

The published notice of the public meeting to discuss and adopt the budget and the proposed tax rate must meet the size, format, and content requirements dictated by law.

The notice is not valid if it does not substantially conform to the language and format prescribed by the comptroller.

Taxpayer Injunction

If the District has not complied with the published notice requirements in the FORM OF NOTICE described above, and the requirements for DISTRICTS WITH JULY 1 FISCAL YEAR below, if applicable, and the failure to comply was not in good faith, a person who owns taxable property in the District is entitled to an injunction restraining the collection of taxes by the District. An action to enjoin the collection of taxes must be filed before the date the District delivers substantially all of its tax bills. *Education Code 44.004*

Publication of Proposed Budget Summary

Concurrently with the publication of notice of the budget under Education Code 44.004, the District shall post a summary of the proposed budget on the District's Internet Web site or, if the District has no Internet Web site, in the District's central administrative office.

The budget summary must include a comparison to the previous year's actual spending and information relating to per student and aggregate spending on:

1. Instruction;
2. Instructional support;
3. Central administration;
4. District operations;
5. Debt service; and
6. Any other category designated by the Commissioner.

Education Code 44.0041

Budget Adoption

The Board shall adopt a budget to cover all expenditures for the succeeding fiscal year at the meeting called for that purpose and before the adoption of the tax rate for the tax year in which the year covered by the budget begins.

ORGANIZATION

Certified Estimate

By April 30, the chief appraiser shall prepare and certify an estimate of the taxable value of District property. *Tax Code 26.01(e)*

Districts with A July 1 Fiscal Year

A district with a fiscal year beginning July 1 may use the certified estimate of the taxable value of District property in preparing the published notice if the District does not receive the certified appraisal roll on or before June 7. A district that uses a certified estimate may adopt a budget at the public meeting designated in the published notice prepared using the estimate, but the District may not adopt a tax rate before the District receives the certified appraisal roll for the District. *Education Code 44.004*

Budget Adoption after Tax Rate Adoption

The District may adopt a budget after the District adopts a tax rate for the tax year in which the fiscal year covered by the budget begins if the District elects to adopt a tax rate before receiving the certified appraisal roll for the District as provided by Tax Code 26.05(g). Following adoption of the tax rate, the District must publish notice and hold a public meeting before the District may adopt a budget. The comptroller shall prescribe the language and format to be used in the notice. The District may use the certified estimate of taxable value in preparing the notice. *Education Code 44.004(j)*

Publication of Adopted Budget

On final approval of the budget by the Board, the District shall post on the District's Internet Web site a copy of the budget adopted by the Board. The District's Web site must prominently display the electronic link to the adopted budget. The District shall maintain the adopted budget on the District's Web site until the third anniversary of the date the budget was adopted. *Education Code 39.084*

Amendment of Approved Budget

The Board shall have the authority to amend the approved budget or to adopt a supplementary emergency budget to cover necessary unforeseen expenses.

Copies of any amendment or supplementary budget must be prepared and filed in accordance with State Board rules. *Education Code 44.006*

Failure to Comply with Budget Requirements

A Board member who votes to approve any expenditure of school funds in excess of the item or items appropriated in the adopted budget or a supplementary or amended budget commits a misdemeanor offense. *Education Code 44.052(c)*

Certain Donations

The District may donate funds or other property or service to the adjutant general's department or to the Texas National Guard. *Gov't Code 431.035(c), 431.045 (b)*

ANNUAL OPERATING BUDGET, CE (LOCAL)

DATE ISSUED: 9/15/2011

Fiscal Year

The District shall operate on a fiscal year beginning September 1 and ending August 31.

ORGANIZATION

Goals and Objectives

The purpose of the budget is to provide a statement, expressed in financial terms, that serves as management's primary tool for planning and controlling operations.

Primary objectives of the budget system are to:

1. Assist the formulation of an integrated plan of operations and understanding of how each organization's activities contribute to the overall mission.
2. Provide a means of communication between various levels of management by stating the objectives of each organization and the funds necessary to achieve them.
3. Provide each organization head with the financial information necessary to perform his or her function and control expenditures.
4. Provide a means of measuring and guiding performance by comparing planned (budgeted) expenditures and workload against actual expenditures and workload.
5. Provide the historical data required for realistic budget preparation.
6. Relate expenditures to the three year financial, education, and construction plans.

Budget Planning and Development

Budget planning shall be an integral part of overall program planning so that the budget effectively reflects the District's goals and the plan to implement them. In the budget planning process, general educational goals, specific program goals, and alternatives for achieving program goals shall be considered, as well as input from the District and campus level site-based committees.

The District administration shall allocate funds according to goals and priorities developed by the Board of Trustees. Staff shall submit a preliminary plan and its rationale in May. The Board shall at a minimum receive revised financial estimates in June, July, and August. The Board shall be informed as new information impacting the budget becomes available.

Public Budget Meeting

The annual public meeting to discuss the proposed budget and tax rate shall be conducted as follows:

1. The Board President shall request at the beginning of the meeting that all persons who desire to provide input on the proposed budget and/or tax rate sign up on the sheet provided.
2. Prior to the beginning of the meeting, the Board may establish time limits for speakers.
3. Speakers shall confine their remarks to the appropriation of funds as contained in the proposed budget and/or the tax rate.
4. No officer or employee of the District shall be required to respond to questions from speakers at the meeting.

Authorized Expenditures

The adopted budget provides authority to expend funds for the purposes indicated and in accordance with state law, Board policy, and the District's approved purchasing procedures. The expenditure of

ORGANIZATION

funds shall be under the direction of the Superintendent or designee, who shall ensure that funds are expended legally, ethically, and in accordance with the adopted budget.

Budget Amendments

The Board shall amend the budget when a change is made increasing any one of the functional spending categories or increasing revenue object accounts and other resources. The Superintendent or designee shall recommend budget amendments to the Board for approval.

Reserves

The Board and the administration shall work together to maintain two months undesignated fund balance in the maintenance and operations budget and ten percent of the projected annual debt service payments in restricted fund balance in the debt service fund budget, barring emergency situations. This level of reserves will accomplish two Board priorities.

1. To provide adequate funds to meet emergency needs.
2. To ensure a favorable bond rating for the District.

In addition, the Board may commit fund balance from time to time in order to meet specific District contingencies. The Board will review and approve designated reserves on an annual basis with the adoption of the District's annual budget in August.

Budget Reporting

During the year, the administration shall provide monthly summaries of the budget, as approved, versus actual expenditures.

A running record of all development, construction, and maintenance projects accrued costs versus budgeted amounts shall be available throughout the year to support deliberations for project approvals.

Audits

Independent audits shall be performed every year or as requested by the Board.

Fund Balance Classification

Fund balance classification shall be recorded in accordance with governmental accounting standards as promulgated by the Governmental Accounting Standards Board.

Order of Expenditure

The order of spending and availability of the fund balance shall be to reduce funds from the listed areas in the following order: restricted, committed, assigned, and unassigned. Negative amounts shall not be reported for restricted, committed, or assigned funds.

ORGANIZATION

OTHER DISTRICT POLICIES

Other District policies can be found at: <http://pol.tasb.org/Home/Index/505>

CK (Local) Safety Program/Risk Management

This policy outlines the comprehensive safety program and general areas of responsibility for emergency strategies and loss prevention strategies.

[http://pol.tasb.org/Policy/Download/505?filename=CK\(LOCAL\).pdf](http://pol.tasb.org/Policy/Download/505?filename=CK(LOCAL).pdf)

Fund Balance of the General Fund

Fund balance shall mean the gross difference between governmental fund assets and liabilities reflected on the balance sheet. Governmental fund assets are those of the general fund, special revenue funds, debt service funds, and capital project funds.

The fund balance of the general fund, one of the governmental fund types, is of primary significance because the general fund is the primary fund, which finances most functions in the District. The fund balance of the general fund shall mean the gross difference between general fund assets and liabilities reflected on the balance sheet.

The five classifications of fund balance of the governmental types are as follows:

1. Non-spendable fund balance, which shall mean the portion of the gross fund balance that is not expendable (such as inventories) or is legally earmarked for a specific use.
2. Restricted fund balance, which shall include amounts, constrained to a specific purpose by the provider, such as a grantor.
3. Committed fund balance, which shall mean that portion of the fund balance that is constrained to a specific purpose by the Board.
4. Assigned fund balance, which shall mean that portion of the fund balance that is spendable or available for appropriation but has been tentatively earmarked for some specific purpose by the Superintendent or designee. In current practice, such plans or intent may change and may never be budgeted, or may result in expenditures in future periods of time.
5. Unassigned fund balance, which shall include amounts available for any legal purpose. This portion of the total fund balance in the general fund is available to finance operating expenditures.

The unassigned fund balance shall be the difference between the total fund balance and the total of the non-spendable fund balance, restricted fund balance, committed fund balance, and assigned fund balance.

Budget Process

Objectives of Budgeting

The objectives of budgeting are outlined by the Texas Education Agency in the Financial Accountability System Resource Guide.

Performance evaluation allows citizens and taxpayers to hold policy makers and administrators accountable for their actions. Because accountability to citizens often is stated explicitly in state laws and constitutions, it is considered a cornerstone of budgeting and financial reporting. The Governmental Accounting Standards Board (GASB) recognizes its importance with these objectives in its GASB Concepts Statement No. 1 (Section 100.177):

- Financial reporting should provide information to determine whether current-year revenues were sufficient to pay for current-year services.

- Financial reporting should demonstrate whether resources were obtained and used in accordance with the entity's legally adopted budget. It should also demonstrate compliance with other finance-related legal or contractual requirements.
- Financial reporting should provide information to assist users in assessing the service efforts, costs and accomplishments of the governmental entity.

Meeting these objectives requires budget preparation to include several concepts recognizing accountability. Often these concepts have been mandated for state and local public-sector budgets. They include requirements that budgets should:

- Be balanced so that current revenues are sufficient to pay for current services.
- Be prepared in accordance with all applicable federal, state, and local legal mandates and requirements.
- Provide a basis for the evaluation of a government's service efforts, costs and accomplishments.

Note: Although the objective of balanced budgets is generally applicable to all school districts to ensure long-term fiscal health, variations of this objective which are considered appropriate for some school districts over short-term periods are available. For example, the balanced budget objective may be met by using fund balance reserves to pay for current services during certain periods. Such uses of fund balance reserves must be in accordance with applicable state and local fund balance policies.

Budget Process Overview

The budgeting process is comprised of three major phases: planning, preparation and evaluation. The budgetary process begins with sound planning. Planning defines the goals and objectives of campuses and the school district and develops programs to attain those goals and objectives. Once these programs and plans have been established, budgetary resource allocations are made to support them. Budgetary resource allocations are the preparation phase of budgeting. The allocations cannot be made, however, until plans and programs have been established.

Finally, the budget is evaluated for its effectiveness in attaining goals and objectives. Evaluation typically involves an examination of: how funds were expended, what outcomes resulted from the expenditure of funds, and to what degree these outcomes achieved the objectives stated during the planning phase. This evaluation phase is important in determining the following year's budgetary allocations.

In summary, budget preparation is not a one-time exercise to determine how a school district will allocate funds. Rather, school district budget preparation is part of a continuous cycle of planning and evaluation to achieve district goals.

The Planning Cycle

The Budget Process covers the entire financial cycle starting with budget planning and ending with the audited financial statements. The seven steps are:

ORGANIZATION

• Budget Planning	November - December	2019
• Budget Preparation	February - August	2020
• Board of Trustee Budget Review	April – August	2020
• Budget Adoption	August	2020
• Tax Rate Adoption	September	2020
• Budget Amendments	Monthly as needed	2020-21
• Audited Financial Statements	January	2021

Budget Planning

The budget process is instructionally driven. Budget planning begins with a series of meetings held in November to begin developing broad-based budget goals. The Chief Financial Officer facilitates numerous planning meetings with key District decision makers to develop a list of budget priorities for Board consideration. The Board receives budget priorities from the Superintendent's Cabinet, the District Educational Improvement Council (DEIC), the CFO Advisory Council (an advisory group of campus leaders throughout the District), and the Citizens Financial Advisory Committee (an advisory group of local business leaders).

The final step in the goal-setting process is a planning meeting with the Board of Trustees in early December. The Board reviews input from all sources and adopts the budget goals, assumptions and priorities that will drive budget development.

The budget calendar is also reviewed with the Board of Trustees at this early planning meeting. The Board may also consider issues highlighted on the District and Campus Improvement Plans as well as the District Strategic Plan at this time.

Budget Preparation

Budget preparation begins with a training session for campus leaders and program managers at the time the Budget Manual and budget worksheets are distributed in February. The District utilizes eFinance accounting software to allow for on-line budget preparation. The District provides annual software training in this area for budget managers.

The District uses site-based budgeting to enhance the ability of campus leaders to serve as effective instructional leaders. Site-based budgeting places the campus leader at the center of the budget preparation process. The site-based budget reflects the prioritized needs of the campus and is aligned with the Campus Improvement Plan and the District's Strategic Plan.

Each campus receives a campus budget worksheet which reflects initial campus funding allocations. These allocations address equity issues between campuses. They are designed around three cost drivers: total enrollment, at risk student enrollment, and staffing. Enrollment allocations reflect the total number of projected students on a given campus. This number is based on prior year Public

ORGANIZATION

Education Information Management System (PEIMS) data adjusted for known or expected increases or decreases in enrollment for the coming year. These allocations are then adjusted during the budget year after the October PEIMS snapshot of student enrollment is made available to the District.

The funding allocation for at risk students is based on the number of children eligible to receive free or reduced meals at the campus. These children are considered at risk of failure and additional funds are allocated for tutoring and educational support for these students.

Staff allocations are aligned with student projections. Teacher staffing is set according to the District's Board approved student teacher ratios and staffing standards (included on pages 63-67). In Texas, the State sets the maximum student to teacher ratio for grades kindergarten through four. This ratio is 22-1 and it can only be exceeded by applying for a waiver from the Texas Education Agency (TEA). The Board has set a District standard student teacher ratio of 25-1 in all secondary core courses (math, science, social studies, and English/language arts). This ensures that student class loads for secondary core subject teachers do not exceed 150 students during a standard six period day. Additionally, the Board set the student to teacher ratio in all Algebra I classes at 22-1. Research indicates that Algebra I is a bedrock course that can predict student success in high school. To ensure student success, the District lowered student to teacher ratios to allow more one-on-one instruction. Remaining staffing decisions are based on the Board approved five-year staffing plan. This plan is reviewed and updated for Board approval during the spring of each school year to ensure it meets the needs of the growing district.

After the completed campus and program budget packages have been returned to the Finance Office, a District Budget Committee reviews each department's budget requests with the responsible campus leader, program manager or department director. The review focuses on instructional impact and includes the allocation of existing funds as well as any additional funding requests. At these meetings, department/campus leaders provide District staff with key information that is needed to make budget decisions.

Board of Trustee Budget Review

The Board of Trustees regularly receives budget updates that include revisions to the long range financial forecast, the long-range staffing plan, the preliminary budget, the compensation & salary plan, and the capital projects/capital improvement plan. If funds are available, the compensation & salary plan for teachers is adopted at the March Board of Trustees meeting. Adopting the plan this early in the budget process provides Clear Creek ISD with a competitive advantage in recruiting new teachers and retaining existing staff. Since Clear Creek ISD is a growing district, staff also asks the Board to approve additional teaching units (fifty or more) to accommodate growth. The compensation & salary plan for support staff is generally adopted in July.

Budget Adoption

The Galveston Central Appraisal District certifies the property value roll to taxing entities in July. The District publishes the required legal notice in August. The required legal notice for the FY 2019-20 Budget was published on August 14, 2020. The Board of Trustees held the public hearing and adopted the budget on August 24, 2020.

ORGANIZATION

Tax Rate Adoption

Historically, the Galveston Central Appraisal District (CAD) certified all District property, even though a high percentage of district property is located in Harris County. Recent legislation ended this process in 2008 and now appraisal districts cannot cross county lines to appraise property. As a result, the District did not receive its final certified values from the Harris County CAD until the first week of September. Prior to this legislation, property values were always certified in July by Galveston CAD. After the receiving the certified property value rolls, the Clear Creek Tax Office calculates the effective and rollback tax rate in early August. The required legal notice of the District's effective and roll-back tax rates was published on August 14, 2020. The Board of Trustees held the public hearing to discuss the proposed tax rate on August 24, 2020 and adopted the tax rate on September 28, 2020.

Budget Amendments

Initial campus budget allocations are based on projected enrollment and are modified after the October PEIMS snapshot. Budget amendments, if necessary, are taken to the Board monthly for consideration and approval.

The Final Amended Budget for the Year Ending August 31, 2020 was submitted at the August 24, 2020, Board meeting. It reflects all amendments previously approved by the Board of Trustees plus any final amendments. The Final Amended Budget for the Year Ending August 31, 2020 will be used by the District's external auditors in compiling the annual financial statements.

Audited Financial Statements

The final step in the budget cycle is the approval of the audited financial statements. This document includes budget to actual comparisons and highlights the District's ability to manage its 2020-21 \$616 million governmental funds budget. Audited Financial Statements for 2019-20 are scheduled for review and approval by the Board on January 18, 2021. In summary, school district budget preparation is part of a continuous cycle of planning, preparation and evaluation to achieve the District's goals and objectives.

Capital Projects Budget Process

Clear Creek Independent School District is meeting the challenge of a fast growth school district by proactively analyzing facility needs and placing bond issues for taxpayer approval.

During the FY 2005-06 budget process, the District developed a separate Capital Replacement Fund to provide monies for major maintenance and capital needs. This fund was capitalized with \$14 million in seed money from the FY 2004-05 budget. Over the past fifteen years the District has added an additional \$125.3 million to this fund. At the same time, the District has transferred its entire annual capital replacement appropriation budget to the fund. The operating impact of the capital projects is integrated annually into the budget and is highlighted in the Informational Section of this document within the financial forecasts.

The Clear Creek Independent School District Board of Trustees established a citizens committee in October 2016 to recommend a list of prioritized capital projects that will meet the District's growth and replacement needs over the next 3-5 years. This limited purpose committee met with staff, architects, engineers, and demographers to evaluate the District's long-term course for the addition, renovation and replacement of instructional facilities, support facilities, major mechanical systems, technology, and transportation.

ORGANIZATION

Specific Tasks:

- Tour facilities on the priority list to gain an understanding of building and infrastructure needs at these sites;
- Review facility assessment information provided by architects, engineers and district staff;
- Consider student enrollment projections;
- Analyze property value trends and district/state financial funding parameters;
- Make recommendations to the Board of Trustees concerning the timing, funding, and priority of capital projects over the next three to five years.

This committee began with a list of \$1.2 billion worth of needs assessments. On May 6, 2017, the CCISD community approved a \$487 million bond referendum.

Balanced Budget & Fund Balance

Legal requirements for school district budgets are formulated by the state, the Texas Education Agency (TEA) and the local district. However, according to the TEA, case law is where the definition of a balanced budget is found for all Texas school districts. A balanced budget is framed by case law as a budget with total expenditures not greater than the sum of total revenues plus fund balance. *Crystal City Independent School District, Appellant v. Bank of Dallas, Appellee, Court of Appeals of Texas, Dallas, March 24, 1987*. Fund Balance occurs when revenues exceed expenses in a given year. In fund accounting, this excess carries over to the next fiscal year and is available for any lawful purpose. By policy, Clear Creek's goal is to maintain an undesignated fund balance equal to a minimum of two months operating expenses. The District currently meets this goal.

CCISD Finance Committee

The CCISD Finance Committee is comprised of two or more Board of Trustee members named by the Board along with the Superintendent and Deputy Superintendent for Business and Support Services. The Finance Committee set specific goals for 2020-2021 as follows:

1. Review the cyber security audit and monitor the implementation of audit recommendations.
2. Review available options, including self-funding opportunities, to provide affordable, innovative programs to incorporate into CCISD benefits package.
3. Review options that will lead to an optimal fund balance in the Debt Service Fund and General Fund in 2020-2021
4. Ensure consistency in implementation of district processes and practices with an emphasis on the District's online learning management systems.
5. Monitor the implementation of HB3 and its financial impact on the District.
6. Monitor the cost and impact of the District's COVID 19 Pandemic Response.

Standing Goals

7. Review options leading to sustainable long-range financial plan that meets the needs of students, teachers and staff while maintaining a balanced budget.
8. Ensure that the district sets and completes an annual audit plan.
9. Monitor the capital plan, including recommendations impacting sources and uses of funds in a manner consistent with district strategic plan.
10. Monitor district-wide safety initiatives.
11. Identify high priority facility projects for future consideration.

ORGANIZATION

Budget Control and Management Process

Management Process

For management control purposes all budgets are assigned a local option code. The local option code designates the individual responsible for the particular budget. Typically principals are responsible for campus budgets and program managers are responsible for districtwide budgets. Campus principals and program managers are authorized to submit Purchase Requisitions and reimbursements for the purchase of goods and services. All activities involving payroll costs, salaries and employee benefits, are controlled through the Human Resources department.

Approval Control

All purchases of goods and services are processed through the financial management system with the appropriate approval controls to ensure the legal purpose is met and the appropriate account charged. Purchase Requisitions are initially entered at the campus or department level and are approved by the campus principal or program manager submitting the request. Purchase Requisitions for Special Revenue funds are then approved by the appropriate grant program manager. The Purchasing Director reviews the Purchase Requisition to verify that appropriate purchasing laws are being complied with and that the goods and services are being requested from a legally qualified vendor. The Purchase Requisition is then converted into a Purchase Order and forwarded to the vendor. Upon receipt of the invoice Accounts Payable verifies the receipt of the goods or services, cuts a check, and closes the Purchase Order.

Encumbrance Control

All purchases of goods and services are processed through the financial system with the appropriate encumbrance controls to ensure the availability of funds. An encumbrance is an obligation in the form of a Purchase Order charged to an appropriation which reserves a part of that appropriation. Additionally, pre-encumbrances are also reserved based on submitted Purchase Requisitions awaiting conversion into Purchase Orders. Specifically, the financial software will not allow the entry of a Purchase Requisition unless there are sufficiently available funds at the full account line item level.

Budget Amendments and Budgetary Level of Control

The budgetary level of control for Board adopted budgets is at the Object level for revenues and the Function level for expenditures. Any transfer of funds that increases a revenue object or modifies an expenditure function must be approved monthly by the Board of Trustees.

Final Amended Budget

At the last meeting of the fiscal year a formal final amended budget is approved by the Board of Trustees.

Adopted Budget

The officially adopted District budget, as amended, must be filed with TEA through PEIMS (Public Education Information Management System) by the date prescribed in the annual system guidelines.

ORGANIZATION

Monthly Reporting

The District's financial statements and investments are reviewed monthly with the Board of Trustees.

Annual Audit

The final stage of the budget cycle is the approval by the Board of Trustees of the audited financial statements part of which includes budget to actual comparisons.

Financial Structure

Summary of Significant Accounting Policies

Clear Creek ISD's budget should be based on financial principles that will keep the District financially viable and able to sustain its key programs over time. The District seeks to achieve the following fiscal management priorities:

- Provide optimal and targeted levels of funding for improved student achievement including identified priorities within the Strategic Plan;
- Administer competitive salaries, stipends and benefits for all employees;
- Develop alternative revenue streams;
- Continue optimal funding for the comprehensive plan for safe and secure schools;
- Maintain staffing plans to address optimal staffing at all levels;
- Maintain designated disaster recovery reserves and continue capital replacement reserves consistent with other budget priorities.

Clear Creek Independent School District is an independent public educational agency operating under the applicable laws and regulations of the State of Texas. The District is autonomously governed by a seven-member Board of Trustees elected by the District's residents. The District prepares its basic financial statements in conformity with generally accepted accounting principles promulgated by the Governmental Accounting Standards Board (GASB) and other authoritative sources identified in **Statement of Auditing Standards No. 69**, as amended by Statement on Auditing Standards No.'s 91 and 93 of the American Institute of Certified Public Accountants; and it complies with the requirements of the appropriate version of the Texas Education Agency's **Financial Accountability System Resource Guide** and the requirements of contracts and grants of agencies from which it receives funds.

The District's Financial Statements are in accordance with GASB No. 34, "Basic Financial Statements and Management Discussion and Analysis for State and Local Governments", GASB Statement No. 37, which provides additional guidance for the implementation of GASB No. 34, and GASB Statement No. 38, which changes the note disclosure requirements in the financial statements for governmental entities.

GASB No. 34 established a new financial reporting model for state and local governments that included the addition of management's discussion and analysis, government-wide financial statements, required supplementary information and the elimination of the effects of internal service activities and the use of account groups to the already required fund financial statements and notes.

ORGANIZATION

The GASB determined that fund accounting has and will continue to be essential in helping governments to achieve fiscal accountability and should, therefore, be retained. The GASB also determined that government-wide financial statements are needed to allow users of financial reports to assess a government's operational accountability. The GASB 34 reporting model integrates fund-based financial reporting and government-wide financial reporting as complementary components of a single comprehensive financial reporting model.

The following is a summary of the most significant accounting policies.

Reporting Entity

The District is considered an independent entity for financial reporting purposes and is considered a primary government. The overriding elements associated with prescribed criteria considered in determining that the District's financial reporting entity status is that of a primary government are the following: it has a separately elected governing body; it is legally separate; and it is fiscally independent of other state and local governments.

The Board of Trustees is elected by the public and has the authority to make decisions, appoint administrators and managers, and significantly influence operations. It also has the primary accountability for fiscal matters. Therefore, the District is a financial reporting entity as defined by the Governmental Accounting Standards Board (GASB) in its Statement No. 14, "The Financial Reporting Entity". The District has also implemented GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units". The District receives support from various parent teacher organizations, booster clubs and foundation organizations. None of these organizations meet the criteria specified in GASB 39 to be included in the District's financial statements. Therefore, there are no component units included within the reporting entity.

Measurement Focus and Basis of Accounting

The government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting, as do the proprietary and fiduciary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets, current liabilities and fund balances are included on the balance sheet. Operating statements of these funds present net increases and decreases in current assets (i.e., revenues and other financing sources, and expenditures and other financing uses).

The modified accrual basis of accounting recognizes revenues in the accounting period in which they become both measurable and available, and it recognizes expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest and principal on long-term debt, which is recognized when due. The expenditures related to certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources. The District considers all revenues available if they are collectible within sixty days after year end.

Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State are recognized under the susceptible-to-accrual concept, that is, when they

ORGANIZATION

are both measurable and available. Miscellaneous revenues are recorded when they are received in cash because they are generally not measurable until physically received. Interest earnings are recorded as earned, since they are both measurable and available.

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as deferred revenues until related authorized expenditures have been made. If balances are not expended by the end of the project period, grantors sometimes require the District to refund all or a part of the unused amount.

The Proprietary Fund Types and Fiduciary Funds are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in

the accounting period in which they are incurred and become measurable. The District applies all GASB pronouncements as well as the Financial Accounting Standards Board pronouncements issued on or before November 30, 1989, unless they conflict or contradict GASB pronouncements. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the fund Statement of Net Assets. The fund equity is segregated into invested in capital assets net of related debt, restricted net assets, and unrestricted net assets.

The following list summarizes the basis used for budgeting purposes for each fund of the District:

<u>Governmental Funds</u>	<u>Budgeting Basis</u>	<u>Proprietary Funds</u>	<u>Budgeting</u>
<u>Basis</u>			
General Fund	Modified Accrual	Internal Service:	Accrual
Special Revenue Fund	Modified Accrual	Health Fund	Accrual
Debt Service Fund	Modified Accrual	Worker's Comp Fund	Accrual
Capital Projects Fund	Modified Accrual	Disability Fund	Accrual
		Property Fund	
		Enterprise Funds:	
		Child Nutrition	Accrual
		Athletic Concessions	Accrual
		District Advertising	Accrual

Fund Accounting

The District accounts are organized on the basis of funds in accordance with the provisions of the Resource Guide. Each fund is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts, which comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses. For financial statement presentation, the District's fund financial statements provides more detailed information about the District's most significant funds – not the District as a whole. The funds shown on the Fund Financial Statements are considered major funds because of the size and activity of the funds in accordance with generally accepted financial reporting criteria. The District has three kinds of funds:

- 1. Governmental funds** – Most of the District's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

ORGANIZATION

- 2. Proprietary funds** – Services for which the District charges customers a fee are generally reported in proprietary funds. Proprietary funds provide both long and short-term financial information.
- 3. Fiduciary funds** – The District is the trustee, or fiduciary, for certain funds. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All the District's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets.

Governmental Fund Types

- 1. General Fund** – This is the District's primary operating fund. It is established to account for resources used in accomplishing the core mission of the District – educating students so that they are equipped to excel in today's environment. All revenues and expenditures not required to be accounted for in other funds are included here. This fund is budgeted and must be approved by the Board of Trustees. Any fund balances are considered resources available for current operations. Fund balances may be appropriated by the Board of Trustees for any lawful purpose.
- 2. Special Revenue Funds** – The District accounts for resources restricted to, or designated for, specific purposes by the District or a grantor in a special revenue fund. Most Federal and some State financial assistance are accounted for in these funds. Sometimes unused balances must be returned to the grantor at the close of specified project periods.
- 3. Debt Service Funds** – This fund is established to account for payment of principal and interest on long-term general obligation debt and other long-term debts for which a tax has been dedicated. This is a budgeted fund and must be approved by the Board of Trustees. A separate bank account is maintained for this fund. Any unused sinking fund balances are transferred to the General Fund after all of the related debt obligations have been met.
- 4. Capital Projects Funds** – This fund is established to account for proceeds, on the modified accrual basis, from the sale of bonds and other resources to be used for Board authorized acquisition, construction, or renovation, as well as, furnishing and equipping of major capital facilities. Upon completion of a project, any unused bond proceeds are transferred to the Debt Service Fund and are used to retire related bond principal.

Other Sources and Uses of Funds

Throughout the presentation of the District's financial statements, the reader will see revenue and expenditures summarized as Other Sources and Uses of Funds. This category of revenues and expenses are placed here because they do not fit into the routine revenue and expenditure categories. This includes revenues from the sale of bond issues as a source of funds, and the District's transfer of funds from the General Fund to the Capital Projects Fund for use in ongoing large capital projects.

Other Sustaining Local Revenue Sources

As budgets have become tighter, the District has developed methods to earn local revenue from various sources that are considered sustaining. The District charges tuition fees to students for summer school. Entry fees are charged at athletic events. The District has a large facility rental program which allows other entities or individuals to rent District facilities for fixed rates. Finally, the District has developed an advertising program that includes school bus advertising, stadium advertising and website advertising. The revenue generated from these programs is used to offset the costs of the programs, i.e. transportation, technology, athletics and fine arts.

Proprietary Fund Types

- 1. Enterprise Funds** – The District's activities for which outside users are charged a fee roughly equal to the cost of providing the goods and services of those activities are accounted for in an enterprise fund.

ORGANIZATION

The District's non-major Enterprise funds are the National Breakfast and Lunch Program, athletic concessions and district advertising. The Food Service Fund is a budgeted fund and must be approved by the Board of Trustees

- 2. Internal Service Funds** – Revenues and expenses related to services provided to organizations inside the District on a cost reimbursement basis are accounted for in an internal service fund. Internal service funds have been established to account for the District's health, workers' compensation and disability self-insurance plans.

Fiduciary Funds

Agency Funds – These funds are used to report student activity funds and other resources held in a purely custodial capacity. Agency funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

Fiduciary funds are reported in the fiduciary fund financial statements. However, because their assets are held in a trustee or agency capacity and are therefore not available to support District programs, these funds are not included in the government-wide financial statements.

Budgetary Basis of Accounting

The budgetary basis of accounting shall be consistently applied in budgeting, recording and reporting foundation school program (FSP) revenues in PEIMS information. Under the budgetary basis, earned and material FSP revenues that are collectible beyond 60 days are to be treated consistently for budgeting, recording, and reporting through PEIMS and for tax rollback rate calculation purposes.

Legal requirements for school district budgets are formulated by the State, the Texas Education Agency, and each local district.

The Board is legally required to adopt an appropriated budget prepared in accordance with GAAP (generally accepted accounting principles) for the general fund, debt service fund and food service fund (an enterprise fund). These are the only funds that require Board approval. The budgetary level of control for Board adopted budgets is at the Object level for revenues and the Function level for expenditures. Any transfer of funds that increases a revenue object or modifies an expenditure function must be approved on a monthly basis by the Board of Trustees. At a minimum, the District is required to present the original and the final amended budgets for revenues and expenditure compared to actual revenues and expenditures for these three funds. Budget amendments to these funds must be approved by the Board.

Classification of Revenues and Expenditures

Revenues are presented in the financial statements in three broad categories.

Local and Intermediate sources are those revenues that are collected from the citizens of the school district, nongovernmental entities both within the school district and outside it, and also states other than the state of Texas. Such revenues include property taxes, interest income and proceeds from the sale of WADA.

State revenues are those revenues received from the state of Texas, excluding monies passed through the state from the federal government. Such revenues include state grants and Foundation School Program Revenues.

Federal revenues are those revenues received from the federal government or its agencies either directly or through the state of Texas. Such revenues would primarily be from federal programs.

ORGANIZATION

The major types of expenditures are operating, capital, debt service, and intergovernmental charges.

Operating expenditures for a school district include a wide range of expenditures. The largest portion of operating expenditures relates to payroll and related employee benefits.

Capital relates to acquisition of general capital assets. Cost associated with acquisition of capital assets in governmental funds are recorded as current expenditures when the liability is incurred, usually upon receipt of the related asset.

Debt service expenditures represent the payment of principal and interest needed to service debt. Such payments are usually recorded as expenditures in the Debt Service Fund when the amount becomes due and payable and not when they accrue.

In addition, operating transfers result in the reduction of a fund's expendable resources, but they are not classified as expenditures.

Internal Audit Department

The Clear Creek ISD Internal Audit Department helps the Board of Trustees maintain the financial and operational integrity of the District by examining and analyzing District financial data, operations, programs and services. The Internal Audit Department prepares an annual audit plan to allocate resources and prioritize work schedules to include oversight of District departments and programs as well as special project requests.

This Department reviews compliance with applicable laws and regulations, performs internal control and risk assessment evaluations, and provides consultation when requested. In completing each project, this Department recommends ways the District can use resources in a more efficient, effective and economical manner and safeguard the District's assets.

The Internal Audit Department develops an audit plan utilizing risk analysis to identify the major areas necessitating audit attention. Each year the audit department evaluates the top risk areas and determines which should be included in the annual audit plan.

The following are types of audits handled by the CCISD Internal Audit Department:

Spot-check Audits: These audits are conducted on a random basis for all types of transactions (i.e., accounting, inventory, long-distance calls, payroll, cash counts, petty cash, etc.). This allows the audit department to review for accuracy and compliance with procedures as well as identify weaknesses which may warrant more in-depth audit coverage.

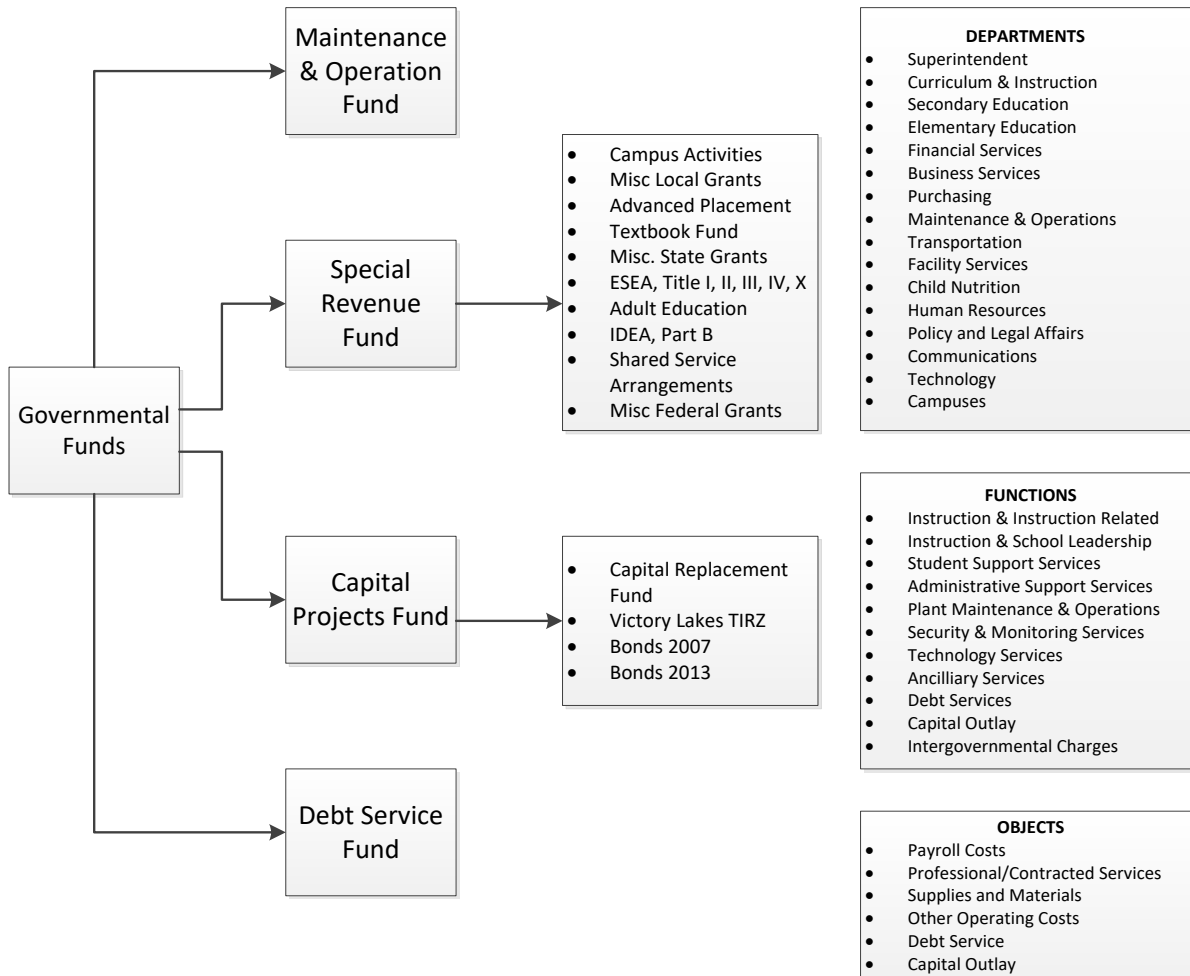

Special Projects: These projects are audits or investigations that are conducted upon request by the Superintendent, Board of Trustees, departments, and investigations based on information obtained from various sources.

Departmental Audits: These audits are designed to review the administrative responsibilities of each department of the District.

Campus and Student Activity Funds: These audits are conducted on an annual rotating basis. This allows the audit department to review for accuracy and compliance with procedures as well as to ensure proper safeguard of the Campus and Student Activity Funds.

FUND FLOWCHART

The following flowchart represents the flow of financial information presented by the District:

ORGANIZATION

The following chart reflects the various departments in Clear Creek ISD and where these departments charge expenses in their budgets.

FINANCIAL

General Fund

The General Fund is a governmental fund with budgetary control which is used to show transactions resulting from operations of on-going organizations and activities from a variety of revenue sources for which fund balance is controlled by and retained for the use of the local education agency. The general fund utilizes the modified accrual basis of accounting. To maintain separate revenue and expenditure accounts to assure the integrity of specific revenue purposes when required by law or rule, the general fund is to employ the classification defined below by the Texas Education Agency. Designated by Fund 199, this classification must be used to account for funds in which the local governing board designates. The local governing board has wide discretion in their use as provided by law. This fund usually includes transactions as a result of revenues from local maintenance taxes, payments in lieu of taxes, foundation entitlements, State and County available and other Foundation School Program sources.

General Fund Revenues

This fund is budgeted at \$360,257,116 and is established to account for resources financing the fundamental operations of the District. All revenues and expenditures that are not required to be accounted for in other funds are included here. Since this is a budgeted fund, any fund balances are considered resources available for current operations. Fund balances may be appropriated by the Board of Trustees to implement its responsibilities. The 2020–2021 General Fund budget is balanced and includes a small increase in fund balance (\$13,390).

Total revenues increased by approximately one percent (0.91%) from FY 2019-20 to FY 2020-21. This can primarily be attributed to a \$7.9 million in increased tax revenue. This increase resulted from property value growth of 7.25%. However, property value growth is limited under HB 3 to 2.5%. A value growth above 2.5% triggers an automatic tax rate compression which results in a decrease in the M&O tax rate of \$0.0341 from \$0.97 to \$0.9359.

Clear Creek Independent School District General Fund

Analysis of Revenues Budget for the Year Ending August 31, 2021

General Fund Revenues (\$1,000's)

Description	FY 2017	FY 2018	FY 2019	Budget FY 2020	Budget FY 2021
Local & Intermediate Sources	\$ 210,420	\$ 226,385	\$ 238,285	\$ 235,363	\$ 240,411
State Program Revenues	\$ 112,926	\$ 113,093	\$ 111,880	\$ 114,915	\$ 112,886
Federal Program Revenues	\$ 4,697	\$ 4,630	\$ 9,787	\$ 6,740	\$ 6,960
Total Revenues	\$ 328,042	\$ 344,108	\$ 359,952	\$ 357,018	\$ 360,257

Major Sources of Funds

Local & Intermediate Sources of revenue increased by 2.1% in FY 2020-21. This is primarily due to increased tax collections of \$7.9 million due to property value growth. Although property value is budgeted to increase 7.25%, HB 3 requires that the General Fund tax rate be dropped from \$.97 to \$0.9359. The District has shown property value growth in Galveston County of 9.23% which was almost entirely due to new construction. In addition, value growth in Harris County increased by 2.24%. Since more than 65% of the District's property value is located in Harris County this increase in value impacts District revenues.

It is important to understand that HB 3 made major changes to how state funding is now calculated. The data used now includes several new data elements where historical trends are unknown. Furthermore, in the past the calculation would use Comptroller property values from the prior year (a known data element) but it now uses current year Comptroller property values which will not be known until February, 2021 and thus are estimated.

Other resources increased by \$6 million which is an operating transfer from the Capital Fund back to the General Fund to balance the budget. Although the budgeted transfer is \$10 million the actual transfer expected, due to year end budget surpluses, is expected to be substantially less.

Currently, the District receives 66% of total General Fund revenue from Local and Intermediate Sources. This percentage is down from a high of more than 81% in FY 2005-06. This shows the dramatic impact of the Reform Legislation on local taxpayers.

FINANCIAL

General Fund Expenditures

Total General Fund spending increased by just over two percent (2.57%) in FY 2020-21. Expenditure increases can be attributed to several major factors. Most functions increased due to the 2020-21 compensation package costing \$3.2 million which included a 1% increase for staff and a 4.98%-6.32% increase for teachers reaching 5-year milestones in service. The package also included market adjustments to stipends and salaries totaling \$218,000.

District wide staffing increases totaling \$2.98 million were included in the budget. This includes the addition of fifty one full time instructional and support positions, The remaining increase of \$3 million is due to several factors including: increases of \$1 Million for state mandated increase in District paid TRS retirement contributions, \$.7 million in property /casualty insurance premiums, increases of \$0.5 million in various operational budgets and increases of \$2.1 million due to increased TRS on-behalf payments. These increases were offset by a decrease of \$1.3 million in the electricity budget due to savings from a new electrical contract.

Major Uses of Funds

The mission of a school district is to provide excellent educational opportunities. Clear Creek takes that mission very seriously. The District spends 67% of its General Fund budget on Instruction and Related Services. The budget increased by \$9.2 million this year. This is primarily due to the salary increases provided and additions of instructional staff. Instructional and School Leadership and Student Support Services combined to account for another 18% of the

General Fund budget. These two categories increased by almost \$2.5 million this year. Therefore, Clear Creek spends 85% of its budget on instruction and student support services. In total, these three expense categories increased by just over \$8.9 million this year. This increase accounted for a large part of the expenditure increases in this year's budget.

Clear Creek also prides itself in being "lean and mean" in administrative spending. This is supported by its low level of spending on administrative support services (2.1%). As a further testament to this, the Administration budget actually increased by only 3% from last year's budget.

The education of students is labor intensive. This is reflected in the large portion of the District's budget for payroll costs. The composition of the District's workforce is determined by staffing policies and guidelines approved by the Board of Trustees, on projected student enrollment, and on curriculum requirements. For the 2020-2021 fiscal year payroll costs are budgeted at \$314,367,635 (88.06%) percent of the General Fund's current operating expenditures. Although payroll costs are the District's largest expenditure, utility costs make up the next largest fixed cost and are included in the Maintenance and Operations expense category. Therefore, between payroll and other fixed costs, almost 91% of the expenditures of the District are tied up in fixed expenditures. All Texas districts face the same issue: how to stretch flexible costs to meet growing facility maintenance and renovation needs.

FINANCIAL

General Fund – Fund Balance

Clear Creek is located along the Texas Gulf Coast – a region that is susceptible to hurricanes and strong tropical storms. As a result, it is vital for the district to maintain a source of funds to cover emergencies. The District now has an undesignated reserve (\$70 million) which equates to slightly more than two months of current operating expenses (\$61million).

The Board of Trustees set fund balance objectives in policy CE (Local) to reflect the need to keep undesignated fund balance at a minimum of two months of operating expenses. As a result of this policy, the District ended FY 2018-19 with a total fund balance of \$74.7 million which includes an unassigned fund balance of approximately \$70.6 million. In 2019, two months of operating expenditures in the General Fund were right at \$55.9 million.

FINANCIAL

Special Revenue Funds

Special Revenue Funds are governmental funds used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. These funds utilize the modified accrual basis of accounting. Activities included within these funds are as follows:

Note: This is not an exhaustive list of special revenue funds.

Fund 211 - ESEA, Title I, Part A Improving Basic Programs – Funds allocated to local educational agencies to enable schools to provide opportunities for children served to acquire the knowledge and skills contained in the challenging State content standards and to meet the challenging State performance standards developed for all children.

Fund 224 - IDEA B, Formula – Funds granted to operate educational programs for children with disabilities. This fund classification includes capacity building and improvement.

Fund 225 - IDEA B, Preschool – Funds granted for preschool children with disabilities.

Fund 244 - Vocational Regular Basic Grant – Funds granted to provide career and technology education to develop new and/or improve career and technology education programs for paid and unpaid employment. Full participation in basic grant is from individuals who are members of special populations, at 1) a limited number of campuses (sites) or 2) a limited number of program areas.

Fund 255 - Title II, Part A: Teacher and Principal Training and Recruiting

- Funds granted to (1) Increase student academic achievement through improving teacher and principal quality and increasing the number of highly qualified teachers in classrooms and highly qualified principals and assistant principals in schools, and (2) hold local education agencies and schools accountable for improving student academic achievement.

Fund 263 - Title III, Part A - English Language Acquisition and Language Enhancement – Funds granted to improve the education of limited English proficient children, by assisting the children to learn English and meet challenging State academic content and student academic achievement standards.

Fund 410 – State Textbook Fund – Funds awarded to school districts under the textbook allotment.

Fund 435 – Shared Service Arrangement – Regional Day School for the Deaf (state)

-Funds allocated for staff and activities of the Regional Day School Program for the Deaf.

Fund 458 – Shared Service Arrangement – Regional Day School for the Deaf (local)

-Funds received from shared service arrangement among ten area school districts to provide a regional day school program for students who have an auditory impairment.

Fund 461 – Campus Activity – Funds received from campus based initiatives.

Special Revenue Funds Revenues

Clear Creek's Special Revenue Funds have remained relatively stable since FY 2016-17. However, local revenues have increased this year due to the COVID-19 pandemic. All District costs related to the pandemic have been consolidated in a special revenue fund equating to close to \$10 million. It is anticipated that these costs will be covered by state funds and a transfer from the Capital Replacement Fund.

Special Revenue Funds - Revenues (\$1,000's)

Description	FY 2017	FY 2018	FY 2019	Budget FY 2020	Budget FY 2021
Local & Intermediate Sources	\$ 7,254	\$ 11,022	\$ 11,856	\$ 7,525	\$ 17,050
State Program Revenues	\$ 5,339	\$ 2,225	\$ 5,385	\$ 1,105	\$ 2,140
Federal Program Revenues	\$ 11,913	\$ 16,426	\$ 14,157	\$ 14,715	\$ 14,544
Total Revenues	\$ 24,506	\$ 29,673	\$ 31,399	\$ 23,345	\$ 33,734

Special Revenue Fund Expenditures

Special Revenue Fund expenditures increased in tandem with revenues. The largest increase was in Instruction and Instructional Related Costs (\$4.5 million or 27%). This is mainly due to the increases in special revenue funds mentioned above.

It is important to note that 64% of all expenditures in the Special Revenue Fund are found in the Instruction & Instructional Related category. This shows Clear Creek's commitment to direct its budget funds to the classroom.

Special Revenue Funds - Expenditures (\$1,000's)

Special Revenue Fund – Fund Balance

The Fund Balance in the Special Revenue funds was \$6.3 million at the end of FY 2018-19. Most federal funds require any unused balances be returned to the grantor at the close of specified project periods. Therefore, most of the funds in the Fund Balance are the result of balances in the Campus Activity funds. It is not anticipated that there will be a significant change in the Special Revenue Fund Balance over the coming year.

FINANCIAL

Debt Service Funds

Debt Service Funds

A debt service fund is a governmental fund, with budgetary control, that must be used to account for general long-term debt principal and interest for debt issues and other long-term debts for which a tax has been dedicated. A separate bank account must be kept for this fund. Principal and interest payments for operating indebtedness including warrants, notes, and short-term lease-purchase agreements, are to be made from the fund for which the debt was incurred. This fund utilizes the modified accrual basis of accounting.

Clear Creek has a relatively modest debt service tax rate of 33 cents. This debt tax rate remained steady at between 33 and 36 cents for several years in order to pay for taxpayer approved bond programs. With the passage of the 2013 Bond Program the District increased the tax rate by four cents to cover the increased debt payments. It was estimated that with the passage of the 2013 bond issue that the maximum tax rate would reach 40.5 cents (an 8.5 cent tax increase from the 2012 rate). However, due to rising local property values, the District was able to hold the debt tax rate at 36 cents in 2017-18.

When voters approved the \$487 million bond referendum on May 6, 2017 to address enrollment growth, aging facilities and repairs, safety improvements, student programs and technology the tax rate for 2019-2020 was projected to be \$0.395. However, due to higher than projected value increases the District has been able to reduce the tax rate from the 2016-2017 rate of \$0.36 to \$0.33.

Debt service tax rates have remained low for several reasons. First, the District's tax base has grown by 25% in the last five years with the largest increase between 2018 and 2019. Property values rose by 4.6% in the last year. The FY 2020-21 budget will not need to use fund balance to fund the debt service.

Interest rates have been at historicly low levels which has led to bond sales at extremely favorable rates. This has allowed the District to keep interest payments low on new debt.

Tax Supported Debt Limitation

Chapter 45 of the Texas Education Code, as amended, requires a district to demonstrate to the Texas Attorney General that it has the prospective ability to pay debt service on a proposed issue of bonds, together with debt service on other outstanding new debt of the district, from a tax levied at a rate of \$0.50 per \$100 of assessed valuation before bonds may be issued. In demonstrating the ability to pay debt service at a rate of \$0.50, a district may take into account State allotments to the district which effectively reduces the district's local share of debt service. Once the prospective ability to pay such tax has been shown and the bonds are issued, a district may levy an unlimited tax to pay debt service. The District has \$979,890,000 in outstanding bonds. The District's total current debt service requirement is \$1,393,028,499 which is covered with a \$0.33 cent tax rate. At a \$0.50 cent tax rate ceiling, the District's total debt ceiling is \$2,697,529,102. Looking ahead ten years, the District will be able to meet its long range facility requirements and stay well below the 50 cent tax limitation.

Debt Issues

A \$183.1 million bond election was held on May 12, 2007. Voters approved this bond proposition by the largest margin in Clear Creek's long history. Over 72% of voters were in favor of the projects included in the bond proposition. It included funding for new schools, capital additions, roofs, and school buses. The District has sold all of its authorized bonds.

A \$367 million bond election was held May 11, 2013. Over 68% of voters approved this bond referendum which includes funding for rebuilding and improving 40+ year old schools, improvements or enrollment growth, construction and expansion of co-curricular and extracurricular facilities, and improvements to wireless infrastructure and technology. Clear Creek ISD has sold the bonds as follows: \$200 million in December of 2013 and \$100 million in July of 2014. The final \$67 million was sold in April of 2015.

A \$487 million bond election was held May 6, 2017. Voters approved this bond referendum which includes funds to build new or rebuild schools, replace portables with permanent additions, renovate aging schools, and improve school and bus safety through purchase of surveillance equipment and buses. \$175 million in bonds were sold in February of 2018, \$150 million were sold in September of 2019, and the remaining bonds will be sold at future dates.

Debt Policy

Policy CCA (Regulation) describes Clear Creek ISD's Debt Management Policy. The District's debt portfolio may be comprised of three types of debt: 1.) traditional fixed rate debt, 2.) variable rate debt and 3.) synthetic debt structures. In general, the District may issue debt obligations to fund capital improvements within the District or to refinance the District's debt obligations. Permitted capital improvements include: land purchases for school facilities, construction of school facilities, renovation of school facilities, school buses, refund outstanding debt obligations, fund a payment associated with the termination of a synthetic debt structure or any other purpose legally available to the District pursuant to state law. In no circumstance shall the District amortize its debt obligations for a time period longer than the expected useful life of such project being financed.

Bond Ratings

The District's bonds are rated Aaa by Moody's Rating Services and AAA by Fitch by virtue of the Permanent School Fund of the State of Texas. An underlying rating of Aa2 has been assigned by Moody's and AA+ by Fitch.

Debt Service Fund Revenues

Debt Service Fund revenues have grown steadily over the past five years. Local revenues are projected to increase by \$3.0 million in FY 2020-21 as a result of increased tax collection due to budgetary property growth of 7.25%. State revenue increases of \$0.3 million are due to homestead exemption funding. The District does not qualify for any state funding to cover debt service payments.

Total Revenues	\$ 73,089	\$ 78,053	\$ 78,645	\$ 82,075	\$ 85,375

FINANCIAL

Debt Service Fund Expenditures

Debt Service Fund expenditures have increased 21% over the last five years. This is due to the issuance of \$367 million in bonds which occurred in late 2013 through April of 2015 and \$155 million in bonds in 2018 as noted above.

Expenditures in this fund are projected to decrease by \$1.4 million due to defeased principal and interest payments based on amortization schedules. Savings resulting from a refunding in December 2019 and a remarketing in August 2020 will allow the tax rate to drop from \$0.34 to \$0.33 for 2020-2021.

In order to pay the interest and principal on these bond sales, the Debt Service tax rate was increased by four (4.0) cents in 2013. The Debt Service tax rate increased from thirty-two (32.0) cents to thirty-four (36.0) cents in 2013 and was reduced by two cents in 2019.

FINANCIAL

Debt Service Fund Balance

As of August 31, 2021, the projected fund balance will be approximately \$39 million, or 49% of projected annual debt service payments. This exceeds the District's goal to maintain a fund balance of 10% of estimated annual payments. This surplus will be used to help offset future increases related to the final issuance from the Bonds 2017 program, as well as all the District to maintain the reduced tax rate of \$0.33.

Capital Projects Funds

Capital Projects Funds

A Capital Projects Fund is a governmental fund that must be used to account, on a project basis, for projects financed by the proceeds from bond issues, or for capital projects otherwise mandated to be accounted for in this fund. The Capital Projects Fund utilizes the modified accrual basis of accounting. The fund codes used to designate the Capital Projects Funds are between 600-699.

Capital Projects History

The District has experienced tremendous enrollment growth that has created the need for additional classroom space. From time to time, the District asks taxpayers to approve bond issues to provide for this growth. Taxpayers have approved over \$1 billion in bond programs over the last thirteen years to help the District manage enrollment growth.

In 2007 the District passed a \$183.1 million bond issue to further meet the needs of enrollment growth. The focus of this bond issue was on the construction of new educational facilities. This bond included a new 2,500 student high school, a 1,200 student intermediate school, two 900 student elementary schools and the conversion of two high school ninth grade centers to intermediate campuses. In addition, the bonds included the purchase of \$6 million in buses, science classrooms in the high schools, and major roof and air conditioning replacements.

In 2013 the District passed a \$367 million bond issue that has touched all CCISD schools and eight support facilities in some capacity. A complete listing of bond projects can be found in the Informational Section of this book. In general, the bonds will:

- Rebuild or improve all 40+ year old schools
- Address student safety, security systems, repairs and enrollment growth
- Construct or expand co-curricular and extracurricular facilities for growth in programs
- Improve wireless infrastructure and access to technology for 21st century learning

In May of 2017, a \$487 million bond issue was approved. These funds will be used to build new schools, rebuild schools, replace portables with permanent additions, renovate aging schools to bring them up to today's standards, and improve school and bus safety through the purchase of surveillance equipment and buses. A complete listing of bond projects can be found in the Informational Section of this book.

Operating Costs

The operating costs of new or renovated facilities, once completed, impacts the General Fund. Generally, the addition of 1,000 square feet of school space results in an annual increase in utilities (electricity & natural gas) of \$1,200 and added custodial labor and supplies of up to \$1,500. Many of the District's capital projects are renovations or replacements of older facilities. These projects have very little or no negative impact to the operating budget of the District. Newer facilities are designed to be more efficient in terms of maintenance and utilities. Due to better technology and design, the District's newer facilities average close to \$1.00 per square foot in utility cost. Older facilities can cost over \$1.50 per square foot. Property and casualty insurance is one expense that has skyrocketed over the past few years. The cost to insure new

facilities can be approximately 50 cents per square foot. In the summer of 2019, the District completed the construction of Campbell Elementary and the re-build of League City Elementary. In addition, the District has completed some major projects which provide for additional square footage. These projects include the addition of science classrooms at Clear Lake Intermediate and administration addition at Clear Lake City Elementary.

In early 2011 the District received grants to purchase 11 buses that run on compressed natural gas and additional funding to retrofit 44 of the District's current bus fleet with compressed natural gas engines. The savings from using CNG buses versus diesel fueled buses is approximately \$0.32 per mile. The savings are estimated at \$250,000 per year. The District has also purchased 28 propane buses through grant and capital funds. The savings from using Propane buses versus diesel fueled buses is approximately \$60,000 per year.

Impact of the Capital Improvement Fund on the FY 2021 Budget

Project	Square Feet	Salary & Benefits	Utilities	Insurance	Other	Total
Campbell Elementary-New School	127,300	1,200,000	152,760	55,452	38,190	1,446,402

Total	266,675	\$ 1,265,256	\$ 309,373	\$ 116,164	\$ 80,003	\$ 1,770,795

Long Range Facilities Planning

The Clear Creek Independent School District Board of Trustees established a citizens committee in October 2016 to recommend a list of prioritized capital projects that will meet the District's growth and replacement needs over the next 3-5 years. This limited purpose committee met with staff, architects, engineers, and demographers in order to evaluate the District's long-term course for the addition, renovation and replacement of instructional facilities, support facilities, major mechanical systems, technology, and transportation. The Committee started with a list of \$1.2 billion worth of needs assessments and narrowed it to \$487 million in facility needs. Additional information on these identified facility needs is included in the Informational Section of this document.

Long Range Financial Planning

To meet the financial needs of a fast growth district, staff prepares an annual five-year financial plan that includes the facility assumptions developed by the facilities committee. The financial plan includes staffing and operational increases for new facilities. Staff also projects the long-range impact of bond issues to fund facility growth. In their totality, these plans truly give the District a facility and financial road map to meet the challenge of growth.

Capital Projects Funds Revenues

Interest rates have been steady over the last five years which has resulted in steady balances in interest income. The District invests bond proceeds as they are received and interest revenue is booked into the capital projects funds accounts. Districts can use this interest income to either fund additional capital projects or refund bonds. Since Clear Creek has many capital needs, the Board allocates interest revenue for additional capital projects.

Other Resources in the Capital Fund represents funding from the sale of bonds from the 2017 Bonds that were approved by voters in 2017. The District issued \$175 million of bonds in February of 2018 and \$125 million of bonds in July 2019. Additional bonds in the amount of \$125 million will be issued in the spring of 2021. Staff will evaluate the need for further bond sales in November 2021 and make a recommendation for the remaining \$62 million.

Capital Project Fund Expenditures

Expenditures in the Capital Projects Fund will remain fairly steady this year as the District continues work on new projects approved with Bonds 2017 as well as continues work on the remaining projects approved in the 2013 Bond Issue. In FY 2020-21 the District will continue with the rebuild of the Clear View High School project and improvements at the Main Transportation Facility, both funded through the 2017 Bond Issue as well as projects funded through the funds transferred over the past several years from the General Fund for special capital projects. The following is a description of the non-routine capital projects planned in the FY 2020-21 Capital Projects Fund budget.

Capital Fund Balance

As of August 31, 2019, the fund balance in the Capital Fund was \$75.6 million. This balance is projected to increase by \$102 million in FY 2019-20 and \$132 million in FY 2020-21 due to bond proceeds from Bonds 2017 and various projects underway that will take place over the course of the next four to five years.

Current Voter Approved Bond Programs

Voter authorized bond programs have given the District the ability to meet enrollment growth over the last ten years. A listing of the projects in bond programs that are currently under way is provided below. Projects in the 2007 Bond Program are virtually complete with only one minor project closeout issues remaining to be finalized as shown above.

Enterprise Funds

Enterprise Funds

An enterprise fund is a proprietary fund that must be used to account for the District's activities for which outside users are charged a fee roughly equal to the cost of providing the goods and services of those activities. The District's Enterprise Funds are the National Breakfast and Lunch Program (Child Nutrition Program), Athletic Concessions and District Advertising.

Child Nutrition Program

The Child Nutrition Program is an extremely large operation at Clear Creek School District. This is a budgeted fund and it must be formally adopted by the Board of Trustees.

The program serves more than 4.6 million meals every year (over 30,000 every day). The program is funded through several sources. One source of income is the revenue derived from the sale of breakfast and lunch to children and employees of the District. In the 2020-2021 budget, food sales of \$11.3 million is projected.

The second largest source of income comes from reimbursements from the federal government through the National School Lunch Program. This represents reimbursements from the Federal government for free or reduced-price meals for the District's most disadvantaged students. This amounts to \$4.0 million. The District also receives a small level of funding from the State.

On the expenditure side, the real cost of running this operation can be found in food costs. While personnel requirements are great, the cost of labor is small when compared to the cost of food. Due to the pandemic a slight decrease in expenditures has been budgeted. The budget does include a 1% salary increase for all child nutrition workers.

Our Child Nutrition Fund accounts for just over \$15.3 million in revenue and expenses every year. Due to uncertainties of the COVID pandemic on actual meals served, revenue and expenditures have been kept consistent with 2019-20.

Athletic Concessions

Athletic concessions represent a very small, but a very important piece of our Enterprise Fund. Revenue from this source accounts for \$200,000. For a District with a total General Fund budget of over \$357 million, it almost seems insignificant; however, this fund is crucial for the athletic program and serves a vital purpose in the district.

District Advertising

2020-21 marks the eleventh year for the district advertising fund. The Community Education Partner Program is CCISD's advertising and marketing effort. The advertising program is designed to generate revenue to offset State cuts for public education. CCISD offers web, bus and stadium advertising. It is anticipated that the district will collect \$206,300 for this program.

Internal Service Funds

Internal Service Funds

An internal service fund is a proprietary fund that must be used for services provided to organizations inside the District on a cost reimbursement basis. The District's Internal Service Funds are the District's dental, workers' compensation, disability self-insurance plans and property insurance.

Health Insurance Fund

This fund is used to manage the District's self-funded health insurance programs which includes a dental plan. This program is funded through both employee and district contributions. The health plan was in poor financial condition midway through the FY 2009-10 fiscal year and the District's Employee Benefits Committee, a committee of teachers and staff, proposed a move away from the self-funded health plan to the State of Texas Teacher Retirement System health plan effective January 1, 2011. This has saved employees and the District millions of dollars in premium costs. The self-funded dental plan remains in place.

Worker's Compensation Fund

The District also has a self-funded workers compensation program. Premiums and expenditures for this program are accounted for in this fund. This is a district funded plan and in order to keep costs low, the District has developed a proactive employee safety program. As a result, the District has an excellent safety record and consequently very low workers compensation claims. Reserves are very healthy in this fund as well.

Disability Insurance Fund

This fund is in place to handle the District's self-funded long-term disability plan. This plan is also entirely funded through district contributions. Employees are offered the option, at their own expense, to obtain short term disability insurance through a district approved insurance carrier.

Supporting Financial Schedules

Combined Statement of General Fund Expenditures

Detail by Function and Object Code

The Combined Statement of Expenditures by Function and Object Code shown on the following pages expands upon the expenditures portion of the Combined Statement of Revenues, Expenditures and Changes in Fund Balance shown on page 69. Expenditures are broken down to the Function Code and major Object Code level.

The **Function Code** is a mandatory 2-digit code applied to expenditures that identifies the purpose of the transaction. The first digit identifies the major class and the second digit refers to the specific function within the area. Example: The function "Health Service" is coded 33. The first 3 specifies Support Services - Student (Pupil) and the second 3 is Health Services.

The **Object Code** is a mandatory 4-digit code identifying the nature and object of an account, a transaction or a source. The first of the four digits identifies the type of account or transaction, the second digit identifies the major area, and the third and fourth digits provide further sub-classifications. Example: Money received for current year taxes is classified in account 5711. The 5 denotes revenue, the 7 shows Local and Intermediate Sources, the 1 denotes local real and personal property taxes revenue and the final 1 specifies current year levy.

Overview of Account Codes

Section 44.007 of the Texas Education Code (Code or TEC) requires that a standard school district fiscal accounting system be adopted by each school district. The system must meet at least the minimum requirements prescribed by the State Board of Education and also be subject to review and comment by the state auditor. Additionally, the accounting system must conform to Generally Accepted Accounting Principles (GAAP). This section further requires that a report be provided at the time that the school district budget is filed, showing financial information sufficient to enable the state board of education to monitor the funding process and to determine educational system costs by school district, campus and program.

The Texas Education Code, Section 44.008, requires each school district to have an annual independent audit conducted that meets the minimum requirements of the State Board of Education, subject to review and comment by the State Auditor. The annual audit must include the performance of certain audit procedures for the purpose of reviewing the accuracy of the fiscal information provided by the district through the Public Education Information Management System (PEIMS). The audit procedures are to be adequate to detect material errors in the school district's fiscal data to be reported through the PEIMS system for the fiscal period under audit.

A major purpose of the following accounting code structure is to establish the standard school district fiscal accounting system required by law. Although certain codes within the overview may be used at local option, the sequence of the codes within the structure, and the funds and chart of accounts, are to be uniformly used by all school districts in accordance with generally accepted accounting principles.

ACCOUNT CODE STRUCTURE

X X X	X	X X	X X X	X X	X X X	X X X X	X X
Fund Code	Year Code	Function Code	Organization Code	Program Intent Code	Local Option Code	Object Code	Sub-Object Code

BASIC SYSTEM CODE COMPOSITION

Fund Code

The fund code is a mandatory 3-digit code to be used for all financial transactions to identify the fund group and specific fund. The first digit refers to the fund group, and the second and third digit specifies the fund. Example: A Special Revenue Fund could be coded 211. The 2 indicates the Special Revenue Fund, the 11 specifies ESEA, Title I, Part A - Improving Basic Programs.

Fund	Title
100	General Fund 100-199 All General Funds
200/300/400	Special Revenue Funds 200-289 Federal Programs 290-379 Shared Services Arrangements - Federally Funded 380-429 State Programs 430-459 Shared Services Arrangements - State/Local Funded 460-499 Local Programs
500	Debt Service Funds 500-599 All Debt Service Funds
600	Capital Projects Funds 600-699 All Capital Project Funds
700	Proprietary Fund Types 700-749 Enterprise Funds 750-799 Internal Service Funds
800	Fiduciary Fund Types and Similar Component Units 800-829 Trust Funds 830-849 Investment Trust Funds 850-859 Pension Trust Funds 860-899 Agency Funds
900	General Capital Assets and General Long-Term Debt Account Groups 901 General Capital Assets Account Group 902 General Long-Term Debt Account Group

Fiscal Year Code

The fiscal year code is a mandatory single digit code that identifies the fiscal year of the transaction or the project year of inception of a grant project. Example: For the 20-21 fiscal year of the school district, a 1 would denote the fiscal year.

Function Code

The function code is a mandatory 2-digit code applied to expenditures/expenses that identifies the purpose of the transaction. The first digit identifies the major class and the second digit refers to the specific function within the area. Example: The function Health Service is coded 33. The first 3 specifies Support Services - Student (Pupil) and the second 3 is Health Services.

Function	Title
10	Instruction and Instructional Related Services (provide direct interaction between staff and students to achieve learning)
	11 Instruction
	12 Instructional Resources and Media Services
	13 Curriculum Development and Instructional Staff Development
20	Instructional and School Leadership (leadership of staff who are providing instructional related services)
	21 Instructional Leadership
	23 School Leadership
30	Support Services (Pupil) (directly supports students)
	31 Guidance, Counseling and Evaluation Services
	32 Social Work Services
	33 Health Services
	34 Student (Pupil) Transportation
	35 Food Services
	36 Extracurricular Activities
40	Administrative Support Services (general administrative support services)
	41 General Administration
50	Support Services - Non-student Based (used to support district support services)
	51 Facilities Maintenance and Operations
	52 Security and Monitoring Services
	53 Data Processing Services
60	Ancillary Services (support services supplemental to the operation of the district)
	61 Community Services
70	Debt Service (payment of debt principal and interest)
	71 Debt Service
80	Capital Outlay (acquisition, construction or major renovation of district facilities)
	81 Facilities Acquisition and Construction
90	Intergovernmental Charges (transfer of resources to another governmental unit)
	91 Contracted Instructional Services Between Public Schools
	93 Payments to Fiscal Agent/Member Districts of Shared Services Arrangements
	95 Payments to Juvenile Justice Alternative Education Programs
	97 Payments to Tax Increment Fund
	99 Other Intergovernmental Charges

Organization Code

The organization code is a mandatory 3-digit code identifying the organization, i.e., High School, Middle School, Elementary School, Superintendent's office, etc. An organization code does not necessarily correspond with a physical location. The activity, not the location, defines the organization. Campuses are examples of organization codes and are specified for each school district in the Texas School Directory. Example: Expenditures for a high school might be classified as 001. This is a campus organization code that is defined in the Texas School Directory for that high school.

Organization

001-699
700
800-997
998-999

Title

Organization Units - Campuses
Organization Units - Administrative
Organization Units - Locally Defined
Unallocated/Undistributed Organization Unit - Local Option

Program Intent Code

The program intent code is a 2-digit code used to designate the intent of a program provided to students. These codes are used to account for the cost of instruction and other services that are directed toward a particular need of a specific set of students. The intent (the student group toward which the instructional or other service is directed) determines the program intent code, not the demographic makeup of the students served. Example: An entire class of physics is taught at the basic level. Program intent code 11 would designate Basic Educational Services.

Local Option Codes 1

The local option code is a 2-digit code for optional use to provide special accountability at the local level.

Object Code

The object code is a mandatory 4-digit code identifying the nature and object of an account, a transaction or a source. The first of the four digits identifies the type of account or transaction, the second digit identifies the major area, and the third and fourth digits provide further sub-classifications. Example: Money received for current year taxes is classified in account 5711. The 5 denotes revenue, the 7 shows Local and Intermediate Sources, the 1 denotes local real and personal property taxes revenue and the final 1 specifies current year levy.

FINANCIAL

The following summarizes the major categories of operating revenue codes.

5700 LOCAL & INTERMEDIATE SOURCES

5711	Current Taxes
5713	Delinquent Taxes
5719	Penalties, Interest & Other Taxes
5722	Shared Service Arrangements
5737	Services to Other Districts
5739	Tuition & Fees
5742	Interest
5743	Facility & Equipment Rentals
5746	T.I.F.
5749	Other Local Revenues
5752	Gate Receipts
5769	Other Intermediate Sources

5800 STATE PROGRAM REVENUES

5811	Available School Fund
5812	Foundation School Fund
5829	Other State Revenue
5831	TRS On-Behalf

5900 FEDERAL PROGRAM REVENUES

5920	Indirect Costs
5931	School Health & Related Services
5941	Impact Aide
5949	ROTC

The following summarizes the major categories of operating expenditure codes.

6100 PAYROLL COSTS

6110	Teachers and Other Professional Personnel
6120	Support Personnel
6130	Employee Allowances
6140	Employee Benefits

6200 PROFESSIONAL AND CONTRACTED SERVICES

6210	Professional Services
6220	Tuition and Transfer Payments
6230	Education Service Centers
6240	Contracted Maintenance and Repair Services
6250	Utilities
6260	Rentals – Operating Leases
6290	Miscellaneous Contracted Services

6300 SUPPLIES AND MATERIALS

6310	Supplies and Materials for Maintenance and/or Operations
6320	Textbooks and Other Reading Materials
6330	Testing Materials
6340	Food Service and Other Resale Items
6390	Supplies and Materials – General

6400 OTHER OPERATING EXPENDITURES

6410	Travel
6420	Insurance and Bonding Costs
6430	Election Costs
6440	Depreciation Expenditures
6490	Miscellaneous Operating Costs

6500 DEBT SERVICE

6510	Debt Principal
6520	Interest Expenditures
6590	Other Debt Service Expenditures

6600 CAPITAL OUTLAY – LAND, BUILDINGS AND EQUIPMENT

6610	Land Purchase and Improvement
6620	Building Purchase, Construction or Improvement
6630	Furniture and Equipment
6640	Fixed Assets – District Defined
6650	Fixed Assets Under Capital Leases

Sub-Object Code

The sub-object code is an optional 2-digit code that may be used by the district to further describe the transaction.

OTHER DISCLOSURES

District Goals and Objectives

The funding required by the District's goals has been included throughout the District budget in various funds.

Post-Employment Benefits

The District does not provide post-employment healthcare benefits except those mandated by Consolidated Omnibus Budget Reconciliation Act ("COBRA"). The requirements established by COBRA are fully funded by employees who elect coverage under the act, and no direct costs are incurred by the District. Therefore, there is no accrued obligation recorded in the District's financial statements.

Fund Balance

Beginning with fiscal year 2011, the District implemented GASB Statement No. 54 "Fund Balance Reporting and Governmental Fund Definitions." This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent. The following classifications describe the relative strength of the spending constraints:

Non-spendable Fund Balance - Amounts that are not in spendable form or are required to be maintained intact. As such, the inventory and prepaid items have been properly classified as Non-spendable Fund Balance.

Restricted Fund Balance - Amounts that can be spent only for specific purposes because of local, state or federal laws, or externally imposed conditions by grantors or creditors. The fund balances for grant funds are classified as restricted as is the fund balance in the Debt Service Fund.

FINANCIAL

Committed Fund Balance - Amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority (i.e. the Board of Trustees). To be reported as committed, amounts cannot be used for any other purposes unless the District takes the same highest level of action to remove or change the constraint. The District commits fund balance in the General Fund to set aside funds for disaster recoveries and special education residential treatments requirements. Fund balances in Capital Projects Funds are also committed.

Assigned fund balance - Amounts the District intends to use for a specific purpose. Intent can be expressed by the District or by an official or body to which the Board of Trustees delegates the authority. The District assigns fund balance for amounts encumbered on purchase orders.

FINANCIAL

Financial Forecasts

Basis of Assumptions

Clear Creek Independent School District utilizes a number of data points and underlying assumptions in developing long range financial forecasts. Due to the uncertainty associated with the current school funding system, State revenues are difficult to forecast beyond the 2019-2020 fiscal year. Clear Creek receives just over 28% of its total revenue from state sources. By conservatively forecasting state revenues, the District can closely approximate the total revenue picture in future years. Clear Creek's financial forecast is based on the following information and data sources.

Required Data

Data Source

Student Enrollment	Templeton Demographics
Staffing	CCISD Staffing Plans
Property Value - Current	Galveston Central Appraisal District
Property Value - Growth	Clear Creek ISD Tax Office
New School Construction	CCISD Long Range Facilities Master Plan
Major Maintenance & Renovation	CCISD Clear Plan 2020
Maintenance & Operations Tax Rate	State Tax Cap of \$1.17

Combined Statement of Revenues, Expenditures & Changes to Fund Balance

The three-year forecast of revenues, expenditures and changes in fund balance is provided over the next several pages. Forecasts are included for all governmental funds. All funds will be impacted by enrollment growth; however, the General Fund is hardest hit in a fast growth scenario. While capital and debt service funds naturally increase as bond programs are approved by voters, there are dedicated tax dollars to meet those financial needs. The General Fund, however, is the main operating fund of the District and is often pressed to meet the financial needs of a growing district. It includes the impact of continued increases in property values, student enrollment, and teaching staff to meet projected growth over the period. It also includes the impact of staffing the new school openings that are projected over the period as well as increased operational costs inherent with new and expanded campuses. Other Resources include proceeds from Bonds 2017 that are anticipated over the coming years.

Forecasts focus on two of the District's Strategic Goals as described on Page 4:

- Goal 1: We will foster a safe and nurturing environment.
- Goal 3: We will design and implement learning experiences that inspire student achievement, agency and growth..

Since property value growth and student enrollment have a huge impact on district costs, they are provided below for review.

Property Value Growth (4% per year)

<u>FY 2020-21</u>	<u>FY 2021-22</u>	<u>FY 2022-23</u>	<u>FY 2023-24</u>
\$ 26,035,232,083	\$ 27,076,641,366	\$28,159,707,021	\$29,286,095,302

Student Enrollment Growth (per Demographic Study)

<u>FY 2020-21</u>	<u>FY 2021-22</u>	<u>FY 2022-23</u>	<u>FY 2023-24</u>
42,565	42,800	42,971	43,136

FINANCIAL

Governmental Funds Forecast

The Governmental Funds financial forecast is reflective of the District's anticipated growth in student enrollment which drives state funding. Each fund is highlighted in the following pages with individual forecasts. A list of key inputs and assumptions that were used to develop each forecast is provided.

FINANCIAL

General Fund Forecast

Major Impacts on Revenue

The 83rd Texas Legislative session for the 2013-2015 biennium partially restored previous state budget cuts to CCISD. Although there are small increases in property growth, any increases in property tax revenues are offset by decreases in state funding due to the state funding formulas. The District anticipates continued student growth which will drive state revenues up. For the 2020-21 fiscal year, an enrollment gain of 282 students is anticipated and an enrollment gain of approximately 235 students is anticipated per year thereafter. Other resources include transfers from the Capital Fund to help balancing the budget.

Major Impacts on Expenditures

It is imperative that the District provide annual salary increases to employees to maintain a competitive salary structure. The forecast includes an annual 1% increase at a cost of approximately \$3.2 million per year. In addition, approximately twenty-one personnel units will be required at an annual cost of \$1.3 million to serve the enrollment growth that is projected. Annual departmental increases have been included as well. Other uses include \$3 million in transfers to the Capital Fund for technology replacements.

Description	Approved Budget 2020 - 2021	Forecast 2021-2022	Forecast 2022-2023	Forecast 2023-2024

Capital Projects Funds Forecast

Major Impacts

The projects outlined in the Capital Projects Fund Forecast involve four sets of funds: Bonds 2017, Bonds 2013, Bonds 2007, and the CCISD Capital Plan Fund.

Bond Programs: The major cost driver in the capital projects funds has been the construction and renovation of facilities. The bulk of these costs will be covered by the 2017 and 2013 Bonds. A recap of the Bonds 2013 \$367 million in projects and Bonds 2017 \$487 million in projects is also outlined below. These projects are slated to continue through August of 2021. Other resources include funds from the sale of Bonds 2017 that will take place over the next few years.

Major Maintenance and Capital Replacement: Major maintenance and capital replacement needs in existing facilities are also key inputs into the long-range Capital Funds forecast. The District established a Capital Replacement Fund with seed money from fund balance from the General Fund to meet these needs. The District's capital improvement plan is updated twice a year and it highlights projects for the next two years.

Project descriptions and timelines are included below.

FINANCIAL

Debt Service Fund Forecast

Major Impacts

The major cost driver in the Debt Service Fund is the size of voter approved bond programs. The forecast reflects the issuance of the bond proceeds from the 2017 bonds. It is anticipated that property growth from FY 2020-21 through FY 2022-23 will enable the District to balance this budget. The surplus fund balance is healthy and is part of the plan to cover increased debt service payments in the future without raising debt service tax rates for the bond programs.

Special Revenue Funds Forecast

Major Impacts

The Special Revenue Funds are dependent on continued federal and state government funding for various grant programs. Federal program funding, which makes up the majority of special revenue funds is expected to stay relative stable over the next three years with no big gains or losses in funds. State and local funding, however, has increased somewhat. Overall these funds are projected to grow at a 5.0% annual rate over the next three years. This includes 2.5% annually for inflation plus a modest 2.5% growth rate in programs.

Clear Creek ISD Strategic Plan Annual Implementation Plan FY 2020-21

ACTION PLAN

Strategy Number: I
Plan Number: 1
Date: 2020-2021

STRATEGY: We will foster a safe and nurturing environment.
SPECIFIC RESULT: An intentional focus on safety and security.
VISION FOR SPECIFIC RESULT(S): An intentional culture of safety permeates every aspect of district and campus activities. At the same time, all staff seek to create a nurturing environment where students are welcomed, their talents identified, and unique experiences are implemented to highlight students' talents. Students and staff are empowered to take ownership of, and responsibility for, the safety and security of district visitors, staff, students and property. Health and safety issues become a natural discussion topic in student and employee meetings. Specific actions are taken annually to enhance school health and safety.
CRITICAL ATTRIBUTES FOR THIS SPECIFIC RESULT: Employees and students recognize, and proactively eliminate health and safety hazards as they are encountered. Health and safety committees are a natural outgrowth of attention to creating/enhancing a safe and nurturing environment. The districtwide safety committee systematically reviews safety issues and recommends policies and procedures.

#	ACTION STEP	Assigned to:	Starting Date:	Due Date:	Completed Date:
1.	Identify and document current systems that promote safety and security.	Palazzi	May 2020	August 2020	
2.	Examine current parent safety training.	Palazzi			
3.	Review usage data of current safety and security systems.	Evans			
4.	Identify gaps in usage and capability of safety systems to include enhanced training for all groups.	Palazzi			
5.	Gather feedback from Safety Committee on functionality of current safety systems.	McLarty			
6.	Create implementation plan to address gaps in current safety systems, with a focus on systems improvements with a greater focus of safety in all aspects of school and district functions, to include but not limited to transportation and extracurricular activities.	McLarty			
7.	Review available safety systems.	Palazzi			
8.	Select additional safety systems as needed.	McLarty			
9.	Submit budget request for additional safety systems.	Palazzi			
10.	Provide professional learning as needed.	McBride			
11.	Implement additional safety systems.	Palazzi			
12.	Report mid-year communication safety system usage and effectiveness.	Polsen			
13.	Report end-of-year summative safety system usage.	Palazzi			
14.	Analyze effectiveness.	Evans			
15.	Modify based on analysis.	Palazzi			
Responsible:		McLarty			

ACTION PLAN

Strategy Number: I
Plan Number: 3
Date: 2020-2021

STRATEGY: We will foster a safe and nurturing environment.

SPECIFIC RESULT: Trauma-sensitive professional learning for all employees to support the social and emotional needs of students and staff.

VISION FOR SPECIFIC RESULT(S) Schools are safe and nurturing learning environments where all adults value and respect each student. Staff purposefully gain knowledge and skills in social and emotional learning and creating trauma sensitive environments. Students can achieve academic success when adults teach expected behaviors, treat each student with caring and respect, and correct in a positive manner geared toward learning and growth. Social and emotional learning occurs in a classroom environment where positive behavior expectations are modeled by adults and specific, well-designed lessons are taught that model the Core Values of trustworthiness, respect, responsibility, fairness, caring, and citizenship.

CRITICAL ATTRIBUTES FOR THIS SPECIFIC RESULT: All school and district employees are committed to teaching the CCISD Core Values, Social and Emotional competencies, and utilizing trauma-sensitive approaches. Each adult seeks to model the Core Values each and in every situation. Adults recognize the worth and dignity in each student. Character Strong or Leader in Me curriculum is implemented in a thoughtful and purposeful manner. Students are consistently provided leadership opportunities. When students violate expected standards of behavior, adults respond with calm and seek to teach students the skills needed to be successful in the future. Parents are full partners in teaching Core Values and skills to self-regulate.

#	ACTION STEP	Assigned to:	Starting Date:	Due Date:	Completed Date:
1.	Create implementation plan for a multi-tiered system for trauma-affected students and staff to include budget, professional learning, staffing and resources.	West			
2.	Analyze current procedures for supporting trauma-affected students and staff and improve as needed.	West			
3.	Identify priority groups of employees to provide professional learning in content and procedures.	West			
4.	Create an implementation plan that allows for professional learning for all employees over a defined period of time.	McBride			
5.	Develop calendar of professional learning.	McBride			
6.	Initiate professional learning.	West			
7.	Improve professional learning based on participant feedback.	McBride			
8.	Revise procedures based on professional learning to include systems to support trauma-affected students and staff that allow for collaborative, multi-tiered, multi-disciplinary teams including teachers, administrators, counselors, nurses, social workers, community agencies, etc.	West			
9.	Document professional learning completed.	McBride			
10.	Report annually professional learning completed.	West			
11.	Analyze effectiveness of professional learning based on student and staff data.	McBride			
12.	Modify based on analysis.	West			
Responsible:		Ebell			

FINANCIAL

ACTION PLAN

Strategy Number: II
Plan Number: 1
Date: 2020-2021

STRATEGY: We will design and implement learning experiences that inspire student achievement, agency and growth.
SPECIFIC RESULT: Expanded learning opportunities to foster growth for each learner.
VISION FOR THIS SPECIFIC RESULT: CCISD students are self-directed and self-motivated learners that value goal setting processes to achieve academic and behavioral success. Teachers design or co-create with each student, various pathways to support individual needs of students to lead to academic success. Multiple and diverse opportunities exist so that students can develop their interests and skills.
CRITICAL ATTRIBUTES FOR THIS SPECIFIC RESULT: Teachers and students understand what is to be learned and work together to identify appropriate goals and a plan for achieving each goal. This is a cyclical process, and as goals are reached, new ones are set. Teachers support students to learn to create their own goals and help them to learn how to incrementally accomplish goals to reach mastery of standards. Teachers help students understand themselves and encourage them to have an awareness of how they learn best. Students are encouraged to create their pathway, which may differ from their peers, to achieve each academic and behavioral goal.

#	ACTION STEP	Assigned to:	Starting Date:	Due Date:	Completed Date:
1.	Develop inventory by campus of all learning and pathway opportunities for each student.	Silva			
2.	Collect input from students, parents and staff on potential opportunities for new pathways.	Polsen			
3.	Develop standardized communication process for each level to share.	Polsen			
4.	Create systems to provide aligned programs, personnel and resources for districtwide implementation.	Silva			
5.	Communicate timeline and prerequisites for accessing learning opportunities/pathways.	Polsen			
6.	Create student course designed to determine student interests and equip students with opportunities for application of specific strength based skills.	Silva			
7.	Complete sign-up for learning opportunities/pathways.	Polsen			
8.	Implement a system of learning opportunities and pathways to allow for flexible scheduling based on student interests and curiosity.	Silva			
9.	Monitor participation and performance.	Evans			
10.	Review learning opportunities and levels of participation.	Silva			
11.	Celebrate success.	Polsen			
12.	Modify and revise based on feedback	Silva			
Responsible:		Ebell			

FINANCIAL

ACTION PLAN

Strategy Number: III
Plan Number: 1
Date: 2020-2021

STRATEGY: We will cultivate social and emotional capacity and a commitment to service before self.

SPECIFIC RESULT: Student and staff education to support social and emotional learning.

VISION FOR THIS SPECIFIC RESULT:

CRITICAL ATTRIBUTES FOR THIS SPECIFIC RESULT:

#	ACTION STEP	Assigned to:	Starting Date:	Due Date:	Completed Date:
1.	Assess current social and emotional learning programs.	West			
2.	Develop aligned social and emotional language and vocabulary for shared understanding.	West			
3.	Designate expected social and emotional competencies to include self-awareness, self-management, social awareness, relationship skills and responsible decision making.	West			
4.	Implement a systematic approach to social and emotional learning consistently to ensure each student has equitable access.	West			
5.	Create implementation plan that includes social and emotional learning skills instruction, integration with content areas, organizational, culture and climate strategies.	West			
6.	Develop expectations for staff to teach and model social and emotional learning capacities, time to teach, resources, professional learning and staffing.	Engle, Hughes			
7.	Integrate social and emotional concepts and ideas into curriculum.	Silva			
8.	Implement professional learning for all staff, including teachers and administrators, to support aligned districtwide implementation.	McBride			
9.	Deepen Core Values as an expected outcome of social and emotional learning.	West			
10.	Implement lessons and opportunities.	Silva			
11.	Monitor implementation.	Engle, Hughes			
12.	Survey students and teachers on the quality of social and emotional learning curriculum.	Evans			
13.	Make improvements based on feedback.	West			
Responsible:		Ebell			

FINANCIAL

ACTION PLAN

Strategy Number: IV
Plan Number: 2
Date: 2020-2021

STRATEGY: We will expand the organization's capacity to accomplish our strategic intent.
SPECIFIC RESULT: Professional learning supports and resources to enhance employee capacity.
VISION FOR THIS SPECIFIC RESULT: Employees are continually energized through new learning and application of new/improved skills. Supervisors meet with employees to develop professional growth targets and recommendations for professional learning opportunities to expand skills to benefit students and the school district.
CRITICAL ATTRIBUTES FOR THIS SPECIFIC RESULT: Employees use qualitative and quantitative data to professional growth needs. Employees in collaboration with their supervisor identify a shared goal at the campus or department and a personalized professional learning goal that supports the shared goal. Employees are supported with resources, leadership, data, learning designs, implementation over time and an explicit connection to performance standards.

#	ACTION STEP	Assigned to:	Starting Date:	Due Date:	Completed Date:
1.	Expand professional learning plan for employees to include foundational components of student behavior management, lesson design/implementation and social and emotional learning.	Davila, West			
2.	Establish school wide behavior plans, teaching plans, and Professional Learning Community plans to include essential tools and processes as defined by CCISD.	Davila, West			
3.	Review district recruitment, retention, and hiring data.	O'Pry			
4.	Create plan to recruit, develop, and retain employees reflective of the student population.	O'Pry			
5.	Conduct employee surveys on professional learning including but not limited to student behavior, classroom management and instructional support.	McBride			
6.	Design and offer professional learning based on survey results.	McBride			
7.	Gather and review campus reports to assess the impact of professional learning.	McBride			
8.	Monitor impact and make improvements as needed.	McBride			
Responsible:		Ebell			

ACTION PLAN

Strategy Number: IV
Plan Number: 3
Date: 2020-2021

STRATEGY: We will expand the organization's capacity to accomplish our strategic intent.
SPECIFIC RESULT: A system of professional learning communities to support the growth and development of teachers.
VISION FOR THIS SPECIFIC RESULT: Educators are continually energized through new learning and application of new/improved skills. Campus administrators meet with teachers to develop student-centered targets for student learning. Administrators observe teachers and provide specific, meaningful feedback to improve teaching. Teachers meet multiple times throughout the year with the administrator to discuss student performance data, share instructional strategies, and reflect on student outcomes. The administrator provides questions for reflection for the teacher which lead to meaningful professional learning experiences to improve teaching and learning.
CRITICAL ATTRIBUTES FOR THIS SPECIFIC RESULT: Teachers and professional staff use qualitative and quantitative data to determine student and educator learning needs. Teachers in collaboration with their principal and instructional coaches identify a shared goal at the campus, department or grade level for student and educator learning <u>and</u> a personalized professional learning goal that supports the shared goal. Teachers, in professional learning communities, partner with instructional coaches to select and implement appropriate evidence-based strategies to achieve student and educator learning goals. Teachers are supported at their school with resources, leadership, data, learning designs, implementation over time and an explicit connection to performance standards. Teachers use student evidence to monitor and refine implementation of new teaching strategies. Teachers, instructional coaches and principals evaluate student results. Professional learning communities share their findings with other campus and district teachers to ensure equity of a strong teaching and learning connection across all campuses in our district.

#	ACTION STEP	Assigned to:	Starting Date:	Due Date:	Completed Date:
1.	Gather data on professional learning communities by campus.	McBride			
2.	Develop CCISD playbook for professional learning community expectations.	McBride			
3.	Provide professional learning for implementation of professional learning community expectations.	McBride			
4.	Implement professional learning communities at each campus, in each department/grade level with the support and involvement of instructional coaches and campus administrators.	Engle, Hughes, McBride			
5.	Provide ongoing professional learning opportunities to coaches and campus administrators to support the implementation of professional learning communities.	McBride			
6.	Collect related student performance data.	Evans			
7.	Report end of year data on the implementation of professional learning communities.	Evans			
8.	Make improvements as needed.	McBride			
Responsible:		Ebell			

Outcome: Increased student enrichment opportunities. Improvement of academic achievement on multiple measures at each school. Year to be completed: 2020

FINANCIAL

ACTION PLAN

Strategy Number: V
Plan Number: 2
Date: 2020-2021

STRATEGY: We will ensure our community, parents, staff, and students exercise shared ownership of our mission.
SPECIFIC RESULT: A reimagined experience for community, parents, staff and students based on choice, personalization and accessibility.
VISION FOR THIS SPECIFIC RESULT: All students, parents, and employees receive communication that is timely and actionable. Employees are fully informed of district and school operations in routine events and during emergency situations. Information from the district is provided at a rate and quality that ensures employees make decisions that ensure students are safe. Students and parents use district provided communication methods to send and receive information.
CRITICAL ATTRIBUTES FOR THIS SPECIFIC RESULT: The district identifies specific methods of communication to students, parents, and employees. The district uses these methods of communication in daily operations and during emergency situations. Information communicated to students and parents is accurate and timely. Parents and students trust the communication from the school and the district.

#	ACTION STEP	Assigned to:	Starting Date:	Due Date:	Completed Date:
1.	Analyze various methods of communication and target communication to specific audiences for the school year.	Polsen			
2.	Develop communication plan identifying audiences and communication timelines for each group.	Polsen			
3.	Develop a budget to fund implementation of communication plan.	Polsen			
4.	Enhance community-based accountability system for District and campuses.	Polsen			
5.	Provide professional learning opportunities to staff on new ways to communicate and engage with parents.	Polsen, McBride			
6.	Initiate targeted communication pieces to begin new school year.	Polsen			
7.	Survey parents determine effectiveness of communication.	Evans			
8.	Analyze and report results.	Polsen			
9.	Adjust and modify communication for the future.	Polsen			
Responsible:		Polsen			

ACTION PLAN

Strategy Number: V
Plan Number: 4
Date: 2020-2021

STRATEGY: We will ensure our community, parents, staff, and students exercise shared ownership of our mission.
SPECIFIC RESULT: Increased inclusivity for all.
VISION FOR THIS SPECIFIC RESULT:
CRITICAL ATTRIBUTES FOR THIS SPECIFIC RESULT:

#	ACTION STEP	Assigned to:	Starting Date:	Due Date:	Completed Date:
1.	Collect and review data on interactions, perceptions, and understanding.	Evans			
2.	Determine needed improvements.	Polsen			
3.	Research and identify resources to utilize in learning opportunities.	Polsen			
4.	Budget and purchase necessary resources.	Polsen			
5.	Develop plan for learning opportunities for community, parents, staff and students.	Polsen			
6.	Share learning opportunities calendar with community, parents, staff and students.	Polsen			
7.	Implement learning opportunities and a system for learning and networking across groups.	Polsen			
8.	Monitor implementation of new initiatives.	Polsen			
9.	Review data and adjust as needed.	Polsen			
Responsible:		Polsen

Campbell Elementary School

6605 W League City Pkwy

League City, TX 77573

The Clear Creek Independent School District built Florence Campbell Elementary School as part of the 2017 Bond Program during the 2018-19 school year to address the extreme overcrowding in the western part of League City. It is the District's 27th elementary campus and will be home to around 600 new students in August 2019. It is also the new site of the Galveston-Brazoria Cooperative for the Deaf and Hard of Hearing.

Principal: Erin Tite

District General & Administrative

League City, TX 77573

Deputy Superintendent of Business & Support Services - District: Paul McLarty

Departmental Description:

The office of General and Administrative Services is not a department in the conventional sense. It acts as a catchall for services and expenditures that are district-wide in nature and do not fit with our other departments. This includes copiers, insurance, legal services, utilities, workers compensation, unemployment, vehicle replacement, teacher retirement payments, and district-wide services.

INFORMATIONAL SECTION

INFORMATIONAL

The Economy

Economy and Demographics

The following information has been derived from various sources, including the Texas Municipal Reports published by the Municipal Advisory Council of Texas, U.S. Census data, area Chamber of Commerce and District officials. While such sources are believed to be reliable, no representation is made as to the accuracy thereof.

Industrial Economic Base

The District currently enjoys a stable economic environment and local indicators point to continued growth. The economy of the District and its surrounding area is diversified, with oil and gas as the base of industrial activity. The abundance of key natural resources along the Texas Gulf Coast has created the country's greatest concentration of petrochemical complexes within the overall coastal area. Though District industries are largely petrochemical in nature, they are not exclusively so. Originally a rice farming and ranching area, the lakes and waterways of the District offer not only boating and fishing sports and revenues from recreational tourist facilities, but also represent a hub of industrial development lining the nearby Houston Ship Channel.

The National Aeronautics and Space Administration ("NASA") Lyndon B. Johnson Space Center (JSC) is the hub of human exploration. NASA-JSC is home to the International Space Station, Commercial Crew Program, Orion, Mission Control and the Astronaut Corps. NASA-JSC is an important part of the Clear Lake economy, employing over 3,000 civil servants and 8,000 contractors. In addition, Space Center Houston, a visitor complex and educational facility, has approximately 800,000 visitors annually.

A major employment base in the general area has been the Bayport Industrial Development ("Bayport"), a planned industrial development of approximately 10,750 acres with approximately 62 industrial plants in operation. Bayport is located in southeast Harris County approximately 23 miles from the central business district of the City of Houston. It includes a 40-foot deep water port and channel facility connected to the Houston Ship Channel, barge dock facilities, a pipeline network and railroad service lines.

The Baybrook Mall serves the southeast metropolitan Houston Area and Galveston County. The mall contains 1.1 million leasable square feet and is anchored by four major department stores.

Presently serving the Clear Lake area are four general hospitals, Clear Lake Regional Medical Center in the City of Webster with 482 beds; Memorial Hermann Southeast Hospital in the City of Houston with 256 beds; UTMB Health in League City; and Methodist Hospital in the City of Nassau Bay with 135 beds.

Residential Development

The major residential development in CCISD is occurring in the Westwood Subdivision in League City with 218 vacant developed lots and 593 future lots. Active development is occurring at Magnolia Creek in League City with 167 vacant developed lots and 30 future lots, Hidden Lakes in League City with 160 vacant developed lots, The Reserve at Clear Lake City with 125 vacant developed lots, and The Reserve at Lake City with 108 vacant developed lots. Future development is expected at the Westland Ranch in League City in League City with 1,026 future lots. In addition, Westwood Subdivision in League City and Coastal Point in League City have 593 and 542 future lots respectively. Overall, the District has more than 3,200 future lots to build on and nearly 1,270 vacant developed lots.

Educational Facilities

Also serving the area is the University of Houston-Clear Lake, constructed on a 524-acre site in the District, with enrollment of approximately 8,600 students. In 2011, the University gained approval from the state to add freshman and sophomore level courses to its roster and welcomed its first freshman class in the fall of 2014.

The San Jacinto Junior College District operates a South Campus on 13735 Beamer Road with a current enrollment of approximately 10,817 students. The San Jacinto College Clear Creek Extension Center is located at Clear Creek High School in League City. Students living in the Clear Creek Independent School District pay in-district fees for classes taken at the extension center. Classes are offered Tuesday through Thursday evenings.

The College of the Mainland in Texas City, Texas is a junior college, which also offers mandatory continuing education classes for realtors and travel agents in the Clear Lake area at a local hotel and travel agency. Currently, there are approximately 4,148 full time students enrolled.

Harris County Economic Base

A significant portion of the District is located in Harris County (the "County"), the most populous county in the State of Texas, with a 2010 estimated population of 4,092,459, an increase of approximately 20.35% since 2000. The County's economy is based on industry, mineral production, shipping and agriculture.

Harris County is a highly industrialized county with manufacturing plants producing petroleum refining, chemicals, food, fabricated metal products, non-electric machinery, primary metals, scientific instruments, paper and allied products and printing and publishing. Harris County is also a corporate management center, a center of energy, space and medical research centers and a center of international business. Harris County contains the nation's largest concentration of petrochemical plants and the largest U.S. wheat

exporting port which is among the top U.S. ports in the value of foreign trade and total tonnage.

Galveston County Economic Base

Galveston County is located on the Gulf Coast. Port activities dominate the economy but also included are insurance and finance centers, petrochemical plants, varied manufacturing, tourism, medical educational center, oceanographic research center, ship building, and commercial fishing. Galveston County had a 2000 United States Census population of 250,158 which grew to 291,309 in 2010, an increase of 16.50% since 2000.

INFORMATIONAL

The Kemah Boardwalk, located 20 miles from downtown Houston, has over 4.5 million visitors annually. The Kemah Boardwalk features restaurants like Joe's Crab Shack, The Flying Dutchman, Cadillac Bar, Landry's Seafood House, Saltgrass Steakhouse, Kemah Crabhouse, Babin's Seafood House, and the Aquarium Restaurant featuring a 50,000-gallon aquarium brimming with marine life. There are dancing fountains, midway games, amusement park rides and retail specialty shops. The seaside hotel, The Boardwalk Inn, provides upscale accommodations on the Boardwalk. Adjacent to the Kemah Boardwalk is the Kemah Lighthouse Shopping District featuring over 30 specialty shops, numerous Bed and Breakfast accommodations, and numerous restaurants.

State and Local Funding of School Districts in Texas

Litigation Relating to the Texas Public School Finance System

On April 9, 2001, four property wealthy districts filed suit in the 250th District Court of Travis County, Texas (the "District Court") against the Texas Education Agency, the Texas State Board of Education, the Texas Commissioner of Education (the "Commissioner") and the Texas Comptroller of Public Accounts in a case styled West Orange-Cove Consolidated Independent School District, et al. v. Neeley, et al. The plaintiffs alleged that the \$1.50 maximum maintenance and operations ("M&O") tax rate had become in effect a state property tax, in violation of Article VIII, Section 1-e of the Texas Constitution, because it precluded them and other school districts from having meaningful discretion to tax at a lower rate. Forty school districts intervened alleging that the Texas public school finance system (the "Finance System") was inefficient, inadequate, and unsuitable, in violation of Article VII, Section 1 of the Texas Constitution, because the State of Texas (the "State") did not provide adequate funding. As described below, this case has twice reached the Texas Supreme Court (the "Supreme Court"), which rendered decisions in the case on May 29, 2003 ("West Orange-Cove I") and November 22, 2005 ("West Orange-Cove II"). After the remand by the Supreme Court back to the District Court in West Orange-Cove I, 285 other school districts were added as plaintiffs or interveners. The plaintiffs joined the interveners in their Article VII, Section 1 claims that the Finance System was inadequate and unsuitable, but not in their claims that the Finance System was inefficient.

On November 30, 2004, the final judgment of the District Court was released in connection with its reconsideration of the issues remanded to it by the Supreme Court in West Orange-Cove I. In that case, the District Court rendered judgment for the plaintiffs on all of their claims and for the interveners on all but one of their claims, finding that (1) the Finance System was unconstitutional in that the Finance System violated Article VIII, Section 1-e of the Texas Constitution because the statutory limit of \$1.50 per \$100.00 of taxable assessed valuation on property taxes levied by school districts for maintenance and operation purposes had become both a floor and a ceiling, denying school districts meaningful discretion in setting their tax rates; (2) the constitutional mandate of adequacy set forth in Article VII, Section 1, of the Texas Constitution exceeded the maximum amount of funding available under the funding formulas administered by the State; and (3) the Finance System was financially inefficient, inadequate, and unsuitable in that it failed to provide sufficient access to revenue to provide for a general diffusion of knowledge as required by Article VII, Section 1, of the Texas Constitution.

The intervening school district groups contended that funding for school operations and facilities was inefficient in violation of Article VII, Section 1 of the Texas Constitution, because children in property-poor districts did not have substantially equal access to education revenue. All of the plaintiff and intervener school districts asserted that the Finance System could not achieve "[a] general diffusion of knowledge" as required by Article VII, Section 1 of the Texas Constitution, because the Finance System was underfunded. The State, represented by the Texas Attorney General, made a number of arguments opposing the positions of the school districts, as well as asserting that school districts did not have standing to challenge the State in these matters.

In West Orange-Cove II, the Supreme Court's holding was twofold: (1) that the local M&O tax had become a state property tax in violation of Article VIII, Section 1-e of the Texas Constitution and (2) the deficiencies in the Finance System did not amount to a violation of Article VII, Section 1 of the Texas Constitution. In reaching its first holding, the Supreme Court relied on evidence presented in the District Court to conclude that school districts did not have meaningful discretion in levying the M&O

tax. In reaching its second holding, the Supreme Court, using a test of arbitrariness determined that: the public education system was "adequate," since it is capable of accomplishing a general diffusion of knowledge; the Finance System was not "inefficient," because school districts have substantially equal access to similar revenues per pupil at similar levels of tax effort, and efficiency does not preclude supplementation of revenues with local funds by school districts; and the Finance System does not violate the constitutional requirement of "suitability," since the Finance System was suitable for adequately and efficiently providing a public education.

In reversing the District Court's holding that the Finance System was unconstitutional under Article VII, Section 1 of the Texas Constitution, the Supreme Court stated: Although the districts have offered evidence of deficiencies in the public school finance system, we conclude that those deficiencies do not amount to a violation of Article VII, Section 1. We remain convinced, however, as we were sixteen years ago, that defects in the structure of the public school finance system expose the system to constitutional challenge. Pouring more money into the system may forestall those challenges, but only for a time. They will repeat until the system is overhauled.

In response to the intervener districts' contention that the Finance System was constitutionally inefficient, the West Orange-Cove II decision states that the Texas Constitution does not prevent the Finance System from being structured in a manner that results in gaps between the amount of funding per student that is available to the richest districts as compared to the poorest district, but reiterated its statements in Edgewood Independent School District v. Meno, 917 S.W.2d 717 (Tex. 1995) ("Edgewood IV") that such funding variances may not be unreasonable. The Supreme Court further stated that "[t]he standards of Article VII, Section 1 - adequacy, efficiency, and suitability - do not dictate a particular structure that a system of free public schools must have." The Supreme Court also noted that "[e]fficiency requires only substantially equal access to revenue for facilities necessary for an adequate system, "and the Supreme Court agreed with arguments put forth by the State that the plaintiffs had failed to present sufficient evidence to prove that there was an inability to provide for a "general diffusion of knowledge" without additional facilities.

Funding Changes in Response to West Orange-Cove II

In response to the decision in West Orange-Cove II, the Texas Legislature (the "Legislature") enacted House Bill 1 ("HB 1"), which made substantive changes in the way the Finance System is funded, as well as other legislation which, among other things, established a special fund in the State treasury to be used to collect new tax revenues that are dedicated under certain conditions for appropriation by the Legislature to reduce M&O tax rates, broadened the State business franchise tax, modified the procedures for assessing the State motor vehicle sales and use tax and increased the State tax on tobacco products (HB 1 and other described legislation are collectively referred to herein as the "Reform Legislation"). The Reform Legislation generally became effective at the beginning of the 2006-07 fiscal year of each district.

Current Public School Finance System

Overview

During the 2019 legislative session, the Texas Legislature made numerous changes to the Finance System, including particularly those contained in House Bill 3 ("HB 3"). In some instances, the provisions of HB 3 will require further interpretation by the District and TEA. The District is still in the process of (a) analyzing the provisions of HB 3 and (b) monitoring the on-going guidance provided by TEA. The information contained herein reflects the District's understanding of HB 3 based on information available to the District as of the date of this Remarketing Memorandum, which is subject to change. The following language constitutes only a summary of the Finance System as it is currently structured. For a more complete description of school finance and fiscal management in the State, reference is made to Chapters 43 through 49 of the Texas Education Code, as amended.

INFORMATIONAL

Local funding is derived from collections of ad valorem taxes levied on property located within each district's boundaries. School districts are authorized to levy two types of property taxes: a limited maintenance and operations ("M&O") tax to pay current expenses and an unlimited interest and sinking fund ("I&S") tax to pay debt service on bonds. School districts may not levy surplus M&O taxes for the purpose of paying debt service on bonds. A district is authorized to levy their M&O tax at a constitutionally mandated and voter-approved rate of up to \$1.50 per \$100 of taxable value in the district. Current law also requires school districts to demonstrate their ability to pay debt service on outstanding bonded indebtedness through the levy of an I&S tax at a rate not to exceed \$0.50 per \$100 of taxable value at the time bonds are issued. Once bonds are issued, however, districts may levy a tax sufficient to pay debt service on such bonds unlimited as to rate or amount. Because property values vary widely among school districts, the amount of local funding generated among school districts for the same tax rate is also subject to wide variation.

Prior to the 2019 Legislative Session, a district's maximum M&O tax rate for a given tax year was determined by multiplying that district's 2005 M&O tax rate levy by a compression percentage set by legislative appropriation or, in the absence of legislative appropriation, by the Commissioner of Education. This compression percentage was historically set at 66.67%, effectively setting the maximum compressed M&O tax rate for most school districts at \$1.00 per \$100 of taxable value. School districts were permitted, however, to generate additional local funds by raising their M&O tax rate up to \$0.04 above the compressed tax rate or, with voter-approval at a valid election in the district, by up to \$0.17 above the compressed rate (for most districts, between \$1.04 and \$1.17 per \$100 of taxable value). District's received additional State funds in proportion to such taxing effort.

Local Funding for School Districts

In HB 3, the 86th Texas Legislature made several significant changes to the funding methodology for school districts. HB 3 orders a district's M&O tax rate into two distinct parts: The Tier One Tax Rate and the Enrichment Tax Rate applies a legislatively appropriated State Compression Percentage (each term as described below) or a higher rate of compression, as appropriate.

State Compression Percentage. The "State Compression Percentage" is a statutorily-defined percentage of the rate of \$1.00 per \$100 that is necessary to receive the full amount of State aid. The State Compression Percentage is set at 93% per \$100 of taxable value for the 2019-2020 school year, effectively setting the fiscal year 2019-2020 Tier One Tax Rate for most school districts at \$0.93 cents. In the 2020-2021 school year, the State Compression Percentage is anticipated to decline, based on statewide average property value growth, to 91.65%. It will decline further in future years if statewide average property values grow at a rate that is greater than 2.5%.

Tier One Tax Rate. For school year 2019-2020, the Tier One Tax Rate is defined as the lesser of the State Compression Percentage multiplied by \$1.00 or the total number of cents levied by the district for the 2018-2019 school year for M&O purposes (excluding tax rate increases in response to declared disasters as described below), multiplied by the State Compression Percentage. Beginning with the 2020-2021 school year, a district must reduce its compression percentage to a rate lower than the State Compression Percentage if the taxable value in the district has increased by more than 2.5% over the prior year.

Enrichment Tax Rate. The Enrichment Tax Rate is defined as any tax effort in excess of the Tier One Tax Rate and less than \$1.17. The Enrichment Tax Rate is divided into two components, commonly known as "Golden Pennies" and "Copper Pennies." Golden Pennies refer to the first eight cents of taxing effort above the Tier One Tax Rate. Copper Pennies refer to any taxing effort above the sum of the Tier One Tax Rate and Golden Pennies, but less than or equal to the sum of (1) \$0.17, plus (2) the product of the State Compression Percentage, multiplied by \$1.00. For the 2019-2020 tax year, this maximum value for most districts is \$1.10.

INFORMATIONAL

Districts are entitled to a guaranteed yield (i.e., the guaranteed level of local tax revenue and State aid generated) for each Golden Penny or Copper Penny levied in addition to the Tier One Tax Rate. However, in years for which the guaranteed yield per Copper Penny is increased, a district may be required to reduce its M&O tax rate for that school year if it levies Copper Pennies

State Funding for School Districts

State funding for school districts is provided through the Foundation School Program, which provides each district with a State appropriated baseline level of funding (the "Basic Allotment") for each student in "Average Daily Attendance" (being the sum of student attendance for each State-mandated day of instruction divided by the number of State-mandated days of instruction, defined herein as "ADA"). The Basic Allotment per student is revised downward if a district's Tier One Tax Rate does not meet or exceed a State-determined threshold (currently \$0.93 per \$100 of taxable value). This Basic Allotment is supplemented by additional State funds, allotted based upon the unique district characteristics and demographics of students in ADA, to make up most of a district's basic level of State funding (referred to herein as "Tier One") under the Foundation School Program. Tier One is then "enriched" with additional funds known as "Tier Two" of the Foundation School Program. Tier Two provides a guaranteed level of funding for each cent of a district's Enrichment Tax Rate, which is the M&O tax effort that exceeds the Tier One Tax Rate. The Finance System also provides an Existing Debt Allotment ("EDA") to subsidize debt service on eligible outstanding district bonds, an Instructional Facilities Allotment ("IFA") to subsidize debt service on newly issued bonds, and a New Instructional Facilities Allotment ("NIFA") to subsidize operational expenses associated with the opening of a new instructional facility. IFA primarily addresses the debt service needs of property-poor districts. In 2019, the 86th Texas Legislature appropriated funds in the amount of \$1,323,444,300 for the 2020-2021 State fiscal biennium for the EDA, IFA, and NIFA.

Tier One and Tier Two allotments represent the State's share of the cost of M&O expenses of districts, with local M&O taxes representing the district's local share. EDA and IFA allotments supplement a district's local I&S taxes levied for debt service on eligible bonds issued to construct, acquire and improve facilities. Tier One and Tier Two allotments and EDA and IFA allotments are generally required to be funded each year by the Texas Legislature. Since future-year IFA awards were not funded by the Texas Legislature for the 2020-21 State fiscal biennium and debt service assistance on district bonds that are not yet eligible for EDA is not available, debt service on new bonds issued by districts to construct, acquire and improve facilities must be funded solely from local I&S taxes.

Tier One allotments are intended to provide all districts a basic level of education necessary to meet applicable legal standards. Tier Two allotments are intended to guarantee each district that is not subject to the wealth transfer provisions described below an opportunity to supplement Tier One at a level of its own choice; however, Tier Two allotments may not be used for the payment of debt service or capital outlay.

As described above, Tier One funding is based on an allotment per student known as the "Basic Allotment." For the 2020-21 State fiscal biennium, the Basic Allotment for districts with an M&O tax rate of at least \$0.93 cents is \$6,160 for each student in ADA and is revised downward for districts with a lower M&O tax rate. The Basic Allotment is then supplemented for all districts by various weights to account for differences among districts and their student populations. Such additional allotments include, but are not limited to, increased funds for students in ADA who: (i) attend a qualified special education program, (ii) are diagnosed with dyslexia or a related disorder, (iii) are economically disadvantaged, or (iv) have limited English language proficiency. Additional allotments to mitigate differences among districts include, but are not limited to: (i) a transportation allotment for mileage associated with transporting students who reside two miles or more from their home campus, (ii) a fast growth allotment (for districts in the top 25% of enrollment growth relative to other districts), and (iii) a college, career and military readiness allotment to further Texas' goal of increasing the number of student who attain post-secondary education or workforce credential. The sum of a district's Basic Allotment and all statutory adjustments, divided by \$6,160, is that district's

INFORMATIONAL

measure of students in "Weighted Average Daily Attendance" ("WADA"), which serves to calculate Tier Two funding.

Tier Two supplements the basic funding of Tier One and provides two levels of enrichment with different guaranteed yields (i.e., guaranteed levels of State and local funds per cent of tax effort) depending on the district's Enrichment Tax Rate. The first eight cents of tax effort that exceeds a district's Tier One Tax Rate (Golden Pennies) will generate a guaranteed yield equal to the greater of (i) the local revenue per student in WADA per cent of tax effort available to a school district at the 96th percentile of wealth per student in WADA, or (ii) the Basic Allotment multiplied by 0.016 per student in WADA per cent of tax effort. For the 2020-21 State fiscal biennium, the guaranteed yield will be \$98.56 per WADA per cent of tax effort above \$0.93 up to \$1.01 per \$100 taxable value.

The second level of Tier Two is generated by tax effort that exceeds the district's Tier One Tax Rate plus eight cents (Copper Pennies) and has a guaranteed yield per cent per WADA of the Basic Allotment multiplied by 0.008. For the 2020-2021 State fiscal biennium, the guaranteed yield will be \$49.28 per WADA per cent of tax effort above \$1.01, up to eleven cents of tax effort.

In addition to the operations funding components of the Foundation School Program discussed above, the Foundation School Program provides a facilities funding component consisting of the IFA program and the EDA program. These programs assist school districts in funding facilities by, generally, equalizing a district's I&S tax effort. The IFA guarantees each awarded district a specified amount per student (the "IFA Guaranteed Yield") in State and local funds for each cent of tax effort to pay the principal of and interest on eligible bonds issued to construct, acquire, renovate or improve instructional facilities. The guaranteed yield per cent of local tax effort per student in ADA has been \$35 since this program first began in 1997. New awards of IFA are only available if appropriated funds are allocated for such purpose by the State Legislature. To receive an IFA award, in years where the new IFA awards are available, a district must apply to the Commissioner in accordance with rules adopted by the TEA before issuing the bonds to be paid with IFA State assistance. The total amount of debt service assistance over a biennium for which a district may be awarded is limited to the lesser of (1) the actual debt service payments made by the district in the biennium in which the bonds are issued; or (2) the greater of (a) \$100,000 or (b) \$250 multiplied by the number of students in ADA. The IFA is also available for lease-purchase agreements and refunding bonds meeting certain prescribed conditions. Once a district receives an IFA award for bonds, it is entitled to continue receiving State assistance for such bonds without reapplying to the Commissioner. The guaranteed level of State and local funds per student per cent of local tax effort applicable to the bonds may not be reduced below the level provided for the year in which the bonds were issued. The 86th State Legislature did not appropriate any funds for new IFA awards for the 2020-2021 State fiscal biennium; however, awards previously granted in years the State Legislature did appropriate funds for new IFA awards will continue to be funded. State financial assistance is provided for certain existing eligible debt issued by school districts through the EDA program. Until recently, the EDA guaranteed yield (the "EDA Yield") was the same as the IFA Guaranteed Yield (\$35 per cent of local tax effort per student in ADA). The 85th Texas Legislature changed the EDA Yield to the lesser of (i) \$40 or a greater amount for any year provided by appropriation; or (ii) the amount that would result in a total additional EDA of \$60 million more than the EDA to which districts would have been entitled to if the EDA Yield were \$35. The yield for the 2019-2020 fiscal year is approximately \$37. The portion of a district's local debt service rate that qualifies for EDA assistance is limited to the first 29 cents of debt service tdx (or a greater amount for any year provided by appropriation by the Texas Legislature). In general, a district's bonds are eligible for EDA assistance if (i) the district made payments on the bonds during the final fiscal year of the preceding State fiscal biennium, and (ii) the district levied taxes to pay the principal of and interest on the bonds for that fiscal year. Each biennium, access to EDA funding is determined by the debt service taxes collected in the final year of the preceding biennium. A district may not receive EDA funding for the principal and interest on a series of otherwise eligible bonds for which the district receives IFA funding.

INFORMATIONAL

A district may also qualify for a NIFA allotment, which provides assistance to districts for operational expenses associated with opening new instructional facilities. The 86th Texas Legislature appropriated funds in the amount of \$100,000,000 for each of the 2019-2020 and 2020-2021 State fiscal years for NIFA allotments.

Wealth Transfer Provisions

Some school districts in Texas have sufficient property wealth per student in WADA to generate their statutory level of funding through collections of local property taxes alone. Certain districts whose property tax base can generate local M&O revenues in excess of the State entitlement are subject to the wealth equalization provisions contained in Chapter 49, as amended, Texas Education Code ("Chapter 49"). Such districts are referred to herein as "Chapter 49 districts." For most Chapter 49 districts, wealth equalization entails a process known as "recapture," paying the portion of the district's local share in excess of the guaranteed yield to the State (for redistribution to other school districts) or otherwise expending M&O tax revenues for the benefit of students in districts that are not subject to Chapter 49.

In 2019, the 86th Texas Legislature adopted substantial changes to the wealth transfer provisions of the Texas Education Code. Whereas the recapture process had previously been based on the proportion of a district's assessed property value per student in WADA, recapture is now measured by the "local revenue level" (being the local share of the relevant portion of the Foundation School Program) in excess of the entitlements appropriated by the Legislature each fiscal biennium. Therefore, districts are now guaranteed that recapture will not reduce revenue below their statutory entitlement. The changes to the wealth transfer provisions are expected to reduce the cumulative amount of recapture payments paid by school districts by approximately \$3.6 billion during the 2020-2021 State fiscal biennium.

Tax Rate and Funding Equity. The Texas Commissioner of Education (the "Commissioner") may adjust a district's funding entitlement if the funding formulas used to determine the district's entitlement result in an unanticipated loss or gain for a district. Any such adjustment requires preliminary approval from the Legislative Budget Board and the office of the Governor, and such adjustments may only be made through the 2020-2021 school year. Further, current law includes a mechanism designed to ensure that districts can have no greater than a 10% difference in maximum compressed tax rates for the 2020-2021 school year and beyond.

Additionally, the Commissioner may proportionally reduce the amount of funding a district receives under the Finance System and the ADA calculation if the district operates on a calendar that provides less than the State-mandated minimum instruction time in a school year. The Commissioner may also adjust a district's ADA as it relates to State funding where disaster, flood, extreme weather or other calamity has a significant effect on a district's attendance. Furthermore, "property-wealthy" school districts which received additional State funds under the prior State funding regime are entitled to an equalized wealth transition grant on an annual basis through the 2023-2024 school year in an amount equal to the amount of additional revenue such district would have received under former Texas Education Code Sections 41.002(e) through (g), as those sections existed on January 1, 2019. This grant is phased out through the 2023-2024 school year as follows: (1) 20% reduction for the 2020-2021 school year, (2) 40% reduction for the 2021-2022 school year, (3) 60% reduction for the 2022-2023 school year, and (4) 80% reduction for the 2023-2024 school year.

Recapture. Similar to prior law, Chapter 49 districts must pay the surplus local revenue in excess of entitlement to the State for redistribution to other school districts or directly to other school districts with a local revenue level that does not generate local funds sufficient to meet the statutory level of funding. Chapter 49 districts must exercise certain options, described in more detail below, in order to reduce "their local revenue level in excess of entitlement," as determined by formulas set forth in Section 48.257 of the Texas Education Code. **Tier One Funding.** In the 2020-2021 State fiscal biennium, the guaranteed level of State and local

INFORMATIONAL

funds varies for each component of a district's M&O tax rate. Generally, a district's Tier One Tax Rate (as the equivalent of the State Compression Percentage) is set at 93% or lower by appropriation, multiplied by \$1.00 per \$100 of property valuation (except for districts taxing at a rate of less than \$1.00 for the 2018-2019 school year). The Tier One Tax Rate for such districts for the 2019-2020 school year would be the State Compression Percentage applied to the number of cents levied by the district for the 2018-2019 school year.) Revenue from this tax rate, combined with any state aid in Tier One, generate the district's total Tier One entitlement. Revenue in excess of the local share of Tier One is returned to the State in the form of recapture.

Tier Two Funding. Under current law, the Golden Pennies of a district's Enrichment Tax Rate will generate a guaranteed yield equal to the greater of (i) the local revenue per student in WADA per cent of tax effort available to a school district at the 96th percentile of wealth per student in WADA, or (ii) 160% of the Basic Allotment per student in WADA at such district. The local revenue generated from a district's Golden Pennies are generally not subject to recapture; however, in years where an amount less than the guaranteed yield for Golden Pennies described in clauses (i) and (ii) is appropriated, a district must remit to the State any revenue generated from its Golden Pennies above the guaranteed yield appropriated in that year.

The Copper Pennies of a district's Enrichment Tax Rate generate a guaranteed yield equal the Basic Allotment for the 2020-2021 State fiscal biennium times 0.008. For a school year in which a district's guaranteed yield for its Copper Pennies per student in WADA exceeds the guaranteed yield per student in WADA for the preceding school year, a district would be required to reduce its Copper Pennies levied so as to generate no more revenue per student in WADA than was available to the district for the preceding year. Accordingly, the increase in the guaranteed yield from \$31.95 per cent per student in WADA in school year 2019-2020 to \$49.28 per cent per student in WADA requires districts to compress their levy of Copper Pennies by a factor of 0.64834.

Wealth Transfer Options. Under Chapter 49, a district has six options to reduce its local revenue level so that it does not exceed the equalized wealth level: (1) a district may consolidate by agreement with one or more districts to form a consolidated district; all property and debt of the consolidating districts vest in the consolidated district; (2) a district may detach property from its territory for annexation by a property-poor district; (3) a district may purchase attendance credits from the State; (4) a district may contract to educate nonresident students from a property-poor district by sending money directly to one or more property-poor districts; (5) a district may execute an agreement to provide students of one or more other districts with career and technology education through a program designated as an area program for career and technology education; or (6) a district may consolidate by agreement with one or more districts to form a consolidated taxing district solely to levy and distribute either M&O taxes or both M&O taxes and I&S taxes. A Chapter 49 district may also exercise any combination of these remedies. Options (3), (4) and (6) require prior approval by the Chapter 49 district's voters.

Furthermore, a district may not adopt a tax rate until its effective local revenue level is at or below the level that would produce its guaranteed entitlement under the Foundation School Program. If a district fails to exercise a permitted option, the Commissioner must reduce the district's local revenue level to the level that would product its guaranteed entitlement, by detaching certain types of property from the district and annexing the property to a property-poor district or, if necessary, consolidate the district with a property-poor district. Provisions governing detachment and annexation of taxable property by the Commissioner do not provide for assumption of any of the transferring district's existing debt.

THE SCHOOL FINANCE SYSTEM AS APPLIED TO THE DISTRICT

The District's wealth per student for the 2016-17 fiscal year is more than the equalized wealth value. Accordingly, the District has been required to exercise one of the permitted wealth equalization

INFORMATIONAL

options. As a district with wealth per student in excess of the equalized wealth value, the District has agreed to reduce its wealth per student by electing to purchase attendance credits from the State.

A district's wealth per student must be tested for each future fiscal year and, if it exceeds the maximum permitted level, must be reduced by exercise of one of the permitted wealth equalization options. Accordingly, if the District's wealth per student should exceed the maximum permitted level in future school years, it will be required each year to exercise one or more of the wealth reduction options. If the District were to consolidate (or consolidate its tax base for all purposes) with a property-poor district, the outstanding debt of each district could become payable from the consolidated district's combined property tax base, and the District's ratio of taxable property to debt could become diluted. If the District were to detach property voluntarily, a portion of its outstanding debt could be assumed by the district to which the property is annexed.

Tax Information

General

One of the District's principal sources of operational revenue and its principal source of funds for debt service payments is the receipts from ad valorem taxation. The following is a recapitulation of (a) the authority for taxation, including methodology, limitations, remedies and procedures; (b) historical analysis of collection and trends of tax receipts and provisions for delinquencies; and (c) an analysis of the tax base, including relative property composition and principal taxpayers.

County-Wide Appraisal District

The Texas Property Tax Code (the "Property Tax Code") establishes for each county in Texas a single appraisal district with responsibility for recording and appraising property for all taxing units within the county, and a single appraisal review board, with responsibility for reviewing and equalizing the values established by the appraisal district. The appraisal of property within the District is the responsibility of both the Galveston Central Appraisal District and the Harris County Central Appraisal Districts (the Appraisal Districts). The Tax Code requires appraisal districts by May 15 of each year, or as soon thereafter as practicable, to prepare appraisal records of property as of January 1 of each year based upon market value. The chief appraiser in each district must give written notice before May 15 or as soon thereafter as practicable, to each property owner whose property value is appraised higher than the prior tax year or the value rendered by the property owner or whose property was not on the appraisal roll the preceding year.

Notice must also be given if ownership of the property changed during the preceding year. An appraisal review board has the ultimate responsibility for determining the value of all taxable property within each District; however, any property owner who has timely filed notice with the appraisal review board may appeal a final determination by the appraisal review board by filing suit in a Texas district court. Prior to such appeal or any tax

INFORMATIONAL

delinquency date, however, the property owner must pay the tax due on the value of that portion of the property involved that is not in dispute or the amount of tax imposed in the prior year, whichever is greater, or the amount of tax due under the order from which the appeal is taken. In such event, the value of the property in question will be determined by the court, or by a jury, if requested by any

party. In addition, taxing units such as the District are entitled to challenge certain matters before the appraisal review board, including the level of appraisals of a certain category or property, the exclusion of property from the appraisal records or the grant in whole or in part of an exemption. A taxing unit may not, however, challenge the valuation of individual properties.

Although the District has the responsibility for establishing tax rates and levying and collecting taxes each year, under the Tax Code, the District does not establish appraisal district standards nor determine the frequency of revaluation or reappraisal. An appraisal district is governed by a board of directors elected by the governing bodies of the county and all cities, towns, school districts, and, if entitled to vote, the conservation and reclamation districts that participate in the appraisal district. The Tax Code requires each appraisal district to implement a plan for periodic reappraisal of property to update appraised values. Such plan must provide for reappraisal of all real property in the appraisal district at least once every three years. The District cannot certify to the frequency of reappraisals which will be utilized by its appraisal Districts or whether reappraisals will be conducted on a zone or county-wide basis.

Tax Rate Limitations

A school district is authorized to levy maintenance and operation ("M&O") taxes subject to approval of a proposition submitted to district voters. The maximum M&O Tax rate that may be levied by a district cannot exceed the voted maximum rate or the maximum rate described in the next succeeding paragraph. The maximum voted M&O Tax rate for the District is \$1.50 per \$100 of assessed valuation as approved by the voters at an election held on November 5,

2002 under Chapter 20, Texas Education Code (now codified at Section 45.003, Texas Education Code). The maximum M&O tax rate per \$100 of assessed valuation that may be adopted by the District may not exceed the lesser of (A) \$1.50 or (B) the sum of the Tier One Tax Rate and Enrichment Tax Rate. Furthermore, a school district cannot annually increase its tax rate in excess of the district's "voter-approval tax rate" without submitting such tax rate to a referendum election and a majority of the voters voting at such election approving the adopted rate.

A school district is also authorized to issue bonds and levy taxes for payment of bonds subject to voter approval of a proposition submitted to the voters under Section 45.003(b)(1), Texas Education Code, as amended, which provides a tax unlimited as to rate or amount for the support of school district bonded indebtedness.

INFORMATIONAL

Chapter 45 of the Texas Education Code, as amended, requires a district to demonstrate to the Texas Attorney General that it has the prospective ability to pay debt service on a proposed issue of bonds, together with debt service on other outstanding new debt of the district, from a tax levied at a rate of \$0.50 per \$100 of assessed valuation before bonds may be issued. In demonstrating the ability to pay debt service at a rate of \$0.50, a district may take into account State allotments to the district which effectively reduces the district's local share of debt service. Once the prospective ability to pay such tax has been shown and the bonds are issued, a district may levy an unlimited tax to pay debt service. The District's current outstanding debt service requirement is \$1,315,486,377 which is covered with a \$0.34 cent tax rate. At a \$0.50 cent tax rate ceiling, the District's total debt ceiling is \$2,621,407,465.

Rollback Tax Rate

In setting its annual tax rate, the governing body of a school district generally cannot adopt a tax rate exceeding the district's rollback tax rate without approval by a majority of the voters voting at an election approving the higher rate. The tax rate consists of two components: (1) a rate for funding of maintenance and operation expenditures, and (2) a rate for debt service. For the 2007-08 fiscal year and thereafter, the rollback tax rate for a school district is the lesser of (A) the sum of (1) the product of the district's state compression percentage for that year multiplied by \$1.50, (2) the rate of \$0.04, (3) any rate increase above the rollback tax rate in prior years that were approved by voters, and (4) the district's current debt rate, or (B) the sum of (1) the district's effective maintenance and operations tax rate, (2) the product of the district's state compression percentage for that year multiplied by \$0.06; and (3) the district's current debt rate.

The effective maintenance and operations tax rate for a school district is the tax rate that, applied to the current tax values, would provide local maintenance and operating funds, when added to State funds to be distributed to the district pursuant to Chapter 42 of the Texas Education Code for the school year beginning in the current tax year, in the same amount as would have been available to the district in the preceding year if the funding elements of wealth equalization and State funding for the current year had been in effect for the preceding year.

By each September 1 or as soon thereafter as practicable, the Board of Trustees adopts a tax rate per \$100 taxable value for the current year. Before adopting its annual tax rate, a public meeting must be held for the purpose of adopting a budget for the succeeding year. Furthermore, Section 26.05 of the Property Tax Code provides that the governing body of a taxing unit is required to adopt the annual tax rate for the unit before the later of September 30 or the 60th day after the date the certified appraisal roll is received by the taxing unit.

Property Subject to Taxation by the District

The Texas Property Code defines market value as follows: "the price in which a property would transfer for cash or its equivalent under prevailing market conditions if: (A) exposed for sale in the open market with a reasonable time for the seller to find a purchaser; (B) both the seller and the purchaser know of all the uses and purposes to which the property is adapted and for which it is capable of being used and the enforceable restrictions on its use; and (C) both the seller and the purchaser seek to maximize their gains and neither is in a position to take advantage of the exigencies of the other." Any exemptions the taxpayer is eligible for reduce the market value to arrive at the appraised or taxable value.

scientific research and educational activities benefiting a college or university, and designated historic sites.

INFORMATIONAL

Except for exemptions provided by Texas law, all real and certain tangible personal property with a tax situs on the District is subject to taxation by the District. Principal categories of exempt property include; property owned by the State of Texas or its political subdivisions; property exempt from ad valorem taxation by federal law, certain improvements in real property and certain tangible property located in designated reinvestment zones; certain property of a nonprofit corporation used in

Other principal categories of exempt property include tangible personal property not held or used for production of income, solar and wind powered energy devices; most individually owned automobiles; \$10,000 exemption to residential homesteads of persons ages 65 or over and property of disabled persons; an exemption of between \$5,000 and \$12,000 applicable to real or personal property of disabled veterans or the surviving spouses or children of a deceased veteran who died while on active duty in the armed forces; \$25,000 in market value for all residential homesteads; and certain classes of tangible property. The State mandated \$10,000 exemption for persons 65 years of age or older or disabled amounted to \$176,649,660 of the 2020 tax roll.

In addition, except for increases attributable to certain improvements, the District is prohibited by state law from increasing the total ad valorem tax of the residence homestead of persons 65 years of age or older above the amount of tax imposed in the year such residence qualified for an exemption based on the age of the owner. The freeze on ad valorem taxes on the homesteads of persons 65 years of age or older is also transferable to a different residence homestead. State mandated homestead exemptions amounted to \$1,357,114,907 of the 2020 tax roll.

The District also grants an additional \$18,330 local option exemption for persons over 65 years of age or disabled persons and additional homestead exemptions of up to 5% of market value of a residential homestead for all taxpayers. The value of property exempted from taxation by the \$18,330 local option and the 5% residential homestead exemption for the 2020 tax year were \$316,557,830 and \$764,028,589 respectively.

INFORMATIONAL

Owners of agricultural and open space land, under certain circumstances, may request valuation of such land on the basis of productive capacity rather than market value. The loss of value due to property values based on productivity value and timber production on the 2020 tax roll was approximately \$91,710,148.

The Tax Code also provides for an exemption from ad valorem taxation for certain pollution control property. In 2020, the District lost \$75,285,707 of taxable value as a result of such exemption.

Levy & Tax Collection

The District is responsible for the collection of its taxes. Taxes are due on receipt of the tax bill, and become delinquent after January 31 of the following year, or on the first day of the calendar month next following the expiration of twenty-one days after mailing the tax bills, whichever occurs later. A delinquent tax incurs an initial penalty of six percent (6%) of the amount of the tax and accrues an additional penalty of one percent (1%) per month up to July 1, at which time the total penalty becomes twelve percent (12%). In addition, delinquent taxes accrue interest at one percent (1%) per month. If the tax is not paid by July 1, an additional penalty of up to fifteen percent (15%) may under circumstances be imposed by the District. The Tax Code also makes provision for the split payment of taxes, discounts for early payments, partial payments of taxes and the postponement of the delinquency date of taxes under certain circumstances.

Tax on Avg Residence	\$ 2,475	\$ 2,851	\$ 2,871	\$ 2,892	\$ 2,991

INFORMATIONAL

Collection of Delinquent Taxes

Taxes levied by the District are a personal obligation of the owner of the property. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties and interest ultimately imposed for the year on the property. The District's tax lien is on parity with tax liens of all other such taxing units. A tax lien on real property has priority over the claim of most creditors and other holders of liens on the property encumbered by the tax lien, regardless if the debt or lien existed before the attachment of the tax lien. Except with respect to taxpayers who are 65 years of age or older, at any time after taxes on property become delinquent, the District may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both.

Collection of delinquent taxes by foreclosure may be adversely affected by the amount of taxes owed to other taxing units, by the effects of market conditions on the foreclosure sale price, by taxpayer redemption rights, or by bankruptcy proceedings which restrict the collection of a taxpayer's debt.

Student Enrollment Projections

Enrollment projections are provided through a contract with Templeton Demographics. Templeton Demographics integrates school district information regarding current specific school enrollments with individual neighborhood housing forecasts to create enrollment projections. The projections are updated to include new home starts and closings, under-construction and finished inventory as well as a review of remaining vacant lots, all by subdivision. Templeton provides a build-out analysis tool that allows the district to get an idea of what to expect as vacant land continues to develop.

Fiscal Year	Elementary	Intermediate	High School	Total
FY 2017	19,347	9,593	12,879	41,819
FY 2018	19,454	9,689	12,997	42,140
FY 2019	19,216	9,680	13,406	42,302
FY 2020	19,145	9,805	13,333	42,283
FY 2021	19,214	9,837	13,514	42,565

FY 2030	20,088	10,038	13,881	44,007

Templeton Demographics was retained in early 2011 to provide enrollment projections to the School Boundary Advisory Committee. The purpose of the SBAC is to examine potential attendance zones, review the related challenges associated with new and anticipated growth of the District, and recommend new attendance zones. This allows the District to make efficient use of instructional facilities and determine future facility needs. Templeton updated the enrollment projections in October of 2020.

The District is steadily growing and has large areas of undeveloped land. The Templeton Demographics report will be a key data source for the District in the future. Current projections show student enrollment for the FY 2019-20 fiscal year to be 42,283. This number will grow to 44,006 over the next ten years.

Bond 2013 – Project Descriptions

40 Year Old + Rebuilds and Improvements

Category Total: \$182,000,000

Clear Lake High School.....\$98,606,691
Major rebuild of 1972 building • A comprehensive, two story high school to accommodate 9th, 10th, 11th, 12th grade in one building • Improve safety and security • Eliminate the use of a 9th grade center • Proposal excludes field house, gyms, pool and science wing

Clear Creek High School.....\$24,227,219
Complete the rebuild of Clear Creek High School (1956) which was not included in the 2004 bond • Includes career and technical education, athletics and fine arts areas

Seabrook Intermediate.....\$11,773,351
Replace portables with permanent addition • Expand cafeteria, library and stage to accommodate student enrollment

McWhirter Elementary.....\$30,804,660
Complete rebuild of 1956 and 1971 buildings • Addresses safety concerns with 72 exterior doors

Improvements to the following 40 Year old + facilities:.....\$16,663,402

Clear Lake City Elementary • Ross Elementary • White Elementary • Whitcomb Elementary • Clear Lake Intermediate • Clear Path Alternative School • Clear View Education Center • District Assessment Center

Student Safety, Priority Repairs, and Growth

Category Total: \$87,000,000

Clear Brook High School.....\$20,879,208
Secure entrance ~ Repair significant foundation failure • Expand commons and other areas for growth

Creekside Intermediate.....\$8,251,469
Permanent addition to accommodate enrollment • Defers need for an additional intermediate on the West side of the District

Greene Elementary.....\$5,700,355
Permanent addition to accommodate enrollment • Expand cafeteria and core areas

Clear Creek High School & Clear Springs High School third gyms to accommodate enrollment.\$8,636,277
Relieve scheduling conflicts during school day • Standard for 5A high schools is 4 gyms per high school

Safety upgrades and priority repairs to the following schools:.....\$43,052,825

Armand Bayou Elementary • Bauerschlag Elementary • Bay Elementary • Brookwood Elementary • Falcon Pass Elementary Ferguson Elementary • Gilmore Elementary • Goforth Elementary • Hall Elementary • Hyde

Student Safety, Priority Repairs, and Growth

Continued

Elementary • Landolt Elementary • League City Elementary • North Pointe Elementary • Robinson Elementary • Stewart Elementary • Ward Elementary • Weber Elementary • Wedgewood Elementary • Brookside Intermediate • Clear Creek Intermediate • League City Intermediate • Space Center Intermediate • Westbrook Intermediate • Main Transportation Center • Support facilities • Replace 40 school buses with more than 200,000 miles • Replace emergency communications equipment

Instructional Technology

Category Total: \$45,000,000

Improve wireless access in all classrooms • Provide classroom equity with projectors and interactive whiteboards in classrooms • Start-up investment only for student and teacher tablet computers for online learning, textbooks, and enrichment • Replacements for aging computer labs and desktops

Co-curricular and Extracurricular

Category Total: \$49,000,000

Second District Stadium..... \$39,079,651
Second stadium to accommodate five 5A high schools and ten intermediate schools • 9,500 seat steel structure with track and field house for graduation staging and student events • Does not include media scoreboard • Land purchased for a stadium in the 2004 bond • Alleviate traffic and scheduling conflicts at Clear Creek High School and Clear Creek Intermediate • Eliminate Thursday evening home games

Veterans Memorial Stadium.....\$2,026,581
Address safety concerns with the 1956 stadium • Replace end of life-cycle turf

Westside Agriculture Center.....\$2,922,089
Expand facility to accommodate program growth among three high schools

Eastside Agriculture Center.....\$3,552,687
New facility at a new location to accommodate program growth and two high schools

Music Instrument Replacements.....\$1,800,000

TOTAL PRELIMINARY RECOMMENDATION: (Rounded to even number) **\$367,000,000**

1% of total for bond issuance costs • Project management costs

Bond 2017 – Project Descriptions

Schools for Enrollment Growth

Clear Creek ISD's student enrollment is nearly 42,000 and projections have the district adding an additional 2,100 students by 2021. CCISD is at 91.4% capacity for schools.

Elementary School #27: \$43,009,402 (2018)

A new elementary school for 1,000 students will be built on donated property along Highway 96 in League City.

Stewart Elementary: \$18,952,357 (2018)

An 18 classroom addition will be added to the school and portables removed. Additional parking, library renovations, and a new intercom system are included.

Clear Lake Intermediate: \$9,833,727 (2020)

A 10 classroom addition will be added to the school and portables removed.

Creekside Intermediate: \$8,047,947 (2019)

A 7 classroom addition will be added to the school.

Aging Schools and Repairs

Nearly 30% of the schools in Clear Creek ISD are more than 40 years old. Under this bond proposal, two schools that are over 50 years old will be rebuilt to meet today's learning standards and 6 will receive major renovations.

Clear View High School: \$45,162,961 (2019)

The original school was built in 1939. In 2019, a smaller high school will be built behind the existing school to serve the unique program of Clear View High School as well as workforce readiness programs open to all CCISD high school students.

League City Elementary: \$46,938,285 (2020)

The original school was built in 1960. In 2020, a new elementary school will be built behind the existing school and will be constructed to serve 900 students.

Major renovations will be conducted at the following 40-50 year plus schools. Improvements include foundation/exterior repairs, increasing classroom and group learning spaces, updating libraries, re-utilizing existing administration areas for instruction or to enhance security, upgrading technology and adding a STEM lab to Ed White. All these major renovation projects include identified priority repairs and equipment replacements.

Whitcomb Elementary (2022): \$28,598,565

Ross Elementary (2022): \$20,747,320

Ed White E-STEM Elementary (2019): \$16,443,354

Clear Lake City Elementary (2019): \$16,015,594

Hall Elementary (2021): 20,674,344

Landolt Elementary (2021): \$18,812,319

Armand Bayou Elementary (2018): \$4,962,851

Main Transportation Center Renovation (2019): \$24,711,488

District-wide Priority Items: \$66,235,122

Major project total costs include priority repairs at CCISD schools and support facilities. Repairs and equipment replacements were prioritized based on the following criteria: updates to current construction codes, safety reasons or critical replacements with life expectancy of 1–2 years.

INFORMATIONAL

Safety Improvements

The bond proposal will address playground safety, upgrading campus security systems, and replacing school buses that are between 15-25 years old and have more than 200,000 miles.

Playground Replacement Fund: \$1,500,000

75 School Buses: \$7,900,000

Security, Surveillance, Access Control and Intrusion Detection Equipment: \$8,110,333

Student Programs

Second CCISD Science Magnet Program: \$10,273,515

In 2018, Brookside Intermediate will be expanded with both classrooms and science labs in order for the district to open a second science magnet program. Annually, 200 students are turned away from the Seabrook Science Magnet due to limited space. Total project cost includes a Fine Arts addition, and identified priority repairs and equipment replacements.

Clear Creek High School (2019): \$13,722,229

The auditorium will receive a new sound booth, ticket booth, lighting, and a set shop expansion. Priority repairs are also included in the total project cost.

Clear Creek Intermediate (2019): \$6,537,081

A new ground floor band hall will be added and existing fine arts and athletic spaces will be renovated. Priority repairs are also included in the total project cost.

League City Intermediate (2018): \$5,886,556

A fine arts addition and renovation of the existing band hall. Priority repairs are also included in the total project cost.

Space Center Intermediate (2018): \$3,199,013

A new rehearsal room will be added and renovations of the existing choir/orchestra area. Priority repairs are also included in the total project cost.

District-wide Athletic and Fine Arts Equipment Replacements: \$4,000,000

Educational Performance Measures

The Texas Education Agency (TEA) received approval from U.S. Department of Education (USDE) on March 30, 2020, to waive statewide assessment and accountability requirements under the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA), for the 2019–2020 school year.

Additionally, for 2020 state academic accountability, all districts and campuses will receive a label of *Not Rated: Declared State of Disaster*.

Accountability Rating System for 2013

In 2009, the Texas Legislature passed House Bill 3 mandating the creation of an entirely new accountability system beginning with the 2012-13 fiscal year. The Texas Education Agency produced a plan for implementing these changes in the House Bill 3 Transition Plan in December, 2010. In 2012, TEA began working with advisory committees in order to develop the new system. The goals of the new system include:

- Improving student achievement at all levels in the core subjects of the state curriculum
- Ensuring the progress of all students toward achieving advanced academic performance
- Closing advanced academic performance level gaps among student groups
- Rewarding excellence based on other indicators in addition to state assessment results

The overall design of the new accountability system is a performance index framework. The performance indexes include evaluation of performance of all students and ten student groups; (1) economically disadvantaged; (2) English language learners (ELL), (3) special education and seven race/ethnicity groups; (4) African American; (5) American Indian; (6) Asian; (7) Hispanic; (8) Pacific Islander; (9) White; (10) two or more races.

Indexes

Performance indicators are grouped into four indexes that align with the goals of the state accountability system.

Index 1 – Student Achievement is a snapshot of performance across subjects on both general and alternative assessments at the satisfactory performance standard. This is based on meeting certain performance on STAAR for grades 3-8, high school EOC exams and TAKS Grade 11.

Index 2 – Student Progress separates measures of student progress from measures of student achievement to show improvements students are making independent of overall achievement levels. Growth is evaluated by subject and student groups (all students and all student groups). Student performance is compared with previous year to current year STAAR results in reading, mathematics, and writing.

Index 3 – Closing Performance Gaps emphasizes academic achievement of the economically disadvantaged student group and the lowest performing race/ethnicity student groups and is based on meeting performance in the current year for the three lowest performing groups of the prior school year.

Index 4 – Postsecondary Readiness measures high school graduation and STAAR performance at the postsecondary readiness standard. The intent of this index is to emphasize the importance for students to receive a high school diploma that provides them with the foundation necessary for success in college, the workforce, job training programs or the military. It is composed of high school graduation rates and diploma type.

2018-2019 Academic Performance Report

Performance Measure	Grade	Score
Overall Score	B	89/100
Student Achievement	A	92/100
STAAR Performance		89/100
College, Career, and Military Readiness		94/100
Graduation Rate		95/100
School Progress	B	87/100
Academic Growth in Reading and Math		84/100
Relative Performance to Students at Similar Districts		87/100
Closing the Gaps	B	89/100

Additional District Performance Measures

Performance measures listed below will provide the reader with additional indicators of the excellent education provided by Clear Creek ISD. The District uses a variety of measures to provide staff with information that will improve performance. Specific data from the Texas Education Agency on performance measures for the FY 2018-19 school year is not available at this time.

Description	State	Region IV	District
Attendance Rate			
• 2017-18	95.40%	95.40%	95.50%
• 2016-17	95.70%	95.70%	95.80%

INFORMATIONAL

Campus Performance Measures

The District is very proud of its academic achievements. Listed below are some key indicators that educators use to measure success In FY 2017-18 all Clear Creek ISD campuses received a “Met Standard” accountability rating by TEA. The District did not receive accountability ratings for FY 2020.

Campus	Accountability Rating				
	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019

INFORMATIONAL

Financial Performance Measures

Financial Integrity Rating System of Texas

During the 77th regular session of the Texas legislature (2001), Senate Bill 218 was passed and Governor Perry signed it into law shortly thereafter. This law requires each school district to prepare an annual financial accountability report within two months of the date of issuance of the final School FIRST ratings. The District's received official notification of the 2019-20 Final School FIRST rating on October 31, 2020 for the 2018-2019 fiscal year.

The School FIRST accountability rating ensures that Texas school districts are accountable not only for student learning, but also for achieving these results cost effectively and efficiently. The information provided by the School FIRST system will guide the District in continued efforts to maximize each taxpayer dollar.

Many business-related issues are covered in this report. The primary reporting tool, however, is the Financial Accountability Ratings Worksheet. This worksheet was developed by representatives of the Texas Education Agency (TEA), the Texas Business & Education Council (TBEC) and the Texas Association of School Business Officials (TASBO). It is administered by the TEA and calculated on information submitted to the Agency via the PEIMS submission each year.

The Texas Education Agency assigns one of four financial accountability ratings to Texas school districts, with the highest being "A" for Superior Achievement, followed by "B" for Above-Standard Achievement, "C" for Standard Achievement and "F" for Substandard Achievement.

The worksheet consists of 15 indicators, each weighted equally with the exception of the Critical Indicators. A No response on indicators #1, #2, #3, #4 or #5 automatically result in a failure of FIRST, so these first five indicators are of utmost importance.

The Clear Creek ISD School Board, administration and the community have worked hard to improve and maintain the financial condition of the District. This report demonstrates this improvement to all concerned. Currently, Clear Creek ISD enjoys a rating of "**Superior**". The worksheet itself and a discussion of its salient points follow.

INFORMATIONAL

Analysis of F.I.R.S.T. Ratings

Critical Indicators

Indicators #1 through #5 are the critical indicators. Any "NO" response in this category is an indicator of fiscal distress. These five indicators revolve around:

- Timely filing of the Annual Financial Report (AFR)
- Auditor opinion with no unmodified opinion or material weaknesses
- Compliance with the payment terms of all debt agreements
- Timely payment of all payroll taxes
- Total net assets greater than zero

Clear Creek ISD easily passed all of the critical indicators due to timely filing of the annual audit report with a "clean" opinion, timely payment of payroll taxes, compliance with the payment terms of all debt agreements, and an unrestricted net asset balance greater than zero.

Solvency Indicators

Indicators #6 through #12 concern the solvency of Clear Creek ISD. These seven indicators focus on:

- Cash and investments on hand
- Current asset to current liability ratio
- Long-term liability to total asset ratio
- Revenues compared to expenditures
- Debt service coverage ratio
- Administrative cost ratio
- Student to staff ratio

Clear Creek ISD scored the maximum points on five on these indicators.

On Indicator #8 which looks at long term liabilities and compares it to total assets, we scored 4 out of 10 points due to the amount of long-term debt which is a result of continued enrollment growth resulting in the need for more facilities.

Financial Competence Indicators

Indicators #13 through #15 identify if there are any serious deficiencies in the financial management of the District. These three indicators focus on:

- Quality of Public Education Information Management System (PEIMS) financial data compared to the Annual Financial Report (AFR) result in less than a 3% variance
- Instance(s) of material noncompliance noted by the external independent auditor
- Adjustments due to financial hardship to the regular repayment of any Foundation School Program funds overpayments

Clear Creek ISD met all three of these indicators as a comparison of PEIMS data to the AFR resulted in .00008% variance; the AFR noted no instance of material noncompliance; and the District is not on a financial hardship payment plan.

2019-2020 RATINGS BASED ON SCHOOL YEAR 2018-2019 DATA - DISTRICT STATUS DETAIL

Name: CLEAR CREEK ISD(084910)		Publication Level 1: 8/6/2020 9:26:37 AM	
Status: Passed		Publication Level 2: 8/6/2020 11:17:34 AM	
Rating: A = Superior		Last Updated: 8/6/2020 11:17:34 AM	
District Score: 92		Passing Score: 60	
#	Indicator Description	Updated	Score
1	<u>Was the complete annual financial report (AFR) and data submitted to the TEA within 30 days of the November 27 or January 28 deadline depending on the school district's fiscal year end date of June 30 or August 31, respectively?</u>	3/30/2020 1:17:02 PM	Yes
2	Review the AFR for an unmodified opinion and material weaknesses. The school district must pass 2.A to pass this indicator. The school district fails indicator number 2 if it responds "No" to indicator 2.A. or to both indicators 2.A and 2.B.		
2.A	<u>Was there an unmodified opinion in the AFR on the financial statements as a whole? (The American Institute of Certified Public Accountants (AICPA) defines unmodified opinion. The external independent auditor determines if there was an unmodified opinion.)</u>	3/30/2020 1:17:03 PM	Yes
2.B	<u>Did the external independent auditor report that the AFR was free of any instance(s) of material weaknesses in internal controls over financial reporting and compliance for local, state, or federal funds? (The AICPA defines material weakness.)</u>	3/30/2020 1:17:03 PM	Yes
3	<u>Was the school district in compliance with the payment terms of all debt agreements at fiscal year end? (If the school district was in default in a prior fiscal year, an exemption applies in following years if the school district is current on its forbearance or payment plan with the lender and the payments are made on schedule for the fiscal year being rated. Also exempted are technical defaults that are not</u>	3/30/2020 1:17:03 PM	Yes

	<u>related to monetary defaults. A technical default is a failure to uphold the terms of a debt covenant, contract, or master promissory note even though payments to the lender, trust, or sinking fund are current. A debt agreement is a legal agreement between a debtor (= person, company, etc. that owes money) and their creditors, which includes a plan for paying back the debt.)</u>		
4	<u>Did the school district make timely payments to the Teachers Retirement System (TRS), Texas Workforce Commission (TWC), Internal Revenue Service (IRS), and other government agencies?</u>	3/30/2020 1:17:04 PM	Yes
5	This indicator is not being scored.		
			1 Multiplier Sum
6	<u>Was the number of days of cash on hand and current investments in the general fund for the school district sufficient to cover operating expenditures (excluding facilities acquisition and construction)? (See ranges below.)</u>	3/30/2020 1:17:05 PM	10
7	<u>Was the measure of current assets to current liabilities ratio for the school district sufficient to cover short-term debt? (See ranges below.)</u>	3/30/2020 1:17:05 PM	8
8	<u>Was the ratio of long-term liabilities to total assets for the school district sufficient to support long-term solvency? If the school district's increase of students in membership over 5 years was 7 percent or more, then the school district passes this indicator. See ranges below.</u>	3/30/2020 1:17:06 PM	4
9	<u>Did the school district's general fund revenues equal or exceed expenditures (excluding facilities acquisition and construction)? If not, was the school district's number of days of cash on hand greater than or equal to 60 days?</u>	3/30/2020 1:17:06 PM	10
10	<u>Was the debt service coverage ratio sufficient to meet the required debt service? (See ranges below.)</u>	3/30/2020 1:17:08 PM	10

INFORMATIONAL

11	<u>Was the school district's administrative cost ratio equal to or less than the threshold ratio? (See ranges below.)</u>	3/30/2020 1:17:09 PM	10
12	<u>Did the school district not have a 15 percent decline in the students to staff ratio over 3 years (total enrollment to total staff)? (If the student enrollment did not decrease, the school district will automatically pass this indicator.)</u>	3/30/2020 1:17:10 PM	10
13	<u>Did the comparison of Public Education Information Management System (PEIMS) data to like information in the school district's AFR result in a total variance of less than 3 percent of all expenditures by function?</u>	3/30/2020 1:17:12 PM	10
14	<u>Did the external independent auditor indicate the AFR was free of any instance(s) of material noncompliance for grants, contracts, and laws related to local, state, or federal funds? (The AICPA defines material noncompliance.)</u>	3/30/2020 1:17:12 PM	10
15	<u>Did the school district not receive an adjusted repayment schedule for more than one fiscal year for an over allocation of Foundation School Program (FSP) funds as a result of a financial hardship?</u>	3/30/2020 1:17:12 PM	10
			92

DETERMINATION OF RATING

A.	Did the district answer 'No' to Indicators 1, 3, 4, or 2.A? If so, the school district's rating is F for Substandard Achievement regardless of points earned.	
B.	Determine the rating by the applicable number of points. (Indicators 6-15)	
	A = Superior	90-100
	B = Above Standard	80-89
	C = Meets Standard	60-79
	F = Substandard Achievement	<60

CCISD Community Report Card

**2018 Baseline Survey*

During the spring of 2018, the school district conducted three surveys provided to parents, staff and students. The data collected will be used as a means for continuous improvement for CCISD.

District Achievements

Clear Creek Independent School District is a leader in the field of education in Texas. This is evident by the many academic, financial, operational and administrative awards that the District has earned over the last few years. A partial list of these achievements is provided below:

Awarded Above Standard Score on FIRST

Clear Creek ISD achieved a Superior rating on the Financial Integrity Rating System of Texas (FIRST).

Home to Several National Schools of Character

Six Clear Creek ISD elementary schools joined the ranks of Character.org's highest distinction by being named 2019 National Schools of Character on May 10, 2019. Out of only 13 elementary schools in Houston and 88 schools nationwide, Bauerschlag Elementary, Goforth Elementary, McWhirter Elementary, Ross Elementary, Stewart Elementary and Weber Elementary now join the growing list of schools honored by the organization.

Each year, Character.org certifies schools and districts at the state and national level that demonstrate a dedicated focus on character development, which has a positive effect on academic achievement, student behavior, and school climate. Criteria for selection are based on Character.org's 11 Principles of Effective Character, which include providing students with opportunities for moral action, fostering shared leadership, and engaging families and communities as partners in the character-building effort.

Clear Brook High School was one of only 81 campuses across the country to be named a 2020 State School of Character by Character.org, a national advocate and leader for character in schools, families, sports teams and the workplace. This is the first Clear Creek ISD high school to receive this honor.

CCISD named as one of America's Best-in-State Employers

Forbes Magazine named the Clear Creek Independent School District to their 2nd annual rankings of America's Best Employers by State. Of the list of top 100 workplaces in Texas for 2020, CCCISD is one of only two Houston-area public school districts to be included. Forbes partnered with market research company Statista to pinpoint organizations like best by employees in each state. The list is divided into 51 rankings—one for each of the 50 states, plus the District of Columbia—and was compiled by surveying 80,000 Americans working for businesses with at least 500 employees.

Continuing Academic Success

Based on results from the Texas Education Agency, the Clear Creek Independent School District once again outperforms the state average on all academic, graduation, and college and career readiness indicators as outlined in the Texas Education Agency's 2019 accountability results. Overall, the school district earned a 91% when calculating the three domains of student achievement, school progress and closing the gaps. CCISD has a nationally recognized visual and performing arts program as well as competitive athletic programs. Three CCISD high schools are ranked among the top high schools in the nation by U.S. News and World Reports. Finally, CCISD students perform above the state and national average on the SAT and ACT.

Received the Meritorious Budget Award from the Association of School Business Officials, International

This award has been received for thirteen consecutive years.

Received Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association

This award has been received for fourteen consecutive years.

Received the Certificate of Excellence in Financial Reporting from the Association of School Business Officials International

This award has been received for fourteen consecutive years.

Maintained high underlying credit rating

The District's maintains a high underlying credit rating of "Aa2" as rated by Moody's and "AA+" by Fitch Ratings Service.

Maintained a low administrative cost ratio

The District maintains a very low administrative cost ratio in comparison to the Texas Education Agency's standard benchmark. For a large school district, 25,000 students or more, the Agency benchmark is an administrative cost ratio of 8.55%. Clear Creek's administrative cost ratio is 4.35%.

Employee Resource Allocations

The following page represents the total staffing levels in Clear Creek ISD. The Board of Trustees approved the following new positions for the 2019-20 fiscal year:

Board Meeting	Positions Approved
April, 2020 (36.50), June, 2020 (9.50), July, 2020 (5.00)	3 Core Teaching Units, 10.5 Prek Teaching Units, 21 Special Ed units, 4 Social Workers, 3 Parent Assistance, 15 Other Teacher Units, 5 Bus Drivers,
July 2020 and August 2020 (98.50)	Pandemic Response-11.5 Clear Connections Units, 42 Clinic Aides, 24 Custodians, 20 Bus Drivers, 1 Secretary

Please note that due to internal transfers of positions throughout the district the net changes reflected on the chart below may vary from the above position approvals.

NOTICE OF PUBLIC MEETING TO DISCUSS BUDGET AND PROPOSED TAX RATE

The Clear Creek Independent School District will hold a public meeting at 6:00 PM, August 24, 2020 in Community Room Challenger Columbia Fieldhouse 1955 W. Nasa Blvd. Webster TX 77598. The purpose of this meeting is to discuss the school district's budget that will determine the tax rate that will be adopted. Public participation in the discussion is invited.

The tax rate that is ultimately adopted at this meeting or at a separate meeting at a later date may not exceed the proposed rate shown below unless the district publishes a revised notice containing the same information and comparisons set out below and holds another public meeting to discuss the revised notice.

Maintenance Tax	\$0.9359/\$100 (proposed rate for maintenance and operations)
School Debt Service Tax	\$0.3300/\$100 (proposed rate to pay bonded indebtedness)
Approved by Local Voters	

Comparison of Proposed Budget with Last Year's Budget

The applicable percentage increase or decrease (or difference) in the amount budgeted in the preceding fiscal year and the amount budgeted for the fiscal year that begins during the current tax year is indicated for each of the following expenditure categories.

Maintenance and operations	2.26% increase
Debt Service	-1.80% decrease
Total expenditures	1.52% increase

Total Appraised Value and Total Taxable Value (as calculated under Section 26.04, Tax Code)

	<u>Preceding Tax Year</u>	<u>Current Tax Year</u>
Total appraised value* of all property	\$30,080,508,138	\$32,025,531,277
Total appraised value* of new property**	\$646,963,976	\$531,977,312
Total taxable value*** of all property	\$24,935,705,188	\$26,387,429,311
Total taxable value*** of new property**	\$519,930,217	\$392,116,938

*Appraised value is the amount shown on the appraisal roll and defined by Section 1.04(8), Tax Code.

**"New property" is defined by Section 26.012(17), Tax Code.

***"Taxable value" is defined by Section 1.04(10), Tax Code.

Bonded Indebtedness

Total amount of outstanding and unpaid bonded indebtedness* \$979,890,000

*Outstanding principal.

Comparison of Proposed Rates with Last Year's Rates

	<u>Maintenance & Operations</u>	<u>Interest & Sinking Fund*</u>	<u>Total</u>	<u>Local Revenue Per Student</u>	<u>State Revenue Per Student</u>
Last Year's Rate	\$0.9700	\$0.3400*	\$1.3100	\$7,786	\$2,234
Rate to Maintain Same Level of Maintenance & Operations Revenue & Pay Debt Service	\$1.0389	\$0.3398*	\$1.3787	\$7,791	\$2,179
Proposed Rate	\$0.9359	\$0.3300*	\$1.2659	\$8,091	\$2,103

*The Interest & Sinking Fund tax revenue is used to pay for bonded indebtedness on construction, equipment, or both. The bonds, and the tax rate necessary to pay those bonds, were approved by the voters of this district.

Comparison of Proposed Levy with Last Year's Levy on Average Residence

	<u>Last Year</u>	<u>This Year</u>
Average Market Value of Residences	\$266,265	\$287,383
Average Taxable Value of Residences	\$220,779	\$236,238
Last Year's Rate Versus Proposed Rate per \$100 Value	\$1.3100	\$1.2659
Taxes Due on Average Residence	\$2,892.20	\$2,990.54
Increase (Decrease) in Taxes		\$98.33

Under state law, the dollar amount of school taxes imposed on the residence homestead of a person 65 years of age or older or of the surviving spouse of such a person, if the surviving spouse was 55 years of age or older when the person died, may not be increased above the amount paid in the first year after the person turned 65, regardless of changes in tax rate or property value.

Notice of Voter-Approval Rate: The highest tax rate the district can adopt before requiring voter approval at an election is \$1.2697. This election will be automatically held if the district adopts a rate in excess of the voter-approval rate of \$1.2697.

Fund Balances

The following estimated balances will remain at the end of the current fiscal year and are not encumbered with or by a corresponding debt obligation, less estimated funds necessary for operating the district before receipt of the first state aid payment.

Maintenance and Operations Fund Balance(s)	\$69,500,000
Interest & Sinking Fund Balance(s)	\$33,170,000

A school district may not increase the district's maintenance and operations tax rate to create a surplus in maintenance and operations tax revenue for the purpose of paying the district's debt service.

Glossary of Terms and Acronyms

This glossary contains definitions of terms used in this guide and such additional terms as seem necessary to common understandings concerning financial accounting procedures for schools. Several terms, which are not primarily financial accounting terms, have been included because of their significance for school financial accounting. The glossary is arranged alphabetically with appropriate cross-referencing where necessary.

Abatement – A complete or partial cancellation of a levy imposed by a governmental unit. Abatements usually apply to tax levies, special assessments, and service previously recorded expenditure or receipt item by such things as refunds, rebates, and collections for loss or damage to school property.

Account – This is a descriptive heading under which are recorded financial transactions that are similar in terms of a given frame of reference, such as purpose, object, or source.

Accounting Period – A period at the end of which and for which financial statements are prepared; for example, September 1 through August 31.

Accrual – A method of accounting that recognizes the financial effect of transactions, events, and inter-fund activities when they occur, regardless of the timing of related cash flows.

ACT – Acronym for American College Test.

ActiveCare – A self-funded health plan managed by the Texas Teacher Retirement System to provide health coverage to employees of Texas school districts.

ADA – Acronym for Average Daily Attendance.

Administration – Those activities which have as their purpose the general regulation, direction, and control of the affairs of the local education agency that are system-wide and not confined to one school, subject, or narrow phase of school activity.

AEIS – Acronym for Academic Excellence Indicator System.

Agency Fund – A fund used to account for activities of student or other groups.

AIS – Acronym for Accelerated Instructional Services.

Allocation – A part of a lump-sum appropriation which is designated for expenditure by specific organization units and/or for special purposes, activities, or objects.

Amendment – A proposal to change the amount or scope of an activity or project after the budget has already been submitted to the Board.

AP – Acronym for Advanced Placement.

Appraisal – (1) The act of appraising. (2) The estimated value resulting from such action.

Appraise – To make an estimate of value, particularly of the value of property. Note: if the property is valued for purposes of taxation, the less-inclusive term “assess” is substituted for the above term.

INFORMATIONAL

Appropriation – An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and as to the time when it may be expended.

Appropriation Account – A budgetary account set up to record specific authorization to spend. The account is credited with original and any supplemental appropriations and is charged with expenditures and encumbrances.

Assess – To value property officially for the purpose of taxation. Note, the term is also sometimes used to denote the levy of taxes, but such usage is not correct because it fails to distinguish between the valuation process and the tax levy process.

Assessed Valuation – A valuation set upon real estate or other property by a government as a basis for levying taxes.

Assets – Property owned by a local education agency which has a monetary value.

Available School Fund – A Texas constitutionally dedicated fund for the support of the public education system.

Balanced Budget – A budget with total expenditures not greater than the sum of total revenues plus fund balance.

Balance Sheet – An itemized statement that lists the total assets and the total liabilities of a given business to portray its net worth at a given moment of time. The amounts shown on a balance sheet are generally the historic cost of items and not their current values.

Benefits – A payment or entitlement, such as one made under an insurance policy or employment agreement, public assistance program, or something of value or usefulness.

Biennium – A specific period of two years during which a Texas legislative session is held.

Bill – (1) A term used to denote a law or statute passed by certain legislative bodies. A bill has greater legal formality and standing than a resolution. (2) A statement of an amount owing for goods and services sold on open account.

Board of Education – The elected or appointed body, which has been created according to State law and vested with responsibilities for educational activities in a given geographical area. These bodies are sometimes called school boards, governing boards, boards of directors, school committees, school trustees, etc. This definition relates to the general term and covers State boards, intermediate administrative unit boards, and local basic administrative unit boards.

Bond – A written promise, generally under seal, to pay a specified sum of money, called the face value, at a fixed time in the future, called the date of maturity, and carrying interest at a fixed rate, usually payable periodically. The difference between a note and a bond is that the latter usually runs for longer periods of time and requires greater legal formality.

Bonded Debt – Bonded debt is the part of the school district debt which is covered by outstanding bonds of the district. This is sometimes referred to as "Funded Debt or Bonded Indebtedness."

Bonds Authorized and Un-issued – Bonds that have been legally authorized but not issued and which can be issued and sold without further authorization.

INFORMATIONAL

Bonds Issued – Bonds sold.

Bonds Payable – The face value of bonds issued and unpaid.

Budget – A plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose and the proposed means of financing them. The budget usually consists of three parts: The first part contains a message from the budget-making authority together with a summary of the proposed expenditures and the means of financing them. The second part consists of schedules supporting the summary. These schedules show in detail the proposed expenditures and means of financing them, together with information as to past years' actual revenues and expenditures and other data used in making the estimates. The third part is composed of drafts of the appropriation, revenue, and borrowing measures necessary to put the budget into effect.

Budgetary Accounts – These accounts are necessary to reflect budget operations and conditions, such as estimated revenues, appropriations, and encumbrances, the net balance, and other related information.

Capital Budget – A plan of proposed capital outlays and the means of financing them for the fiscal period. It is usually a part of the current budget. A capital program is sometimes referred to as a capital budget.

Capital Expenditure– An expenditure for the acquisition cost of capital assets (equipment, building, land) or expenditures to make improvements to capital assets that materially increase their useful life. Acquisition cost is the cost of the asset including the cost to put it into place.

Capital Outlays – Expenditures which result in the acquisition of or addition to fixed assets.

Capital Program – A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or otherwise. It sets forth each project or other contemplated expenditure in which the local education agency is to have a part and specifies the full resources estimated to be available to finance the projected expenditures.

Capital Projects Fund – A fund used to account for the expenditures of resources accumulated from sales of bonds and related interest earnings for the renovation, acquisition and construction of school facilities.

Co-curricular Activities – Direct and personal services for public school pupils, such as inter-scholastic athletics, entertainments, publications, clubs, band, and orchestra, that are managed or operated by the student body under the guidance and direction of an adult, and are not part of the regular instructional program.

Community Services – Services which are provided for the whole community or some segment of the community and which are not restricted to the public schools or adult education programs.

Consultant – A resource person who provides assistance to the regular personnel through conference, demonstration, research, or other means. There are two types of consultants; those retained on a temporary basis and those who are permanently employed.

Contracted Services – Labor, material, and other costs for services rendered by personnel who are not on the payroll of the local education agency.

INFORMATIONAL

Credit Rating – A published ranking, based on detailed financial analysis by a credit bureau, of one's financial history, specifically as it relates to one's ability to meet debt obligations. The highest rating is usually AAA, and the lowest is D. Lenders use this information to decide whether to approve a loan.

Current – As used in this manual, the term has reference to the fiscal year in progress.

Current Budget – The annual budget prepared for and effective during the present fiscal year.

Current Expenditures per Pupil – Current expenditures for a given period of time divided by a pupil unit of measure (average daily membership, average daily attendance)

Current Year's Tax Levy – Taxes levied for the current fiscal period.

Debt – An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of local education agencies include bonds, warrants, and notes, etc.

Debt Limit – The maximum amount of gross or net debt which is legally permitted.

Debt Service – Debt Service refers to the semi-annual amount of money needed to pay the interest and principal payments on a bond issue.

Debt Service Fund – A fund used to account for the accumulation of resources and payment of principal and interest on all bonds.

Defease – To render null and void an agreement, commitment or obligation specified in a written document. When a bond issue is refunded and an escrow is established for the benefit of its bondholders the terms of the original indenture and obligations of the Trustee are generally said to have been defeased. The Original trust indenture is supplanted by the newly formed escrow agreement.

Deficit – The excess of the obligations of a fund over the fund's resources.

Delinquent Taxes – Taxes remaining unpaid on and after the date on which they become delinquent by statute.

DTR – Acronym for district tax rate.

EE – Employees

Effective Tax Rate – A hypothetical property tax rate would give the district the same amount of revenue it had in the previous fiscal year.

Encumbrances – Commitments related to unperformed (executory) contracts for goods or services.

Enterprise Fund – A fund used to account for the District's activities for which outside users are charged a fee roughly equal to the cost of providing the goods or services of those activities.

EOC – Acronym for End of Course.

ES – Acronym for Elementary School.

INFORMATIONAL

Estimated Revenue – When the accounts are kept on an accrual basis, this term designates the amount of revenue estimated to accrue during a given period regardless of whether or not it is all to be collected during the period.

Existing Debt Allotment (EDA) – Sometimes referred to as Tier III funding. Granted by the 1999 Legislature guarantees \$35 per student in state and local funds for each cent of effort (up to a maximum of \$.12 per \$100 valuation) to pay the principal and interest on eligible bonds. Eligible bonds are those that require a debt service payment during the 1998-99 fiscal year.

Expenditures – This includes total charges incurred, whether paid or unpaid, for current expense, capital outlay, and debt service. (Transfers between funds, encumbrances, and payments of cash in settlement of liabilities already accounted as expenditures are not considered as expenditures.)

Expenses - Charges incurred, whether paid or unpaid, for operation, maintenance, interest, and other charges which are presumed to benefit the current fiscal period. Note: legal provisions sometimes make it necessary to treat as expenses some charges whose benefits extend over future periods. For example, purchases of materials and supplies which may be used over a period of more than one year and payments for insurance which is to be in force for a period longer than one year frequently must be charged in their entirety to the appropriation of the year in which they are incurred and classified as expenses of that year even though their benefits extend also to other periods.

Fiscal Year – A twelve-month period of time to which the annual budget applies and at the end of which a local education agency determines its financial position and the results of its operations.

Fixed Assets – Land, building, machinery, furniture, and other equipment that the school district intends to hold or continue in use over a long period of time. "Fixed" denotes probability or intent to continue use or possession, and does not indicate immobility of an asset.

Food Service – Those activities which have as their purpose the preparation and serving of regular and incidental meals, lunches, or snacks in connection with school activities.

Foundation School Program – The primary source of state funding for Texas school districts.

FTE – Acronym for full-time equivalent.

Function – As applied to expenditures, this term has reference to an activity or service aimed at accomplishing a certain purpose or end; for example, Instruction, Instructional Administration, Plant Maintenance and Operations.

Fund – A sum of money or other resource set-aside for specific activities of a school district. The fund accounts constitute a complete entity and all of the financial transactions for the particular fund are recorded in them.

Fund Accounting – A method of accounting that separates and tracks financial transactions to meet restrictions and reporting requirements imposed by funding sources.

Fund Balance – The excess of assets of a fund over its liabilities and reserves. During the fiscal year prior to closing, it represents the excess of the fund's assets and estimated revenues for the period over its liabilities, reserves, and appropriations for the period.

GAAP – Acronym for Generally Accepted Accounting Principles.

INFORMATIONAL

GASB – Acronym for Governmental Accounting Standards Board.

GED – Acronym for General Educational Development.

General Fund – A fund used to finance the ordinary operations of the local education agency. It is available for a legally authorized purpose and consists of money not specifically designated for some other particular purpose.

General Obligation Bonds – Bonds that carry a pledge of the general taxing power for the payment of debt obligations. General Obligation bonds are backed by the full faith and credit of the issuing governmental agency.

GFOA – Acronym for Government Finance Officers Association.

HB – Acronym for House Bill.

HS – Acronym for High School.

IB – Acronym for International Baccalaureate.

Instruction – The activities dealing directly with the teaching of students or improving the quality of teaching.

Instructional Facilities Allotment (IFA) – Granted by House Bill 4 in 1997, program provides a guaranteed level (\$35) of state and local funds per student per penny of tax effort applicable to debt service on eligible bonds. However, there is a limit on funding for each biennium so the District must apply for funding. The applications are ranked based on relative property wealth and funds are awarded up to the dollar limit available.

Interest – A fee charged a borrower for the use of money.

Internal Service Fund – A fund used to account for revenues and expenses related to services provided to organizations inside the District on a cost reimbursement basis.

Inventory – A detailed list or record showing quantities, descriptions, values, and frequency, units of measure, and unit prices of property on hand.

I & S – Acronym for Interest & Sinking Fund (Debt Service Fund).

ISD – Acronym for Independent School District.

LAN – Acronym for local area network.

Levy – (Verb) To impose taxes or special assessments. (Noun) The total of taxes or special assessments imposed by a governmental unit.

Long-Term Loan – A loan which extends for more than 5 years from the date the loan was obtained and is not secured by serial or term bonds. Such loans are not legal in Texas under the general statutes.

INFORMATIONAL

Modified Accrual Basis of Accounting – Basis of accounting according to which (a) revenues are recognized in the accounting period in which they become available and measurable and (b) expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt and certain similar accrued obligations, which should be recognized when due.

M & O – Acronym for Maintenance and Operations Fund (General Fund).

MS – Acronym for Middle School.

Object – As applied to expenditures, this term has reference to an article or service received; for example, payroll costs purchased and contracted services, materials, and supplies.

OT – Acronym for Occupational Therapist.

Payroll – A list of individual employees entitled to pay, with the amounts due to each for personal services rendered.

Performance Measures – The specified level of performance on a specific performance indicator.

PEIMS – Acronym for Public Education Information Management System.

Permanent School Fund – An endowment fund established by the Texas Constitution that is managed to be a permanent, perpetual source of funding of public education.

Personnel, Full-Time – School employees who occupy positions the duties of which require them to be on the job on school days, throughout the school year, at least the number of hours the schools in the system are in session. Full-time work days are generally 7.5 hours.

Personnel, Part-Time – Personnel who occupy positions, the duties of which require less than full time-service. This includes those employed full-time for part of the school year, part-time for all of the school year, and part-time for part of the school year. See also Personnel, Full-Time.

Plant Maintenance (Plant Repairs and Repairs and Replacements of Equipment) – Those activities which are concerned with keeping the grounds, buildings, and equipment at their original condition or completeness or efficiency, either through repairs or by replacements of property (anything less than replacement of a total building).

PO – Acronym for Purchase Order.

PPCD – Preschool Programs for Children with Disabilities is available for children aged 3 through 5. Students are provided instruction in all areas of early childhood development.

Principal of a School – The administrative head of a school (not school district) to who has been delegated the major responsibility for the coordination and supervision of the activities of the school.

Principal of Bonds – The face value of bonds.

Program – The definition of an effort to accomplish a specific objective or objectives consistent with funds or resources available. Budgets and actual revenue and expenditure records may be maintained per program.

INFORMATIONAL

Program Budget – A budget wherein expenditures are based primarily on programs of work and secondarily on character and object. A program budget is a transitional type of budget between the traditional character and object number, on the one hand, and the performance budget on the other.

Property Taxes – The valuation of property in the School District is determined by the County Tax Assessor. The School District levies a tax per \$100 of assessed valuation.

PSAT – Acronym for Preliminary Standardized Achievement Tests.

PT – Acronym for Physical Therapist.

Purchase Order – A document authorizing the delivery of specified merchandise or the rendering of certain services and the making of a charge for them.

RADA – Acronym for Refined Average Daily Attendance.

Recapture – The recovery of financial resources from districts defined by the state as high property wealth.

Refunding Bonds – Bonds issued to pay off bonds already outstanding.

Reimbursement – Cash or other assets received as a repayment of the cost of work or services performed, or of other expenditures made for or on behalf of another governmental unit or department, or for an individual, firm, or corporation.

Reserve – An amount set aside for a specified purpose, or an account which records a portion of the fund balance that is to be segregated for some future use and, therefore, is not available for further appropriation and expenditure.

Rollback Tax Rate – The highest tax rate that can be adopted before requiring voter approval.

Salary – The total amount regularly paid or stipulated to be paid to an individual, before deductions, for personal services rendered while on the payroll of the school district. Payments for sabbatical leave are also considered as salary.

SAT – Acronym for Standardized Achievement Tests.

School – A division of the school system consisting of a group of pupils composed of one or more teachers to give instruction of a defined type, and housed in a school plant of one or more buildings. More than one school may be housed in one school plant, as is the case when the elementary and secondary programs are housed in the same school plant.

School, Elementary – A school classified as elementary by State and local practice and composed of any span of grades not above grade six. In this District this term includes kindergartens and pre-kindergartens and goes through grade five.

School, Intermediate – A separately organized elementary school intermediate between elementary and middle school.

INFORMATIONAL

School, Middle – A separately organized secondary school intermediate between elementary, intermediate, and senior high school. In this District middle schools include grades six through eight.

School, Public – A school operated by publicly elected or appointed school officials in which the program and activities are under the control of these officials and which is supported by public funds.

School, Secondary – In this handbook a secondary school comprises any span of grades beginning with the next grade following the elementary/intermediate school and ending with or below grade 12, including middle schools, the different type of high schools, and alternative high schools.

School, Senior High – Schools offering the final years of high school work necessary for graduation; invariably preceded by a middle school in the same system.

School, Summer – The name applied to the school session carried on during the period between the end of the regular school term and the beginning of the next regular school term.

Serial Bonds – Bonds whose principal is to be repaid in periodic installments over the life of the issue.

Special Revenue Fund – A governmental fund type used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditure for specified purposes.

STAAR – Acronym for State of Texas Assessment of Academic Readiness.

State Aid for Education – Any grant made by a State government for the support of education.

Student Wealth – Assessed value of property divided by school enrollment.

Supplemental Taxes – Taxes levied subsequent to the initial levy to add property omitted from the original tax roll(s).

Supply – A material item of an expendable nature that is consumed, worn out, or deteriorated in use; or one that loses its identity through fabrication or incorporation into a different or more complex unit or substance.

TAAS – Acronym for Texas Assessment Academic Skills exam.

TAKS – Acronym for Texas Assessment and Knowledge Skills Program.

TASP – Acronym for Texas Academic Skills Program.

Taxes – Compulsory charges levied by a governmental unit for the purpose of financing services performed for the common benefit. The term includes licenses and permits. It does not include special assessments.

Tax Year – The twelve-month reporting period for filing taxes.

TEA – Acronym for the Texas Education Agency.

TEKS – Acronym for Texas Essential Knowledge and Skills.

INFORMATIONAL

TRS – Acronym for Teacher Retirement System.

TRS On-Behalf – Contributions made by the State of Texas on behalf of a school district employees. These are recognized as equal revenues and expenditures by each district.

Unencumbered Balance of Appropriation – That portion of an appropriation not yet expended or encumbered; the balance remaining after deducting from the appropriation the accumulated expenditures and outstanding encumbrances.

Unexpended Balance of Appropriation – That portion of an appropriation not yet expended; the balance remaining after deducting from the appropriation the accumulated expenditures.

Unit Cost – Expenditures for a function, activity, or service divided by the total number of units for which the function, activity, or service was provided.

WADA – Acronym for Weighted Average Daily Attendance.

WAN – Acronym for wide area network.

Workers' Compensation – Compensation provided to employees who are injured or contract an occupational disease due to their employment.
