

Forest Park Youth Soccer Association Guidelines

5th Street Park

We are excited for a great season of soccer with the Forest Park Youth Soccer Association, sponsored by the Ferdinand Kiwanis Club!

The season will run September 13th, 20th, 27th, October 4th, 11th

Below is some information related to our program and some changes we have made to our program to adhere to the CDC guidelines to make sure that we are maintaining a healthy environment for our staff/volunteers and players.

Personal Belongings:

- Each child should bring their own filled water bottle. Drinking fountains will **NOT** be available.
- Each child will need to supply their own soccer gear including cleats and shin guards.
- FPYSA will supply the balls.

Scheduling Structure:

- Players will be asked to arrive no more than 15 minutes prior to their scheduled time.
- Players should depart the field area promptly after being dismissed by the coaches.
- Players will adhere to physical distancing when appropriate.
- Players will not be giving high fives to each other and the other players after the practices and games.
- During the games, each team will have their own designated area for coaches and resting players.
- Practices will be limited to one practice per week for 3rd - 6th grades. K - 2nd grades will not have practices this season.

Maintaining Healthy Environment:

- Parents should check their child's temperature prior to departing from home. If temperature is above 100.4 the child shall remain at home.
- **If the parent, child or other family member has been directed to quarantine or isolate, they cannot attend.**
- Hand sanitizer will be available for the volunteers to use. It is a recommendation that families bring their own hand sanitizer for personal use.
- Playing area should be limited to players and coaches only. NO siblings will be allowed in the playing area.
- Spectators are asked to maintain physical distancing in the designated areas. Spectators will need to bring lawn chairs.

- If physical distancing cannot be achieved, a mask should be worn.
- The soccer balls and other equipment will be cleaned on a regular basis by the volunteers.
- In the event a child becomes ill, that child should be removed from the playing area.
- Proper signage will be utilized on the premises to indicate any conditions spectators must follow.

Volunteer Guidelines:

- All volunteers should take their temperature before starting their shift. If temperature is above 100.4 the volunteer shall remain at home.
- During the program, when physical distancing cannot be maintained, the volunteer will be masked.
- Volunteers will be made aware of, prior to the start of the program, any COVID-19 rules and regulations.

Concessions Guidelines:

- All volunteers should take their temperature before starting their shift. If temperature is above 100.4 the volunteer shall remain at home.
- Social distancing markers will be placed on the ground for those waiting in line.
- Servers are required to wear masks.
- Customers will be expected to wear masks.
- All Dubois County Health Department recommendations will be adhered to.

***Guidelines are subject to change throughout the length of the program to meet federal, state, and local guidance and recommendations.**
