

Incoming Freshman Mathematics Competency Test Recommendation Form

Please do not mail or fax this from back to DLS
(Please do not lose this form and read all instructions carefully!)

Any incoming freshman, who wishes to take **Geometry, Algebra 2, Pre-Calculus, or Calculus**, freshman year, must pass a competency test(s) **prior** to placement.

Students who wish to take Algebra 1 **DO NOT NEED TO TAKE THIS TEST**. This test is only for students wishing to test out of Algebra 1, Geometry, or Algebra 2 their freshman year.

STUDENTS WISHING TO TAKE THIS TEST MUST BRING THIS FORM TO THE TESTING DAY. Students **without** this form **or** whose form is incomplete **WILL NOT** be admitted to the competency test on the date below. Pictures of the forms will not be accepted. Calculators **will** be allowed, but not provided. You may not share a calculator. Please bring pencils to write with. **Topics covered on the competency test may be found as a PDF on the Admissions Calendar under the test date on the DLS website.**

Students wishing to test out of **Algebra 1** must take the **Algebra 1 Competency Test**.

- **Algebra Test Date:** MONDAY, May 9, 2022 at De La Salle in the HOFMANN STUDENT CENTER.
- **Time:** 3:30 pm - 4:30 pm. Please do not arrive on campus before 3:15 pm.

Students wishing to test out of **Geometry** must take the **Algebra Competency Test on May 9th**. If they pass the Algebra Competency Test they must take the **Geometry Competency Test** to determine appropriate placement.

- **Geometry Test Date:** TUESDAY, May 17, 2022 at De La Salle in Room 506.
- **Time:** 3:30 pm - 4:30 pm. Please do not arrive on campus before 3:15 pm.

IN ORDER TO BE ADMITTED ON THE DAY OF THE TEST each student must have his current mathematics teacher sign and complete **THIS FORM**. Again, students without this completed form on the day of the placement test will not be allowed to take the test. Pictures will not be accepted.

Math History	Course Title	Semester 1 Grade	Semester 2 Grade
7th Grade			
8th Grade			

I _____ recommend that _____
current Math Teacher's Name (Please Print) Student's Name (Please Print)

who is currently completing his study of (Check one: Algebra 1 Geometry Algebra 2) take a test to demonstrate his competency in the above checked subject. Based on his proven ability in 8th grade Math, I recommend his placement for 9th grade math to be: (Check one below)

Geometry **Honors Geometry** **Algebra 2** **Honors Algebra 2** **Precalculus** **Calculus**

Current Math Teacher's Signature
