2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Mission Statement:
Learn. Lead. Serve.

Vision Statement

Beckman High School is a dynamic learning community of dedicated students, educators, staff, parents, and community partners, who are dedicated to achieving excellence in education through a focus on learning, leadership, and service. Our programs that focus on the Four A's (Academics, Activities, Arts, and Athletics) are dedicated to developing self-motivated, analytical, creative, and engaged members of society. Beckman High School strives for educational excellence and continuous improvement through researched-based instruction, current technology, professional development, and reflection on data. Beckman High School is committed to maintaining high standards and academic excellence for all students.

Learn: Beckman staff continues to challenge and engage all students and provides the curriculum, instruction, assessment, and support to succeed. The school is staffed by experienced and expertly-prepared teachers who engage in continuous professional development individually and collaborate as a learning community on campus. Beckman High School holds high expectations for all students, and curricula are focused on rigorous content and meaningful application for post-secondary goals. Beckman High School practices widespread and meaningful inclusion of all students at all levels. Parents and the community are actively engaged in student learning and success through supporting high-quality instruction, curriculum, and activities.

Lead: Beckman High School is focused on developing excellent school leaders among the students. Beckman prioritizes leadership for all students, whether it is through academics, arts, activities, or athletics. Our Four A Philosophy is based on the belief that all students have the ability and responsibility to be leaders on campus and in the local and global community now and into the future. In addition, Beckman parents and the local community are a vital part of our focus on leadership. School staff are consistently supported in their efforts to improve in their profession and leadership through professional development and collaboration. Parents lead through involvement in parent groups, student support groups, and at home. Community businesses are actively involved in supporting student activities and fundraisers, and members of the community come to teach, inform, and inspire students through real-world applications for learning.

Serve:Beckman students take an active role in the school and greater community as part of our mission to develop engaged local and global citizens. The positive involvement and support of staff, parents, and community challenges students to develop their potential as responsible, engaged, and empathetic members of society and become responsible and respectful citizens. Through current and engaging curricula, school activities and clubs, community partnerships, and future-oriented counseling, students, and staff join in a mindset of service. Kindness, empathy, and application of learning for the betterment of the community at large are at the center of what it means to be a Beckman Patriot.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	107
Intern Credential Holders Properly Assigned	1
Teachers Without Credentials and Misassignments ("ineffective" under ESSA)	0
Credentialed Teachers Assigned Out-of-Field ("out-of-field" under ESSA)	9
Unknown	0
Total Teaching Positions	108

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Tustin Unified School District sets a high priority upon ensuring that high-quality, standards-based textbooks and materials are available for every student to support instructional programs in the schools. Prior to adoption, the Tustin Unified School District conducts a thorough review of its curriculum to ensure that it is aligned with the California Standards for the Common Core.

District K-8 textbooks in the subjects of English language arts, mathematics, history/social science, health, foreign language, visual and performing arts, and science have been adopted from those approved by the State Board of Education. The Tustin Unified School District Board of Education has adopted district textbooks in the subjects listed below. K-12 textbooks for mathematics, history/social science, science, English language arts (including reading), and foreign language are aligned with state-adopted content standards and state or national frameworks. All TUSD students, including all English learners, have textbooks* and instructional materials, including science laboratory equipment at the 9-12 level, that are current and in good condition in accordance with Education Code requirements. All textbooks* and instructional materials are provided in sufficient quantities for each student for use in class and to access from home.

On September 27, 2021, the Tustin Unified School District Board of Education verified by resolution that each student at this school has a textbook and/or instructional materials for each core subject area that are aligned to the content and cycles of the curriculum framework adopted by the State of California.

*textbooks may be digital or hard copy depending on textbook and adoption cycle

School Facility Conditions and Planned Improvements

The Tustin Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of this survey are available at the school office, the District office, or on the Internet at https://tinyurl.com/TUSD-Facility-Inspection-Tool. The District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

The Beckman 40-acre campus features state-of-the-art facilities. All students have access to computer technology and wi-fi is available throughout the campus. Video streaming, data, WiFi, and audio transmissions are accessible in all classrooms. A 550 seat performing arts center, an Olympic-sized swimming pool, turf athletic fields, and an all-weather track are other resources enjoyed by the school community. The school has a college/career counseling center, library, television studio, and eight science laboratories. In addition, every classroom has computers for teacher and student use. To accommodate growth, ten relocatable classrooms were added to the campus in 2007-2008 and an extension to the science/math building adding eight classrooms and four science labs was completed in January 2010. Construction on an addition to the humanities wing was completed in 2015. Through funding from Beckman's Ed Fund, the library had been renovated to include seating and study areas conducive to interactive learning and collaboration. In 2013, the district upgraded all learning areas to include enhanced teaching stations including audio amplification, WiFi, interactive projection systems, and upgraded computers. Instructional materials are current and grounded in research-based practices. In November of 2016, a brand new 240,000 square foot artificial turf field was completed for student use. In May of 2017, an additional 80,000 square foot artificial turf field was completed and the outdoor track was resurfaced. In December of 2018 a 10,000 square foot patch of artificial turf was added to the student quad along with 20 trees and umbrellas to create a more comfortable and welcoming student environment.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options
Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 Career Technical Education Programs

Beckman High School offers CTE Pathways in Graphic Arts (Graphic Arts 1, 2, and 3), Media Arts (Dramatic Production, Digital Video Design/Film Making, and Digital Video Production), Visual Art: Photography 1, Visual Imagery, and AP Studio Art), Computer Engineering/Robotics (Introduction to Engineering, Principles of Engineering, and Computer Science AP.), Applied Medical/Athletic Training (Human Body Systems, Sports Medicine ROP, and Kinesiology/Athletic Training IVC).

Beckman High School has maintained its ROP offerings over the past ten years. Beckman partners with Coastline ROP in employing a full-time career specialist who is available to students for career and college guidance. Through the career center, students can enroll in a variety of ROP classes that are offered at other local high schools. In addition, BHS students can gain career experience by enrolling in ROP classes which provide internships at local businesses such as Allergan, Fletcher Jones Motorcars, The St. Regis, Wells Fargo Bank, and Mission Hospital. By successfully completing an ROP class, students can earn five or ten elective credits, depending on the course.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

For the 2021-2022 school year, schools are closely following CDPH Guidance to ensure the health and safety of students and staff, as well as the school community. Tustin Unified and school leaders are working hard to ensure that there are many opportunities in the district for parental involvement through virtual SSC and ELAC meetings, virtual parent and community meetings, participation in parent surveys, support organizations, booster clubs, school site councils, DELAC and district-level advisory committees with the superintendent.

Beckman seeks to include all members of its community through inclusive parent organizations. Beckman parents model respect for other cultures through their involvement in PTO, Super Boosters, 36 booster groups, The Beckman Ed Fund, School Site Council, and English Language Advisory Committee (ELAC). Chinese and Korean Parent Associations are organized under the umbrella of PTO to encourage parent participation for those new to the country or those more comfortable in a language other than English. The District offers language translation services in Spanish, Korean, and Vietnamese. At least ten different languages are spoken by the faculty and staff. The school's Community Liaison serves to connect Spanish speaking parents to the school community and assist families with enrollment and identifying appropriate support. The Community Liaison also works closely with mental health services to provide support for parents seeking outside assistance.

Beckman offers opportunities for parents to meet with teachers and counselors to maximize each student's success. The school offers a Back to School Night, two Report Card Nights, 8th Grade Parent Night, Financial Aid Night, Out of State College Night, Early College Parent Night, four counselor coffees, 9th and 10th Grade Parent Night, and 11th and 12th Grade Parent Night. Beckman hosts and/or participates in four ELAC meetings each academic year which is held at Heideman elementary which is closer to where a large majority of our Spanish speaking community lives. In addition, the Beckman Education Fund hosts a series of four nights presented by Beckman's counselors, "B" Prepared for College, each night dedicated to a specific grade level. Every third year, Beckman hosts the district-wide College/Career Night. Parents have access to their student's progress using Beckman's Parent Portal through the school's Aeries Data System. In addition, every student at the school has an account with Naviance Succeed, a web-based program for students to research colleges, plan careers, and organize college applications. Parents can monitor their student's college/career readiness and progress in Naviance. There is an updated Beckman website and a digital marquee. Beckman uses BlackboardConnect to disseminate various updates to families via email and phone messages and a monthly electronic newsletter with current events, photos of school activities, and

links to various organizations on campus.   We also utilize social media (Twitter, Instagram, Facebook) to increase communication that currently has over 1000 combined followers.

For more information on how to become involved at the school, please contact Donnie Rafter at (714) 734-2900.

C. Engagement	State Priority: School Climate
	The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Date Last Reviewed by School Site Council (SSC): 2/17/2021 (pending review in 2022)
Date Updated and Approved by SSC: 2/17/2021 (pending approval in 2022)
Date Discussed by Staff: 3/10/2021

Our School Safety Plan includes the following elements: Child abuse reporting procedures, disaster procedures, attestation plan for COVID-19, routine and emergency; suspension, expulsion, or mandatory expulsion recommendations; procedures to notify teachers of dangerous pupils; discrimination/harassment policy; provisions of any school-wide dress code; procedures for safe ingress and egress; safe and orderly environment; rules and procedures on school discipline and dress code; hate crime reporting; school safety goals and objectives. We run monthly drills and work closely with our Student Services department to ensure that we have updated procedures and practices in place to ensure school-wide safety.

An Irvine Police Department School Resource Officer works in partnership with the Tustin Unified School District to provide a safe school campus. School Resource Officers are sworn Police Officers assigned to school sites to act as a resource for students, parents and school administration. Through enforcement of the law and education on many topics, the School Resource Officer is a direct link between the Tustin/Irvine youth community and the Irvine Police Department.

2020-21 Types of Services Funded

In addition to base funding, Beckman High School receives LCFF-EL and site supplemental funds to support all students and student subgroups in academic achievement. The Tustin Public Schools Foundation and site PTO/PTA also supports the school with donations and financial support throughout the year to support school-wide programs and events for students. The school's Single Plan for Student Achievement (SPSA) identifies student needs and addresses specifically how these funds will support student learning and achievement through a Multi-Tiered System of Supports. The base and supplemental funds are used to provide tiered and targeted supports or interventions for at-risk students in the areas of academics, behavior and social-emotional learning, and absenteeism, professional development, instructional materials, additional personnel to support all students in accessing academic standards, and technology resources.

Under-performing students are provided with additional/targeted counseling services, tutoring, and targeted instruction to assist them in meeting/exceeding standards. Programs funded include those funded by the Local Control Funding Formula (LCFF). The purpose of the program is to develop fluency in English and academic proficiency for English learners. English learners who have not yet achieved reasonable fluency are grouped by language level, as determined by the ELPAC score, for two periods per day (ELD A and ELD B), or one period per day (ELD C). In addition, a transition program for English Learners in sheltered classes was modified this year to include English 1 "Bridge," English 2 "Bridge," and English 3 "Bridge" (Formerly referred to as Transitional). Teachers with EL certification provide level-specific standards-based ELD instruction to their groups as evidenced by the Classroom Observation Checklist for English Learners. Student progress on the EL Standards is measured against benchmarked expectations (ELD Master Plan). Annual progress is measured by ELPAC. Professional development in Gradual Release of Responsibility, Academic Language, and Systematic ELD lessons are provided. English learners who have achieved reasonable fluency are placed in grade-appropriate mainstream classes. All teachers at Beckman High School are CLAD certified and provide lessons based on the integration of ELA/ELD Standards with Content Area Standards. Teachers use appropriate sheltered instructional strategies to ensure comprehensible input and access to the core curriculum as evidenced by the Classroom Observation Checklist for English Learners. Core curricular materials are used as well as supplementary materials as needed. Progress is measured against benchmarks and common assessments. Annual progress is measured by ELPAC. Professional development will be provided through conferences in the appropriate curricular areas, and via all staff meetings.

Beckman High School also receives funds from its PTO, EdFund, the City of Irvine, and other grants to assist with funding for EL students.

Professional Development

Tustin Unified School District provides dedicated time for professional development for all staff. Schools often provide additional professional development time based on specific school-site scheduling and budgetary decisions. The District provides intensive workshops in August during the week before school starts to provide teachers with new knowledge and enhanced skills for the upcoming year. Staff development opportunities are also offered after school and by release time throughout the school year. New teachers are provided an extensive new teacher training program throughout the year to support their implementation of effective instruction.

All teachers have training in the Common Core State Standards, lesson design strategies, multiple learning styles, instruction, and use of educational technology; Advanced Placement teachers receive specialized training in developing their students' skills to facilitate student success on the AP exams.

The TUSD has a comprehensive, long-term plan for professional development that is aligned with the Common Core State Standards and frameworks. Teachers participate in district professional development day during three days dedicated to professional development. The plan is based on current research, driven by the analysis of data from CAASPP and needs identified by an annual survey of administrators, department chairpersons, and staff. The plan is reflective of the California Standards for the Teaching Profession. District goals focus on student achievement, planning for facilities, high-quality employees, financial responsibility, and parent/community partnerships. Beckman continues to focus on the language proficiency of English Learners. Teachers may attend after-school workshops and conferences for professional development.

Beckman teachers regularly share teaching ideas, materials, and strategies within and among departments. Late starts every Wednesday provide increased opportunities for teacher collaboration. While cross-curricular collaboration is a focus of the leadership team, unstructured school-wide collaboration occurs on a daily basis. Collaboration is a key component of the school's vision and includes teachers' use of essential standards, common assessments and/or benchmarks across the curriculum.

New teachers are supported through the TUSD two-year induction program that supports standard credentialing programs and also provides new teachers access to a mentor teacher at their site. Support Providers regularly meet with participating teachers to observe their teaching techniques, review the latest strategies for instruction in their subject area, assist beginning teachers in the effective implementation of differentiated lesson plans and provide valuable professional feedback.

The focus for the 2019-20 school year for site staff development was on Creativity and it's implementation across subject areas. PD has been focused on exposing teachers to new definitions of creativity and encouraging them to take chances in their lesson design. During the 2020-21 school year, our focus was on creating and maintaining physical and virtual learning environments for students during COVID. Now that we have returned to in-person instruction, our goal has been to streamline courses and focus on student SEL as they return to in-person instruction.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
