Total of 79 houses planned to be built over the next three to five years; Phase 1 (approximately 25 houses) to start construction fall of 2021 with occupancy beginning in spring 2022.

**Potential number of residences at this time in Strasburg Township is 259.**

**SUMMARY OF PROJECTED NEW HOMES**

Several extrapolations can be drawn from the data on the previous pages. These projections are conjecture based upon these plans and past experience.

1. There are approximately **251** units planned for West Lampeter Township in the next several years.
2. There are approximately **2** units planned for Strasburg Borough
3. Strasburg Township has approximately **259** units planned in the next several years.

**Summary**

A total of **512** homes are potential for the next few years depending upon many factors including the economy and the sewer moratorium. The breakdown by municipality for these potential homes is as follows:

Strasburg Borough	2
Strasburg Township	259 *
West Lampeter Township	251 **

- \* includes 180 units targeted at retirees and young professionals without children
- \*\* includes 10 non-development homes annually and 160 proposed/unbuilt units at Willow Valley that will not house school-age children

Presently, we average **.2897** children per household that attend public school. If the home school, tutor, and cyber school students (291) and private/parochial students (704) are included in the calculation, the average household contains .3901 school-age children. If Willow Valley's households (1,596) were excluded, each household averages .465 school-age children. If this ratio continues and if all units are built, this would be an increase of approximately 148 school-age children residing in the District.

Our students come from approximately 1,965 different addresses (households). This means that approximately 19.84% of our households have students in school. If Willow Valley is subtracted, the percent of our households that have students in school is approximately 23.65%.

Total Building Capacity	3,341 *

\* Elementary capacities are based upon 20 students per kindergarten and first grade, 23 students per second and third grade, and 25 students per fourth and fifth grade. It should be noted that a number of current classrooms have two to three more students than the capacity listed. It is also important to note that only one half of our kindergarten students are in Lampeter Elementary School at any given time.

Numbers of students in District buildings do not accurately reflect the number of students who are receiving their education in District buildings because some students attend the Lancaster County Career and Technology Center, Lancaster County Academy, Lancaster Lebanon Virtual Solutions, or other appropriate placements located outside the District. The number of District secondary students currently being educated for either full or partial days outside the District is 165, while the number of elementary students is 18.

### **Growth Time Line**

The closing of Strasburg Elementary School in 2013 transitioned all K-2 students to Lampeter Elementary School. With this transition, the following statements are true:

1. The District is implementing a Feasibility Study that was completed by Crabtree, Rohrbaugh and Associates. The study includes a review of all District buildings and student growth projections.
2. Lampeter Elementary is currently at, or slightly above the desired student capacity threshold. Taking into account student projections based upon live births, it appears all other buildings will remain within student capacity limits for the foreseeable future.
3. All buildings continue to be properly maintained and remain in good condition given their age. The previously referenced Feasibility Study includes recommendations to enable District buildings to continue to meet the needs of all learners.

**It is, however, important to remember that enrollment numbers are based on projections. The further into the future that the one extends, the less reliable the projections become. The full enrollment impact of COVID-19 will not be fully known until we return to a sense of “normalcy” post pandemic. The majority of students and families who selected an alternative to in-person instruction (LLVS, homeschooling, etc.) during the 2020-2021 school year have returned to in-person instruction.**
