Preliminary plan approved for second phase of approximately 84 homes.

19. Trails 2 - An extension of Sunset Avenue

Six homes have now received final approval.

Potential number of homes at this time in Strasburg Borough is 111.

Strasburg Township

20. The municipality normally averages six to seven new homes per year, but only three were built in the last year.

21. The Bunker Hill/Metzler property has a small development of seven homes planned. Four have been completed, and three remain to be built.

Potential number of homes for the next year in Strasburg Township is 7-10.

SUMMARY OF PROJECTED NEW HOMES

Several extrapolations can be drawn from the data on the previous pages. These projections are conjecture based upon these plans and past experience.

1. There are approximately **1,063** units planned for West Lampeter Township in the next several years.
2. There are approximately **111** units planned for Strasburg Borough
3. The municipality has averaged less than **10** new homes each year for the last 10 years.

Summary

A total of **1,184** homes are potential for the next few years depending upon many factors including the economy and the sewer moratorium. The breakdown by municipality for these potential homes is as follows:

Strasburg Borough	111
Strasburg Township	10
West Lampeter Township	1,063 *

* includes 5 non-development homes annually

Presently, we average **.33** children per household that attend public school. If the home school, tutored, and cyber school students (147) and private/parochial students (604) are included in the calculation, the average household contains **.412** school-age children. If Willow Valley's households (1,570) were excluded, each household averages **.494** school-age children. If this ratio continues and if all units are built, this would be an increase of approximately 391 school-age children residing in the District.

Our students come from approximately 2,059 different addresses (households). This means that approximately 22% of our households have students in school. If Willow Valley is subtracted, the percent of our households that have students in school is approximately 26.2%.

Numbers of students in District buildings do not accurately reflect the number of students who are receiving their education in District buildings because some students attend the Lancaster County Career and Technology Center, Lancaster County Academy, Lancaster Lebanon Virtual Solutions, or other appropriate placements located outside the District. The number of District secondary students currently being educated for either full or partial days outside the District is 84, while the number of elementary students is 18.

Growth Time Line

The opening of Lampeter Elementary School in 2008 has relieved the overcrowded situation in the elementary schools. With the opening of that facility, the following statements are true:

1. All buildings are presently considerably under capacity.
2. With projections based upon live births, it appears that all buildings will remain under capacity for the foreseeable future.
3. All buildings have been updated and are in excellent condition.

It is, however, important to remember that enrollment numbers are based on projections. The further into the future that the one extends, the less reliable the projections become.
