

All About Grades

Grading: Your grade in this class will be determined by demonstrating the understanding of the key concepts and skills covered. This will include a combination of assignment types. Apex teachers typically grade assignments within 3 days of the due date; exceptions may occur for a large project. Your Apex teacher will provide your final grade. Individual assignments and a 'live' grade are not visible in Skyward. Progress and final grades will be posted in Skyward following the ISD grading timeline. The Apex Grading Scale mirrors the Issaquah School District's Grading Scale for secondary students.

A = 93-100%

B+ = 87-89

C+ = 77-79%

D+ = 67-69%

A- = 90-92%

B = 83-86%

C = 73-76%

D = 66-60%

B- = 80-82%

C- = 70-72%

F = 0-59%

Apex – Viewing Grades

Grade to Date: This is a snapshot in time and takes into account any overdue activities. If an assignment is 'overdue', it counts as a '0' until the assignment has been completed. A 'submitted' assignment will count towards your 'overdue' assignments until it has been graded.

The screenshot shows the Apex Learning interface for viewing grades. At the top, there is a blue header with the text "Grade To Date" and the Apex Learning logo. Below the header, there is a navigation bar with "Alerts", "Help", and "Michael Student". The main content area is divided into several sections. On the left, there is a "My Dashboard" section with a "Menu" button. Below that is a "Courses" section with a table. The table has columns for "Course Name", "Grade to Date", "Progress", and "Overdue Activities". The "Grade to Date" column for "Algebra I" shows "93%". A yellow callout box with a speech bubble shape points to the "93%" value, containing the text "Points Earned (due through today)" and "Points Possible (due through today)". To the right of the table, there is an "Announcements" section with two messages dated 8/8/13. Below the announcements is a "Messages" section with a "VIEW" button and a "Calendar" section with a "VIEW" button.

Course Name	Grade to Date	Progress	Overdue Activities
Algebra I	93%	<div style="width: 93%;"></div>	4

Quality of Work: If you hover over the 'Grade to Date', you will see your 'Quality of Work' score. 'Quality of Work' is the average grade of the assignments you have submitted and that have been graded.

The screenshot shows the 'Quality of Work' dashboard for a student named Michael Student. A yellow callout box highlights the 'Quality of Work: 93%' score for the Algebra I course. The callout contains the formula: $\frac{\text{Points Earned (completed activities)}}{\text{Points Possible (completed activities)}}$. The dashboard also shows a progress bar for Algebra I at 90% and a red '4' indicating overdue activities.

Enrollment Details: Your 'Enrollment Details' page is your gradebook. It gives you the list of your assignments, the amount of points the assignment is worth, your score on the assignment, status of the assignment, and the due date. You will click 'Grade to Date' and you will be taken to your 'Enrollment Details' page.

The screenshot shows the 'Enrollment Details' page for a student named Student Demo in the course Algebra I. The page displays student information, classroom details, and a table of activities. The table has columns for Activities, Score, Possible, %, Status, Date Recorded, and Due Date.

Activities	Score	Possible	%	Status	Date Recorded	Due Date
Course Total	1163	3720	31.3%			
1.1.3 Quiz: Rational and Irrational Numbers	14	20	70%	Complete	07/11/2018	07/01/2020
1.2.3 Quiz: Algebraic Properties and Expressions	18	20	90%	Complete	07/11/2018	07/22/2020
