

February 7, 2022

Dear Haldane Community:

The Haldane Central School District is forming an ad hoc committee to support the development of a campus master plan. This plan will establish a vision for how the district's space can be utilized to meet the long-term academic and extracurricular needs for Haldane's students and staff, and will serve as a springboard for the development of future capital projects.

The Campus Master Plan Committee will:

- Liaise between a planning consultant and community groups to provide feedback through the master plan design process.
- Provide feedback to the administration on the components of the campus master plan prior to final recommendations being made to the Board of Education.
- Provide feedback to the administration on the conceptualization and scope of future capital projects.

The district is seeking a diverse group of community members to serve on the ad hoc Campus Master Plan Committee. The group is expected to meet once per month in the late afternoon/evening for approximately two hours at a time.

Special consideration will be given to:

- Haldane teachers
- Haldane staff members
- Parent representatives
- Liaison to the Garrison school community
- Representatives from the town and village government
- Representatives from local emergency services
- Representative from the Philipstown Recreation Department
- Representatives from the Chamber of Commerce
- Trade professionals, particularly with experience with public service projects
- Individual with background experience in creative, long-term use, including facilities planning

If you are interested in serving as part of the ad hoc Campus Master Plan Committee, [please complete this form](#). The district will work to finalize membership over the course of the next month.

Sincerely,
Phil Benante, Ed. D.
Superintendent of Schools
