Benefits are provided for eligible Insured persons. This summary of coverage is a brief description of the important features of the insurance plan. It is not a contract of insurance. Complete provisions pertaining to this insurance are contained in the policy. In the event of any conflict between this summary of coverage and the policy, the policy will govern. The policy, which was issued by the insurance company to the Fairmont Specialty Trust, is renewable only at the option of the insurer. This plan is not designed to cover US residents and citizens. This policy is not subject to guaranteed issuance or renewal.

This insurance is not subject to and does not provide certain insurance benefits required by the United States' Patient Protection and Affordable Care Act ("PPACA"). PPACA requires certain US citizens or US residents to obtain PPACA compliant health insurance, or "minimum essential coverage." PPACA also requires certain employers to offer PPACA compliant insurance coverage to their employees. Tax penalties may be imposed on U.S. residents or citizens who do not maintain minimum essential coverage, and on certain employers who do not offer PPACA compliant insurance coverage to their employees. In some cases, certain individuals may be deemed to have minimum essential coverage under PPACA even if their insurance coverage does not provide all of the benefits required by PPACA. You should consult your attorney or tax professional to determine whether this policy meets any obligations you may have under PPACA.

Please keep this brochure of the important features of the plan. It is not a contract of insurance. This plan includes both insurance and non-insurance benefits. The terms and conditions of the accident and sickness coverage are set forth in the policy. For a detailed plan description, exclusions, and limitations, please view the plan on file with your school or the Policy. The issued Policy contains a complete description of reductions, limitations, exclusions, definitions and termination provisions. If there is any conflict between this brochure and the Policy, the Policy shall govern in all cases.
