## WEEKLY FAMILY NEWSLETTER

### Work Submission, Grading, and Attendance

We have received questions about grading and what impact this period of virtual learning will have on students' progress and overall achievement. We will share information about how virtual learning fits within our grading policy in the coming weeks, but here are a few important things to remember:

- Attendance continues to be taken daily through student interaction with teachers and Google Classroom. Please check with your teacher if you have questions about your Bridge Builder's attendance.
- It is imperative that your Bridge Builder is attending all live teaching sessions, and completing assignments, which are being accepted daily until **midnight**.

We are consciously aware and thinking about our students' progress, and are planning ways to support them when we are together in the fall. Critical to this process will be collaborating on work submission, progress monitoring, and resource sharing. More to come!

## Virtual Learning Continues!

As we plan to close out the school year virtually, we will continue daily live teaching sessions and Google Classroom assignments. Lesson materials will be posted the evening before at 4pm. Our teachers are working to provide feedback and support to your Bridge Builder, so please submit all classwork.

### Ongoing Tech Support

We are continuing to host our weekly Technology Q&A on Tuesdays from 2 - 3pm. Please use this link to join us on Google Meet: [BPCS Technology Q&A](#). For any technological support, please reach out to us at [mainoffice@bridgeprepcharter.org](mailto:mainoffice@bridgeprepcharter.org). A member of our team will get back to you as quickly as possible.

### Flashback Friday Fun

Do you want to build a snowman? Today we are throwing it back to Pajama Day when Bridge Builders upcycled paper shredding to build snowmen while singing their favorite songs. Miss Red also led an art lesson staying on trend that week. We can't wait to have creative fun together again!
