WEEKLY FAMILY NEWSLETTER

Summer Resources + Building Access

Next week we will launch summer resources on Google Classroom through your student Bridge Prep email accounts:

- All students will be invited to grade specific Google Classrooms for Math and ELA resources.
- Incoming students will be invited to an Incoming OG Google Classroom.
- Current students will receive OG resources on current OG Google Classrooms.

With the quick closure of our building, we understand that students may have left behind items, such as medications, student work, and belongings. We cannot allow families to return to the building at this time. Future guidance will be provided in July around how to collect items and plans for returning borrowed technology. In the event that you have an urgent need to collect an item, please reach out to let us and we will coordinate a way for the item(s) to be returned.

Have a great summer!

Thank you to everyone who attended our end of year family meetings this past week! Please reach out to Mrs. Illuzzi at rosemarie@bridgeprepcharter.org if you would like a copy of the presentation shared at the meetings. We cannot thank you all enough for helping us to make this founding school year one for the books!

We are continuing to work with the NYC DOE around plans for school in the fall as we await final confirmation from the State and Department of Health around their recommendations and guidelines for what in person instruction could look like. As we plan over the next several weeks, it is **extremely important** for us to have your input, which will help guide our planning. **If you have not already done so, please complete the [BPCS Return to School Family Survey](#).**

Family Self-Care Corner

We are wishing you all a fun, safe and rejuvenating summer. Please take care of yourselves and each other. Reach out to us if you have questions or concerns!

We can't wait to be together again. Here are a few more captured moments from this school year!
