## HEALTH AND SAFETY MINUTES

Jim Langevin, Jeff Halseth, Bridgett Phimister, Kari Schwietering, Asya Phillips, Cory Maslowski, Clarence Pollock, Richard Kreyer, Michelle Bryant, Sandra Dereskos, Maria Graver, Terri Johnson, Katie Lail, Michele Oliver, Kathy Ninnemann, Tim Peltier, Scott Glidden, Heidi Middleton, Angie Martinez Grande, Todd Goggeleye

### 0.1 PREVIOUS MEETING ISSUE

- The meeting was called to order at 3:36 pm.
- Meeting Minutes were approved. Michele Oliver made a motion to approve the minutes from October 27, 2021, Scott Glidden second and the motion carried with corrections.

### 1.0 PHYSICAL HAZARD CONTROL TOPIC:

- Jim will have IEA out to do noise level testing to confirm on who needs hearing tests. Special attention will be needed to the day this is scheduled to ensure normal student attendance. Currently there is a high number of students out due to illness.
- Jim discussed the use of non-UL Electrical appliances such as microwaves, toasters, hot plates etc. and other district approve items. can only be located in SLP designated Employee Breakrooms. All other locations have to be preapproved by Jim.

### 2.0 HAZARDOUS SUBSTANCE TOPICS:

### 3.0 ENVIRONMENTAL, HEALTH & SAFETY MANAGEMENT TOPICS:

- Updates from Human Resources: Safe Schools, Worker Comp claims, and additional information.
- Rick reported that better than half of the outstanding Safe Schools sessions are completed. He has sent out email reminders.
- Comp cases are still low and they have closed out some that have been out there for a while.
- Slippery season is here and Rick asked that reminders are put in school newsletters on be prepared for the weather (boots) and that everyone should be using the penguin walk.

### 4.0 ASBESTOS TOPICS:

- Scott asked for clarification on the asbestos update from last month's update on the asbestos that is left at this time. The update reported that any asbestos in the district is either buried in the walls or not accessible. Jim explained that it means any in the district at this time is not accessible to the general public.

## 5.0 FIRE AND LIFE SAFETY TOPICS:

- Fire drills and Lock Down drills, review of Report of SLPPS Safety Drills (located in google sheets)

Building	FIRE	LOCK DOWNS	WEATHER Scheduled	Please Review
AQ	3	1	0	
PH	3	3	1	
SL	3	2	1	
MS	0	0	0	
HS	3	2	0	X
LX	4	5	0	X
CCC	3	1	1	
PSI	3	1	0	
DO	1	1	0	X

## 6.0 INDOOR AIR QUALITY:

### 7.0 OPEN DISCUSSION:

- After reviewing the Fire-Lock down safety drill sheet we noticed that the drills that were done at the Middle School were not entered. Jim will contact Susanne to get this completed.
- Terry Johnson made a request to have the air flow and air changes confirmed in a few rooms in Early Childhood. Terry will be emailing Jim the room numbers and Jim will get a report on the air changes.
- Katie discussed a survey put out by SPARKS about Health and Safety concerns at Peter Hobart. The survey showed that they had questions about the status of Peter Hobart being up to code for ADA items. Jim said that he would be surprised if things were out of code because whenever construction is done in an area it is required that everything that is existing is brought up to current code. Katie will email him the items and he will get them confirmation.
- Kari inquired about the new bike track coming through by Peter Hobart and there are concerns regarding the need for additional cameras. Jim will work with Kari to put together a meeting of the people involved in this project.
- Clarence, on behalf of the Health Aide, inquired about the ADD's and how often the batteries and pads are changed. Jim responded that typically it is two to five years life expectancy. We have LVC (previously JN Larson) come out to check them yearly and they perform the appropriate maintenance yearly. Monthly checks also are done.

Michele Oliver made a motion to end the meeting and Katie second, the motion carried and the meeting ended at 4:03 PM
