

Bullying Defined

Bullying is a chameleon, motives undefined and unclear

Action often taken to camouflage their fear

Not always performed by strangers but many times a peer

The toll it takes upon the victim most definitely severe

Let's give this bullying a public face, one we can defeat

A voice that can be heard and no longer be discreet

Ban together all and recognize the beast

Speak up, speak out, speak out loud victims deserve this at least

Bullying is a nuisance do not be its muse

Don't stand for this behavior there is absolutely no excuse
