Special Dietary Needs Procedure

Procedure:
Kitchen Manager is notified of special dietary need and/or allergy.

- Kitchen Manager refers parent/health aide/District Nurse/District Staff to Special Diets Coordinator.
- Family member/staff member will be contacted by Special Diets Coordinator and options for the student will be discussed.
- If it is determined that meal modifications are necessary, family will be provided with the **Medical Statement for Meal Modification** form.
- **Medical Statement for Meal Modification** form is fully completed and signed by a licensed physician, advanced practice nurse with prescriptive authority or physician assistant.
- Completed paperwork must be returned to the Kitchen Manager or directly to Special Diets Coordinator. Paperwork that is not complete may delay modifications, as additional information may be needed.
- Special Diets Coordinator will contact parent/guardian when paperwork is received. A meeting will be set up as needed. Modified menu will be developed as needed and distributed to kitchen staff and parent/guardian.
