

# eBooks and Audio Books

Park Middle School students have access to thousands of eBooks and Audio Books. This flyer will help you access these materials.

Audio Books: Park's audio book collection can be accessed through the student's Chromebook or on a device, such as a tablet or phone.

Audio Books with a Chromebook: To access through the student's Chromebook, sign in and go to Rapid Identity. Look for the app that is blue with a white oval reading Park OverDrive.

Once you click on the icon, students will be directed to our audio book collection. They can search until they find the book they would like to borrow. Once they borrow the audio book they choose the option to "listen in browser". They will be able to listen to the audio book on their Chromebook.

## Audio Books with a Device:

1. Install the OverDrive app from the Apple App or Google Play Store
2. When you get to the sign up page, click at the very bottom "Under 13 using OverDrive from school"

4. Sign in with your KSD credentials (example 25.first.last and password); Park's digital library will load
5. Ignore the pop up for SORA for now
6. Find a book that looks interesting and "borrow" that title; go to checkouts under your account
