Call to order 6:32 pm

Minutes were reviewed and accepted.

Agenda was reviewed.

6:36 Community board engagement discussion – town hall recap. Committee members shared thoughts on the value and structure of the meeting, many committee members expressed that a more focused discussion topic such as “targeted facilities discussion” would be beneficial.

The committee discussed how ‘complete’ scenarios or proposals should be prior to public engagement, Director Daily commented that the final products need not be complete, but the “best we can get” and enough to show that we’ve looked at several options, and should be targeted to “everyone who will listen”.

7:00 facilities scenario prioritization, short and long range scenario discussion.

Committee members presented thoughts on potential short and long range plans, with a discussion on several different potential scenarios and associated concerns or benefits.

Lee asked for feedback via e-mail on process and agenda, please reach out to E board.
