Note: Graph illustrates the largest to least confirmed positive counts.

Acquisition of COVID Tests

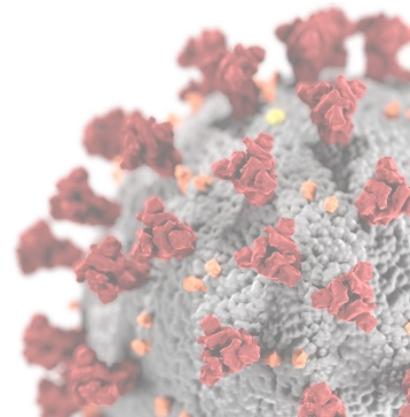

The Texas Education Agency continues to offer 7 vendors to select and purchase COVID tests with the funding provided.

In addition, BISD was selected as 1 of 5 districts in the State of Texas to receive COVID-19 tests. We received 10,240 tests last Friday, January 28, 2022.

At this time, BISD is fully stocked with a total of **41,800** COVID-19 tests.

Nurses, at ALL campuses, dedicate 1 hour per day to offer the COVID tests for students and staff. In addition, the staff may choose to get a COVID test at CAB.

Latest Updates on COVID Vaccines

BISD Health Services offers, 1st, 2nd, and Booster vaccines to students, staff and the community.

Individuals seeking a vaccine should call the Health Services office to schedule an appointment.

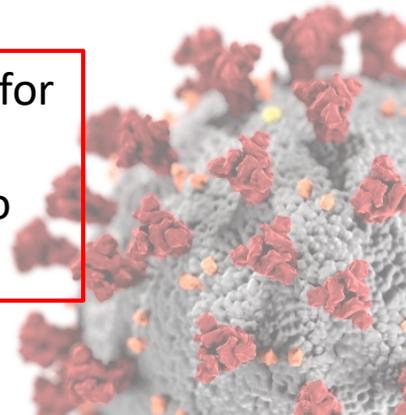

WHAT'S
NEW?

- 1) Bi-weekly video on COVID-19 – Health Beat
- 2) FAQ link on the district website affording opportunity for our staff and community to ask questions and the responses will be posted.

**HOT
OF THE
PRESS!**

Pfizer is asking FDA for approval of vaccines for under 5 years old. A response is expected soon. If this is approved, BISD is prepared to offer the vaccine to this age group.

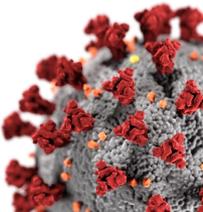

Thank You!

The Health Services Department would like to thank:

- ✓ School Board for the support to move this work forward.
- ✓ Superintendent, Dr. Rene Gutierrez, for leading this charge.
- ✓ Dr. Nellie Cantu for continued support and leadership to the Health Services Dept.
- ✓ David Robledo and Mary Garza for processing nursing supplies in a timely manner.
- ✓ Cynthia Castro for setting up dashboards on the BISD website.

Most importantly –

Our heroes, the **1st Responders (nurses and LVNs)** for their work to mitigate the spread of COVID.

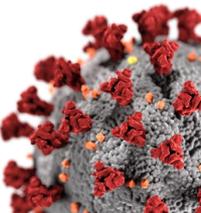

Questions?

**“WE ARE IN THIS TOGETHER –
AND WE WILL GET THROUGH THIS,
TOGETHER.”**

— António Guterres
Secretary-General of the United Nations
