Director: Doreen Milburn

Welcome to Sorenson Early Childhood Center. Our school serves students with special needs, students at-risk and typically developing peer models four to five years of age.

At Sorenson we value the collaborative work of educating our youngest learners. Between staff, families and students we believe “it takes a village” to foster and develop the essential learning outcomes across all developmental areas while actively engaging students in play-based learning with peers.

Our goal is to provide students with strong foundational skills that support a lifetime of learning. Encouraging students to actively engage in their own learning fosters confidence, curiosity and a love of learning that will last a lifetime.

We thank our parents for partnering with us in the learning process of their children. Creating a partnership that supports students at home and school strengthens the foundational skills learned in preschool.

We also thank the community for its support. Together we can lay the foundational skills to encourage our students to become lifelong learners and successful citizens.
