5/8/2019 10:31:42	5	I increased my stamina and my speed in running club.	I think that what can improve is the time i think that they should call grades to go down to there clubs because in the hallways there is so many kids at once, but everything else is good.	I think we should have gaming club because a lot of kids love video games now a days like fortnite, roblox, minecraft, and others and a lot of kids would love to join.	For my first club i was in Painting club. Next i was in running club and last i went back to painting club i really enjoyed running club because i am a athlete and when i grown up i want to play for the womans national team and 2 main things is stamina and speed. i enjoyed painting because i am not a good painter but i would lovee to get better.

Timestamp	What grade are you in?	What are some things that you liked the most about Sharpen the Saw clubs this year?	How do you think we can improve clubs next year? What can be done better?	What are some clubs that you would like to be able to join next year? (These can be the same as the clubs that were available to join this year AND/OR can be new club ideas.) (If you really can't think of anything, just write "idk".)	What club(s) were you in this year? (If you forget one or both, just write "idk". If you are completing this as a class, just write "class".)
5/14/2019 16:17:27	K	It was nice to see the students have fun, be creative and work with other friends from different classes.	Maybe allowing volunteers to join us specifically for clubs or parents as a way to include family involvement. Also take more pictures of our students in clubs so parents can see through social media.	idk	Cardboard Challenge
