Scheduling Procedures for Administering Assessments

Poland notifies parents for/of:

- Scheduling of assessments, including whole-grade screenings
- Assessment results (within 30 days of receipt)
- Appeals procedures related to assessments and results

Equitable Testing Guidance

- Poland uses allowable student IEP and 504 accommodations. If a particular test does not allow for their use, Poland does select a comparable approved test.
- Poland uses or eliminates subtests as specified on the Chart of Approved Assessments and Gifted Identification FAQ.
- Poland selects instruments that allow for equitable identification of underrepresented populations (Minority students; Students who are economically disadvantaged; Students with disabilities; and English learners.)
- Poland does not alter identification criteria other than that established in the Ohio Revised Code and Ohio Administrative Code.

4. Assurances that districts will accept qualifying scores from approved assessments obtained from outside of the district.

Out of District Scores

Poland accepts scores, completed within the preceding 24 months on assessment instruments approved for use by the Ohio Department of Education, provided by other schools and/or trained personnel outside the school district.

Poland Local Schools Gifted Education Policy

Subject to change based on ODE Guidance and legislative changes.

IRN 048348

1. The district process for assessing students for gifted education, including:

a. The criteria and methods the district uses to screen and select students for further assessment for gifted identification;

Poland accepts referrals, screens and identifies, or screens and reassesses students who perform or show potential for performing at high levels of accomplishment in the areas of superior cognitive ability, specific academic ability, creative thinking ability, and/or visual and/or performing arts. Poland follows policy and procedures established in Ohio Administrative Code 3301-51-15. These rules specify that assessment instruments must come from the list approved by the Ohio Department of Education.

b. The names of the test instruments that are used for assessment in each area.

Type of Assessment	Content Area(s)	Grade Level(s)
Whole-Grade Assessments	SC, R, M, and/or CT	2, 5

d. The process for making a referral, including who can refer students for gifted identification assessment; and

Poland provides at least two opportunities each year for assessment in the case of children requesting assessment or recommended for assessment by teachers, parents or other children.

Children may be referred in writing on an ongoing basis, based on the following:

- Child request (self-referral);
- Teacher recommendation;
- Parent/guardian request;
- Child referral of peer; and
- Other (e.g., psychologist, community members, principal, gifted coordinator, etc.)

e. The process for assessment based upon referrals.

Upon receipt of a referral, Poland will:

- Follow the process as outlined in Poland's Gifted Education Policy and
- Notify parents of results of screening or assessment and identification within 30 days.

Screening

Poland ensures equal access to screening and further assessment of all district children, including culturally or linguistically diverse children, children from low socioeconomic backgrounds, children with disabilities and children for whom English is a second language.

Identification

When the screening assessment has been completed, if the data obtained is from an approved identification instrument and the score meets cut-off scores specified in department of education guidance, the identification decision is made and student's educational needs are determined. Identification scores remain in effect for the remainder of the student's K-12 school experience.

Reassessment

When the screening assessment has been completed, if the data is from an approved screening instrument or from an identification instrument on which the student is within a district-specified range below the identification score, re-assessment for possible identification occurs.

2. District procedures to ensure that all students have equal access to screening and further assessment for gifted identification, including:

a. A general statement of inclusion; and

Poland ensures equal access to screening and further assessment of all district children, including culturally or linguistically diverse children, children from low socioeconomic backgrounds, children with disabilities and children for whom English is a second language.

b. Steps the district takes to ensure equity for traditionally underrepresented populations, particularly:

- i. Minority students;**
- ii. Students who are economically disadvantaged;**
- iii. Students with disabilities; and**
- iv. English learners.**

Poland ensures that assessments instruments:

- Are administered by a trained individual in conformance with the instructions provided by their publisher;
- Have been validated for the specific purpose and populations for which they are used and measure the specific area(s) of gifted ability;
- Allow for appropriate screening and identification of minority or disadvantaged students, students with disabilities, and English learners;
- Are provided and administered in the student's native language or other mode of communication if English is a barrier to the student's performance or if requested by the parent;
- Are provided and administered using the accommodations in a student's Individualized Education Program or 504 Plan. If these accommodations are not consistent with a test's allowable accommodations, a comparable approved assessment instrument shall be used; and
- Are selected and administered so as to best ensure that when a test is administered to a student with a disability or impaired sensory, manual or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the student's disability or impaired sensory, manual or speaking skills.

3. Procedures ensuring equal access for all students identified as gifted to receive any available gifted services.

Poland ensures equal opportunity for all district students identified as gifted to receive any services offered by the district for which the student meets the criteria.

Students cannot be excluded from services due to:

- Outside scores
- Specific named test
- Specific named grade level
- Most recent test scores

4. The process for students to refuse or withdraw from gifted programs and services.

If at any time a student wishes to withdraw from gifted programs or services the request should be written by the parent or child to the building administrator. If children request to withdraw, parents will be notified.

5. The district-determined scores for reassessment and the process for reassessing students who meet these scores.

When the screening assessment has been completed, if the data is from an approved screening instrument or from an identification instrument on which the student is within a district-specified range below the identification score, re-assessment for possible identification occurs.

- **Achievement Reassessment Scores**
 - IOWA Form E **93rd-94th%ile**
 - SAT10 **93rd-94th%ile**
- **Superior Cognitive Reassessment Scores**
 - Inview Cognitive Ability Assessment, Grades 2-12: 126-128
 - Cognitive Abilities Test (CogAT), 7th Edition Gr. K-1: 125 & Gr. 2-12: 126

6. The process for students transferring into the district to receive services.

Poland ensures that any child transferring into the district will be assessed within 90 days of the transfer at the request of the parent. Parents shall contact the building principal.

- Assigned district personnel reviews incoming student permanent records for the following:
 - Gifted Identification/Testing Records
 - If assessments/scores used are not approved for use by the Ohio Department of Education, then the parent will be contacted.
 - Assessment results approved for use by the Ohio Department of Education to identify giftedness in students
 - Placement of student in services that match, if applicable, the child's identified area

7. A list of district gifted education services offered to students identified as gifted. Please include information about identification areas and grade levels served, as well as the settings where service takes place.

8. Methods used for resolving disagreements between parents and the district concerning identification and service placement decisions.

An appeal by the parent is the reconsideration of the result of any part of the identification process which would include:

- Screening procedure or assessment instrument (which results in identification);
- The scheduling of children for assessment;
- The placement of a student in any program; and
- Receipt of services.

Parents should submit a letter to the superintendent or designee outlining the nature of the concern.

The superintendent or designee will convene a meeting with the parent/guardian, which may include other school personnel. The superintendent or designee will issue a written final decision within 30 days of the appeal. This written notice should include the reason for the decision(s).
