

ADVENTURE CAMP 2022 Grades 1 - 6

Adventure Camp is an exciting camp where the campers will experience special “adventures” through a variety of fun activities. During the mornings they will explore the weekly themes with activities in art, STEM, music, games, food tastings, and other theme related fun. They will then enjoy a nutritious hot lunch prepared in our own cafeteria and some time to relax with their friends. In the afternoon they will participate in two activities of their choice. On the last Friday of the session will be a special event or trip

Due to Covid-19 safety protocols, we will be offering our camp in two-week sessions. All campers and staff will be tested before attending each session. Masks will be required during indoor activities and daily sanitizing and cleaning requirements will be used each day.

SESSIONS: (see website for theme descriptions)

S1: June 27 – July 8: Me, myself, and I / Pirate Adventure
Event: Talewise: story and science show at WH

S2: July 11 – July 22: Aeronautics / A TREE-mendous week
Event: Treescape Aerial Course

S3: July 25 – August 5: Mystery Race / Building Bridges
Event: Circle line trip to see NYC bridges

S4: August 8 – 12: Celebration Week!
Event: Trip to Urban Air & End of summer party and awards

Each session is two weeks and includes:

- Daily hot nutritional lunch and afternoon snack
- Camp T- shirt (one per season)
- Swimming in our indoor pool
- Special event or trip
- An exceptional learning experience.

Session 4: \$ 500.00 (5 days)

A one-time non-refundable \$50 registration fee is required at time of registration (no registration fee before April 12, 2022)

ADVENTURE CAMP WEEKLY THEMES

SESSION 1

Week 1: ME, MYSELF, AND I

This week we will be exploring everything about ourselves. Campers will share their family traditions, likes and dislikes, what they dream about and the physical characteristics that make us unique. We will finish the week with a personal journal of ourselves

Week 2: PIRATE ADVENTURES

Ahoy matey! Come aboard and join the pirate fun. We will have fun solving several puzzles throughout the week to find the buried treasure! We will end the week with a visit from an exciting storyteller who will tell us a pirate story using science experiments.

Event: Talewise storytellers will come to campus for to perform an exciting show.

SESSION 2

Week 3: AERONAUTICS

Ever wonder how planes stay up in the air even though they are over 120,000 lbs.? We will find out interesting facts around flying and test out some theories with experiments.

Week 4: A TREE-MENDOUS WEEK

This week we will learn all about our wonderful trees! We will learn to identify some and find out how essential they are for us and our planet. We will end the week having fun among the trees as we try out the aerial ropes course.

Trip: A fun day trying the aerial courses at Treescape Aerial Park. There are courses for all age groups.

SESSION 3

Week 5: MYSTERY RACE

Using clues and brain power, we will try to solve a mystery and end the week with a race filled with challenges to find the answers. This week you will be using a lot of problem-solving skills to finish the race.

Week 6: BUILDING BRIDGES

There are so many types of bridges around the world. We will learn about them and how they are constructed to be able to hold tons of weight. We will have a bridge building competition and end the week with a trip on the Circle Line around Manhattan to see the bridges.

Trip: Circle Line trip to see the many NYC bridges up close.

SESSION 4

Week 7: SUMMER CELEBRATION WEEK

For our final week of the summer, campers will be celebrating something special each day. We will have our favorite games, a huge birthday party and prepare for our famous end of the summer talent show. We will end the summer with an end of the summer celebration and Ice cream party!

Event: Urban Air Trampoline Park and end of the summer party
