At Inglemoor High School, we strive to ensure every student is ready for their next step after high school. Through intentional partnerships between students, staff, families and community members, we work to ensure all students graduate Inglemoor as positive and productive citizens. This entails having a plan and the necessary motivation to achieve their next step.

We believe that through a rigorous curriculum paired with support, our students will be prepared for the next phase of their lives. We also believe that by building positive individual relationships with all students, by being culturally responsive in our approach to teaching and discipline, and by utilizing appropriately designed interventions, we can identify and meet the needs of all students. This helps us ensure a culture where everyone feels welcome, safe, encouraged and supported to meet their full potential as learners.
