Colors: Purple, Silver and Green

I am very proud to serve as the Principal of North Creek High School.

Our academic program is exceptional. We offer more than 30 Advanced Placement and/or College in the High School courses where students can earn college credit while in high school. Our Science, Technology, Engineering and Mathematics (STEM) department offers courses like Engineering Design, Aviation and Robotics and our World Language courses open up worlds for our students. Equally impressive are our Arts, Visual Arts and electives programming.

The North Creek family is comprised of many religions, cultures, ethnicities and races. We are richer for this diversity and we do everything we can to celebrate the richness of the mosaic tapestry that is our community. The teachers, staff, counselors and administrators at North Creek truly care about each and every student and give of their own time to help students succeed. Students should know that they can go to any adult on campus and that adult will help them with whatever they need.

Finally, our extra-curriculum programs will continue to grow and develop in future years and the possibilities are endless.

Eric McDowell, Principal

Mission Statement: *The mission of North Creek High School is to inspire and develop students and staff to become stewards of innovation, collaborative problem solvers, environmental champions, servant leaders and social justice activists in service toward making a positive impact on our local and global community.*
