MEASURES OF ACADEMIC PROGRESS

All students in the elementary and middle schools take Northwest Evaluation Association's (NWEA) Measures of Academic Progress (MAP) tests twice a year. The MAP test is given in mathematics, reading, and language usage. The MAP test is adaptive to each student's academic level, allowing ICS teachers and administration to ensure each student is receiving an education personalized to the student's academic needs.

ICS uses this MAP test data in four ways:

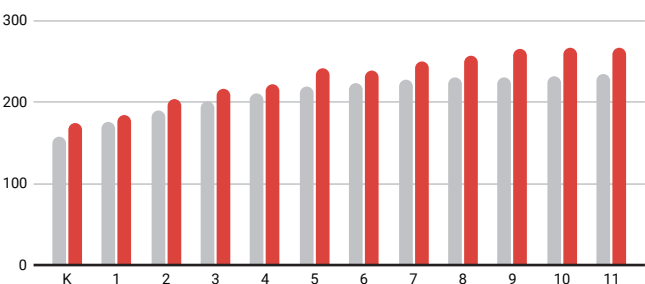

- To provide teachers with information about each student's instructional needs
- To identify students who may need additional support
- To monitor growth over time, both during the school year and over consecutive school years
- To provide an external benchmark of student performance against schools in Singapore, Asia, and the United States

ICS students consistently perform well above the United States norm and ICS is often ranked at or above the 95th percentile of schools globally.

PARENT TEACHER FELLOWSHIP (PTF)

Parent Teacher Fellowship, or PTF as it is affectionately called, is the parent association here at ICS (Singapore). Our purpose is to serve and build up the school community by encouraging and supporting the faculty and student body, organizing special events and activities, as well as fostering fellowship within our school community.

As families settle into their “new normal” here in Singapore, having a supportive school community can make the difference between a successful or difficult transition. PTF has truly made the difference for many of our ICS families. We are a caring community grounded in our Christian faith that is warm and welcoming to all.

Some of our parent activities include weekly Bible Study, Moms in Prayer, Crafting and Crossfit mornings. We also organize several school fundraising events such as monthly Bake Sales, Carnival, Christmas Fair, and so much more!
