# Inno-Imagine
# Grant Application Form

The purpose of the Inno-Imagine Grants Program is to inspire our community to create and implement bold ideas to enhance our Daystar campuses or neighboring communities, aligned with the UN Sustainable Development Goals. Inno-Imagine Grants can be awarded to Daystar students, staff or parents and are granted on a rolling basis, which means you can submit a proposal at any time during the school year! Proposals will be evaluated based upon the:

1. Understanding of the Problem
2. Quality and Feasibility of the Implementation plan
3. Impact or benefit to the community (how many people will be engaged, is it one off or sustainable)

Please complete the form below in English or Chinese with your proposal. Email it to: SI@ivygroup.org or give it the reception at your campus who will pass it on to the SI Team!

**Inno-Imagine Proposal Submitters:**

| Name | Type (Student, Staff, Parent) | Grade or Staff position | Campus (Beigao, Quanfa, Sanlitun) | Contact information |
|---|---|---|---|---|
|  |  |  |  |  |
|  |  |  |  |  |
|  |  |  |  |  |
|  |  |  |  |  |

| **Inno-Imagine Proposal Name:** |
|---|
|  |

| **Date Submitted:** |
|---|
|  |

1. **What is the problem you are trying to address? What are the root causes of this problem?** (Please include any facts or research you discovered about this problem)

2. **Which UN SDG(s) does this problem relate to?**

3.  **What is your proposed Inno-Imagine proposal to address this issue?**

4.  **How many people will be impacted by achieving your Inno-Imagine Goal?**

5.  **What steps will you take to achieve your Inno-Imagine goal?** (include your draft action plan)

| Action Steps | Who will do this? | By When? |
|---|---|---|
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |

6.  **What money, equipment or support do you need to achieve your goal?** (Please include a simple budget of estimated costs)

| Budget Item | Estimated Cost |
|---|---|
| | |
| | |
| | |
| | |
| | |
| **TOTAL COST / GRANT REQUEST:** | |

7.  **What do you believe are the benefits of implementing your Inno-Imagine Proposal?**

8.  **What are the potential risks in achieving your Inno-Imagine goal? How will you try and mitigate these risks?**
