TEACHER FEATURE

She's Back

Welcome back Mrs. Elizabeth Sotelo, Assistant Principal! A top-level advanced math teacher (pre-calculus plus) here at CVHS from 2007-2018. Mrs. Sotelo continued in an administrative position within our District for the next few years...realizing that "there is no place like home". Thus, she returned to CVHS! Welcome Home Mrs. Sotelo!

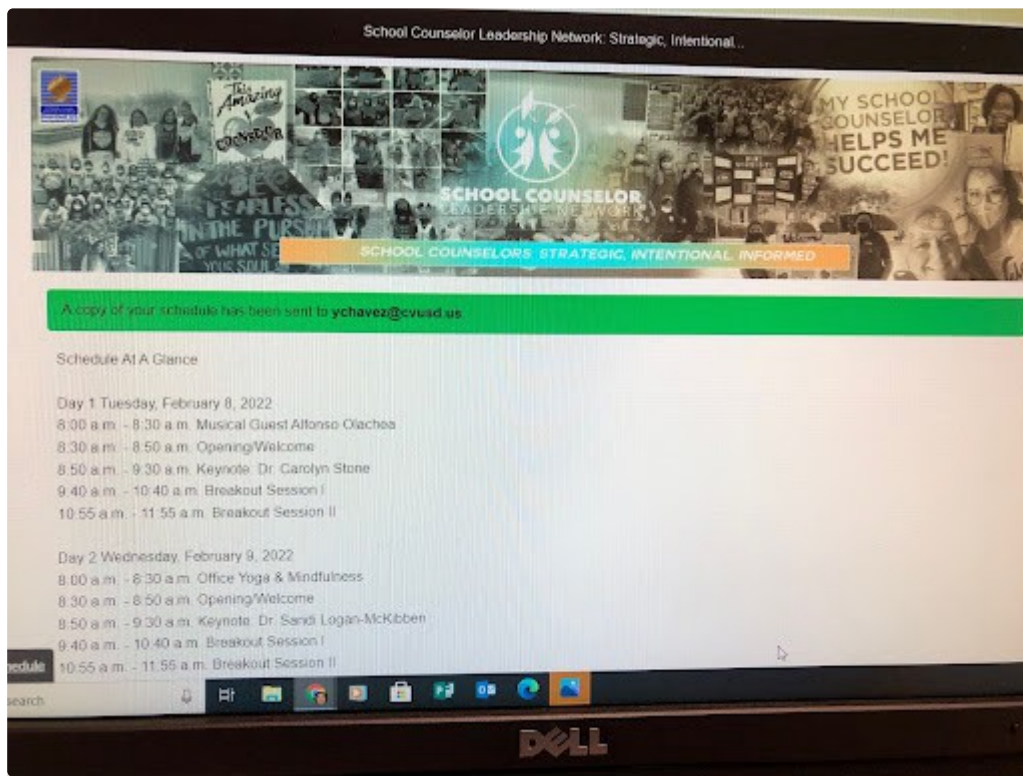

We Appreciate You!

The Counseling Department is also grateful for the support provided by Mr. Leo Perez, Admin Designee. Thank you so much Mr. Perez. You are an amazing asset to our school and community.

Continued Growth

CVHS Counselors attended the virtual School Counselor Leadership Network. This year's theme: Strategic, Intentional and Informed. Many thanks to Riverside County Office of Education for providing this annual counselor network event.

Well Done!

On February 9, from 5 - 6 pm the Counseling Department hosted a virtual academic ceremony. We had over 800 students who received this recognition. All in attendance agreed that these students will continue to strive and reach all their goals. Thank you parents/guardians for supporting your students.

Thank you Alicia Garcia, Registrar and Clara Zepeda, Secretary for the continued support of these events. We cannot do it without you!

Assessments & Technology

ELPAC

The ELPAC began for some of our Sophomores last week. All other grade levels will be testing for the next few months. There are 4 Domains to be assessed: Reading, Listening, Writing, Speaking. Please have your student bring their District Assigned Ipads, chargers, and headphones/mic, for the testing to be completely successful. Please have them get plenty of rest and nutrition to keep them alert to do their best!

Migrant Leaders

College Bound

On Friday Feb. 4th migrant students from CVHS got to attend a UCLA "I'm going to College" event. Students received information on the university, goody bag with UCLA promotional items and were invited to attend that evening's gymnastics meet against Utah.

In a Galaxy Far Far Away.....

On Thursday Feb. 10th migrant student athletes got to attend a L.A. Galaxy soccer game here in the valley. It was a great opportunity for them to identify themselves with individuals (players) who share similar backgrounds as them. Students had plenty of opportunities to interact with some of their sports idols. They received swag bags, got autographs and pictures!

Student led conferences took place this week. Students had the opportunity to discuss first semester grades with parents. At the end of the conference both parents and students reflected on their learning.

IN THE CLASSROOM

On Wednesday 2/9/22 the department held Elective Presentations (Conditioning and Dance) for the 9th grade PE classes. Teachers who are currently teaching the elective courses were able to talk to the freshmen and students were able to perform for students and answer questions.
