Re: Term 1 Learning Loss Program
Date: February 15, 2022
From: Ken Newman *KN*

The PENNCREST School District has delayed the start of our Term 1 Learning Loss After School Program until March 22, 2022. The following is a revised implementation timeline.

February 25, 2022 School Learning Loss coordinator positions assigned

March 4, 2022 Learning Loss teachers, nurse and paraprofessionals assigned

March 11, 2022 Term 1 student registration deadline

March 7-18, 2022 Necessary training and professional development

March 14-18, 2022 Transportation and Food Service Coordination

We anticipate a significant staffing shortage for this program..

As of today, we have eighteen in-district employees who have signed up to participate. We will begin to actively recruit staff from outside the District to meet the enrollment demands.
