Ryan Gates	<p>After watching the Super Bowl and seeing almost no one wearing masks in a crowd of 70,000, I am frustrated this morning as I send my young kids to school wearing mandated masks. Many schools across the country are no longer requiring masks for children at schools. I am truly hoping for the same here in Laguna Beach. If those schools without a mask mandate in place prove that kids can remain healthy, I would hope that LBUSD can look to those examples and do what is right for our kids by either dropping the mask mandate, or pushing upwards to the state level to repeal the mandate ASAP.</p> <p>Please understand the tremendous frustrations of kids and parents as we see (and attend) large events without masks.</p>
Parent of LBHS student	<p>Thank you very much for communicating the continuation of the mask requirement in our schools (at least indoors). We are very grateful for that safety net for our students and families. Please continue to require masks. We wish that students in classes were spaced three feet apart as stated in your guidance, but at the very least, masks must continue to be required in order to keep others safe, since so many are refusing vaccination. Thank you very much.</p>

Action Item: Approval of 2022-23 LBUSD Comprehensive District and School Safety Plan

Name	Comment
Tamara Wong (employee)	I am very concerned with the way the district handled the communication to staff members as well as the Laguna Beach community surrounding the Emerald Bay brush fire on 2/10/22. The communication lacked timeliness as well as common sense. Why only close El Morro? All 4 schools should have been notified to close immediately in order to allow the firefighters and first responders to effectively do their jobs. For those of us who live outside of the district, there needed to be a phone tree in place in order to communicate with our colleagues. In the midst of a severe brush fire with Santa Ana winds, it should not have taken the essential staff two hours to realize that this was something serious. Last week's event lends itself to more improvement in the decision making process in regards to the safety and well being of the LBUSD staff, their students, and the community.

Action Item: Approval of Change Order Requests for the Thurston Middle School Field and Classroom Modernization Project

Action Item: Approval of Three Agreements with Cox Communications

Name	Comment
Dave Simpson	<p>While the three agreements contained in the item are simply exercising option years, Cox Communications wants to assure the board that we appreciate our partnership with you and work hard to keep your business. We are pleased to provide Laguna Beach residents, businesses and public facilities with high quality broadband services and to be a part of your schools is an honor.</p> <p>Cox is also proud to support your local Boys and Girls Club and the Laguna Beach Chamber of Commerce. Thanks you. Dave Simpson, Director, Government Affairs for Cox Communications.</p>
