

LAMPETER-STRASBURG SCHOOL DISTRICT

P.O. Box 428
Lampeter, PA 17537-0428

TO: Parents of Kindergarten Children Enrolled in Non-Public/Parochial Schools
FROM: Jeff Landis, L-S Transportation Coordinator
RE: **Kindergarten Transportation**

One-Way Kindergarten Transportation

The Lampeter-Strasburg School District provides one-way transportation for students attending kindergarten in Lampeter-Strasburg schools. The district will provide this same service to kindergarten students attending non-public and parochial schools within the ten-mile district boundary radius, according to law. Parents must provide transportation for their kindergarten child beyond this one-way service.

For non-public kindergarten children, the school district will offer one-way transportation to **or** from the school where such children are enrolled even though your school may have full day kindergarten and/or kindergarten on alternate days.

(Exception: If your child is enrolled in full-day non-public kindergarten programs and you need two-way transportation, please indicate the need for 2-way busing on your form. Requests are considered on a case-by-case basis pending room on the school bus. The buses must already be traveling your road in order for two-way busing to be considered; buses will not be re-routed solely to provide two-way kindergarten service.)

Please indicate on your return Transportation Request Form your choice for the entire year (either AM or PM) and I will contact you in the middle of August regarding your bus information. If you have any questions, please email me at jeffrey_landis@L-Spioneers.org or call me at 464-3311, ext. 1011.
