Transcript

- Review it carefully
- The majority of you will have more credits than the required at graduation.
- CIS Courses can count for “1” year of English
- Check to make sure that you do not have any incompletes.
- GPA is cumulative (builds each year).
- Valedictorian/Salutatorian are calculated after 1st semester of your senior year.
- If you are new to Rockford, please plan to come to the Guidance office to review your transcript.

What Happens If You Get an “F”

- If you have received an “F” in one of your core classes, you will need to repeat the class or make it up in summer school.
- The “F” stays on your transcript.
- Make sure to keep track of your grades and transcript. You will have to complete required classes to graduate.

IB Program

- What classes should I take?
- Who to contact - Mrs. Gordee,

New Courses 2022-2023

MYP HONORS ENGLISH 10

Grade: 10

2 Semesters/2 Credits

Weighted Grade

*Fulfills English 10 graduation requirement

This course is designed to develop students' analytical skills with a variety of literary and non-literary works. This analysis will help broaden their understanding of literature and the way it reflects its context. Students will demonstrate their understanding through regular writing and assessments designed to get them to make conceptual connections. The Honors section will be paced differently, and will target skills that equip the Honors students to enter the CIS/Higher Level IB options as juniors and seniors.

MYP CHEMISTRY CONCEPTS

Grade: 10

2 Semesters/2 Credits;

*Prerequisite: MYP Physics 9 AND teacher recommendation

Fulfills chemistry graduation requirement

Chemistry is the study of matter and the changes it undergoes. Students will be introduced to a wide variety of basic chemistry concepts such as states of matter, the makeup of an atom, balancing chemical equations, general nomenclature, and geometric modeling. A special emphasis will focus on reading skills to improve comprehension. This course is designed for students with a desire to improve comprehension in mathematics and reading and for students who learn best through hands-on activities.

Class Change Requests

Students are encouraged to plan programs carefully. Once the registration process is complete, class change requests are discouraged, and in some cases, not possible after the initial registration.

Online registration

- On the next slide is a video showing how to register for classes via Infinite Campus student portal. The first step will be to login to your account.

The screenshot shows the Infinite Campus login interface. At the top, the Infinite Campus logo is on the left, and the tagline "Transforming K12 Education®" is on the right. Below the logo, the text "Campus Portal" is displayed in a red banner, with "Rockford Area Schools" underneath it. The login section contains two input fields: "Username" and "Password". Below these fields is a blue "Sign In" button with a red double arrow. To the right of the login section is a red "HELP" button with a dropdown arrow. Below the login section, there is a "District Announcements" section. It features a date "2012-09-24" and a large stylized "R" logo. The text below the logo reads: "The Rockford Schools Parent Portal website is designed to provide timely information to parents with children enrolled in the school district. You can sign up in any school office to activate your account, please bring a photo ID with you, or send your request online below. Please allow up to 2 business days for your online request to be processed." Below this text are two links: "CLICK HERE if you do not have a parent portal account." and "CLICK HERE for portal support, forgot password/username or questions." At the bottom, it says: "If you meant to login to the Rockford website please visit: www.rockford.k12.mn.us Rockford Area Schools a Tradition of Excellence One Student at a time!"

How to Register:

- Review each subject for the upcoming grade you are registering for.
- Pre-filled courses with the lock icon are pre-determined based on teacher recommendation and cannot be changed during the registration process.
- For subjects where a course is not pre-filled, click within the box and a drop down list of available courses will appear. Select the course you wish to enroll in. If you select an “A” semester course, the “B” course will auto fill. If it does not, make sure to select the “B” semester course as well.
- If a course number is entered in error, click on the (x) by the course name to remove it.
- If a course is pre-filled, but not locked, you could elect to enroll in a different course than the pre-filled course by following these instructions:
 - Click the “x” next to the course name to delete the course
 - After the course is deleted, click in the box and a drop down list will appear of available courses. Select the course you wish to enroll in. If you select an “A” semester course, the “B” course will auto fill. If it does not, make sure to select the “B” semester course as well.

Course Description:

Grades: 9, 10, 11, 12
1 Semester/1 Credit

Astronomy is the branch of science that deals with celestial objects, space, and the physical universe as a whole.

While not all topics in astronomy can be studied in-depth in one semester, selected topics will be presented in a thematic style. The topics in this elective course include but are not limited to the daytime sky, the nighttime sky, constellations, distances sizes and angles, stars and stellar evolution, along with galaxies and the universe.

Online Registration FINAL STEPS!

You are finished when you have 14.0/14.0 credits at the top of the column AND the required credits from each subject area are met for your upcoming year. You only need to register for the upcoming school year. Students can make course selections for future years following the same procedures. These courses will be saved in their planner, but not locked in, and can be changed later.

Review your course plan.

Click “Save” in the top menu bar. Remember, this will only “lock in” the courses you selected for the next academic year. You may print your Academic Plan by clicking on the printer icon at the top by “Course Plan Report”.

Congratulations! Your registration is complete.

IMPORTANT: Final Schedules are based on student demand. Courses that did not have enough interest may not be offered and you may be asked to select an alternative course. When schedules are released, if you have a “See Counselor” in one block instead of an actual course, you will need to see the Guidance Office to fill your schedule within the first 2 days of school. This can happen if courses you selected are full, do not fit in your schedule, or if not enough electives were selected during the registration process.

Assistance with Course Registration

- Make an appointment in the guidance office to meet with me
 - Email - blooms@rockford.k12.mn.us
- Remember registration closes: Friday February 25, 2022 at 3:30 p.m.
- If you need assistance with registering for your courses, or do not have access to a computer at home, please come into the guidance office.

Thank you for your time

- Please use the rest of the time to begin filling out your registration worksheet and previewing the course description guide.
- All of the registration information can be located on the Rockford High School Counselor's website found under Student Services.
