

NEW SPANISH IMMERSION Pre-K for 2022-23 at CLYDE CAMPBELL ELEMENTARY

This classroom will follow a "dual language immersion" approach within the guidelines of the Creative Curriculum and state child care regulations. Children will spend half their time listening to and speaking Spanish, and the remaining half listening to and speaking English. The classroom will:

- Offer multiple rich, varied, hands-on, play-based opportunities in the day for vocabulary learning
- Include a greater emphasis on visual art as another form of expression while in the process of learning two languages
- Utilize music as a brain-friendly approach supporting dual language learning
- Emphasize the natural world to enrich learning about science and culture
- Include bilingual staff
