Dear School Community Member,

This letter serves as notification that as of March 7, 2022, in accordance with Governor Murphy removing the mask mandate for schools, the Edison Public Schools will no longer require masks to be worn in schools. While removing the mask requirement will be a welcome reprieve for many, we also understand that some students and staff may not be comfortable doing so. Please know that anyone who desires to continue to wear a mask in school will be permitted to do so. We respect everyone's right to make this personal choice depending on their individual circumstances and comfort level. It should also be noted that the mask mandate **has not** been lifted for mass transportation including school buses, and students will continue to be required to wear masks on buses.

As always, we appreciate your continued support in best meeting the educational needs of the children of Edison Township.

Sincerely,

Bernard F. Bragen, Jr., Ed.D.
Superintendent of Schools
