

Welcome to Timbercrest Middle School! As part of the planning for next year, please note the following information regarding medications at school and Life Threatening Conditions. **Feel free to contact the TMS school nurse for any student health concerns or questions regarding planning for your child’s health needs in 2022-2023. (425-408-6906 or [cthompson@nsd.org](mailto:cthompson@nsd.org))**

### Medications/Life Threatening Conditions

- Students who have Life Threatening Conditions (asthma, allergies, seizures, diabetes) will need to make plans over the summer to have Emergency Medications with physician’s orders at school and ready **before the first day of school**. Please contact the school nurse if you need assistance with forms or have questions.
- If your child needs to take medication during school hours next year, please have your healthcare provider complete a Medication Authorization /form before school starts in the fall. Bring the completed medication authorization and medication in a properly labeled, original container when school begins in the fall. This includes students who self-administer inhalers for asthma. Forms are available on Timbercrest and District websites or by contacting the school nurse.

### Immunizations

- Please make sure your child’s immunizations are up to date before the first day of the 2022-2023 school year. See below for immunization requirements that are required for school attendance in Washington State: *“Parents Are Your Kids Ready for School? 2022-2023 Immunization Requirements.”*

## Parents– Are Your Kids Ready for School?

Required Immunizations for School Year 2022-2023

**Instructions:** To see which vaccines are required for school, find your child’s grade in the first column. Look at the matching row across the page to find the amount of vaccines required for your child to enter school.

	DTaP/Tdap <small>(Diphtheria, Tetanus, Pertussis)</small>	Hepatitis B	Hib <small>(Haemophilus influenzae type B)</small>	MMR <small>(Measles, mumps rubella)</small>	PCV <small>(Pneumococcal Conjugate)</small>	Polio	Varicella <small>(Chickenpox)</small>
<b>Preschool</b> <small>Age 19 months to &lt;4 years on 09/01/2022</small>	4 doses DTaP	3 doses	3 or 4 doses <small>(depending on vaccine)</small>	1 dose	4 doses	3 doses	1 dose**
<b>Preschool/ Transitional Kindergarten</b> <small>Age ≥4 years on 09/01/2022</small>	5 doses DTaP*	3 doses	3 or 4 doses <small>(depending on vaccine) (Not required at age ≥5 years)</small>	2 doses	4 doses* <small>(Not required at age ≥5 years)</small>	4 doses	2 doses**
<b>Kindergarten through 6th</b>	5 doses DTaP*	3 doses	Not Required	2 doses	Not Required*	4 doses	2 doses**
<b>7th through 9th</b>	5 doses DTaP* <small>Plus Tdap at age ≥10 years</small>	3 doses	Not Required	2 doses	Not Required*	4 doses	2 doses**
<b>10th through 12th</b>	5 doses DTaP* <small>Plus Tdap at age ≥7 years</small>	3 doses	Not Required	2 doses	Not Required*	4 doses	2 doses**

\*Vaccine doses may be acceptable with fewer than listed depending on when they were given. \*\*Health care provider verification of history of chickenpox disease is also acceptable. Students must get vaccine doses at the correct timeframes to be in compliance with school requirements. Talk to your health care provider or school staff if you have questions. Find information on other important vaccines that are not required for school at: [www.immunize.org/cdc/schedules](http://www.immunize.org/cdc/schedules).

¡Bienvenido a Timbercrest Middle School! Como parte de la planificación para el próximo año, tenga en cuenta la siguiente información sobre los medicamentos en la escuela y las condiciones que amenazan la vida. No dude en ponerse en contacto con la enfermera de la escuela para cualquier inquietud de salud o preguntas del estudiante con respecto a la planificación de las necesidades de salud de su hijo en 2022-2023. (425-408-6906 or [cthompson@nsd.org](mailto:cthompson@nsd.org))

### Medicamentos/Condiciones que amenazan la vida

- Los estudiantes que tienen condiciones que amenazan la vida (asma, alergias, convulsiones, diabetes) necesitarán hacer planes durante el verano para tener medicamentos de emergencia con órdenes médicas en la escuela y listos antes del primer día de clases. Por favor, póngase en contacto con la enfermera de la escuela si necesita ayuda con los formularios o si tiene preguntas.
- Si su hijo necesita tomar medicamentos durante el horario escolar el próximo año, solicite a su proveedor de atención médica que complete un formulario de Autorización de medicamentos antes de que comiencen las clases en el otoño. Lleve la autorización y el medicamento completados en un envase original debidamente etiquetado cuando la escuela comience en el otoño. Esto incluye a los estudiantes que se autoadministran inhaladores para el asma. Los formularios están disponibles en los sitios web de Timbercrest y del Distrito o poniéndose en contacto con la enfermera de la escuela.

### Vacunas

- Asegúrese de que las vacunas de su hijo estén actualizadas antes del primer día del año escolar 2022-2023. Consulte a continuación los requisitos de inmunización que se requieren para la asistencia escolar en el estado de Washington: "¿Están listos sus hijos para la escuela? 2022-2023 Requisitos de Inmunización".
