Our COVID-19 Protocols

Please remember that HCS has a mask mandate and that all current protocols still apply. It is important that masks fit properly for adults and students. Masks should fit snugly over the nose and mouth and under the chin, and there should be no gaps around the sides. Students should arrive to school with their own clean, properly-fitting masks each day. Masks may only be removed while eating or drinking.

Additionally, we know that being fully vaccinated is our best protection against the spread of COVID-19. All individuals 5 years of age or older are eligible to be vaccinated, and we ask that all families please take this step. Individuals 16 and older are also currently eligible for the booster shot if initial vaccines were more than six months ago. To be considered fully vaccinated, an individual must get the booster if they are eligible. You can visit www.ourshot.in.gov or call 211 to find locations and schedule your appointment.

Finally, as the country battles the COVID-19 Omicron variant, we are awaiting updated K-12 guidance from our federal, state and local health agencies. We will communicate any updates to our protocols to families and staff as soon as possible. It is essential that all individuals continue to self-screen and remain at home if experiencing any COVID or cold/flu symptoms. Signs and symptoms of COVID-19 can include fever, chills, cough, shortness of breath, fatigue, muscle aches, headache, loss of taste or smell, sore throat, nasal congestion or rhinorrhea, vomiting or diarrhea, and skin rashes.

Symptoms or test results should be reported via email to contacttracing@herronhighschool.org
