

Mission Minute

Week of 2/14/22

In a recent social media post, the Sisters of Saint Dominic of Caldwell (<https://caldwellop.org/>) reminded followers of the theme of the recently completed National Catholic Schools Week (1/30-2/5): "Catholic Schools: Faith. Excellence. Service." This theme encompasses the core values of all Catholic schools; specific to our school, Prayer (Faith) and Mission (Service) - along with Community and Study - are our [Pillars](#). That post from 1/30/22 reads (in part), "In a world that requires hope, our Catholic Dominican schools provide unbounded hope..." and schools like ours "share a spiritual and intellectual tradition, and assert that each person is created in God's image with...limitless potential for good." This is in line with Dominic's vision as well; as a Dominican school, it is "always possible [for our students] to be contemplative in seeking a fuller truth. Add(ing) that to the skill of being critical thinkers - seeing more clearly, with the eyes of God - is exciting and also daunting. There's always more to know and understand!"
