Positive Behavioral Interventions and Supports

## December 17th Incentive

The next incentive will be on December 17th! As voted on by the students, it will be a basketball game in the gym.

### **\*Requirements to Attend**

Each student starts out with thirty points. The only way to lose these points is by not attending school or if a teacher gives the student a minor infraction. Students can lose a total of five points. If they lose more than five points or receive a write up, they cannot attend the incentive activity.

### Example:

John misses school three days. John receives two minor infractions in Infinite Campus. John still gets to attend the activity because he lost a total of five points.

## Last Incentive

Our last incentive went well! We had a powder puff game that was enjoyed by all high school grade levels. We had some buff cheerleaders and some glittery football players.

## Cell Phone Usage

**Cell phone usage has had a drastic increase! Please talk to your child about appropriate cell phone use at school. Maybe even ask your child if they really need a phone at school. If they do, when does your child think it should be turned off or put away.**
