Scrip Program at Totino-Grace High School

Spend money on groceries/gas/other items – Earn Tuition dollars!

Did you know that Totino-Grace has a scrip program that allows families to earn tuition discounts for money they already spend on groceries, gas, and other items?

Last year, the average amount applied to tuition for families that participated was approximately \$500!

What is a scrip program?

The concept is simple: you purchase gift cards for face value from an online app (RaiseRight) on your phone and you earn a percentage rebate every time you purchase that gift card! For every rebate earned, 95% of the rebate will be applied directly to your student’s tuition account and 5% will be allocated to the general support of the school. Gift cards can be in several forms, including e-gift cards, reloadable gift cards, and physical gift cards.

Can I really earn that much for tuition?

It depends on your spending level, but here’s an example of what you could potentially earn by switching to gift cards for your everyday purchases! All of these examples are using e-gift cards, which are available immediately after purchase on your phone app!

Retailer	Rebate percentage	Amount purchased	Family rebate earned
Cub foods - weekly groceries	4%	\$6,000 (per year)	\$228 (95%)
Caribou or Starbucks (2x week)	6%	\$520 (per year)	\$30 (95%)
Kwik Trip weekly gas	9%	\$5,200 (per year)	\$445 (95%)
TOTALS			\$703

How many options are there for gift cards?

There are over 700 various gift card options in categories such as clothing and accessories, grocery, home improvement, online shopping, restaurants, gas, and many more!

How does it work?

Gift cards may be purchased in the following formats:

- 1) **E-gift card**: Using the phone app, you order an eGift card for the retailer of your choice. After paying for the gift card, the eGift card is added to your virtual wallet within the app and available immediately to use. To use the card, open your virtual wallet within the RaiseRight app and click on “Use Card” which will provide the cashier a scannable barcode or card number.
- 2) **Physical gift card**: You electronically order a gift card through the RaiseRight app on your phone and the gift card is shipped to Totino-Grace High School and then distributed to your student.
- 3) **Reloadable physical gift card**: You electronically order a gift card through the RaiseRight app and the gift card is shipped to Totino-Grace High School and distributed to your student. Once you receive the card, you add the card to your “wallet” but you **MUST** retain the physical gift card and use the physical gift card when paying for your purchase. When you are ready to reload your gift card, log into your wallet, find the appropriate gift card and add money. Most reloadable balances are available immediately but some reloadable gift cards require an overnight refresh. (For example, Speedway is an overnight reload). Each retailer will tell you when the funds will be available on the physical gift card as you reload the gift cards.

How is the program run?

All participating families will be eligible to purchase gift cards via the online app 24 hours per day. All gift cards must be paid for via ACH via the RaiseRight app. **No cash or check payments are allowed.**

How do I sign up?

Please follow these steps to start earning tuition dollars for your family:

1. Download the RaiseRight Fundraising application on your iPhone or Android device.

2. Once the app is downloaded, click on “Join a program”
3. Enter the enrollment code as follows: **65E7LA4A4L167**

4. Enter biographical details, including your student's name(s)
5. Create your login ID and password and answer security questions
6. Verify your phone number
7. Because we do not accept cash or check payments, **all accounts must be set up with an ACH authorization**. The process for signing up for ACH transfers is as follows:
 - a. At bottom of the app, click on "Account"
 - b. Select Payment options
 - c. Select "Add a bank account"
 - d. Select "Connect account"
 - e. Add personal details and address and click "Next"
 - f. Search for your bank and follow authentication procedures. **If you get a message saying "connectivity down", select "Link with account numbers"** instead. You will then need to manually enter your banking information and RaiseRight will confirm the bank account with two small deposits (99 cents or less). Once you receive these small deposits (usually one business day), you will need to log in to your RaiseRight app and enter these amounts to verify the account.
 - g. Once your account is verified, you are able to start shopping right away! There is a 15 cent fee (kept by RaiseRight) every time you make a purchase to cover transaction fees. Rebates are allocated to tuition accounts on a monthly basis!
