OUR MISSION

We champion and support students to become 21st century citizens, leaders, and lifelong learners in a collaborative, positive, and nurturing environment focused on scholarship and community.

ABOUT PITCHER

Serving students
PK thru 6th grade

Bell Times:
8:10 am – 3:10 pm

Your Neighborhood Schools:

- Northeast Middle
- East High

Pitcher Elementary is proud to educate a diverse population of students in the East Kansas City community. Our goal is to prepare every student with the academic, social and technological skill set to make them successful adults in the 21st century.

Serving All Students

Pitcher is the only school in KCPS to specifically serve language-impaired students.

The Specific Language Impaired (SLI) program (formerly known as Delayed Language) is an alternative educational placement for children whose language acquisition and usage is significantly discrepant from the level expected for their age and cognitive ability. The program is designed to focus on language development, utilizing multiple techniques and materials to also help them progress through academic coursework. After receiving rigorous stimulation in language, reading, mathematics and social skills, most students progress into regular education placement by 4th grade with some level of SLI resource support.

EAGLE PROGRAMS

One-to-One Digital Devices

Each student at Pitcher will receive his/her own digital device in the classroom. This device can house student materials, textbooks, and help increase digital literacy.

Free Before-and After-School Care

Pitcher is proud to partner with LINC to offer free-of-charge high-quality, before-and after-school care.

Students are able to engage in a variety of safe, fun and engaging activities. LINC provides a caring environment that supports children's social, emotional and physical development.

English Language Learners (ELL)

At Pitcher, we educate students from many different countries. The English as a Second Language program is designed to teach students who speak languages other than English how to understand, speak, read and write in English. This program also supports students' culture and language whenever possible.
