AN ALTERNATIVE TO A TRADITIONAL CLASSROOM

Success Academy at Knotts

Serving students kindergarten through sixth grade

OUR MISSION:

We the staff and students at Success Academy at Knotts commit ourselves to working together to provide a positive, safe and consistent school environment that encourages obtaining academic goals, improved attendance rates, increased parent involvement, transformed behavior, and developing citizenship.

ABOUT SUCCESS at KNOTTS

Serving students
Kindergarten thru
Sixth Grade

At Success Academy, we believe all students have the talent and potential to succeed. Each student assigned to Success Academy at Knotts is provided with an individualized educational environment that addresses the social and academic challenges he/she has faced in a traditional school. It is our goal to create a campus that will give your student the best opportunity to overcome those challenges and achieve success.

Bell Times:
9:00 am – 4:00 pm

We strive to provide a nurturing environment that focuses on academic and social needs for both the students and their parents.

Uniforms:
Solid white or navy blue short or long-sleeved shirt (must have a collar).

All students receive an intake interview; this allows staff to meet with the student and parents to set expectations and give students ownership of their success. Students are then moved to a classroom with a small student-to-teacher ratio, allowing students to excel academically. Although Knotts is an alternative to the traditional classroom, students are still held to the same academic assessments and goals as all KCPS schools.

Tan (khaki) or navy blue pants, skirt, jumper, or shorts.
No denim is allowed.

All students are required to participate in regular volunteer and citizenship projects to benefit our community. This helps build students' sense of accountability and ownership in their community. Parents are encouraged and welcomed to become involved in school activities.

KNOTTS LIFE

From mentoring programs, tutors, school celebrations and more, at Success Academy at Knotts, we offer a variety of programs and services to best serve our students.

Nurturing environment for a love of learning

Every day, our goal is to provide a nurturing environment where students can develop a love of learning. We celebrate our students' accomplishments for their academic, citizenship and social successes throughout the school year.

Keeping students in school and succeeding

We understand the best way to help students succeed is to ensure they remain in school. At Knotts, we offer alternatives to discipline that would keep students out of school. Certified teachers are on staff to help students keep up with work and ultimately improve their overall academic grade.

Partnering with the community

Our community partners are an integral part of Knotts' life. Volunteers provide key support programs such as daily tutors for everyday homework and mentoring programs to assist students in their academic and emotional growth. Thanks to the generosity of our many community partners, we are able to provide everyday hygiene and personal necessities along with supplies for our uniform closet.
