

## WARHAWK ATHLETICS

Central Middle School is proud to provide a variety of different girls and boys sports throughout the school year. Each of our scholar athletes are challenged to perform both on and off the court, dedicating time to their studies and sport, as well as donating time to community service.

*Serving students in seventh and eighth grade*

**THE MISSION OF**  
 Central Middle School is to provide a safe, nurturing environment where all students and staff are respected, valued, and inspired to reach their maximum academic, professional and social potential.

## ABOUT CENTRAL MIDDLE

At Central Middle School, our teachers, administrators and staff strive to provide the best culture and environment each day for every student. As one of KCPS' neighborhood middle schools, we offer a variety of different programs to keep students engaged and prepare them for high school.

Students are encouraged to strive for high attendance and exceptional academics. Throughout the course of the year, we host a variety of incentive events rewarding students for demonstrating excellence with grades, citizenship and attendance.

### Develop a love of learning

Every day, our goal is to provide a culture where students can develop a love of learning. As a one-to-one school, every student at Central Middle has his/her own technology device allowing teachers to use innovative teaching opportunities to bring lessons to life.

Each student is part of a team within the school creating a "school-within-school" environment. Students work with an close team of teachers on their team for their core subjects. Research shows the smaller the schools, the increased opportunity of quality instruction and successful students.

### Community driven education

We believe in teaching our children personal and moral values as a responsibility through positive association with students, faculty and the community. It is our commitment to help our students develop a healthy self-concept, enabling them to think and act for themselves and to develop leadership potential.

## WARHAWK PROGRAMS

From sports to field trips, attendance incentive events and more, at Central Middle, we offer a variety of programs and services to help both the student and his/her family.

### Student-led programs

A well-rounded education starts with a combination of focused academics and a variety of complementary student activities and organizations. Warhawk nation is proud to offer a wide array of student driven activities and clubs. Students are encourage to take leadership positions throughout the school year in programs such as student council, chess club and more.

### A community school

We work with community professionals to visit classes and share with our students what they do and how they impact the community. Volunteers share about their job experiences, interesting projects and what it takes to earn their degree and succeed in their industry.

One of Central Middle's largest community partners is City Year Kansas City. They place AmeriCorps members in Central Middle School all day, every day for the entire school year. Volunteers are a consistent, caring presence and provide students with one-on-one and small group support, helping students overcome challenges they face both in and out of school.

AmeriCorps members also provide support to help transform the whole school by hosting school-wide events, leading after-school programs and providing in-class support so teachers can focus on teaching lessons and can differentiate instruction.
