

Academic Placement

All degree-seeking students and students enrolling in English, Mathematics, or Science courses must provide placement scores from either a standardized test approved by the college (ACT, SAT, Accuplacer tests) taken within the last 3 years, or a copy of a high school transcript or GED scores that meet ACC requirements. Students who are unable to provide scores or a transcript, must take the ACC placement exam, Accuplacer. Students may attempt the Accuplacer up to three times per subject. Only the Vice President of Academic Affairs or the appropriate campus Dean may authorize enrollment in courses requiring placement scores without demonstrated proficiency.
