SUMMER SPARK COURSE DESCRIPTIONS

Grade levels are for the grade they are entering in the fall of 2022.

KINDERGARTEN	THIRD GRADE
<p>Students entering Kindergarten in the fall of 2022 will explore new themes every week. Through play, students will learn Math, Reading, Writing, and Social skills. Kindergarten students will have swimming lessons every day.</p>	<p>Through collaborative team work, third grade students will build their skills by learning theme based reading, new math games, science experiments, and through innovative engineering.</p>
FIRST GRADE	FOURTH GRADE
<p>Calling all incoming first grade students. Are you ready for fun? Here is your chance! You will learn through themes. Some previous themes were: Circus, Camping, Under the Sea, and more!</p>	<p>This summer, your child will have the opportunity to develop skills by designing and building train cars using cardboard materials and putting them together to create a completed train set. This is a great opportunity that will help encourage a child's creativity and inspire them to become "makers".</p>
SECOND GRADE	FIFTH GRADE
<p>Are you interested in hands-on learning? This is the place for you. You will learn how to work together to solve problems. Using hands-on experiments, science, and innovative thinking you will discover new things.</p>	<p>Incoming 5th graders will experience their final days as leaders of the elementary school. They will participate in hands-on, exciting learning and STEM activities as they say one final farewell to the elementary school.</p>
SWIMMING LESSONS	JUMPSTART
<p>The School District of Arcadia offers the American Red Cross Swimming and Water Safety Courses. Our fully qualified instructors will take you through all the stages of swimming development in planned lessons. We want every child's swimming instruction experience to be positive and fun filled.</p> <ul style="list-style-type: none"> • 1 session of swimming lessons included with summer courses. • Session 1 (June 13-24) Session 2 (July 11-22) • Swim Only July 25th - August 4th 	<p>Jump Start is a wonderful way to prepare your child for school. Incoming 4K students will be introduced to academic and social skills. This is a great time for your child to acquaint themselves with the classrooms they will be using in the Fall.</p> <ul style="list-style-type: none"> • PARENTS MUST PROVIDE TRANSPORTATION • July 25th - August 4th (Mon - Thurs)

3RD-5TH GRADE BASKETBALL/VOLLEYBALL

LOCATION: Elementary Big Gym **TIME:** 12:30 PM - 1:30 PM

We are excited to announce that we will be offering a basketball and volleyball skills camp this summer! No experience is necessary as our certified teacher will lead you through learning the basic skills needed to play these exciting games. In order to participate parents will need to fill out the registration form, bring shoes that can be worn in a gymnasium and provide or set up transportation. For more information feel free to contact Derek Newsom, Evan Page, Dana Haines, or Mariah Haines.

School District of Arcadia

1:1 Technology Use Agreement | Student Responsible Use Policy

Purpose: The School District of Arcadia may provide and assign students a device for use at home as a means to promote achievement and provide flexible learning opportunities. This policy provides guidelines and information about district expectations for students and families who are being issued these one-to-one (1:1) computing devices. Additional rules may be added as necessary and will become a part of this policy.

Our expectation and belief is that students will responsibly use district technology and that they understand the appropriate and acceptable use of both the technology and district network resources. We also expect that students will make a good faith effort to keep their district-issued devices safe, secure and in good working order. Our policies and procedures include the following specific responsibilities and restrictions.

RESPONSIBILITIES

The student will:

1. Adhere to these guidelines each time the device is used at home.
2. Use appropriate language in all communications refraining from the use of profanity, obscenity, and offensive or inflammatory speech. Cyberbullying, including personal attacks or threats toward anyone, made while using either the district-owned or personally owned technology, is to be reported to responsible school personnel. Communication should be conducted in a responsible and ethical manner.
3. Respect the Internet filtering and security measures included on the device. All students on 1:1 computing devices are configured so that the Internet content is filtered when the student is on any school, public, or private network.
4. Only use technology for school-related purposes.
5. Follow copyright laws and fair use guidelines and only download or import music, video or other content that students are authorized or legally permitted to reproduce or use for school-related work.
6. Make available for inspection by an administrator or teacher any messages or files sent or received to or from any Internet location using district technology. Files stored and information accessed, downloaded or transferred on district-owned technology are not private insofar as they may be viewed, monitored, or archived by the district at any time.
7. Only clean the screen with a soft, dry microfiber cloth or anti-static cloth.
8. Return (including the charger) the device and carrying case (if supplied) upon transferring out of school, at the end of the year, or when instructed to do so.

RESTRICTIONS

The student will not:

1. Mark, deface or place stickers on the device. School issued carrying cases may also not be personalized.
2. Reveal or post identifying personal information, files or communications to unknown persons through email or other means through the Internet.
3. Attempt to override, bypass or otherwise change the Internet filtering software, device settings or network configurations.
4. Attempt access to networks and other technologies beyond their authorized access. This includes attempts to use another person's account and/or password or access secured wireless networks.
5. Share passwords or attempt to discover passwords. Sharing a password is not permitted and could make you subject to disciplinary action and liable for the actions of others if problems arise with unauthorized use.
6. Download and/or install any programs, files or games from the internet or other sources onto any district-owned technology. This includes the intentional introduction of computer viruses and other malicious software.
7. Tamper with computer hardware or software, attempt unauthorized entry into computers, and/or vandalize or destroy the computer or computer files. Intentional or negligent damage to computers or software may result in criminal charges.
8. Attempt to locate, view, share or store any materials that are unacceptable in a school setting. This includes but is not limited to pornographic, obscene, graphically violent or vulgar images, sounds, music, language, video or other materials. The criteria for acceptability are demonstrated in the types of material made available to students by administrators, teachers and the school media center.
9. Modify or remove the ASD asset tag or the manufacturer serial number and model number tag.

In addition to the specific requirements and restrictions detailed above, it is expected that students and families will apply common sense to the care and maintenance of district-provided 1:1 technology. In order to keep devices secure and damage-free, please follow these additional guidelines.

possible for the device, charger, cords, school-owned case (If provided), etc. Do not loan any of these items to anyone else.

- While a properly designed case (If provided) affords some protection, there are still many fragile components that can easily be damaged by dropping, twisting or crushing the device.
- Do not eat or drink while using the 1:1 device or have food or drinks in close proximity. Any liquid spilled on the device may very well cause damage (often irreparable) to the device.
- Keep your 1:1 device away from precarious locations like table edges, floors, seats or around pets.
- Do not stack objects on top of your 1:1 device; leave outside or use near water such as a pool.
- Devices should not be left in vehicles.
- Devices should not be exposed to extreme temperatures (hot or cold) or inclement weather (rain, snow).
- Do not store or transport papers between the screen and keyboard.

COMPUTER DAMAGES

If a device is damaged, the school must be notified immediately. If a student damages a device due to negligence, the student/student's family is responsible for paying repair costs according to the repair costs determined by ASD up to the full cost of a replacement device.

ASD reserves the right to charge the Student and Guardian the full cost for repair or replacement when damage occurs due to negligence as determined by the administration.

Examples of negligence include, but are not limited to:

1. Leaving equipment unattended and unsecured. This includes damage or loss resulting from an unattended and unsecured device at school.
2. Lending equipment to others other than one's parents/guardians.
3. Using equipment in an unsafe environment.
4. Using equipment in an unsafe manner.
5. Ignoring common sense guidelines delineated above.
6. If the device charger or carrying case (If provided) is damaged or lost, the student is responsible for replacing it.
7. Access to an ASD provided 1:1 device and network should be considered a privilege that must be earned and kept.
8. A student's technology privileges may be suspended due to negligent damage to the device, or inappropriate use of the device that fails to comply with the ASD technology agreements outlined in this document.

Students are expected to take appropriate care of the school issued device. The following replacement list provides families with the repair and replacements costs in the event of neglect, intentional damage or vandalism. Charges will be posted via Infinite Campus and can be paid online or in your schools office.

Type of Repair	Chromebook	iPad
Broken Screen	\$40	\$90 - \$175
Broken Keyboard	\$45	N/A
Lost/Broken Charger	\$25	\$15
Lost/Broken Case	\$15	\$15
Replacement Device	\$300	\$300

**Prices are estimates and can be subject to change.*

DISCIPLINE

Each violation will be considered with respect to the circumstances within which it occurred. The following sanctions will apply:

- Violations may result in a limited or immediate total loss of rights to the District's technology resources.
- Additional disciplinary action may be determined at the building level in line with the Student Handbook and the District's Code of Conduct. This may include suspension and recommendation for expulsion.
- Violations involving threats, theft or damage to equipment or other resources may be reported to law enforcement.

Penalties will be administered based on the severity and frequency of the offense. Students have the right to due process following District policy.
