

School District of the City of Pontiac

Kelley Williams, Superintendent | 47200 Woodward Ave, Pontiac, MI 48342 | 248.451.6800

February 15, 2022

Greetings Pontiac School District Families,

The Oakland County Health Division recently announced that it would be lifting its countywide school mask mandate on February 28, 2022.

Although the county's mandate will be lifted at that time, we as a school district will continue to follow all COVID-19 protocols we currently have in place. This includes required masking across the district and on buses for all, regardless of vaccination status.

Keeping our students, staff, and community safe remains our top priority. Although we have seen a decline in COVID-19 cases in our area, the pandemic is still very present here. Additionally, with the upcoming mid-winter break many students and staff will be traveling, which can lead to a significant increase in exposure to the virus.

By continuing to require masks and our other protocols, we are confident we will be able to further the decline the spread of this disease in our district and community.

We will continue to watch the case numbers, study the science, and work with Oakland County Health Division and Michigan Department of Health and Human Services to determine the right course of action specific to our district.

Thank you and please continue to stay safe.

Sincerely,

Kelley Williams, Superintendent
