(Third Year, Horizons)

Organization Background:

Horizons at Carolina Day, an affiliate of the nationally renowned Horizons program, is a public-private partnership that provides academic, cultural, and recreational summer programming designed to support economically disadvantaged students in realizing their full potential.

The heart of Horizons is a six week equity-centered summer academic program that supports a cohort of students in reading, writing, math, and science, paired with swimming lessons, field trips, sports, and enrichment activities in the performing and visual arts.

The program also includes a year-round component featuring online tutoring, Saturday events, regular visits to schools, and communication with students' schools and teachers.

Our program launched in the summer of 2018 with one class of 15 Kindergarten students. One grade (15 students) will be added each summer until the program includes K-8th grade. This summer's program will serve 75 students grade 1 - 5.
