

Voter Registration Information

College of Menominee Nation is required by the federal government to provide information to students on voting and voter registration. College of Menominee Nation will provide information and access to voter registration forms.

College students have choices for where they vote, but establishing the required 28 days of consecutive residency may be tricky for them. State law acknowledges that college students may move frequently, and provides special exceptions for them. In general:

- Students have the right to vote in Wisconsin if they have resided in a ward for at least 28 days, are U.S. citizens, at least 18 years old on or before Election Day, and are not otherwise disqualified.
- Student status shall not be a consideration in determining residence for the purpose of establishing voter eligibility.
